

Love So Sweet 442

442 She Really Likes Him

The two of them continued to stay in the corner of the restaurant for a while as Zhang Yi Hai was busy coaxing his girlfriend.

Looking at his girlfriend's face made him feel that Fang Su Jin can be so silly. However, since she would get jealous, that would also mean that she really likes him right?

Initially, Zhang Yi Hai was worried when his girlfriend was upset with him, but finding that she cared about him that much made him feel happier.

Zhang Yi Hai could not help but think of how strange their relationship was.

He had known Fang Su Jin for a long time as his sister's best friend.

When did he begin to like her this much?

Why didn't he know that falling in love with Fang Su Jin would make him this happy?

He could not bear to see her misunderstood or cry because of him. All he knew was that he wanted everything to go smoothly with her.

When he looked at her face, Zhang Yi Hai thought that the smile as well as the shy look on her face suited her the most. He hoped that he could see them forever.

.....

Having Fang Su Jin in his arms felt as if his heart was full of her and that it was going to explode with happiness.

"We should go now," Fang Su Jin spoke, breaking the quiet atmosphere between them. She raised her head to look at her boyfriend before lowering her head shyly again. "Otherwise, my parents are going to be worried."

Zhang Yi Hai heaved a sigh.

He wished that he could spend his time alone with Fang Su Jin, just the two of them. The two of them could sit around, doing nothing and he would still be content as long as this amazing woman was in his arms.

However, it was true that they could not stay together like this forever. Otherwise, her parents were going to look for her and their secret would be out in the open.

Although Zhang Yi Hai did not mind it, he respected Fang Su Jin a lot more. Since she wanted to wait until he graduated, then, he will wait.

At least, there was only one person who knew about it.

With a heavy heart, Zhang Yi Hai took a step back. He stared at Fang Su Jin's face for a while before stretching his hand to wipe the tear stain on her face. Then, he leaned over and kissed her on the lips before pulling away again.

He wanted to kiss her for a while longer, but he could only suppress that desire for now.

Fang Su Jin frowned when he took a step back. "I have to reapply my makeup again."

Zhang Yi Hai let out a chuckle. Knowing that she was going to reapply her makeup again, Zhang Yi Hai decided to take this chance to peck at her lips a few times more.

Once he was satisfied, Zhang Yi Hai finally took a step back again. There was a hint of mischievousness in his eyes.

"Alright." Fang Su Jin pushed him away. "You should go back to the room first. Otherwise, my parents will worry."

"No. I will wait for you."

Fang Su Jin shook her head. "My parents were going to find it strange if we return to the room together."

Zhang Yi Hai raised his hand to cup her cheek. His lips turned up into an assuring smile. "Then, let me talk when we return to the room. It will be alright."

Fang Su Jin was hesitant, but seeing the look on his face made her agree to let him handle her parents later.

She went into the restroom and came out again after she had reapplied her makeup.

Zhang Yi Hai stared at her face for a while and was relieved upon noticing that the tear marks on her face were no longer there. He lowered his gaze and finally looked at her red, glistening lips.

An urge to kiss her lips again reappeared. However, before he could look at them for a while longer, Fang Su Jin had already blocked her lips from his eyes with her hand.

"You are not allowed to kiss me again."

Zhang Yi Hai chuckled. "Un. I know." He was not going to make her upset after she had worked hard to put on her makeup.

Fang Su Jin heaved a breath of relief as she put down her hand again.

"But, I can kiss you again after this meal ended, right?"

Fang Su Jin was stunned to hear his question. It took her a while to finally react. "No. My parents are still around."

Zhang Yi Hai could not help but feel disappointed. "Then, I will send you and your parents back to the hotel. Later, you have to find a chance to come out and meet me again, alright?"

Her heartbeat was increasing. Fang Su Jin lowered her head before she finally nodded shyly.

Thinking of sneaking around her parents to meet with her boyfriend later made her feel excited. Fang Su Jin found that she was very much looking forward to returning to the hotel later.

The two of them walked along the corridor while holding hands. Once they arrived in front of the door, Fang Su Jin finally pulled her hand away from Zhang Yi Hai's before entering the room.

When she walked in, her parents were in the middle of sampling a few dishes.

From the look of it, it doesn't seem as if they were worrying that she had gone for a long time.

Father Fang looked up upon hearing that someone had entered the room. He looked at his daughter and spoke, "Su Jin, what took you so long?" Then, his eyes fell on Zhang Yi Hai who was walking behind his daughter. The smile on his face widened. "How are you two together?"

Fang Su Jin was panicking upon hearing her father's question. She turned to Zhang Yi Hai quickly, hoping that he would help her answer.

"I ran into Sister Fang outside," Zhang Yi Hai spoke. "Earlier, I was answering a call and Sister Fang decided to wait for me so that we can come in together."

Father Fang glanced at his daughter. "Is that so?" Then, he looked at Zhang Yi Hai and waved his hand. "Come on. Let's eat. The two of you have been gone for so long that the food is starting to get cold."

Fang Su Jin stared at her father in disbelief. Why does it seem as if her father was not worried about her at all? Moreover, he actually believed Zhang Yi Hai's excuse?

Her gaze shifted to Zhang Yi Hai and Fang Su Jin narrowed her eyes.

It seemed that her father really like Zhang Yi Hai a lot.
