

## Love So Sweet 527

527 Should I Help You Pack Up?

Once the kiss broke off, Fang Su Jin lowered her head shyly and took a step back. The thought that she was the one who came to find Zhang Yi Hai and initiated the kiss made her shy.

This was Zhang's residence. And she should be scared that someone might see something. Even if his mother was away, there were still the aunties who worked at the house.

But now that she was in his room, Fang Su Jin guessed that it would be more difficult to leave.

After a while, Fang Su Jin finally slipped away from Zhang Yi Hai. She swept her gaze around the room and realized that this was the first time that she came into this room.

The room where Zhang Yi Hai spent growing up looked very different than his apartment. As she looked around, Fang Su Jin could see traces of him from his younger days.

There were trophies on the bookcase. Most of them were from his basketball tournaments. Then, there were a lot of books on computers. Her eyes finally stopped at the plush toys behind the glass case. There were two of them.

After staring at them for a while, Fang Su Jin looked at Zhang Yi Hai again and asked, "Where did these come from?" Her eyes narrowed. "Your admirers?"

Zhang Yi Hai laughed when he noticed his girlfriend's jealousy. He stretched his arms and habitually pinched her cheek. "They were from my sister. Have you forgotten? In the past, there was a certain period of time when my sister liked to collect these toys. But she won't let me touch them. Seeing me cry, she finally gave away a few of them."

The toys were something that his sister liked very much. But she still gave it to him to coax him. Because of that, he treasured the toys very much. As he grew up, he did not have the heart to throw them away.

.....

In the end, the plush toys have always been there and Zhang Yi Hai decided to keep them there. Anyway, it was not as if the toys took up too much space around his room.

Fang Su Jin had to admit that she was a little envious of the siblings' relationship. Although they liked to annoy each other, it was very clear that they both loved and cared for each other.

In the past, Zhang Yi Hai had always looked after his sister, worrying about the person she was going to date and marry.

Thinking about it made her laugh.

"What are you thinking about?" Zhang Yi Hai followed his girlfriend around his room closely. Seeing the smile on her face piqued his curiosity.

"Nothing. I was just thinking about you when you were very little. My parents took me to attend your full moon celebration." This time, Fang Su Jin stood on tiptoes and pinched her boyfriend's cheeks.

"Zhang Yi Hai, you are very adorable."

His expression turned darker. Zhang Yi Hai let out a dangerous chuckle before inching closer until Fang Su Jin was trapped between him and the bookcase behind her. "Then what about now? Am I not adorable anymore?"

Her breath was stuck in her throat.

She realized that they were both standing too close. His scent was starting to make her a little dizzy.

Fang Su Jin realized that she was about to be seduced again and quickly slipped away through the small gap between his arms.

Seeing the frustrated look on his face made her laugh. She took a few steps back until she was farther away from him. Playing hide and seek like this was quite fun as well. Then, Fang Su Jin continued to look around and her gaze fell on the computer on his desk.

There were several videos on his computer screen. Upon a closer look, Fang Su Jin realized that they were live surveillance footage of the house.

"I didn't want to let anyone find you here, so I have to look into the surveillance video."

Fang Su Jin looked at Zhang Yi Hai in shock.

She then realized that Zhang Yi Hai was too mischievous. To let her come to his room, he would even look into their family's surveillance camera.

However, this would make her feel more at ease. At least, she should not be afraid that someone might find out that she was hanging out in his room.

Fang Su Jin walked over to another side and saw the pile of clothes beside Zhang Yi Hai's bag. "You're packing up?"

Zhang Yi Hai followed her line of gaze and looked at the pile of clothes that he planned to bring back to the Capital City. "Mhm... I was going to until I saw that you were coming."

Fang Su Jin peeked into his bag and chuckled. "So, you just stuffed everything like this?" The clothes were not properly folded. But Zhang Yi Hai was stuffing everything into his bag. "Should I help you pack up?"

Before he could give her an answer, Fang Su Jin had already touched his clothes and sorted out the pile of clothes.

"Ah!" Suddenly, Fang Su Jin retracted her hand and stood up quickly. Her face was bright red.

He followed her gaze and saw the reason his girlfriend was surprised.

There was a reason why he had piled his clothes on his bed like that. He was covering his underwear and did not want her to see them when she comes in. Unfortunately, Fang Su Jin still saw them.

The shy look on Fang Su Jin's face made him laugh. However, the laughter stopped abruptly when Zhang Yi Hai noticed his girlfriend's sharp look.

"Alright. You don't have to help. I can do it myself."

Fang Su Jin thought that her hand had touched something hot. Her face was burning. Who would have thought that she would accidentally touch something?

Suddenly, Fang Su Jin recalled something that her mother had told her when she was still a little girl. Her mother reminded her not to touch anything casually when she visited other people's houses.

Worried that his girlfriend would run away and hide, Zhang Yi Hai quickly hugged her in his arms and let her sit down on the chair. "Just sit here for a while. Let me tidy up a little bit."

Fang Su Jin stayed in Zhang Yi Hai's room until Zhang Li Xue reminded them that her mother's phone call has ended.
