

Love So Sweet 432

432 The Moment She was Anticipating

Fang Su Jin could not help but anticipate what was about to happen.

Previously, when Zhang Yi Hai kissed her, Fang Su Jin was totally unprepared for it. His kisses were too brief. She did not get to really feel what it felt like to kissing Zhang Yi Hai.

Perhaps, Fang Su Jin does have a little regret regarding that kiss.

If she was not such an airhead, perhaps she would not react the way she had previously.

Later, whenever Zhang Yi Hai was approaching her, Fang Su Jin found out that she was anticipating him kissing her again.

Her heart was beating hard and loud. It made her worry that her heart might jump out of her body.

Fang Su Jin lowered her gaze to look at Zhang Yi Hai's lips. They were so pink and moist.

Her throat bobbed as she wondered just how it would feel to kiss him again.

Fang Su Jin decided that this time, she would pay attention. Then, she would not be in a daze when he kissed her again.

.....

It was not known who was the one who approached who.

Fang Su Jin's mind was still running wild. As they were both getting closer to each other, Fang Su Jin could feel Zhang Yi Hai's breath brushing her cheek softly.

Then, the moment she was anticipating finally happened. Their lips touched into a kiss.

Fang Su Jin was screaming internally.

Zhang Yi Hai's lips were exactly as she had thought. They were soft and moist.

The moment their lips touched, Fang Su Jin let out a breath of relief. Her body felt a little lighter. It felt as if all the heavy burden on her body was lifted away from her.

And then, all the flowers around the field seemed to be blooming beautifully.

As she was still thinking of what she should do next, Zhang Yi Hai began to massage his lips against hers. His kisses were slow and cautious. It was as if he was trying to savor the moment. At the same time, he was worried that he would do something wrong and wanted her to like his kisses.

Still, she could tell from his move that Zhang Yi Hai was a beginner. He wanted to move closer, but it made his teeth bump into hers.

Fang Su Jin could not help but smile. Her boyfriend was kind of cute.

Subconsciously, Fang Su Jin stretched her arms and linked them around his neck. She opened her mouth and started to reciprocate his kisses.

Her move seemed like an encouragement for Zhang Yi Hai.

Seeing that Fang Su Jin did not push him away or shy away, gave him a bit of confidence. Since his girlfriend was not hiding from him, then it must mean that he had done this right.

As the thought came to her mind, Zhang Yi Hai began to move closer to her. His arms wrapped around her waist, as he wanted to keep her close and steady as he continued to kiss her.

The living room was filled with the sound of their kisses. The television was still on, but no one knows what was on it anymore.

Fang Su Jin could feel his breath and his scent filling her nose and lungs.

Soon, his initially slow and cautious kiss soon turned a little greedy.

The beginner was learning through experience and instinct. In just a short moment, Zhang Yi Hai was kissing her as if he had done so many times before.

He was kissing her lips while nibbling and sucking her lips at the same time. As time passed by, Fang Su Jin found that breathing became a bit harder for her.

She had to steal for chances to breathe. Otherwise, she might suffocate.

She had a feeling that if Zhang Yi Hai continued to kiss her like this, she might really melt into a puddle. Even so, Fang Su Jin did not make a move to push him away. Instead, her grip around his collar was getting tighter. She needed to stay close to him

Fang Su Jin wanted to push him away to breathe, but at the same time, she wanted to keep him where he was so that he could continue to kiss her. She was aware that her mind was going against each other.

Zhang Yi Hai's kisses made her unable to think straight.

She just thought that kissing Zhang Yi Hai felt right. She did not want this moment to end so soon.

Suddenly, a loud ringing snapped her out of her thought.

Fang Su Jin was startled. However, the young man in front of her seemed as if he could not hear anything and was determined to continue kissing her.

The ringing continued.

Fang Su Jin knew that it was Zhang Yi Hai's phone.

She raised her hand and started to hit him lightly on the chest, telling him to snap out and go answer the phone call.

Fang Su Jin was actually worried that Zhang Yi Hai's parents would be looking for him. She did not want to get caught at the stage of their relationship.

Seeing that Fang Su Jin was pushing him away, Zhang Yi Hai had no other choice but to let her go.

There was a hint of reluctance in his eyes as he pulled away from her. He did not think that he had enough.

The look on his face made her want to laugh. However, Fang Su Jin only pointed in the direction of his phone. "Yi Hai, your phone." Her voice was a little soft after she was kissed.

Zhang Yi Hai turned around with a dissatisfied look in his eyes.

He was still in the middle of kissing his girlfriend when someone decided to interrupt him. Zhang Yi Hai really wanted to beat the person who was ruining this moment for him.

His phone continued to ring.

Zhang Yi Hai picked up his phone and looked at the caller ID.

His instinct told him to reject the call. But his logic told him that this call was important and he needed to pick it up.

Taking a deep breath, Zhang Yi Hai finally answered the call and pressed his phone to his ear.

Then, he started to speak to his friend about the important job that he was working on his laptop a while ago.
