

Love So Sweet 563

563 [Bonus chapter]He Rong and Mo Qing Huan Arrival

He Rong and Mo Qing Huan arrived in Y City earlier to attend their friend's wedding.

When Zhang Li Xue saw her friend walking over, she could not hold her excitement and the two of them meet halfway in The Orchid Hotel's lobby and hugged.

Meanwhile, Bai Qi and He Rong both looked at each other and greeted each other casually.

"Huan Huan, why didn't you tell me that you're arriving yesterday," Zhang Li Xue complained. "I could have picked you up at the airport."

"It's fine. He Rong and I were worried that you would be busy with the wedding preparation," Mo Qing Huan said. "Moreover, my uncle's family is here as well."

Mo Qing Huan's uncle had four kids. Two of them were teenagers and another two were still babies. It would be troublesome for Zhang Li Xue to come over to pick them up at the airport as there were eight of them.

But fortunately, Zhang Li Xue's father had made an arrangement to transfer them from the airport to the hotel.

"Your uncle is here as well?" Zhang Li Xue sighed as she recalled the Mo's twin babies. They were adorable and Zhang Li Xue liked them very much.

"Li Xue, how is your leg? Is it really healed?" Mo Qing Huan looked at Zhang Li Xue's leg, wondering if she could still see a sign of injury.

.....

"It's fine. The doctor said that I can start playing basketball anytime soon."

Mo Qing Huan laughed as she thought of how crazy Zhang Li Xue was about basketball. She shifted her gaze to Bai Qi and smiled. "It seemed that Bai Qi is looking after you pretty well."

"Mhm..." Zhang Li Xue held her husband's arms and smiled proudly. "It's one of the perks of having a doctor as my husband."

Mo Qing Huan and He Rong were unhappy to be forced feed to this dog food.

The four of them walked to the hotel's coffeehouse to continue their conversation. The waiter walked over to take their order and leave again after a while.

Zhang Li Xue and Mo Qing Huan were busy catching up while Bai Qi and He Rong were talking about something else while eavesdropping on their wives' conversation at the same time.

"I really could not believe that you would be marrying Bai Qi," Mo Qing Huan heaved a sigh.

The last time she came over to Y City to accompany her husband, Mo Qing Huan was surprised enough to find out that Bai Qi and Zhang Li Xue were dating and that they were childhood friends.

In just a few months, the girl who never dated any man before had gotten her marriage certificate and would be walking down the aisle in a few days.

To think that Zhang Li Xue was also the one who caught her wedding bouquet a few months ago...

Mo Qing Huan recalled how her friend was injured because of the bouquet. Coincidentally, it was Bai Qi who was looking after her injured ankle.

The first time she saw them together, Mo Qing Huan would never guess that they would end up together.

The two friends were discussing Zhang Li Xue's wedding as they ate.

"That's right. When will Zhuang Li and Xin Yi arrive in Y City?" Mo Qing Huan asked. "They are coming to your wedding, right?"

"They said that they would be here next week," Zhang Li Xue said. "At this time of the year, they were both busy with their work. It's not easy for them to apply for a few days of vacation."

"The last time I saw them was at my wedding," Mo Qing Huan said with a sigh. "Li Xue, we should make a quick trip to B City to look at our university with them."

Zhang Li Xue laughed. Of course, she had no objection. After all, B City was not that far and the four of them used to study at the university in B City together. Zhuang Li and Mao Xin Li were both their roommates.

Bai Qi and He Rong were discussing some matters about their business when they happen to overhear their wife talking about a bachelorette party.

Bai Qi tugged at his wife's arms and whispered, "Why are you going to have a bachelorette party? You're no longer a single woman."

Zhang Li Xue did not know whether she wanted to laugh or cry upon hearing his words.

"They just called it a bachelorette party casually," Zhang Li Xue said. "We just wanted to get together and chat. It was not easy for us to meet."

After they graduated, everyone moved to their separate path. It seemed that it was a big event such as a wedding that would let them gather around again.

Zhang Li Xue leaned over to her husband and whispered, "You can have a bachelor party with He Rong as well."

Bai Qi thought of this matter but realized that he did not have a lot of friends to accompany him to this party. Perhaps he could drag Zhang Yi Hai to go with them. However, Bai Qi had imagined that this party would be a little awkward.

After chatting with the He couple for a while, Zhang Li Xue and Bai Qi finally left the hotel.

Bai Qi was still thinking about Zhang Li Xue's bachelorette party and recalled what others would usually do at this sort of party. He once heard about a woman inviting a few good-looking guys to have fun together. Even though he knew that Zhang Li Xue would not be inviting strange guys to her party, he

could not say the same about his wife's friends. Who knew if they had planned something crazy for his wife?

As the car stopped at the red light, Bai Qi turned to his wife and asked, "What are you going to do at this bachelorette party?"

Zhang Li Xue looked at her husband speechlessly. She did not think that Bai Qi would still be thinking about this party at this time.

"Huan Huan and the others are planning to open a room at the hotel," Zhang Li Xue spoke. "What are you worried about? It's not like I'm going to drink or look at another man." Zhang Li Xue chuckled upon seeing the change in her husband's expression.

A thought came to her mind and Zhang Li Xue was amused to think that Bai Qi would be jealous.

"Doctor Bai, don't you know that you're the most handsome in my eyes? After looking at you, do you think that I can look at another man?"

Bai Qi narrowed his eyes, noticing that his wife was trying to flirt with him again.

"Alright. As long as you know not to do anything crazy."
