

## Love So Sweet 495

495 We are Very, Very Innocent

After talking about it, the two girls' eyes were now reddened. They looked at each other's faces and saw their reddened cheek and eyes. Suddenly, the two of them started to laugh about it.

Fang Su Jin was relieved that Zhang Li Xue did not make it hard for her and had forgiven her easily. However, she still stared at Zhang Li Xue with a hint of guilt in her eyes.

"Alright." Zhang Li Xue heaved a sigh. "Now, tell me, when did you start seeing my brother?" A thought came to her mind and Zhang Li Xue was watching her friend suspiciously. "Back then, at the hotel..."

"No!" Fang Su Jin answered quickly. "We were not seeing each other at that time. Really."

Zhang Li Xue wanted to laugh upon seeing how Fang Su Jin was afraid of her. "Then?"

Fang Su Jin's cheek started to turn redder. "Actually, we started dating after helping Bai Qi propose to you."

Zhang Li Xue leaned over. She could sense some gossip and was interested to know just how did these two people get together.

"Your brother came to me and said that he liked me." Fang Su Jin was shy to talk about how she started to date Zhang Yi Hai. Her face turned redder. "He said to give it a chance and I said yes."

"You like him?"

.....

In her memory, Fang Su Jin and her little brother had known each other for a long time, but they were never seen to interact with each other that much. At least not when she was around.

"Su Jin, you no longer find Yi Hai scary?"

Zhang Yi Hai's face appeared in her mind. After getting with him, Fang Su Jin found that Zhang Yi Hai was very gentle.

"No. He's not that scary." Towards the person that he cared about, Zhang Yi Hai could be quite patient and tolerant. It was a side of him that she did not know before getting together.

Zhang Li Xue thought that the shy look on Fang Su Jin's face was adorable. She could not help but stretch her hand and pinched Fang Su Jin's cheek.

Fang Su Jin thought that the brother and sister were too similar. Why did they like pinching her cheek so much?

"Actually, before we got together, Yi Hai had helped me a few times," Fang Su Jin said. Then, she began to tell her how Zhang Yi Hai had rescued her from trouble.

It was during these times that she found that Zhang Yi Hai can be a reliable person. The man would appear beside her when she was in danger.

Zhang Li Xue sneered after hearing the story from Fang Su Jin. She could not believe that her little brother had fought a few times to save the beauty.

“Did my little brother treat you well?”

Fang Su Jin smiled shyly. “He is really good to me.”

Seeing the look on Fang Su Jin’s face made her sigh. Until now, it was a little hard to believe that the two of them had gotten together.

“Su Jin?”

“Un?”

Zhang Li Xue put a hand under her chin. “How far are you with Yi Hai?”

Fang Su Jin inhaled deeply. Then, she looked around the room and was relieved to see that there was no one else around. This time, her face turned as bright as a tomato.

“What are you shy about? I already see you and Yi Hai kissing,” Zhang Li Xue continued to tease. “Hey, the two of you are using your exhibition to go on a trip together to avoid being recognized.”

Her lips were pursed tightly. Fang Su Jin hesitated for a while before she finally gave her answer. “We only hold hands and kiss.” She lowered her gaze. “We haven’t gone that far yet. We are very, very innocent. We didn’t stay in the same room during this trip.” Fang Su Jin was in a hurry to explain their situation.

However, she did not plan to tell Zhang Li Xue that her little brother had accompanied her to sleep for a night. That time does not count. Zhang Yi Hai was only accompanying her to coax her after what happened. Then, she might have to tell her friend that her little brother almost got into jail because of her.

...

Bai Qi returned to the suite again after accompanying his little sister to play around at the swimming pool for a while.

As he entered the room, Bai Qi scanned the room and finally heaved a breath of relief upon seeing that both his wife and her friend were talking happily.

He met Zhang Li Xue’s gaze and smiled. However, noticing how her eyes were slightly swollen and red made his heart ache. Bai Qi could see that the two besties has been crying a lot.

“Bai Qi,” Zhang Li Xue raised her head and smiled when she saw her husband. Then, she turned to Bai Xi Xi and waved her hand to call the little girl over. “Xi Xi, did you have fun playing around the swimming pool?”

Bai Xi Xi nodded. “Well, it was fun. Sister, when your leg is better, we should go and play together.” Then, Bai Xi Xi seemed to notice Zhang Li Xue’s reddened eyes. “Sister, were you crying?”

“Well,” Zhang Li Xue glanced at her friend. “It’s because Sister Su Jin was telling me a sad story.”

The little girl was relieved to hear this.

Zhang Li Xue looked up again and saw that his little brother was watching him silently.

She had a lot of things that she wanted to say to her brother. However, she decided to keep silent for now. Later, she will have to talk to her brother as well. Anyway, she has to remind her brother not to bully her best friend.

Zhang Li Xue turned to Bai Xi Xi again and spoke, "Xi Xi, are you tired after playing around? How about we go to Sister Su Jin's exhibition after this? Yesterday, we did not get the chance to look at Sister Su Jin's painting. Should we go and look at them today?"

Bai Xi Xi looked at the two women in front of her alternately. Noticing that the atmosphere between them two had changed, she then let out a breath of relief. "Alright. Let's go."
