

Love So Sweet 557

557 Tattletale

In the middle of the basketball court, Zhang Yi Hai was seen practicing basketball while his sister was sitting in a wheelchair to watch him practice.

Now that they were both away from their mother, it was easier for them to talk about Zhang Yi Hai's meeting with the Fang's parents last night.

At this time, the only person who was unaware that Zhang Yi Hai was in a relationship with Fang Su Jin was their mother.

But, after hearing that Zhang Yi Hai was planning to bring back his girlfriend, Li Qin Yao has been especially anxious.

It seemed that she was not as anxious when her daughter introduced Bai Qi.

Each time that she saw her son, Li Qin Yao would ask him about his girlfriend, wanting to find out more about the girl.

However, Zhang Yi Hai planned to surprise his mother and would not say her name.

Because of that, Li Qin Yao thought that her son was dating a classmate. She even offered to let the girl stay in their hotel, thinking that she should be coming from a different city.

Zhang Li Xue was listening to her brother telling her about his meeting with Father Fang last night. Hearing that he managed to convince Father Fang to let him date his daughter made her sneer.

.....

"I think Su Jin's father has been too easy for you," Zhang Li Xue said.

The young man threw the ball into the basket before turning to look at his sister. His forehead was beaded with sweat. "Sister, what do you mean by this? Are you not supposed to be on my side?"

Zhang Li Xue heaved a sigh. "Su Jin is too precious. If I were her father, I would be reluctant to let you date her too."

The corner of his lips twitched. Then, Zhang Yi Hai seemed to recall how his sister had always stayed by Fang Su Jin's side from an early age and protected her. The little gangster would not let anyone tease or bully her best friend.

"Shouldn't you feel more at ease, knowing that your best friend is with someone you trust?"

Zhang Li Xue looked at her brother from top to bottom before letting out a chuckle.

"What does that mean?" Zhang Yi Hai was unhappy when he saw the way his sister was looking at him. Zhang Yi Hai knew that his sister was teasing him and this made him a little frustrated.

Seeing the look on her brother's face made her realize that she was in danger. Before her brother would come to her, Zhang Li Xue had already pushed her wheelchair away, wanting to escape him.

The door that led to the yard was pushed open and suddenly, Bai Qi's figure appeared.

Zhang Li Xue saw that her husband had appeared and quickly went over to his side to hide. "Bai Qi, save me! Yi Hai is going to hit me."

Zhang Yi Hai looked at his sister speechlessly.

What nonsense is this? When did he ever plan to hit his sister? If he tried to do something, wouldn't he get into trouble with his parents?

Moreover... how old is his sister? She could still complain about him.

In the past, she would use their father as her shield. Now, she had her husband!

"Brother-in-law, don't listen to her. I was only talking to my sister," Zhang Yi Hai quickly explained. "She's my sister. How would I dare to beat her?"

The most he could do was to tickle her until she could not breathe, alright? Moreover, the person who always does the beating is his sister.

Bai Qi shifted his gaze between the two siblings. In the end, his gaze stopped at his wife. "Alright. stop playing around. Your injury had recently healed. You don't want to sit in this wheelchair forever, do you?"

Zhang Li Xue sat obediently in her wheelchair upon hearing her husband's words.

She had sat in the wheelchair long enough. She did not want to add another day in this wheelchair. It was too tiring.

Bai Qi chuckled when he saw his wife sitting straight in her wheelchair. He stretched his hand and rubbed Zhang Li Xue's hair. "What were you two talking about?"

Zhang Li Xue glanced at the door to guard against their mother. "Of course, it was about my brother's lifelong event."

Bai Qi immediately understood why the siblings were on the basketball court. His eyes shifted to the ball at the center of the court. A thought came to his mind and Bai Qi turned to Zhang Yi Hai again. "Yi Hai, it has been a while since we have a match. Why don't you have a few rounds with me?"

Zhang Yi Hai who had experienced playing basketball against his brother-in-law was reluctant. If he agreed, of course, he would be bullied on the court.

Thinking about it, Zhang Yi Hai wondered if this was his brother-in-law's way to get revenge for his sister.

But... he did not even do anything...

Meanwhile, Zhang Li Xue was excited. It has been a while since she saw Bai Qi playing basketball. She still liked Bai Qi's pose whenever he shoot a ball into the basket.

The image would make her heart race.

Zhang Li Xue thought that she could fall in love all over again with Bai Qi just by watching him play on the court.

Her hubby was so handsome!

Meanwhile, Zhang Yi Hai saw the look on his sister's face and guessed that he will have to suffer a little bit if he have to play against Bai Qi.

"Brother-in-law, you have just returned from your night shift in the hospital. Let's not do this today," Zhang Yi Hai said. "You should go and take a rest first."

Bai Qi chuckled. "Alright then."

His answer made Zhang Yi Hai heave in relief.

Then, Bai Qi turned to his wife again and spoke, "Let's go inside. Li Xue, have you drunk your medicine yet?"

Zhang Yi Hai decided to tattletale. "She hasn't drunk her soup yet."

The siblings were staring at each other sharply.

Bai Qi looked at his wife again. "Then, go in and drink your soup first."

Zhang Li Xue looked at her husband aggrieved. When Bai Qi started to push her wheelchair into the house, she then shot a warning look at her brother again.

The look made him shiver. It felt as if he should be careful against his sister these few days. This person would definitely seek revenge.
