

Love So Sweet 496

496 You are Really Good to Me

Now that Zhang Li Xue and Fang Su Jin had reconciled, the group planned to visit the exhibition center to look at Fang Su Jin's paintings.

As everyone needed some time to prepare, both Fang Su Jin and Zhang Yi Hai left first and promised to wait for the family of three at the exhibition center.

Bai Qi carried his wife and let her sit on the sink counter. Habitually, Bai Qi took the facial cleanser, wanting to help her wash her face.

However, before he could grab the cleanser, Zhang Li Xue had already wrapped her arms around his shoulder. Seeing her smiling at him made him wonder if his wife had something mischievous in her mind.

Bai Qi put the cleanser aside and inched closer. He put his hands on her waist and met her gaze. "Zhang Li Xue, what are you going to do?"

Zhang Li Xue laughed. "Hubby, you are really good to me." She leaned over to peck on his lips. "Thank you for helping me and Su Jin to reconcile."

A faint smile appeared on his lips. Bai Qi rested his forehead against his wife and spoke, "Then, how are you going to reward me for this?"

Zhang Li Xue pretended to be pondering this matter. Then she leaned over and kissed Bai Qi's lips repeatedly. "Is this enough?"

His low laugh reverberated in the bathroom. "Do you think that this is enough?"

.....

"Then, how about if I give you a child?"

His eyes turned darker slightly. However, Bai Qi was good at suppressing his emotion. "Mrs. Bai, let me remind you that you are not going to get pregnant until your leg is fully healed."

Zhang Li Xue pouted and this sight made Bai Qi laugh.

"Why are you in such a hurry?" Bai Qi looked at his wife in puzzlement. "Li Xue, why do you want a child so much?"

It was hard enough for him to fight with his little sister. If they had a baby, who knew how when he will get his turn to enjoy his wife's affection?

"Why? Isn't it obvious?" Zhang Li Xue tilted her head to one side. Then she smiled. "It's because I love you so much."

His heart skipped a beat. Bai Qi felt as if there was an arrow shooting straight at his heart. He swallowed, but it felt as if something was stuck in his throat. "Are you trying to seduce me?" His voice sounded a little hoarse.

The mischievous person leaned over until their lips were an inch apart. "Then, is it working?"

Bai Qi stared at his wife with his eyes darkened with desire. It looked as if he was going to burn someone with his gaze. However, Zhang Li Xue was not afraid.

In the end, it was Bai Qi who pulled away first. "Forget it. Didn't we promise to go to Su Jin's exhibition? Don't fool around. Otherwise, we might be late."

Before the man could escape, Zhang Li Xue had already grabbed his clothes. "Let her wait for a while longer then. Su Jin can consider this as a punishment for keeping such a big secret from me."

Bai Qi looked at his wife, amused. "Then, what about Xi Xi? He's still waiting for us outside right?"

"Xi Xi would not mind waiting for a while. She's very obedient." Zhang Li Xue tugged at his sleeve again. "Hubby, hurry up."

...

Bai Xi Xi waited in the living room while reading her books. Once in a while, she would glance at the door, waiting for her brother and sister-in-law to come out. However, the two people were still staying in the room for a long time.

Thinking that her brother had to help her sister get ready, Bai Xi Xi decided to wait for a little longer.

Fortunately, after waiting for a long time, the door was pushed from the inside.

Bai Xi Xi raised her head and saw that her brother was pushing his sister-in-law's wheelchair. Her eyes lit up and Bai Xi Xi put her book aside and walked over to them. "Sister-in-law."

"Xi Xi, sorry." Zhang Li Xue had an apologetic look on her face. "I had to take a shower earlier. Did you wait for too long?"

The little girl shook her head. "No. I was reading some books." She looked at her sister-in-law and smiled brightly. "Sister-in-law. We're wearing the same shade of clothes."

Zhang Li Xue laughed. "Un. Today, the three of us are wearing matching clothes. Let's take a lot of pictures together later, alright?"

Bai Xi Xi nodded. She turned to her brother and finally realized that her brother was wearing a blue shirt to match them as well. This scene made her so happy that Bai Xi Xi could not stop smiling.

After gathering their belongings, the three of them finally left the hotel and headed to the exhibition center together.

Meanwhile, Fang Su Jin was waiting for her friend to appear at her exhibition anxiously.

A long time passed but Zhang Li Xue still had not appeared at the exhibition center.

Fang Su Jin was getting worried and she started to wonder if Zhang Li Xue had changed her mind.

Could it be that she was still angry?

“Alright. Don’t worry. My sister will definitely appear,” Zhang Yi Hai said as he wrapped his arms around her waist.

“But it has been more than an hour,” Fang Su Jin looked at the entrance anxiously. “What if she realized that she was still angry?” Realizing that her boyfriend was hugging her, Fang Su Jin quickly untangled his hand away. “Alright. Don’t hug me here. What if your sister showed up?”

“Aren’t you waiting for my sister to show up?” Zhang Yi Hai looked at his girlfriend, puzzled.

“Yesterday, it was embarrassing enough that your sister had seen us kissing.” Fang Su Jin’s cheek turned red. “I don’t want her to tease me again.”

Just then the two of them heard the sounds of footsteps. They turned around and saw that Zhang Li Xue and the Bai siblings walked into the hall together.

Seeing that her best friend had appeared, Fang Su Jin left her boyfriend’s side and run over to Zhang Li Xue.

Zhang Yi Hai watched this scene and sighed. It seemed that compared to him, his sister was much more important to Fang Su Jin.
