

Love So Sweet 486

486 A Legend

With his task done and his agreement contract signed, Zhang Yi Hai had no other important matters to attend to in F Country. He already planned to accompany his girlfriend to her exhibition center.

Fang Su Jin looked at the young man who was waiting for her without doing anything much and thought that he was quite pitiful.

After discussing with Teacher Jiang, Fang Su Jin decided to leave early to accompany her boyfriend around the city. Anyway, she was only required to make her appearance on the first day of the exhibition.

Zhang Yi Hai was ecstatic to hear that they could leave the exhibition center sooner. He enjoyed accompanying and watching his girlfriend at the exhibition center. However, he wanted to spend his time walking around with her even more as it was not easy for them to come to F Country.

The couple left the exhibition center and went to visit a few attractions in F Country.

Fang Su Jin wanted to take this chance to shoot a few photos of the buildings and the scenery in F Country. Perhaps, she could use them as her inspiration for her next paintings.

The old building in F Country was quite pretty. Fang Su Jin especially adored that they managed to keep the old architecture from hundreds of years ago.

As they stood in the middle of the famous bridge in F Country, Fang Su Jin snapped a few scenic photos of the water and the small boats at the side. As she put her phone down, Fang Su Jin realized that Zhang Yi Hai was holding his phone, facing her. Realizing that the man was sneakily taking a few photos of her made her cheek turn a little red.

“Yi Hai, what are you doing?” Fang Su Jin moved closer to him, wanting to peek at his phone.

.....

Fortunately, Zhang Yi Hai did not try to avoid her.

Fang Su Jin looked at his phone screen and was stunned when she saw the photo that he had snapped a few seconds ago.

In this picture, she was lowering her head to check on the photo she took. There was a faint smile on her face and the sunlight made her cheek appear glowing.

She swiped to look at more photos and saw that Zhang Yi Hai had taken a few more photos of her during this trip.

There was a photo of her, turning to look at him with a bright smile on her face. In the photo, she looked very pretty. Her legs looked very long and her body looked slim. The skirt she was wearing was fluttering with her movement.

And those photos... they were very high quality! One would think that she had hired an expensive photographer!

While she was taking pictures of buildings and scenery, her boyfriend was sneaking to take photos of her. Fortunately, every one of them looked pretty.

Fang Su Jin had seen a lot of photos of herself. However, the photos of her that Zhang Yi Hai had snapped appeared the prettiest. She could tell how happy she was in the photograph.

Was this how she looked in Zhang Yi Hai's eyes?

As the thought came to her mind, Fang Su Jin was feeling shy again.

She suppressed that feeling and looked up again with a bright smile on her face. "Zhang Yi Hai, send the pictures to me."

"No." Zhang Yi Hai did not even consider her request.

Fang Su Jin thought that she had misheard his words. But looking at his expression, it did not seem like it... "Why not? Aren't those my photos?"

"They're for me to look at."

Fang Su Jin stared at the man in disbelief.

Zhang Yi Hai chuckled when he saw the look on her face. He leaned over and spoke, "Actually, it's not impossible for me to send the photos to you. But of course, I cannot send them over for nothing."

Her brow furrowed. Fang Su Jin had a feeling that she was about to fall into this man's trap again. However, those photos do look pretty and she really wanted a few pretty photos of herself.

"What do you want me to do?"

His lips turned up into a smile. "Kiss me."

Fang Su Jin took a step back before she looked around. Noticing that there were not many people around, her courage grew a little bit. Fang Su Jin looked at the man warily and spoke. "Just a kiss?"

"Un." Zhang Yi Hai nodded.

Fang Su Jin checked her surroundings again. Then, she stood on tiptoe and pressed her lips on the man's cheek. Swiftly, Fang Su Jin took a step back. However, when she looked at Zhang Yi Hai again, the man had a frown on his face.

"Who said it's a kiss on the cheek?" A teasing smile curled on his lips. He raised his hand and pointed at his mouth. "Of course, when I said a kiss, you should kiss me right here."

Her heart skipped a beat. Fang Su Jin bit her lips and spoke, "Zhang Yi Hai..." She blinked her eyes, hoping that the man would be lenient.

"You don't want the photos?"

Fang Su Jin shifted her gaze to his phone again. She really wanted those photos. But a certain someone was bullying her...

She pondered over her choices and decided to go with them.

Anyway, it was only a kiss.

Taking a deep breath, Fang Su Jin stood on tiptoes again and kissed the man on the lips.

Fang Su Jin intended to give him a peck on the lips, but Zhang Yi Hai had already put his hand in her hair as he pulled her closer. His lips began to move against hers for a minute before he finally let her go.

When she took a step back, Fang Su Jin could not help but notice the satisfied smile on her boyfriend's face.

"Su Jin..."

"Ah?"

Fang Su Jin thought that Zhang Yi Hai's voice sounded especially deep this time.

Zhang Yi Hai leaned over and spoke, "Actually, there was a famous legend about this bridge." He looked at Fang Su Jin's puzzled expression and continued, "It was said that a couple who kissed in the middle of this bridge will eventually get married."

Her heartbeat accelerated. "You... you're not being serious, right?"

Zhang Yi Hai chuckled. "Look for yourself."

He put his hands on her shoulders and turned her body around to face the signage on the stone bridge. On this sign, there was indeed the legend that Zhang Yi Hai had mentioned earlier written in several languages.

"Su Jin, since you kissed me on this bridge, you have to be responsible," Zhang Yi Hai said.

Her heart was beating so fast that Fang Su Jin thought that it might explode soon. What legend? Why did she have to be responsible?

Looking at the man's teasing gaze made her shy. Fang Su Jin lowered her gaze and quickly made her escape.
