

## Love So Sweet 451

451 Joint Exhibition in F Country

Fang Su Jin was surprised to see the disappointed look on Zhang Li Xue's face. From the look of it, Zhang Li Xue seemed to want to have a child quickly.

A faint sigh escaped her. "Li Xue, I didn't expect that you would want a child very soon. I thought that Doctor Bai would definitely want to wait for a while."

Zhang Li Xue flashed a smile. "Well, he did say that he wanted to wait for a while and enjoy our two-person world. But... I always liked children. Moreover, Bai Qi only has his sister, Xi Xi. It would be good if they had a few more members of the family."

Although Bai Qi said that he wanted to spend time with just the two of them for a while longer, Zhang Li Xue still hoped that they would have children sooner.

Bai Qi and his sister were alone after his parents passed away. Zhang Li Xue hoped that there would be additional members of their family. Then perhaps, both Bai Qi and Xi Xi would not be so alone. Bai Xi Xi especially hoped to have a few more people accompany her.

"That's true, I remember how happy Bai Xi Xi was when you and Bai Qi finally got your marriage certificate," Fang Su Jin said.

It seemed as if Bai Xi Xi was, even more, happier than the married couple.

The little girl was too adorable.

"Actually, it's not that bad to have a child a little later," Zhang Li Xue looked at her friend and smiled. "A while ago, my mom was still discussing whether we should hold a wedding banquet once my leg is healed. Su Jin, I want you to be my maid of honor."

.....

Fang Su Jin looked at her friend in surprise. "Me?"

"Of course, it's you. After all, you have been my closest friend ever since we went to kindergarten together," Zhang Li Xue said. "Su Jin, what do you think? Will you agree to it?"

"I would be happy." Fang Su Jin smiled. "Just remember to tell me the date earlier so that I can clear up my schedule."

"Mmm..." Zhang Li Xue nodded. "They are still choosing the best date for the wedding. But I will tell you later once they have decided."

Fang Su Jin did not expect that the wedding banquet would be held so soon. She hadn't heard Zhang Yi Hai mentioning this matter to her.

But thinking about it, Fang Su Jin could already imagine that the wedding will be a big one. After all, Zhang Li Xue was the princess of the Zhang family.

“There a more or less than four months,” Fang Su Jin spoke. “Will you have time to prepare for the wedding? There’s going to be a lot of work, right?”

Zhang Li Xue heaved a sigh. “I’m worried as well. But my Aunt Yun already agreed to help with the wedding preparation. I think there shouldn’t be any problem.”

Her Auntie Yun Shu was once a wedding planner. Even though she had already retired, she still had her influence and know a lot of people in the industry.

“That’s true. At least, you don’t have to worry about the venue. You can have your wedding at your hotel,” Fang Su Jin said.

The two friends chatted about Zhang Li Xue’s upcoming wedding for a while. After spending their time together, Zhang Li Xue headed up to her office while Fang Su Jin left the hotel.

Fang Su Jin adjusted the straps on her shoulder as she walked over to the entrance to meet the driver that her parents had assigned for her.

The phone in her bag started to ring as she was about to enter the vehicle.

Her lips curled into a smile, thinking that it was her boyfriend. However, the name on the screen showed another name.

Seeing that it was her mentor, Fang Su Jin quickly picked up the phone call.

“Su Jin!”

Just with the way his mentor was calling her name, Fang Su Jin could sense that her mentor was in a good mood. Subconsciously, the corner of her lips tilted up as well. “Teacher Jiang, what happened? You seemed to be in a good mood.”

Teacher Jiang laughed happily. “Mmm... I received a phone call from the art association a few minutes ago,” Teacher Jiang said. “Su Jin, we have a date for your joint exhibition in F Country.”

“So fast?” Fang Su Jin could not hide her surprise.

“Un. The joint exhibition last time was quite successful. The other party liked it so much that they could not wait to bring everyone to F Country.”

“This is good.” Hearing her mentor’s voice, Fang Su Jin too was infected by his enthusiasm. “Teacher Jiang, when are they planning to hold the exhibition?”

Teacher Jiang cleared her throat as he checked on the dates again. “The third week of the next month.”

“That soon?” Fang Su Jin realized that she had more than one month to prepare before the exhibition took place.

“Mmm... The other artists have agreed to it as well.”

Fang Su Jin thought about this matter again and decided that it was not too bad to have the exhibition next month. At least it would not be the same time as Li Xue’s wedding date.

After the exhibition, she could focus to help her friend with her wedding preparation.

Fang Su Jin knew that there would be a lot of work to be done before the wedding.

The two of them talked about the upcoming exhibition for a long time.

Teacher Jiang mentioned to her that she should be prepared before she headed to F Country later. The association will help them with her visa, but it seemed that she will have to manage her own flight and accommodations.

Of course, Fang Su Jin did not mind this. After all, she could afford everything.

It seemed that she will be busy for a few days later. There are a lot of things for her to prepare.
