

Love So Sweet 487

487 No Data on Your Brother

Zhang Yi Hai and Fang Su Jin continued to spend their time in F Country, visiting a lot of places and scenic spots. The couple was unaware that they would soon meet with a few familiar faces.

At F Country's International Airport, Bai Qi was seen lifting the last luggage from the conveyer belt before he put it on the trolley. He checked the luggage on the trolley again. Then, he pushed the trolley and walked over to where his wife and little sister were waiting for him.

"Is it done?" Zhang Li Xue asked when she saw Bai Qi approaching.

"Un." Bai Qi glanced at the trolley again before he looked at his wife. "Are you feeling alright?"

Zhang Li Xue nodded. "I'm fine." Bai Qi would often worry about her leg condition. Now that they were going on a trip, Zhang Li Xue could not help but notice his attentiveness.

"Then, let's head out," Zhang Li Xue said. "My dad said, he already assigned someone to pick us up and send us to the hotel." She glanced at Bai Xi Xi who was sitting on the bench and smiled. "This should be Xi Xi's first long flight. Let's head to the hotel and let her rest."

Bai Qi naturally did not have any objection. He turned to his sister and waved his hand. "Xi Xi, are you tired? Let's go."

The little girl jumped down from the bench. Then, she held Zhang Li Xue's wheelchair the three of them walked out together.

As Bai Qi was pushing the trolley, Bai Xi Xi had to stay close to Zhang Li Xue all the time. As they come out, Bai Xi Xi could not help but look around. There were many foreigners around and the little girl was curious about everything she saw.

.....

A young man was already waiting for them as they came out to the hall.

The man was a staff from The Orchid Hotel in the F Country branch. He was quick to recognize her and head over to her side. "Miss Zhang, hello. Welcome to F Country. My name is Leo An." He gave her a nod. "I am here on behalf of the hotel to pick you up. I will be your guide during your stay in F Country."

"Hello." Zhang Li Xue greeted. She turned to Bai Qi and spoke. "This is my husband, Bai Qi, and my little sister, Xi Xi."

There was a hint of surprise on the man's face as he looked at Bai Qi.

Not many people know about Zhang Li Xue's marriage. Therefore, the man was surprised to hear Zhang Li Xue referring to the man as her husband.

However, Leo An was quick to recover his expression. He looked at Bai Qi and greeted, "Mr. Bai, hello."

With Leo An around, Bai Qi let the man help them push their trolley. Meanwhile, Bai Qi was pushing his wife's wheelchair as they walked out to leave the airport building.

The journey from the airport to the hotel took them forty minutes. As Leo An drive around the city, he did not forget to tell them a little bit about the country and the interesting attractions around.

Bai Qi was listening to the man's words attentively. At the same time, he was making plans to visit those places with his wife and little sister.

When they arrived at the hotel, Bai Qi helped Zhang Li Xue to get off the vehicle. Then, the three of them went to the reception desk together.

Leo An helped the three of them to register and gave them the keys to the Zhang family's usual suite. For their convenience, Zhang Li Xue had chosen to stay in the two-bedroom suite. This way, both she and Bai Qi could look after Bai Xi Xi as well.

Zhang Li Xue stared at the card in her hand and suddenly recalled something. She turned to Leo An and asked, "Which room is my brother staying in?"

The man looked back with a puzzled look. "Your brother?"

"Zhang Yi Hai. Didn't he arrive in F Country a few days ago?"

"Young Master Zhang?" Leo An pondered over her question. He then walked over to the desk and checked the computer. "Mrs. Bai, there is no data on your brother in our database."

Zhang Li Xue could not hide her surprise. "He did not stay here."

The man flashed a smile. "Perhaps he was staying somewhere else."

Zhang Li Xue thought that this situation was a little strange. Seeing that the others did not know anything, she then decided not to ask too much.

Bai Qi pushed his wife to the elevator and headed to their suite.

As they walked into the room, Bai Xi Xi could not help but look around the suite. The room was located on the fifteenth floor. Bai Xi Xi thought that the city's view was too beautiful. She could not wait to go out with her brother and sister-in-law tomorrow.

"Xi Xi, come over." Bai Qi waved his hand as he stood in front of the room. "This will be your room. Your sister-in-law and I will be staying at the one next to you. Do you think you can sleep alone?"

"Brother Bai Qi, what are you talking about? I always sleep alone."

Bai Qi laughed. He patted his sister on her head before ushering her into the room. "Go and look at your room first. Later, I'll call someone to bring something to eat. Then, I'll call you, alright?"

The little girl nodded.

Bai Qi closed the door and walked into the living room, only to find that his wife seemed to be deep in her thought. He leaned over and stole a kiss. "What are you thinking about?" Bai Qi asked once he got her attention.

Zhang Li Xue shook her head and flashed a smile. "Nothing. I was just thinking about Yi Hai. My mom said, he arrived in F Country a few days ago. However, Leo An said my brother did not come to stay at this hotel. Bai Qi, do you think something happened to him?"

"Alright, let's not make your thoughts wander too far." Bai Qi tapped the tip of her nose. "Didn't your mother talk to Yi Hai a few days ago?"

Zhang Li Xue recalled her brother's video call with their mother and was finally at ease.

"Didn't Yi Hai come to F Country for a business meeting? Maybe his meeting was somewhere in a different city."

Zhang Li Xue thought that Bai Qi's words made sense. After all, they only knew that Zhang Yi Hai came to F Country for his company. However, he had never mentioned which city he was going to visit.

"Don't think too much." Bai Qi leaned over to carry his wife in his arms. "Tomorrow, let's just call Yi Hai and ask where he is."
