

Love So Sweet 45

Chapter 45: Skip a Year

On the first day at school, Zhang Li Xue wore her uniform and spun around in front of her parents. Hearing their praise made her very happy.

The parents exchanged their glances.

Seeing the little girl happy in her uniform made them proud. Unexpectedly, their daughter managed to pass the test with flying colors. She could skip a year and would even be admitted into the top class.

However, Zhang Li Xue was young than her other classmates. As her parents, they were a little worried that the girl would be bullied.

“Wow! Li Xue! Look at you. You look so smart in your uniform!” Zhang Yu Ying spoke as she walked through the door.

Today, was the little girl’s first day at school. As her aunt and the person who tutored the little girl, Zhang Yu Ying decided to come over early in the morning and take a look.

“Aunt, do I look good in this uniform?” Zhang Li Xue blinked.

.....

“Un. You look good. Definitely the cutest.” Zhang Yu Ying took out her phone and waved her hand. “Come on. Let me take a few pictures and send them to your grandparents.”

Her eyes lit up. Zhang Li Xue began to pose as she let her auntie snap a few pictures of her in the uniform. Knowing that her aunt was going to show it to her grandparents, Zhang Li Xue made a few cute poses for them.

Zhang Yu Ying rechecked the photos and was satisfied with the result.

A faint sigh escaped her.

She could still remember the first time she babysit this little girl. Li Xue cried when she did not see her mother for a long time.

Back then, Zhang Yu Ying panicked and thought that perhaps, it would be better not to have a child. But who would have thought that once a baby passed their crying phase, they would grow up to be this adorable?

A thought came to her mind, causing her face to turn red.

She had returned with Wei Jun Hao from their delayed honeymoon a few weeks ago. Zhang Yu Ying could not help but wonder if she would soon have a baby of her own.

It would be best if the baby would be as obedient and smart as h niece.

Zhang Yu Ying shook that thought out of her mind.

Recently, Wei Jun Hao's law firm was in the middle of a big case. It would not be a good time for them to have a child now.

Zhang Yu Ying composed herself before looking up again. "Brother, Sister-in-law, I'll accompany Li Xue to school."

"Aunt, you're going with me?" Zhang Li Xue asked.

"Un. Your grandparents wanted me to take a lot of pictures of you." Zhang Yu Ying smiled. "Of course, I have to go with you."

After having her breakfast, Zhang Li Xue kissed her little brother on his face a few times before she finally hopped on the vehicle.

At the thought that this would be her first day at school made her excited.

She covered her mouth and giggled happily.

Regarding her plan to skip a year and enter school earlier... Zhang Li Xue had not mentioned this plan to Bai Qi and Mu Zhen Yu.

Zhang Li Xue had only mentioned this plan to her close friends. Fang Su Jin and Lin Na were shocked. The three of them were often together and it would be lonely without Zhang Li Xue, this chatterbox around.

On the last day of kindergarten, she practiced basketball with Bai Qi as usual. Before they parted, Bai Qi had promised to train every day at school.

He told her that he was going to wait for one year for her.

Bai Qi had hoped that the little fairy would compliment him for his hard work. He wanted to grow taller and do better so that Li Xue would continue to play with him.

But of course, Zhang Li Xue was unaware of what Bai Qi had in his mind.

The little girl just wanted to give her friend a surprise.

Zhang Li Xue could already imagine that Bai Qi's face when he saw her later. Maybe he would not believe it and thought that she was just joking around.

Now that she was in school, Zhang Li Xue planned to enter the basketball team with Bai Qi. The thought made her very excited.

Meanwhile, Zhang Yu Han looked through the rear mirror and thought that his daughter was just too happy to enter school earlier.

A helpless sigh escaped him.

It felt as if it was only yesterday that his wife had given birth to this little ancestor. Why did she grow up so fast?

Once they arrived at school, Zhang Yu Han helped his daughter to settle with the registration.

Looking at the children who were taller and older than his daughter made him worry if she will be able to fit in.

It was hard for the little girl to make friends But now that she entered a new school, she will have to repeat the process of getting to know new people again.

Fortunately, the classroom teacher was quite nice. Knowing that Zhang Li Xue was younger, she promised to keep her eyes on her.

While her parents were worrying, Zhang Li Xue was busy looking for her friend.

She stood on tiptoe to look for Bai Qi but could not see his silhouette. Before she took the test to enter this school, Zhang Li Xue had already asked Bai Qi, and she had confirmed that he was going to the same school as her.

But now, Zhang Li Xue had waited for a while but she could not see him.

This made her anxious. Zhang Li Xue was worried if perhaps she had misheard Bai Qi's words.

"Xiao Li Xue?"

A voice called out her name.

Zhang Li Xue turned around and saw that Mu Zhen Yu was looking at her with his eyes widened. The boy gave her a look over. Then, his gaze halted at the uniform she was wearing. "Xiao Li Xue, why are you here?" His eyes widened as an idea come to his mind. "You're... coming to school?"
