

Love So Sweet 562

562 Different Position

When Zhang Li Xue woke up again, she realized that she had fallen asleep and was still nestled in Bai Qi's arms.

She thought about her plan to tidy up the house while Bai Qi was asleep and sighed. It seemed that she will have to do it later. Fortunately, the apartment was not so big. She could probably finish tidying up before they both headed back to her parent's house in the evening.

Zhang Li Xue shifted in Bai Qi's arms, wanting to get out of his embrace. She thought that if she moved really slowly, she might not wake him up. Bai Qi was tired after a long shift and she wanted to let him sleep a while longer.

However, just as she made a little move, her body was pulled back into Bai Qi's embrace.

The grip around her waist tightened as if refusing to let her get away.

Zhang Li Xue raised her head and saw that Bai Qi was staring back at her.

From the look at it, a certain someone had woken up a while ago and was watching her for a long time.

"You're awake." Zhang Li Xue flashed him a smile.

"Mhm,..." Bai Qi leaned over to kiss her face a few times.

.....

"Why didn't you wake me up?"

The thought that Bai Qi was watching her sleep made her embarrassed. Zhang Li Xue hoped that she was not drooling. As the thought came to her mind, Zhang Li Xue stretched her hand to touch the corner of her lips.

A breath of relief escaped her when she could not detect anything.

"It's alright." Bai Qi leaned over to peck her nose. "I like watching you sleep. Let me hug you a little longer."

Her heart skipped a beat.

Zhang Li Xue inched closer to burrow her face in Bai Qi's chest. Her hand roamed around his chest, as she enjoyed the feeling of his abs.

"Li Xue."

Hearing her name, Zhang Li Xue looked up again. Before she could say a word, a pair of warm lips touched her cheek.

Bai Qi took advantage to kiss her face, making her giggle.

Just as his lips fell on hers, Zhang Li Xue raised her arms and wrapped them around his neck, wanting to hold him closer.

Her warm response ignited a spark. Bai Qi only intended to kiss his wife briefly before getting up to prepare their lunch. Before he knew it, he found that he could not stop himself from kissing her.

Zhang Li Xue gasped when she felt his hand move under her shirt. Her mind went blank for a few seconds.

At this time, Zhang Li Xue was wondering if Bai Qi was waiting for her to wake up so that he could seduce her like this?

But the sky is still bright outside.

Wasn't it too early for them to be doing this?

However... she was not going to complain.

Zhang Li Xue loved being intimate with Bai Qi.

Just as Bai Qi moved his lips to kiss her cheek, Zhang Li Xue finally was able to catch up her breath. A moan escaped her when Bai Qi was kissing her at a sensitive spot behind her ear.

Her brow furrowed as a certain need came over. Zhang Li Xue stared at the ceiling with a dazed look on her face as a thought came to her mind.

"Bai Qi," Zhang Li Xue touched his face and waited for him to look at her.

"Mhm?" Another kiss fell on the tip of her nose. Then, Bai Qi stared at her face, waiting for her to say something as he tried to suppress his desire for her.

"My leg been healed for a while," Zhang Li Xue spoke timidly. Then, she leaned in and whispered, "Should we try a different position?"

The room was silent for a long time. Bai Qi was staring at his wife in shock, while Zhang Li Xue was staring back at him in anticipation.

Seconds passed by and Bai Qi's expression shifted into something else.

He thought about his wife's long legs and imagined countless things he could do with them. The fire within him was raging.

Bai Qi inhaled a deep breath and chuckled. "What position are you talking about?" There was a teasing look in his eyes.

"For example..." Zhang Li Xue leaned over and whispered a few words that were not suitable for kids to hear.

When she moved away, Zhang Li Xue could see Bai Qi's eyes slowly turning darker. It made her both frightened and excited at the same time.

Seeing that a certain someone was not moving, Zhang Li Xue tilted her head and spoke, "We can't?" The look in her eyes was too adorable and seductive.

When she married him, her leg was already in a cast. Even though they have been intimate a few times, Bai Qi was always careful with her, afraid that he would hurt her or cause her injury to worsen. It would be a lie to say that she was not disappointed.

Now that she was completely healed, Zhang Li Xue was expecting some excitement.

“We can.” Bai Qi chuckled. “But Li Xue, are you sure?”

“Un.” Zhang Li Xue nodded vigorously.

“Then, you are not allowed to cry, alright?”

Zhang Li Xue laughed at his question. “I won’t.” There was a hint of confidence in her expression, but of course, a certain someone would regret this confidence.

His eyes narrowed. Bai Qi get off the bed and took out something from the bedside table.

Seeing the small box in her husband’s hand made her shy, but Zhang Li Xue was a little disappointed that they would still have to use protection.

It seemed that she really have to wait until their wedding...

The once-innocent little fairy was thinking of various ways to seduce her husband when they are on their honeymoon.

As her mind was still preoccupied, Zhang Li Xue found that Bai Qi had carried her off the mattress.

A few seconds later, the room was filled with ambiguous sounds.
