

## Love So Sweet 465

### 465 I'll Work Very Hard

Zhang Yi Hai was about to speak when the stewardess walked over to remind Fang Su Jin to wear her seatbelt.

Worried that his girlfriend was such in a daze, he leaned over to help her buckle up her seatbelt. Then, noticing that the girl was still staring at him, Zhang Yi Hai turned his head and took advantage to kiss her on the lips.

The sudden kiss startled her.

Before she could say anything about it, Zhang Yi Hai had already moved away.

It was then that Fang Su Jin remembered that the flight was going to depart in a few minutes. Then, it would be too late for Zhang Yi Hai to leave.

Fang Su Jin knew that her boyfriend could be quite mischievous sometimes. But when it comes to his study and his future, she did not want to joke around with it.

"Zhang Yi Hai..." Her voice sounded anxious.

"Don't worry." Zhang Yi Hai grabbed her hand tightly. "Su Jin, I won't take my study lightly."

Fang Su Jin was still anxious.

.....

"I already finished some requirements earlier and got permission from my professor to take a week off from class," Zhang Yi Hai continued.

Fang Su Jin was more at ease to know that her boyfriend had permission to skip class. But she was still doubting whether Zhang Yi Hai was telling her the truth.

"Is your professor that nice?" Fang Su Jin asked. "Why did he allow you to take a few days off just like that?"

Zhang Yi Hai chuckled. "Of course, it's because I am an excellent student." He noticed the frown on his girlfriend's face and decided to explain, "It's also because I gave my professor a convincing reason."

Her head tilted to one side as Fang Su Jin waited for him to explain further.

"I am not going to visit F Country just to accompany you," Zhang Yi Hai said. "In a few days, I will have to meet a few people to discuss some projects."

Fang Su Jin had a lot of questions she wanted to ask. But at this time, the pilot reminded them that it was time for their take-off.

As she was worried about this process, Fang Su Jin leaned on her chair and took in a deep breath to calm down. Soon, she could feel Zhang Yi Hai's hand grasping hers tightly.

His warm hand was like an assurance. Her anxious heart began to calm down a little bit.

Once the plane had taken off safely and the pilot started to speak again, Fang Su Jin finally heaved a breath of relief.

Then, she turned to Zhang Yi Hai again and spoke, "Yi Hai, you better explain to me now."

Zhang Yi Hai heaved a sigh as he arranged the words in his mind. "Well, you should know that the company that I am working for is related to my study. The people I am going to meet in F Country wanted to introduce new technology. Thus, my professor let me make this trip."

Fang Su Jin listened attentively as her boyfriend told her about his study and what he has been working on. She did not understand much about it, but Zhang Yi Hai explained it to her patiently.

By the end of his explanation, Fang Su Jin was watching her boyfriend helplessly.

Who would have thought that this person had so many tricks under his sleeve? He even told his parents that he was going to F Country for his company project.

Of course, it was not a lie, but Fang Su Jin was still in disbelief at his plan.

He was indeed a fox.

But to accompany her on this trip, Zhang Yi Hai has indeed been working hard. It would be a lie to say that she was not touched.

"Su Jin, I worked hard for the past few weeks so that I can come and accompany you," Zhang Yi Hai spoke. "Aren't you happy?"

"Of course, I am happy."

"Then, won't you smile for me?"

Fang Su Jin could not help but chuckle when she saw the adorable look on Zhang Yi Hai's face. Then, a smile finally bloomed on her face.

Seeing this finally put Zhang Yi Hai at ease. It felt that all his hard work was worth it now that he got to see her smile again.

Zhang Yi Hai leaned over and put his arms around his girlfriend. He leaned over and pressed a kiss on top of her head. "That's good. I was worried that you would stay mad."

"I would be angry if you did not study well." Fang Su Jin stared him in the eye. "Zhang Yi Hai, you have to remember that your study is your priority. If I heard that your grades are going down, then, I'll break up with you."

There was a trace of helplessness in his eyes.

Zhang Yi Hai had a lot to say about her threat. However, he also knew that his girlfriend was only concerned about him.

In the beginning, when he had to coax her to date him, Zhang Yi Hai had promised that he would not let his study go astray. Since he had given his words, of course, he will have to do it.

"I'll work very hard."

Once she heard his words, Fang Su Jin heaved a sigh and rested her head on the young man's chest. As she closed her eyes briefly, she could hear the assuring sound of his heartbeat.

"This is nice. Since no one knows us in F Country, then, we can walk around the place without worrying about running into someone we know."

Fang Su Jin looked up again. "Teacher Jiang will be in F Country."

"Then, we will only worry about your mentor."

Looking at the mischievous smile on Zhang Yi Hai's face made her laugh.

However, Fang Su Jin was now looking forward to her date with Zhang Yi Hai in F Country. They have a week to spend together. And this could be considered their first trip together, right?"
