

Love So Sweet 521

521 Zhang Yi Hai was in a Hurry to Leave

Zhang Yi Hai did not understand much about what his sister was talking about. However, a few minutes later, he had to agree that he was quite lucky.

The door was pushed open and Fang Su Jin walked out in a light pink tea-length dress. It was an off-shoulder dress, and Fang Su Jin's smooth and round shoulders could be seen.

Time seemed to move very slowly as he watched Fang Su Jin walk over.

Although this dress was not as pretty as the wedding dress that he had seen her wear before, Zhang Yi Hai was still mesmerized.

Fang Su Jin was about to ask her friend what she think of the dress when she finally noticed the way Zhang Yi Hai has been staring at her. Suddenly, the words she wanted to speak were stuck in her throat.

A cough snapped them both out of their trance.

When Zhang Yi Hai turned around, he could see that his sister was looking at him while pointing her camera at him. It was not hard to guess that his sister was taking a photo of his dazed expression to blackmail him in later days.

The look on Zhang Yi Hai's face was too fascinating. Zhang Li Xue could not help but wonder how would he react if Fang Su Jin really appeared in front of him in a wedding dress.

"How is it?" Zhang Li Xue asked with a smile. "Do you think my Su Jin is pretty?"

.....

Zhang Yi Hai wanted to argue with his sister when he heard her words.

When did his girlfriend become his sister's?

However, Zhang Yi Hai had to admit that his girlfriend really looked pretty. She was so pretty that he had forgotten to react.

Zhang Li Xue went to look at the dress. Then she spoke to the consultant and asked for a little adjustment. Then, she had to make another appointment for both her friends to come for fittings.

When she was done making a few arrangements, Zhang Li Xue turned around to see that her brother was flirting with Fang Su Jin. The two of them were standing at the corner and whispering sweet nothings.

Initially, Zhang Li Xue wanted to tease them. However, seeing the smile on Fang Su Jin's face made her change her mind. Anyway, it was really not easy for them to meet, and Zhang Li Xue decided to let her brother off.

But seeing them together like this made her miss her husband a little more. She wanted to go over and sprinkle some dog food on others as well.

The three of them spent a long time at the bridal shop.

Zhang Li Xue was only on her second fitting. The last time she visited the bridal with her mother, she had finally made her decision on which dress she was going to wear. She had tried it once and thought that there should be some adjustment.

After the second fitting, there will be a few more fittings until she was satisfied with the dress.

“Sister, where should we go next?” Zhang Yi Hai asked as they entered the car.

Previously, his mother had mentioned that his sister was going to visit a few places. Other than visiting the bridal, he was also supposed to accompany his sister to pick up something.

“Yi Hai, why don’t you help me to visit the printing shop with Su Jin and pick up the invitation card?”

Zhang Yi Hai was about to nod when he noticed that there was something strange with what her sister had said. “Then, what about you?”

Zhang Li Xue looked at her brother through the mirror and smiled. “Send me to the hospital first. Then, the two of you can go and have a date.”

Zhang Yi Hai looked at his sister in surprise. “Really?”

“If you’re not willing to help me, then, I guess, I can go with Su Jin myself.”

“No. No. We’ll definitely go to the printing company and pick up your things,” Zhang Yi Hai said. “Sister just sent me the address.” He needed to listen to his sister well before she could change her mind.

“Su Jin knows the place. You can ask her to show you the way.”

As his sister was heading to the hospital, Zhang Yi Hai quickly made a turn and drive over to the hospital. Knowing that he would be having a date later on, put him in such a good mood.

He did not have a lot of time to see his girlfriend and would not miss the time to have a date.

The car was parked at the hospital’s parking lot. Zhang Yi Hai helped his sister out and send her over to the department where his brother-in-law was working at.

Nurse Tian saw Zhang Li Xue and greeted her. “Mrs. Bai, you’re here.” She glanced at Zhang Yi Hai and nodded to him as well. In the past, she often sees Zhang Yi Hai coming to the hospital to visit Doctor Qi Zheng.

“Nurse Tian, is Doctor Bai around?” Zhang Li Xue asked.

“Doctor Bai is still meeting with a patient’s family,” Nurse Tian spoke. “His meeting should be ending soon. You can go ahead and wait for him in his office.”

“Alright, the two of you can go now,” Zhang Li Xue spoke as she turned to her brother. “I won’t keep you both with me. Just, don’t forget to keep low and don’t do anything strange in public.”

“Zhang Li Xue!” Fang Su Jin’s face was a little red.

“What’s the matter? I was only reminding you not to do anything strange.” Zhang Li Xue blinked innocently. “Su Jin, what were you thinking about?”

Fang Su Jin pursed her lips, too lazy to talk to this friend who would not stop teasing her.

“Then, sister, we will be going now.” Zhang Yi Hai nodded. He wanted to hold Fang Su Jin’s hand but realized that he might run into anyone he knows at the hospital. Therefore, Zhang Yi Hai was in a hurry to leave.

Zhang Li Xue laughed. “Yi Hai, don’t forget to send Su Jin back after dinner. Otherwise, her parents might worry.”
