

## Love So Sweet 500

500 [Bonus chapter]My Apprentice

Early in the morning, Zhang Yi Hai pressed the doorbell on Fang Su Jin's room next door. After a few seconds, his girlfriend appeared at the door. Sensing that she was in a good mood made him smile as well.

"Xi Xi is in the bathroom, showering," Fang Su Jin said. "Why do you come this early?"

"I thought that we can go to the coffee house and have our breakfast together."

Fang Su Jin stepped aside to make space for him to enter the room. "Then, you'll have to wait. It will take a while before we will get ready."

Zhang Yi Hai peeked into the room and saw that Bai Xi Xi was still not coming out. Seeing that his girlfriend turned around, Zhang Yi Hai grabbed her hand and pulled her closer before he pressed his lips to hers.

Fang Su Jin was in a daze for a few seconds before she finally come to her senses. "What are you doing?"

"A good morning kiss." Zhang Yi Hai smiled. He held her hand tighter and pretended to act coquettishly with her. "Su Jin, yesterday, I barely get to kiss you."

Looking at the man pretending to be sulking made her laugh.

However, Fang Su Jin also recalled how she was busy making up with her best friend and did not have the time to pay attention to her boyfriend.

.....

Fang Su Jin thought that her boyfriend was a little pitiful. Seeing that the little girl was still in the bathroom, Fang Su Jin stood on tiptoe, wrapped her arms around Zhang Yi Hai's neck, and kissed his lips.

Zhang Yi Hai was of course, happy that his girlfriend was taking the initiative to kiss him.

What meant to be a brief kiss to coax him soon turned into something hotter.

His chest felt hot as he thought of how his sister was aware of their relationship. After a few days in F Country, they will soon have to leave this place. When the time comes, Fang Su Jin will head back to Y City while he has to stay around in Capital City.

Just the thought that he might not be able to see Fang Su Jin as much as he wanted to made his heart ache. Zhang Yi Hai thought that he should take this chance to cultivate their feelings before they were going to see his sister again later.

The sound of the door snapped her out of her trance.

Fang Su Jin quickly pushed his boyfriend away and took a step back. She turned around and found that Bai Xi Xi was coming out of the bathroom, all dressed up.

The little girl was staring at them inquiringly.

Bai Xi Xi thought that it was not strange to see them together. After all, her sister-in-law said that Sister Su Jin and Brother Yi Hai were dating. However, why does Sister Su Jin's face look a little strange? Her cheek was too red.

"Sister Su Jin, did you catch a cold?" Bai Xi Xi asked. She walked closer to get a better look at Fang Su Jin's face.

"Ah?" Fang Su Jin was puzzled. "No. I'm fine."

"Your face is very red."

Hearing Bai Xi Xi's words made her face turn a deeper red. Fang Su Jin turned around and cupped her cheek with both hands. The heat reminded her of the passionate kiss earlier.

"Su Jin, remember to eat some medicine before your cold gets worst."

Bai Xi Xi had a serious look on her face. "Sister Su Jin, you have to listen to Brother Yi Hai's words. Having a cold is not fun."

Fang Su Jin turned to the fox beside her and gave him a sharp look. The mischievous look in his eyes gave her the urge to beat him. But, with Bai Xi Xi around, Fang Su Jin realized that she had to compose herself. In the end, she stretched her hand and pinched Zhang Yi Hai's waist hard.

However, Zhang Yi Hai's strange groan made her pull her hand quickly.

Fang Su Jin stared back at Zhang Yi Hai with wide eyes. The look on her face was as if she was a frightened rabbit.

"Su Jin, don't seduce me in front of an underage."

She gritted her teeth and hissed, "Who is seducing you?"

Zhang Yi Hai watched as his girlfriend turned around angrily and smiled. He thought that the look on Fang Su Jin's face was especially adorable.

After getting ready, Zhang Yi Hai took both Fang Su Jin and Bai Xi Xi to have breakfast at the hotel's coffeehouse. Then, the three of them headed to the exhibition center together.

While waiting for Zhang Li Xue and Bai Qi to appear, Fang Su Jin and Zhang Yi Hai had to look after Bai Xi Xi together.

The little girl learned a little bit of painting from Fang Su Jin last night. This time, as she walked around the exhibition hall, Bai Xi Xi could not help but look at every painting seriously.

Teacher Jiang appeared in the exhibition hall and saw that the three of them were together. He turned to Fang Su Jin and asked, "Su Jin, who is this little girl?"

"Teacher Jiang, this is my apprentice, Bai Xi Xi. What do you think? Isn't she cute?" Fang Su Jin giggled upon noticing her mentor's confused look. "Teacher Jiang, this is my friend's little sister. We are looking over her for a while. Xi Xi come. Let me introduce you to my teacher. This is Teacher Jiang."

Bai Xi Xi nodded politely. "Hello."

Teacher Jiang saw that Bai Xi Xi was watching the paintings earlier. He leaned over and asked, "Little girl, what do you think about the paintings?"

"They are beautiful."

Teacher Jiang laughed. "Are you interested in learning them?"

"Un. Sister Su Jin taught me a little bit last night."

Fang Su Jin took out the paintings that Bai Xi Xi had made last night and showed them to her mentor.

"Teacher Jiang, this is what Xi Xi had painted last night. You can see if she's talented or not."

Teacher Jiang unrolled the paper and looked at the paintings. His expression turned brighter as he looked at the color that the little girl had used. Soon, he found a reason to take the little girl and ask her some questions.

Fang Su Jin stood beside her boyfriend while watching Bai Xi Xi and her mentor. She was about to lean her head on his shoulder when she heard a familiar voice.

"Su Jin?"

Her heartbeat accelerated.

Fang Su Jin turned around slowly and sucked in a deep breath.

Her parents! Why are they here?
