

Love So Sweet 532

532 Shared the Same Thinking

Zhang Yi Hai led Fang Su Jin to the dining table and pulled a chair for her. Then, he began to serve the breakfast he made. There were toast and eggs, as well as some salad on the side.

Just as he was about to take a seat, Zhang Yi Hai turned around to take the cake he kept in the refrigerator. He placed the cake gently on the table and took a seat across from his girlfriend.

Fang Su Jin inhaled deeply when she saw the cake.

She did not expect that Zhang Yi Hai would keep the cake in the refrigerator.

"I ate everything you made. But I kept this cake in the refrigerator, knowing that you came over to Capital City to celebrate my last paper."

Fang Su Jin raised her head to meet Zhang Yi Hai's gaze. Her cheek turned a little red, as Zhang Yi Hai had guessed her intention.

"It's not too late for us to celebrate, right?" Zhang Yi Hai smiled as he watched his girlfriend nod. "Let's have our breakfast first."

Fang Su Jin picked up her cutlery and started to eat the breakfast that her boyfriend had prepared. They were simple but were quite filling.

It was only then that Zhang Yi Hai cut the cake. He stabbed the cake with the fork and feed it to his girlfriend. Seeing the cream at the corner of her lips, Zhang Yi Hai leaned over to lick the cream.

.....

His sudden move startled her. Fang Su Jin stared at Zhang Yi Hai as her face gradually reddened. "What are you doing?"

Zhang Yi Hai answered her with a smile. He put down the fork on the plate and hugged Fang Su Jin in his arms. "Su Jin, I'm really happy that you are here."

Fang Su Jin shrunk her neck as she let Zhang Yi Hai hug her tightly. Then, she moved her face into a comfortable position.

"Actually, I planned to take the first flight to Capital City this morning," Zhang Yi Hai spoke. "I thought that I could surprise you with my return. Who would have thought that you would appear here and surprise me instead?"

"It seemed that we both shared the same thinking."

Zhang Yi Hai chuckled. "How long are you planning to stay in Capital City this time? I'll accompany you to play around before we can head back to Y City."

"I planned to stay around for five, six days," Fang Su Jin said. "I painted something new and planned to visit my mentor and show him my paintings later. I already made an appointment to visit his place and have lunch with him tomorrow."

“Then, I will go with you.”

After the incident in F Country, Teacher Jiang knew about their relationship and they did not have to hide in front of the mentor.

Zhang Yi Hai kissed the top of Fang Su Jin’s head and spoke again, “What do you plan to do today?”

“I don’t know.” Fang Su Jin pulled away to look him in the eyes. “I only know that I wanted to spend my time with you.”

Her words create a spark in his heart.

“Alright. Then, I will accompany you for the whole day.”

The smile on Fang Su Jin’s face was especially bright.

Seeing this, Zhang Yi Hai could not resist leaning over to kiss his girlfriend on the lips.

The last time they met was in Y City. Zhang Yi Hai returned for the weekend to try on a new suit for his sister’s wedding.

Because there were not many people who knew about their relationship, the two of them had to continue having dates secretly.

After Fang Su Jin sent him to the airport, Zhang Yi Hai had no chance to meet his girlfriend again.

Then, as soon as he returned to Capital City, Zhang Yi Hai has been busy with his study. Although he could still talk to his girlfriend on the phone, Zhang Yi Hai thought that they were not enough.

He missed her very much.

Now that he had a beauty in his arms, Zhang Yi Hai did not dare to let her go easily.

He put a hand behind her waist, pulling her closer to him. Then, another hand was holding her head, wanting to keep her in place as he continued to kiss her.

It felt as if he could not get enough from kissing Fang Su Jin. Zhang Yi Hai thought that he was beginning to get addicted to kissing her.

Moreover, with the way Fang Su Jin was reciprocating his kisses, Zhang Yi Hai could not stop deepening their kisses.

The sound of their kisses echoed throughout the house.

However, Fang Su Jin did not seem to notice anything. At this time, she was too engrossed in kissing Zhang Yi Hai.

Long distance relationship was quite hard and she was missing him each day that he was not by her side. Fang Su Jin was kissing Zhang Yi Hai as if she was venting her feelings toward him.

She wanted him to know just how much she was missing him.

Recently, Fang Su Jin was no longer addicted to watching dramas that would make her cry. These days, she has been watching a lot of happy dramas with good endings that would make her smile like a silly

girl. Then, she would find herself getting envious that the main couple in the drama could stay together while she had to stay apart from her lover.

Fortunately, Zhang Yi Hai's exam has ended. Later, the two of them would return to Y City together. Then, she could see him again and have as many dates as she wanted with him.

But perhaps, she will need to continue to be careful so that they would not get caught.

Zhang Yi Hai only pulled away once he noticed that Fang Su Jin was gasping for air. A certain urge cruised through his body as he looked at Fang Su Jin's reddened face and misty eyes.

However, at this time, he could only hold back.

He inhaled a deep breath and ran his fingers through her hair. "Go on and get change. Let's go out and play around, alright?"
