

Love So Sweet 449

449 About a Fox

"Are you busy?" Zhang Yi Hai spoke.

"It's alright." Fang Su Jin lowered her gaze. "I'm sorry. I was tidying something a bit earlier. There was a lot of stuff."

Zhang Yi Hai smiled. He was not going to expose his girlfriend. It was not as if he had never seen Fang Su Jin without her makeup before. He thought that she was still pretty without makeup. But it seemed that after getting together with him, Fang Su Jin liked to apply more color to her face.

"How was your flight?"

"Not bad." Fang Su Jin's gaze fell on the gift back on her bed. She let out a cough and spoke, "I got your gift. Well, thank you for that phone case. But, why don't you let me open it earlier?"

Zhang Yi Hai laughed. "Well, do you like it?"

"I like it. It looks good and it fits my phone perfectly," Fang Su Jin said. "But, why did you suddenly think about buying me a phone case?"

"I was looking for something to give my sister yesterday," Zhang Yi Hai said. "I saw the phone case and suddenly thought of you."

He came up with a lie and decided to prepare something for his sister. Anyway, if the Fang couple happen to meet his sister and asked her about it, things would not be too awkward.

.....

Since he had promised to keep their relationship a secret until he graduated, then he have to protect her well.

Actually, Zhang Yi Hai understood what Fang Su Jin was worried about. He did not mind their age gap and he knew that his family did not mind them too. But Fang Su Jin... she was worried to get criticized.

"Then, why did you pick the one with that fox?" Fang Su Jin asked.

"I thought that you like foxes."

The last time, Zhang Yi Hai asked her to choose a plush toy from the claw machine. There were a lot of animals, but Fang Su Jin had chosen a fox.

Because of that, Zhang Yi Hai thought that his girlfriend might like this animal.

When he was choosing something for his sister last night, Zhang Yi Hai happen to see the fox on the phone case. It reminded him of Fang Su Jin and he decided to get one for her.

"Well, the fox is cute," Fang Su Jin looked at the man on her phone and suddenly burst into laughter.

"Why are you laughing?" Zhang Yi Hai found it strange for his girlfriend to laugh out loud without a reason. He was very sure that he did not say anything funny.

A bright smile curled on her lips. Fang Su Jin stared at Zhang Yi Hai's face for a long time and decided that what she had in mind made a lot of sense. Fang Su Jin suppressed her laughter and spoke, "Actually, Zhang Yi Hai, I realized that the fox resembled you."

Zhang Yi Hai raised a brow as he waited for his girlfriend to explain. "What?"

"You can be quite mischievous and sly. Isn't that just like a fox? A mischievous and sly fox."

Zhang Yi Hai was amused to hear what his girlfriend said about him. He could not help but laugh at it. "Su Jin, you're saying that I'm sly?"

"Aren't you? While we were in Capital City, you always find an excuse to spend more time with me. You see? You even come up with an idea to buy your sister a gift just to send me to the airport."

Zhang Yi Hai had the urge to pinch his girlfriend's cheek. Unfortunately, she was far away and he could not do anything to her.

Seeing the dangerous look in her boyfriend's eyes, Fang Su Jin eventually decided that it was better not to say that much.

Zhang Yi Hai thought of something else. Suddenly, there was a languid smile on his face. "A fox is also said to be a seductress. Su Jin, are you saying that I am also a seductress?"

Her heart skipped a beat.

There was something about his tone and smile that made her a little anxious.

Now that she thought about it, Zhang Yi Hai was really a seductress. Wasn't that how she ended up being with him?

"Hmm... I also remember something else about a fox," Zhang Yi Hai continued.

"W-what else?" Fang Su Jin's voice started to shake. For some reason, she had a feeling that whatever Zhang Yi Hai was going to tell her next would not be anything good.

"It was also said that a fox can be a devoted lover."

A devoted lover?

Fang Su Jin's heartbeat increased. Her face turned redder and she was screaming internally.

It felt as if she was being seduced by this male fox again.

Suddenly, Fang Su Jin was beginning to regret bringing up this topic about a fox. Who knew that this sly person could take a chance to flirt with her like this?

Previously, Zhang Yi Hai had once said that he had never been in a relationship before. She wondered if this was really the truth. He seemed to be very good at saying words that would make her go crazy.

"There is such a thing about a fox? Why don't I remember that?" Fang Su Jin decided to play pretend.

Zhang Yi Hai laughed upon noticing his girlfriend's reddened cheek.

"Let's not talk about this anymore." Fang Su Jin wanted to change the subject.

“I thought of something else.” Zhang Yi Hai continued.

There’s still something else?

“Since you think that I resembled a fox... Su Jin, isn’t it great that I gave you that fox phone case? Then, it would feel as if you were taking me with you everywhere you go.”

Fang Su Jin felt as if her heart and mind were exploding.

Zhang Yi Hai was really good at teasing her, right?

Suddenly, her gaze fell on the fox plush toy on the mattress.

Then, what about that plush toy? To think of him whenever she fell asleep? To hug him when she goes to sleep?

Her face turned a deeper red. Fang Su Jin decided that it would be better if she stopped thinking too much. Otherwise, she might go crazy.
