

Love So Sweet 542

542 Fight with Her for Zhang Yi Hai

After driving for a while, they finally arrived in front of Fang Su Jin's place.

The moment the car pulled over, Fang Su Jin could not help but glance at the door, wondering if her father was going to come out again.

Previously, each time that Zhang Yi Hai showed up at the house, her father would always know and would come out to chat with Zhang Yi Hai.

But today, it was Bai Qi who drove and his car was different than the car that Zhang Yi Hai often drives.

Surely, her father would not come out again today, right?

Zhang Yi Hai alighted from the vehicle and helped Fang Su Jin to bring down her luggage.

Knowing that the couple was going to need some time alone, Bai Qi decided to stay in the driver's seat and texted his wife his whereabouts.

Zhang Yi Hai peeked at Bai Qi, then, he swept his gaze around the place.

Without saying a word, Zhang Yi Hai pressed Fang Su Jin's body against the car before he leaned in to kiss her lips.

.....

It was a dark night without the moon and the car was a good hiding spot for them.

Sneaking around like this really gave him a sense of thrill.

Thinking of the days they spent together and how he was not able to see her soon made his heart ache. Fang Su Jin was in front of him, but Zhang Yi Hai was already missing her a lot. He deepened their kiss, wanting to let her know just how this brief separation was going to torment him.

"Su Jin, is that you?"

Her father's voice bought her back to her senses.

Fang Su Jin pushed her boyfriend away before adjusting her hair. Then, she came out of her hiding place and flashed an awkward smile. "Dad."

Why is it that every time she was with Zhang Yi Hai, her father would suddenly appear?

"What are you doing? Why don't you come in quickly?" Father Fang spoke. He narrowed his eyes to look at his daughter and the person who sent his daughter home.

Previously, Father Fang wanted to pick up his daughter at the airport, but Fang Su Jin had assured him that there would be someone who will send her home.

The car had stopped outside the house for a few minutes and Father Fang thought that it was strange that his daughter did not come in quickly.

Fang Su Jin coughed. "I was checking my stuff..." She looked away to hide her guilty conscience.

Zhang Yi Hai raised a brow at her words.

Just then, Father Fang was able to recognize the tall silhouette beside his daughter. "Zhang Yi Hai?"

Fang Su Jin's stared at her father speechlessly. Although he was still far away, he was able to recognize Zhang Yi Hai in the dark.

Her father's ability was too amazing!

Zhang Yi Hai stood in the light and greeted, "Hello, uncle."

Father Fang smiled brightly. "Hey, it's you." He shifted his gaze to her daughter and spoke, "This time, we have troubled you to send Su Jin back again. Yi Hai, thank you."

"Uncle, there's no problem. We were on the same flight after all."

Father Fang looked surprised. "So, it was like that."

Bai Qi slipped out of the driver's seat upon noticing the elders. "Hello, Uncle Fang." The last time they visited F Country, Bai Qi already met Father Fang.

Father Fang exchanged a brief greeting with Bai Qi before turning to Zhang Yi Hai again. "Do you want to go in and have some tea?"

"Dad!" Fang Su Jin tugged at her father's sleeve. "It's almost midnight. People still need to go home and rest." She really could not understand why is it that her father liked to ask her boyfriend to stay for a cup of tea.

Fortunately, this person is her father.

If he was someone else, Fang Su Jin would misunderstand that her father wanted to fight with her for Zhang Yi Hai.

Father Fang touched his nose and coughed, realizing that he had made a mistake. "That's right. It's already late. Yi Hai, Bai Qi, you should go home quickly."

Zhang Yi Hai glanced at his girlfriend before turning to Father Fang again. "Uncle, next time, I will come and visit you again."

Fang Su Jin stared at him in horror, wondering just what was this person trying to do. However, Zhang Yi Hai was ignoring the look in her eyes.

After exchanging a few words, Father Fang and his daughter watched as the car drove away. Only then did they enter the house.

Meanwhile, Zhang Yi Hai was feeling empty without having his girlfriend by his side. But the thought that he would be able to meet her frequently later put him in a good mood again.

"How is your exam?" Bai Qi spoke after a long silence between them.

"It's quite good."

“Your relationship with Fang Su Jin is going well?” Bai Qi stopped at the red light and turned to look at Zhang Yi Hai. “Your final exam has ended. Are you not planning to let her parents know about your relationship?”

Zhang Yi Hai lowered his gaze. “I already make a promise that we will tell others the news after my result comes out.”

“Your sister said that your result is always good.”

Zhang Yi Hai laughed at the thought that his sister was praising him in front of Bai Qi. “Mmm... but I still thought that it is better to wait. Su Jin was worried that being together would disturb my study. I wanted to show her that it doesn’t.”

Only then would they both feel more at ease.

Initially, Fang Su Jin wanted to reveal their relationship after he graduated. Fortunately, she changed her mind and said that they could talk to other after his final exam result comes out.

Bai Qi saw that the light had turned green again and started to drive away. “Then, good luck. We’ll be rooting for you.”

Zhang Yi Hai smiled, not expecting this encouragement from Bai Qi. “Brother-in-law, thank you.”
