

Love So Sweet 430

430 What were You Expecting?

Fang Su Jin found that she did not quite comprehend the words that Zhang Yi Hai spoke about.

She walked over to the sofa and sat down to play with her phone while waiting for Zhang Yi Hai to finish his phone call.

As she sat there, Fang Su Jin could not help but recall a few things about Zhang Yi Hai that she had heard from her friend not too long ago.

Although Zhang Yi Hai often showed up at the hotel and helped out during his holiday, there was a chance that Zhang Yi Hai might not be interested in taking over the Zhang family's hotel business.

He was more interested in studying science and technology. According to Zhang Li Xue, their parents had also agreed to let him pursue what he wanted to do in life.

In the beginning, Zhang Li Xue was mostly interested in basketball. However, she saw that her little brother did not have much interest in the hotel business and had decided to learn hotel management from their parents instead.

Back then, she was not interested much in knowing what Zhang Yi Hai planned to do. But now that she was dating him, it was a different story.

She could not help but thought that it was really too difficult for him to study in his field from the beginning. Moreover, this young man had started up his company with his friend.

The two of them might have known each other for years. She had actually watched Zhang Yi Hai growing up from when he was still a baby, but it seemed that there were a lot of things that she did not know about him.

.....

As Fang Su Jin was still watching him, Zhang Yi Hai finally ended the phone call.

Zhang Yi Hai glanced at the time before he turned to Fang Su Jin and smiled apologetically. "Sorry. I have a few matters to look after first. My work is quite urgent. Do you mind staying around for a bit? I promise that I will send you back to your hotel after I finished a few works."

The sky outside was getting darker, but it was not too late if she leave his place a while later.

"It's fine. I don't mind waiting for a bit. You go and do what you have to do."

"Thank you." Zhang Yi Hai heaved a breath.

Fang Su Jin was still sitting on the sofa when Zhang Yi Hai walked to her side. As soon as he stood in front of her, Zhang Yi Hai leaned over close to her.

Her breath was stuck in her throat.

Fang Su Jin leaned over to the sofa as she watched Zhang Yi Hai approaching her. Her eyes went wide. She did not know what he was going to do and her mind was starting to go wild.

It couldn't be that Zhang Yi Hai wanted to kiss her again, right?

Suddenly, Zhang Yi Hai pulled away and smiled. "Here you go."

Fang Su Jin lowered her gaze and finally saw the items in Zhang Yi Hai's hand. It was a TV remote control.

"It might take me for a while, so you can watch the television as you wait," Zhang Yi Hai said. "Just make this place as if it is your home."

Fang Su Jin stared at the remote control for a long time with a dazed look on her face. Just like that, her face turned bright red.

She then realized that Zhang Yi Hai was only trying to reach for the remote control stuck in the gap of the sofa...

Fang Su Jin! What were you thinking about? What were you expecting?

She took the remote from him and bit her lower lips, "Thank you." After she took the remote from him, Fang Su Jin no longer dared to raise her head to look at him. But she could already imagine his teasing smile as he looked at her.

It was only after he had walked away that Fang Su Jin finally heaved a breath of relief. Fortunately, Zhang Yi Hai did not tease her again.

Fang Su Jin bit her lips again and closed her eyes tightly to calm down. Then, before Zhang Yi Hai came out again, Fang Su Jin switched on the television and decided to watch a variety show.

This time, Fang Su Jin did not dare to watch any drama as the dramas she liked to watch would only make her cry. If she cried in front of Zhang Yi Hai again, she would be too embarrassed to face him.

After a while, Zhang Yi Hai came out of his room again with a laptop in his hand. He sat down across from her and started to work on something with a serious look on his face.

Fang Su Jin lowered the volume as she did not want to disturb him.

Initially, she had her attention on the show. However, a while later, Fang Su Jin found that she could not stop looking at the young man who was sitting across from her.

After stealing a few glances at him, Fang Su Jin found that Zhang Yi Hai was too focused on his work that he did not notice her looking.

Then, she got braver and was observing him openly.

Now that she got her chance to look at him, Fang Su Jin decided to admire her boyfriend's good looks.

In the past, she often accompanied Zhang Li Xue to watch Zhang Yi Hai's basketball matches.

It seemed that Zhang Yi Hai would have a serious look on his face no matter what he was doing.

Fang Su Jin also thought that Zhang Yi Hai's serious expression was quite handsome.

Her heart skipped a beat and without realizing it, Fang Su Jin had a dreamy look on her face.

A thought came to her mind and this made the smile on Fang Su Jin's face stretch wider.

After watching him for a while, Fang Su Jin silently took out her sketchbook and her pencil. While Zhang Yi Hai was not looking, Fang Su Jin was secretly drawing her boyfriend in her sketchbook.
