

Love So Sweet 490

490 Sister, We are Dating

Four pairs of eyes were staring at each other silently while, Bai Xi Xi stood at the side, observing this strange atmosphere. After a while, her gaze finally stopped at the couple across her.

Bai Xi Xi recalled the last time she saw them together on the day her brother got a marriage certificate. She always thought that there was something strange around them, but she did not know that the two of them were together.

Fang Su Jin met her best friend's gaze and felt her body turn colder.

She had always been worried about how she was going to tell Zhang Li Xue about her relationship with Zhang Yi Hai. However, Fang Su Jin would never imagine that her best friend would find out about their relationship like this.

Staring into Zhang Li Xue's shocked gaze made her feel guiltier.

Fang Su Jin wanted to go over and explain what happened. However, her legs were heavy and her voice could not come out no matter how much she moved her lips.

She was still puzzled to see Zhang Li Xue's appearance here.

"Sister, why are you here?" In the end, it was Zhang Yi Hai who had broken the silence. He glanced at Bai Qi, hoping that his brother-in-law would help him to talk to his sister.

Zhang Yi Hai did not know what was going through his sister's mind at this time, but he could guess that things were not that simple...

.....

His voice snapped her out of her trance.

Zhang Li Xue finally retracted her gaze and turned to look at her brother. "Didn't you say that you were in a meeting?"

His face turned redder as he recalled the text message that he had sent to his sister earlier. Zhang Yi Hai coughed and said, "I can explain."

"Then, explain to me what are you doing with Su Jin?"

His brow furrowed. Zhang Yi Hai did not know just how should he begin his explanation. His mind whirled to come up with an explanation. Zhang Yi Hai just did not know how his sister was going to take his explanation.

Zhang Li Xue stared at the two people in front of her alternately.

Initially, she came to this exhibition center, wanting to surprise her best friend and congratulate her on this first overseas exhibition. She had imagined the surprised look on Fang Su Jin's face when they met.

Who would have thought the one who received the surprise was her?

She was still discussing Bai Qi about Fang Su Jin's reaction when they met. When she turned around, Zhang Li Xue saw that her best friend and brother were kissing.

From the look at it, it seemed that the two of them might have gotten together a while ago. As the realization came to her, Zhang Li Xue's expression began to change again.

She shifted her gaze to Fang Su Jin again, hoping that her friend would say something. However, Fang Su Jin's silence broke her heart.

Zhang Li Xue lowered her gaze before tugging at Bai Qi's sleeve.

Bai Qi understood what she wanted to say to him and turned around to push the wheelchair out.

The sight made him anxious. Zhang Yi Hai took a few steps to chase after them and spoke, "Sister, Su Jin and I... we are dating."

Bai Qi's movement halted. He looked at his wife, waiting for her response to Zhang Yi Hai's words. But as he met her gaze, Bai Qi continued to push her out to leave the exhibition center.

Bai Xi Xi watched this scene quietly before she turned around to follow after her brother and sister-in-law. The little girl did not know what was going on, but she could tell that the atmosphere did not seem right.

At this time, it was better for her to stay silent.

Fang Su Jin's heart was aching as she watched this scene. Her nose and eyes were stinging. She took a step, wanting to chase after her friend, but she then realized that she would not know what he could tell her friend.

Zhang Yi Hai had already explained that the two of them were dating. However, it seemed that Zhang Li Xue did not want to listen to it.

Fang Su Jin wondered if Zhang Li Xue was upset to know that she was dating her little brother. She lowered her gaze with her heart aching very badly.

Just then, the sound of footsteps was heard, coming from the direction where Zhang Li Xue had left.

Fang Su Jin looked up again, hoping that her friend would turn around. This time, she would explain things carefully.

However, when she looked up again, the person she wanted to see did not appear.

Instead, it was Bai Xi Xi who walked into the gallery, holding a bouquet in her hand.

Fang Su Jin wiped the tears streaming down her face before she walked to the little girl. "Xi Xi, where is your sister?"

The little girl looked at Fang Su Jin timidly. She looked at the bouquet in her hand before pushing it forward. "Sister Su Jin, my sister-in-law wanted you to have this."

Fang Su Jin followed her gaze to look at the flowers.

"My sister said, Sister Su Jin, congratulations on your first overseas exhibition."

Fang Su Jin felt as if something was stuck in her throat. It was then that she understood why Zhang Li Xue appeared in F Country at this time.

It turned out that her best friend wanted to give her a surprise and congratulate her on this exhibition in person.

Zhang Li Xue must be in shock after seeing her and Zhang Yi Hai together.

While Fang Su Jin was still in a daze, Bai Xi Xi pushed the bouquet to her hand before she turned around and left. Her sister told her to come out after delivering the flowers and her words.

Fang Su Jin continued to stare at the flowers for a long time.

With Zhang Yi Hai's help, she then stood up again.

His warmth snapped her out of her trance.

Fang Su Jin looked at the tall man in front of her and the tears continued to fall down her face. "Zhang Yi Hai, what should I do? It seemed that your sister is angry at me."

Her best friend was not willing to see her and instead, sent the little girl to deliver the flowers. She knew that she was at fault, but Fang Su Jin's heart was aching.

Zhang Yi Hai hugged his girlfriend tightly to coax her. "Of course, not. I'm sure that my sister is not angry. How can she be angry at you? Just give her some time to calm down. I'm sure that my sister would listen to us."
