

## Love So Sweet 505

505 Her Days in F Country were Too Exciting

Fang Su Jin was only at ease after she sent her parents to the airport and watched them walk through the departure hall. She only let her guard down after her mother texted her that the flight was going to depart in a few minutes.

Her days in F Country were too exciting. So many things happened and she could only get a few breaks. Fang Su Jin began to think that perhaps this was the karma she got for keeping such a secret from everyone who cared about her.

She was supposed to come to F Country and busy herself with her exhibition. But she was taking her time having a date with Zhang Yi Hai.

Fang Su Jin heaved a long, heavy sigh.

When she looked up again, Zhang Yi Hai was looking at her with a smile on his face.

She was the one who had to deal with a lot of things. But it seemed that Zhang Yi Hai was enjoying watching her suffer.

Her lips pursed and her eyes narrowed as she looked at her boyfriend unhappily. "What are you smiling about?" Fang Su Jin punched him lightly in his arms.

Zhang Yi Hai grabbed her hand and thought that her small hands were only suitable to hold a painting brush. Her punch was so soft that it felt like a gentle scratch.

Fang Su Jin clicked her tongue, noticing that her punch did not cause anything to this young man.

.....

"Su Jin, you are too adorable." Zhang Yi Hai took this chance to pinch the girl on the cheek. Then, he quickly released her before she would get angry. "Come on. Let's go back. Aren't you tired?"

Fang Su Jin pouted. "Zhang Yi Hai, hiding is very tiring."

The light in his eyes shifted. "Then, do you want to reveal our relationship sooner?"

"No." Fang Su Jin had a serious look on her face. "I already decided that I will wait until you complete your study. I don't want to tell our parents before you complete your study." Fang Su Jin stood on tiptoe and touched Zhang Yi Hai's head. "Little brother, you have to study hard and get a good result to live a good life."

A helpless smile curled on his lips.

Before his girlfriend pulled away, Zhang Yi Hai took the chance to hug her in his arms. "Then, I will listen to you and work hard. But Su Jin, there should be a reward for my hard work, right?"

"What sort of reward do you want?" Fang Su Jin narrowed her eyes, wondering if this was a trap question.

The suspicious look in her eyes made him laugh. Zhang Yi Hai leaned to peck on her lips and spoke, "How about a wish?"

Fang Su Jin observed his expression for a long time. "Then, let's talk about this again once you get your result."

"Does this mean you agree?"

The look on her face turned serious. "Zhang Yi Hai, I can grant a wish. However, you shouldn't go overboard, alright?"

Zhang Yi Hai could not help to pinch his girlfriend's cheek again. "What sort of person do you think I am? Would I take advantage of you?"

Fang Su Jin wanted to trust him, but she also heard that a person who had never been in a relationship before would have that sort of dirty mind once he was with his girlfriend.

Or could it be that she was thinking too much?

Seeing that Fang Su Jin had not said another word, Zhang Yi Hai hugged her tightly in his arms again.

These past few days, he has been thinking about his relationship with Fang Su Jin a lot.

During the Fang couple's visit, Zhang Yi Hai had noticed the way Mother Fang would look at his sister and brother-in-law before she would shift her gaze to Fang Su Jin.

The look in Mother Fang's eyes was enough to tell him what she had in mind.

Mother Fang was a little envious that his sister had found someone that she loved. As a parent, Mother Fang hoped that her daughter would meet someone who loved and cared about her. A lot of girls around Fang Su Jin's age are married and Mother Fang was worried that her daughter had stayed single for a long time.

That was also the reason Mother Fang had arranged a blind date for Fang Su Jin previously.

Zhang Yi Hai knew that the person he dated was a few years older than him.

Once their relationship was revealed, his parents might be shocked, but they would agree to it.

However, it might be different for the Fang family. The Fang couple might worry to let their daughter to date someone younger.

Fang Su Jin loved paintings and the Fang Couple had let her do whatever she wanted even when she was still a little girl. She was their precious daughter who they pampered so much. Their daughter had never suffered and they don't plan to see her suffer even after she met someone she loved and get married.

They wanted Fang Su Jin to continue to do whatever she wanted to do without worrying about anything. Because of that, they would want their daughter to be with someone who was stable enough to look after her.

For Zhang Yi Hai, Fang Su Jin was the first person he liked. Once he realized his feelings towards her, he always took their relationship seriously.

Because of that, he wanted to work hard for her so that her parents would not be able to find a reason to reject him. He had to show them that even though he was young, he would be able to support Fang Su Jin even without relying on his family's wealth.

Fang Su Jin buried her nose in the man's chest, inhaling his familiar scent.

They only had a few more days to spend in F Country. Thinking about how they will soon have to separate made her heart feel heavier.

However, Fang Su Jin also realized that a lot of things had happened in F Country. Everything around her was a rollercoaster. But Zhang Yi Hai remained by her side, whether it was a happy occasion or whenever she was in trouble.

This younger brother was really reliable.

Though they did not get to spend time as much as they wanted to, Fang Su Jin thought that their relationship had definitely deepened. Perhaps, not everything in F Country was that bad.

Fang Su Jin stole a glance at the tall man beside her. Then, a faint smile curled on her lips before she quickly lowered her gaze. Fang Su Jin thought that she might already love Zhang Yi Hai.
