

## Love So Sweet 510

### 510 In Love with You

The sweetness of the apples entered his mouth. With his free hand, Zhang Yi Hai held Fang Su Jin's head and deepened their kiss. He nibbled at her lips a few times as if he was enjoying the taste of the apple. But it seemed that his girlfriend's lips tasted sweeter than the apple.

After a while, Zhang Yi Hai finally pulled away and saw his girlfriend staring back at him in a daze.

It took Fang Su Jin a few seconds before she snapped out of her trance. She hid in her boyfriend's arms and hit him in the chest. "Zhang Yi Hai!"

His chest shook as his laughter filled the room. Zhang Yi Hai placed the plate of fruit on the coffee table before moving to hug his girlfriend tightly. "Why are you angry? Su Jin, you are the one who kissed me."

"You tricked me!"

"Then, do you want another slice of apples?"

"No more. You're just taking advantage to kiss me again."

"Well, your lips are sweeter than the apples."

Fang Su Jin's cheek turned redder as she heard his words. This man would often find a way and trick her into a kiss.

.....

The two of them stayed in each other's embrace for a while.

Then, hearing Zhang Yi Hai's heavy sigh, Fang Su Jin raised her head to look at him. Their gazes met and his burning gaze made Fang Su Jin shy.

"Su Jin, what am I going to do when you return to Y City?"

Zhang Yi Hai thought that it was good that he decided to go with his girlfriend to F Country for her.

These past few days were crazy, but Zhang Yi Hai thought that it was like a sweet dream to be around his girlfriend most of the time. He got to see her whenever he wanted and kiss her whenever he wanted.

He leaned over and kissed the tip of her nose. "I'm going to miss you very much."

The technology would allow him to see her face through the screen. However, he would not be able to hug her and kiss her like this.

The look in Fang Su Jin's eyes turned warmer.

She thought of how he would always find an excuse to let her kiss him and found that she was going to miss this a lot. Her heart was unwilling to part with him, but there was nothing they could do. Zhang Yi Hai was a student and had to attend his classes in Capital City.

Meanwhile, she had a life in Y City.

If she wanted to accompany him to Capital City, she will have to let her parents know about their relationship. But, Fang Su Jin had long made up her mind long ago to wait until he finished his study. This would also give them time to figure out if the two of them are really suitable for each other.

However, these days, Fang Su Jin began to get used to being around Zhang Yi Hai. Being with him make her happier and her heartbeat would jump erratically. Seeing his face could make her smile like an idiot.

Fang Su Jin already understood what was going on with her. She already knew that she had fallen in love with Zhang Yi Hai.

As the thought came to her mind, Fang Su Jin began to hold him a little tighter. "Then, should I find an excuse to come and visit you next time?"

A glint of happiness appeared in his eyes. "Really?"

"Well, once in a while should be okay."

In the past, she would often come to Capital City for her exhibition matter. The art association was in Capital City and she often came over to meet her mentor.

Zhang Yi Hai leaned to kiss her face a few more times.

Soon, Fang Su Jin started to laugh. "Zhang Yi Hai, are you a dog? Stop kissing my face like this." She could sense that Zhang Yi Hai was happy with her words.

Just as she thought that Zhang Yi Hai was going to stop, the man leaned over to kiss her lips again.

The sound of her laughing disappeared as he covered her mouth.

Feeling the gentle way his lips moved against hers made her smile. This time, Fang Su Jin put her arms around his neck to reciprocate his kiss.

The thought of not seeing each other for a while once Fang Su Jin returned to Y City probably stirred something within them both. They were unwilling to part with each other and they both showed it in their kiss.

His lips moved slowly against hers as he sucked the sweetness from her mouth.

The woman he loved was already in his arms, but Zhang Yi Hai found that he was already missing her. He pulled Fang Su Jin close to him as if wanting to keep her with him all the time.

This time, they were truly alone and no one should come over and disturb them.

The temperature in the living room turned hotter. The sound of their kissing filled the air, but no one seemed to mind it.

Fang Su Jin's cheek turned redder and she was becoming breathless from kissing Zhang Yi Hai. Still, she did not make a move to push him away but instead, continued to kiss his lips senselessly.

When Zhang Yi Hai finally pulled away, Fang Su Jin was allowed to inhale some breaths. She looked at the man and realized that she was now leaning half her body on the couch and Zhang Yi Hai was leaning on her.

The look in his eyes made her heartbeat goes faster.

Without giving any thought, Fang Su Jin rested her hands around his neck again before she pulled herself up and took the initiative to kiss his lips softly.

“Zhang Yi Hai.” Fang Su Jin whispered his name.

“En?” His voice sounded deep and hoarse.

She pulled away again to meet his gaze for a long time. The longer she stared into his eyes, the quicker her heart would beat. “I think I am already in love with you.”
