

Love So Sweet 564

564 Girls' Day Out

Zhuang Li and Mao Xin Yi arrived in Y City a few days before the wedding.

When they arrived, Zhang Li Xue bought them to the store to test their bridesmaid dress. Seeing that everything fits perfectly finally gave Zhang Li Xue a sense of relief.

With a few days left before the wedding, Li Qin Yao sent her daughter to relax and she was not allowed to think about the wedding. This time, her task was to sit back and show up at the wedding.

Then, it was girls' day out.

With all her friends available, Zhang Li Xue grabbed Fang Su Jin to join everyone to have fun. This was not the first time that Fang Su Jin had met everyone.

In the past, when Zhang Li Xue was studying in B City, Fang Su Jin had come to visit her a few times and get to know her roommates.

However, this time, Zhang Li Xue was determined to introduce Fang Su Jin again to her friends.

Fang Su Jin had a feeling that something was wrong when Zhang Li Xue grabbed her arms and let her stand in front of everyone else. Just then, she heard the way Zhang Li Xue had introduced her.

"Girls. Let me introduce you..." Zhang Li Xue had the usual mischievous smile on her face. "This is my sister-in-law, Fang Su Jin."

.....

The others were watching Zhang Li Xue and Fang Su Jin alternately as they were trying to compute what was going on.

It seemed that Fang Su Jin was not related to Doctor Bai...

Zhang Li Xue did not have an elder brother...

Then, the most logical explanation was that... Fang Su Jin was in a relationship with Zhang Yi Hai!

The moment this thought came to their mind, everyone was watching Fang Su Jin in awe. In just a few seconds, Fang Su Jin's face turned red.

"Li Xue..." Fang Su Jin wanted to bite a certain someone.

Mo Qing Huan let out a cough. "Actually, there's nothing wrong with dating Yi Hai. He might be a few years younger, but he's quite mature as compared to his sister."

Zhang Li Xue then realized that Mo Qing Huan was talking about her.

The girls started to joke around and laughter filled their surroundings.

Seeing this, Fang Su Jin began to feel more at ease. She was most concerned about how people were going to view her once they found out that she was dating someone younger.

But with a mischievous friend like Zhang Li Xue, who often introduced her as her sister-in-law, Fang Su Jin found out that many people did not mind such an age gap.

Mostly, they were just shocked that she was dating Zhang Li Xue's younger brother.

Thinking about this, Fang Su Jin thought that the age difference was not a big deal.

The girls planned to visit the spa which was located in The Orchid Hotel to pamper themselves before the wedding.

After spending more than three hours in the spa room, the girls came out in a good mood. Their faces were glowing and their body felt fresh.

Seeing that it was still early, the girls decided to have their lunch in B city before heading to their university.

There was a famous hot pot restaurant they often visited in the past. Zhuang Li and Mao Xin Yi were missing the taste of the dishes.

Zhang Li Xue was chatting with her friends when the phone in her bag was buzzing. She took her phone and saw the text message from Bai Qi, asking her what she was up to.

At this time, Zhang Li Xue recalled that a certain someone was unhappy upon knowing about her bachelorette party. Zhang Li Xue chuckled. Then, she decided to send Doctor Bai a photo of the hotpot meal she was having.

Bai Qi's reply came out a few seconds later, reminding her to eat less spicy food as it would not be good for her stomach.

The two exchanged a few words. Then, when Zhang Li Xue looked up, she noticed that her friends were staring at her with a hint of dissatisfaction.

"Zhang Li Xue, what are you doing?" Mao Xin Yi asked. "This is supposed to be a girls' day out. You are not supposed to chat with your husband."

"That's true. Looking at the smile full of happiness on your face really made us envious." Zhuang Li clicked her tongue. "Li Xue, you shouldn't bully us, the single people."

Coincidentally, Fang Su Jin and Mo Qing Huan's phones rang almost at the same time. The two of them lowered her gaze and suddenly, a smile appeared on their face.

Zhuang Li heaved a long, heavy breath. She turned to Mao Xin Yi and held her hand. "Xin Yi, it seemed that I only have you."

Mao Xin Yi agreed. "Comrade, should we both register to a matchmaking site?"

Zhang Li Xue laughed. "Alright. You girls should behave. Since the two of you came to my wedding as my bridesmaid, I will help to introduce you to a few people. My parents would be inviting a lot of family and friends. There should be a top-class man among the guests."

Zhuang Li and Mao Xin Yi were both interested to hear this.

After their lunch, the five of them made a quick stop at B City University. They walked around and reminisce about their past.

As they reached to their old dormitory, Zhuang Li pointed at the tree where they had once caught Mo Qing Huan and He Rong kissing. Because of this, Mo Qing Huan was teased until her face turned bright red.

Once they finished looking around, the girls decided to go shopping. It was not easy for Zhuang Li and Mao Xin Yi to visit Y City. They planned to buy a few delicacies along the way.

According to plan, the girls were supposed to head back to the hotel and watched a movie or something. However, Mao Xin Yi suggested that they sing at the KTV.

Therefore, when Bai Qi called his wife to check on her, he happened to hear the loud noise in the background as well as the voices of some random men.
