

Love So Sweet 577

577 This Little Fairy is Yours

While the others were still partying, Zhang Li Xue took her husband's hand and the two of them snuck out of the hall and went back to their honeymoon suit.

She woke up early morning and barely get the time to properly rest. After partying with the others, she was indeed a little tired. However, as she recalled that it was her wedding day, her tiredness seemed to have faded away.

Zhang Li Xue entered the room and looked around at the decorations that the hotel staff had prepared for her. There were a lot of red and flower petals.

She turned around, wanting to say something to Bai Qi about the decorations. However, her movement halted when she saw the way Bai Qi was staring at her.

His gaze was so intense that she was finding it hard to look away... But, Zhang Li Xue liked it whenever Bai Qi stared at her this way.

Bai Qi took unhurried steps in her direction. When he reached her side, Bai Qi stretched his hand and touched the flowery crown on her head. Slowly, his lips turned up into a smile. "My little fairy."

Zhang Li Xue chuckled. She wrapped her arms around Bai Qi's neck and stared into his eyes. Once she felt his arms circling her waist, Zhang Li Xue leaned over and kissed him on the lips.

She pulled away again with her eyes full of him. "Yes. And this little fairy is yours."

The smile on his lips widened, turning his eyes into a crescent. With one swift move, Bai Qi lifted his wife and placed her on the bed.

.....

The sound of their laughter filled the room.

Then, Bai Qi leaned over to kiss her face a few times before he pulled away to look at her again.

Noticing the look in his eyes, Zhang Li Xue put both hands on his chest. Her eyes were filled with a mischievous glint. Before Bai Qi could lean over to kiss her again, Zhang Li Xue rolled off the bed to escape him.

Bai Qi inhaled a deep breath and turned around with his eyes narrowed. It was clear that he was not too happy that a certain someone was playing around with him.

"Hubby, wait a few minutes. I want to take a bath first. It's uncomfortable to wear this dress for a long time." Zhang Li Xue blinked her eyes at him.

"Alright then." Bai Qi nodded. He went to his wife again and held her hand. "Together."

Zhang Li Xue's face turned red when she understood what Bai Qi wanted to do. Before she could say anything, Bai Qi had already carried her in his arms and headed to the bathroom.

Her eyes widened in shock. Zhang Li Xue had no other choice but to wrap her arms around Bai Qi's neck, afraid that she might fall.

Bai Qi kicked the bathroom door lightly and placed his bride on top of the counter.

This scene reminded Zhang Li Xue of the first day they both received their marriage certificate. Her legs were injured and Bai Qi carried her to the bathroom and helped her to wash up.

Zhang Li Xue snapped out of her trance and watched Bai Qi trying to entangle the flower crown from her hair. His movement was very careful. It was as if he was worrying that she might accidentally lose a few strands of her hair.

Seeing this made her smile.

She placed her hand on his and spoke, "Let me do this." Zhang Li Xue jumped down from the bathroom counter and turned around to face the mirror. She looked at Bai Qi through the mirror and said, "Help me to take the makeup bag."

Bai Qi kissed her cheek. Then, he went out to get what she might need.

After living together with her for a few months, Bai Qi was beginning to understand her habit and knew just what she might need.

When he returned to the bathroom again, his wife was still in the middle of taking out a few hairpins from her hair.

The stylist wanted to secure the flower crown on her hair and had inserted quite a few pins. Because she could not see properly, Zhang Li Xue could only use feel the pins with her hand.

Bai Qi put down the makeup bag on the kitchen counter. Then, he stood behind his wife and touched her hair. "Let me do it."

It did not take a long time for Bai Qi to remove her hairpins.

Zhang Li Xue smiled as he thought of how he used to struggle with Bai Xi Xi's hair. Later, when they began to date, Zhang Li Xue taught him a few styles that would be suitable for Bai Xi Xi to go to school.

Her long hair cascaded like a waterfall as Bai Qi pulled out the last pin. Then, he put both hands into her hair and started to massage her scalp, making Zhang Li Xue sigh in satisfaction.

"How is it? Do you feel better?"

"Un." Zhang Li Xue nodded. She closed her eyes to enjoy his special service. "Hubby, you are the best."

Bai Qi chuckled upon hearing her praise. He continued to massage her scalp and combed her long hair with his fingers. Once he was done, Bai Qi gathered her hair on one shoulder before resting his chin on the other side. Then, he raised his gaze and looked at their reflection in the mirror.

His wife was too beautiful.

Each time that he looked at her, his heart would race uncontrollably. Bai Qi hoped that this feeling would last for a very long, long time.

He wrapped his arms around her waist and started to kiss her neck.

Her eyes snapped open as his lips fell on a sensitive spot behind her ear. Zhang Li Xue looked at the mirror and saw a hint of lust in Bai Qis' eyes. Her heartbeat accelerated, knowing what would happen between them next.

"Li Xue..." His voice sounded hoarse.

Her body tingled with an indescribable feeling, making her breathing heavier.

"Hmm?" Her neck shrank as he rubbed the tip of his nose against her skin.

"I want you."
