

Love So Sweet 467

467 Bai Xi Xi was Very Excited

Meanwhile in Y City,

Zhang Li Xue sat at the side while watching her mother helping Bai Xi Xi to pack up a few things. On the side, Bai Xi Xi was very excited about the trip to F Country.

Bai Xi Xi was born in S Country. She was still a small girl who did not understand much when her brother brought her back to this country. Then, the two of them stayed in a small town for years and she grew up in that town.

It was only this year that her brother moved to Y City and brought her over so that the two of them could stay together.

Therefore, even though she has been overseas before, Bai Xi Xi could not remember anything.

This trip to F Country should be counted as her first!

Moreover, this time, she was going on a vacation with her brother and sister-in-law. Of course, Bai Xi Xi was very much looking forward to it.

From the moment she heard about this plan from her brother, Bai Xi Xi could not contain her excitement.

However, Bai Xi Xi now noticed a new problem. That is, she could not make up her mind about which clothes she wanted to bring.

.....

Recently, her sister-in-law and Auntie Li had brought a lot of pretty clothes for her.

Bai Xi Xi thought that there were too many clothes that she might be able to wear a different one for a few months. It was not until she no longer have space in the wardrobe that everyone stopped buying her clothes.

"Xi Xi, I think you should bring the blue dress," Zhang Li Xue spoke after watching the little girl for a while. "Coincidentally, I also have a dress in the same color. Then, we can wear a matching dress."

Bai Xi Xi swept her gaze around and finally pointed at a dress. "This one?"

"Un. That one."

The little girl lifted the dress and finally put it beside the luggage. The smile on her face was especially bright.

Seeing this scene, Zhang Li Xue made a note to pack up a blue shirt for Bai Qi as well. Then, the three of them could appear together.

Zhang Li Xue could already imagine just how adorable this scene would look.

When Zhang Li Xue looked up again, she noticed that her mother was texting someone on the phone. Before she could speak, her mother had already looked up at her again.

“Your brother just texted to tell that he arrived in F Country two hours ago,” Li Qin Yao spoke as she lowered her phone again. “He just arrived at the hotel a while ago.”

Zhang Li Xue looked surprised. “My brother is heading to F Country today?”

“Uh-huh.” Li Qin Yao nodded. “Last time, he did say that he was going to F Country for a week to discuss a collaboration with a company.”

Of course, Zhang Li Xue remembered that day.

She was beside her mother when her brother called to inform her that he was going to F Country.

However, Zhang Li Xue did not know the exact day her brother was going to F Country. Suddenly, Zhang Li Xue seemed to remember another important matter.

As the thought crossed her mind, Zhang Li Xue took out her phone and tapped on her social media. Fang Su Jin’s post earlier quickly appeared on the screen.

“That’s strange...” Zhang Li Xue mumbled.

“What is strange?”

Zhang Li Xue looked up and saw that her mother was looking at her inquiringly. She raised her phone to show her mother the post. “Mommy look at this. Su Jin also arrived at F Country’s airport about two hours ago.”

Li Qin Yao leaned over to look at her daughter’s phone. “That’s right. Hey. What a coincidence.”

Zhang Li Xue put down her phone and spoke again, “Mommy, go and ask my brother if he saw Su Jin on his flight.” Her expression was especially bright.

“Un. Let me text your brother and ask.”

Zhang Li Xue thought that it would be too exciting if her brother and Fang Su Jin shared the same flight. “That’s right, Mommy, don’t tell my brother that Bai Qi and I are also coming to F Country this weekend. I want to surprise him as well. We’ll just call him and ask where he is when we arrived.”

Li Qin Yao looked at her mischievous daughter and laughed.

...

Meanwhile in F Country,

Zhang Yi Hai was sitting in Fang Su Jin’s room to take a break after the long flight. Earlier, the two of them ordered some food from the room service. They were still waiting for the food to arrive while Fang Su Jin went to the bathroom to freshen up.

His phone on the table buzzed and he quickly reached for it to check the messages.

Suddenly, his movement halted.

Zhang Yi Hai stared at his mother's message and reread it a few times.

"It seemed that your sister's friend, Su Jin, might also be on the same flight. Your sister wanted to know if you ran into her."

The corner of his lips began to twitch.

Zhang Yi Hai recalled that Fang Su Jin had snapped a few pictures at the airport and posted it on her social media. He did not expect that his sister would be so sharp this time.

He could not help but wonder if his sister would be able to guess something... His sister already knew that he was coming to F Country. But, Zhang Yi Hai was sure that he did not tell her that he was coming to F Country on the same day as Fang Su Jin.

Zhang Yi Hai tapped his fingers on the armrest as he thought of the best way to reply. After a while, he then sent a reply to his mother.

"No. There are too many people on the flight today. I did not see her. Mom, Sister Fang was on the same flight as me?"

A breath of relief escaped him as he sent out his reply. Zhang Yi Hai can only hope that his mother and sister would not suspect anything.
