

Love So Sweet 567

567 Wedding Gift

For the wedding, it was decided that Zhang Li Xue was going to get married from her parent's house. Meanwhile, Bai Qi would return to their apartment alone. Then, tomorrow, he would come over to pick her up. Then, the two of them would be heading to the venue together.

Bai Xi Xi saw that her brother was about to leave and thought that he was quite pitiful.

"Then, do you want to come with me?" Bai Qi asked.

The little girl seemed to be pondering about this matter for a while. Then, she took a step back. No. I will stay with my sister-in-law."

Bai Qi stared at his sister, amused. This little girl would not hesitate to choose Zhang Li Xue over him. Is she really his sister?

The little girl leaned over and whispered, "Brother Bai Qi, I will help you to look after my sister-in-law when you are not around. You can rest assured."

Bai Qi chuckled at his little sister's response. He stretched his hand and patted the girl's head. "Alright Help me to look after your sister-in-law. Make sure she would go to bed on time, hmm?"

"Brother, I know what I should do."

After saying a few reminders to his sister, Bai Qi went to look for his wife.

.....

Zhang Li Xue watched as her husband entered their room and quickly went over to his side. "Hubby, I'm going to miss you."

"Wait for me for a few hours. Tomorrow, I will come over and pick you up." He leaned over and pressed his lips on her forehead. "Be good."

"Then, come and pick me up on time."

"I won't be late for our wedding," Bai Qi assured her.

He looked at his wife and tried to imagine her in a wedding dress.

Bai Qi had always been curious about his wife's wedding dress as she had always tried to keep it a secret. Thinking that he would finally be able to see it tomorrow made him excited.

His wife would look so pretty. And he was lucky enough to be able to marry her.

After picking up his luggage, Bai Qi turned around to leave. Of course, Zhang Li Xue would follow him around to send him out.

Just in time, the Wei couple showed up at the door along with their triplets. The atmosphere in the house had suddenly become livelier.

Wei Jun Hao and Zhang Yu Ying saw that Bai Qi was still around and smiled.

“Are you leaving now?” Wei Jun Hao spoke.

“Mmm... I will come again and pick Li Xue up tomorrow,” Bai Qi said.

Wei Jun Hao exchanged a look with his wife and smiled. “Stay around for a few minutes. We have something to tell you.”

The couple’s expression made him puzzled. Bai Qi turned to his wife and soon, the four of them went to a quiet corner to talk.

“Uncle, Aunt, what did you two want to talk to Bai Qi?” Zhang Li Xue asked.

With a smile on her face, Zhang Yu Ying pulled out some documents from her bag. She slid the documents across the table and looked at Bai Qi. “For you.”

Bai Qi looked at the folder with a frown. Then, he reached for it and looked at its contents slowly. Beside him, Zhang Li Xue leaned over to look at the documents as well.

At first glance at the logo on top, Bai Qi was able to tell that these documents were from an official letter from S Country.

He read its contents and suddenly, his movement halted.

Bai Qi raised his head quickly to look at the elder couple in front of him and saw their smile. Beside him, his wife was gripping his arms a little tightly.

“We only received this news last night and my friends in S Country send out everything to me this morning,” Wei Jun Hao said. “The person who took your father’s money is convicted. He will be sent to prison for a few years. And this... is the money that they owe you.”

Bai Qi looked at the sum of money and suddenly did not know what he should say. Back then, he knew that his family was rich. However, he was unaware of just how much money his family had. Therefore, this amount of money surprised him.

Once upon a time, he was someone who had to go to bed hungry to keep some money to buy his little sister some milk powder.

But suddenly, he had turned into a rich man.

Bai Qi thought of all the suffering he had to endure after his parents passed away and how his life had changed again after meeting his little fairy.

His lips were pursed tightly as Bai Qi tried to suppress the urge to cry. Bai Qi inhaled a deep breath and raised his head to look at the couple again. “Uncle, Aunt, thank you.”

“You can also consider this your wedding gift,” Zhang Yu Ying spoke. She looked at her husband and continued, “Your uncle has been working hard, urging the authorities in S Country to work faster.”

Wei Jun Hai smiled. “This is only the money we managed to retrieve from that person. I will ask my friend to quickly process everything so that the money will reach your hand sooner.”

“Thank you.” Other than these words, Bai Qi did not know what else he could say to the couple.

“I heard that there were a few corruption allegations he had to face,” Wei Jun Hao spoke. “If he was found guilty as well, then, he might have to spend a very long time in prison. As for his family members... you don’t have to worry about this. They won’t come to look for you.”

The four of them chatted for a while. Then, the Wei couple left to look for the others.

Zhang Li Xue saw that her husband has been staring at the documents for a long time. Subconsciously, the corner of her lips tilted to a smile. “Bai Qi, this is great, isn’t it.”

“Un.” Bai Qi nodded. He looked at his smiling wife and leaned over to kiss her lips. “This is really great.” He looked at his lucky star again and hugged her tight in his arms.
