

Love So Sweet 566

566 My Sister is a Strong Person

In the end, the girls' day out had to end earlier than expected and everyone gathered at the police station to give a statement.

The boy who was punched in the face wanted to press charges against Zhang Li Xue.

However, Zhang Li Xue managed to get a CCTV recording from the KTV which showed that the man was disturbing Fang Su Jin.

Later, Wei Jun Hao appeared at the police station and the lawyer who came to represent the boy advised him not to do anything stupid.

After all, Wei Jun Hao's law firm was quite famous.

Seeing his appearance gave the lawyer a headache, knowing that Wei Jun Hao was also from a reputable family in Y City

It was then that they figured out that they had provoked some people they were not supposed to provoke.

After everything was settled, Wei Jun Hao turned to his nephew and niece and sighed deeply. His gaze then settled on Zhang Li Xue. "You're getting married in a few days. Why are you still getting into trouble?"

"Uncle, it wasn't me." Zhang Li Xue had an innocent look on her face. "It was that person. What I did was only self-defense. If he did not provoke me first, would I retaliate?"

.....

Wei Jun Hao chuckled. He stretched his hand and patted Zhang Li Xue's hair, just like how he would do when she was still a little girl. "Alright then. It's those people who started this mess."

Zhang Li Xue nodded happily. Then, she seemed to remember something else. "Uncle..."

"I know," Wei Jun Hao spoke before Zhang Li Xue could say another word. He flashed the girl a smile and spoke, "I won't tell your parents about this."

Zhang Li Xue smiled brightly. "Uncle, you are the best!"

As they were leaving the police station, Zhang Yi Hai swept his gaze around the place and sighed. It seemed that this year, he has been to the police station twice. Each time he was at the police station, his girlfriend would be with him.

A warm hand held his and Zhang Yi Hai turned to look at his girlfriend.

Suddenly, he was thinking that he would be willing to visit the police station a few more times for this person. He would always come to protect this person he loved.

Fang Su Jin saw the faint smile on Zhang Yi Hai's face and asked, "What are you smiling about?"

Of course, Zhang Yi Hai could not tell his girlfriend what was on his mind. "Nothing. I was just thinking about what happened."

Fang Su Jin naturally did not think too much about Zhang Yi Hai's answer.

The girls were tired after the bit of excitement and finally returned to their hotel. Worried that the girls might encounter some trouble, the boys decided to send them back to the hotel.

Bai Qi pulled his wife to the side and reminded her not to run around.

With Bai Qi in front of her, Zhang Li Xue became very obedient.

"Well then, you should go in and rest," Bai Qi said. He leaned over and pressed his lips on his wife's forehead for a few seconds longer.

Bai Qi really wanted to take his wife home. However, he also knew that it was rare for Zhang Li Xue to meet up with her friends.

It was better to let her play around. Then, after the wedding, the two of them would be going on their honeymoon. Zhang Li Xue would be his for the whole week.

As the thought came to his mind, Bai Qi felt a little more at ease.

After saying a few more words, Bai Qi turned around, wanting to go back. However, just as he took a step, a certain someone tugged at his arms.

He was forced to turn around and suddenly, a warm pair of lips landed on his. It took him a few seconds to finally adjusted his mood. Before he could kiss her back, Zhang Li Xue pulled away and took a few steps back.

"Alright, you can go now," Zhang Li Xue said with a satisfied smile on her face. "Be careful on your way back and remember to text me when you arrived."

Bai Qi chuckled. Then, he finally left with Zhang Yi Hai as He Rong was also staying in the hotel.

Bai Qi was driving when he noticed that Zhang Yi Hai was looking at him. He glanced at Zhang Yi Hai and asked, "What's the matter?"

Zhang Yi Hai laughed as he thought of how his sister had behaved earlier at the KTV. "Actually, my sister is a strong person," Zhang Yi Hai said. "You've seen it yourself... she can be quite strong at one time and suddenly turned docile when she saw you. Brother-in-law, you don't mind this, right?"

He knew that his sister would beat him if she knew that he was saying this to Bai Qi. However, Zhang Yi Hai could not help but be curious about the couple's relationship. Fortunately, Zhang Yi Hai knew that Bai Qi would not say anything to his sister about this conversation.

"Your sister is alright. I like her this way."

"Really?" Zhang Yi Hai was finding this hard to believe. From the moment he knew that the two were dating, Zhang Yi Hai saw how his sister would often act weak around Bai Qi.

“Un. It’s not as if I had not seen this side of her before.” Bai Qi smiled as he recalled how they met. “When we were younger, your sister had kicked me. Later, when we met again, your sister had scold me a few times.”

Bai Qi recalled how Zhang Li Xue was angry because he think that he did not deserve to be her friend just because he was a poor man.

Anyway, he thought that his like this is quite good.

Because of his work, he would not have much time to be around her. Knowing that she could protect herself made him feel at ease. Whenever he was around, he would let his wife lower her guard and act coquettishly with him. Whatever trouble she got into, he would do his best to protect her.
