

Love So Sweet 579

579 Work Hard!

After choosing a few dishes, Zhang Li Xue and Bai Qi returned to the table and saw that the others had made some space for them to sit down. Her gaze then shifted to Fang Su Jin, who was seated beside her little brother.

Seeing everyone's cool reaction, she guessed that they already find out that Zhang Yi Hai and Fang Su Jin were dating.

Zhang Li Xue drank the coffee that the staff had poured for her and looked up to meet her brother's gaze. "Why are you guys still here?"

When she decided to have breakfast at the coffeehouse with Bai Qi, Zhang Li Xue had never expected that she would run into her family members. But now, everyone has gathered around.

"It's not easy for us to gather. Everyone stayed around at the banquet until morning," Zhang Yi Hai explained.

Last night, he wanted to head back to his room earlier. However, noticing that some of them were drinking, Zhang Yi Hai was worried about them and decided to stay around and keep his watch.

Zhang Li Xue swept her gaze around the table and saw everyone's dark circle under their eyes.

She remembered that when they were younger, their parents would often gather and they would play together. As the eldest of the kids, she was their leader.

However, once they were older, everyone was busy with school and other activities. The number of times they could meet was not as many as in the past.

.....

If she was not mistaken, the last time everyone gathered around was at her great-grandfather's funeral. On that day, her uncles and aunts dropped everything to return to Y City.

Zhang Li Xue remembered how her great-grandfather was loved by everyone else.

Thinking about her childhood made her smile.

It seemed that the next time they could gather like this would be on a special occasion like a wedding. Who knew when would be the next time they could gather like this again?

Zhang Li Xue ate her breakfast quietly while listening to the group's conversation.

Most of them had only started their college life and everyone was busy exchanging their experience.

Seeing that the hotel staff were setting up the coffeehouse for lunch, the group realized that they had stayed around for a long time.

Even though this hotel belonged to the Zhang family, they did not want to create trouble for the staff.

After exchanging a few words and hugs, everyone went back to their room, wanting to catch up on some sleep.

Zhang Li Xue planned to head back to her room with Bai Qi and packed up their stuff before they would head to the airport later.

As they were walking to the elevator, Zhang Yi Hai walked to his sister and spoke, "Sister, are you going to the airport after this? Why don't you let me and Su Jin send you over?"

Zhang Li Xue could probably guess what her little brother was planning to do. However, as she recalled that she would have someone to help her carry her luggage, Zhang Li Xue quickly agreed.

A few hours later, Zhang Li Xue and Bai Qi left their honeymoon suite. Then, they found Zhang Yi Hai and Fang Su Jin were already waiting for them in the lounge.

Zhang Yi Hai drove the couple to the airport and dropped them at the departure hall. As he helped his sister with her luggage, Zhang Li Xue reminded her brother to help her look after Bai Xi Xi.

Just as Zhang Li Xue was about to turn around and leave, Fang Su Jin dragged her to the side and handed her a small paper bag. Zhang Li Xue looked at this bag with an inquiring look.

"Li Xue, do you remember the present I gave you after you got a marriage certificate with Bai Qi?"

Zhang Li Xue nodded, wondering why would her friend mention this matter to her. However, a few seconds later, her expression changed.

"Well, this is almost the same thing as the last time." Fang Su Jin pushed the paper bag into her friend's hand. "I thought that the two of you might need some excitement."

"Fang Su Jin!" Zhang Li Xue's face turned redder. Then, she looked around, worrying that someone might overhear their conversation. Then, she tried to push back the paper bag into Fang Su Jin's hand.

This person would look shy and timid. Zhang Li Xue did not expect that her friend would have such dirty thoughts.

"You're going on a honeymoon trip. What are you shy about?" Fang Su Jin laughed at her friend's reaction. "It's only a few pieces of clothing. Why are you acting as if I'm packing you some illegal stuff?"

Fang Su Jin thought that her friend's reaction was too cute. Usually, it was Zhang Li Xue who would pull some mischief on her. Now that she get to do something mischievous, Fang Su Jin thought that the feeling was quite good.

Zhang Li Xue had the urge to bite this friend. However, seeing that Bai Qi was approaching, Zhang Li Xue had no other choice but to stuff the small paper bag into her bag.

"You don't have to thank me." Fang Su Jin leaned over and whispered, "Just don't forget to bring back a niece or nephew for me."

As a friend, Fang Su Jin was aware that Zhang Li Xue wanted to have a child and Bai Qi told her that she can have them after her injury was healed.

Now that they were going on their honeymoon, Fang Su Jin thought that this would be a good chance for them to work hard. The piece of clothing she gave would definitely be able to seduce Doctor Bai.

“Zhang Li Xue, work hard!” Fang Su Jin gave her final encouragement.

Just then, Bai Qi reached their side and looked at Fang Su Jin inquiringly. For some reason, he thought that the atmosphere between the girls was a little too strange. Bai Qi shifted his gaze to his wife and noticed the blush on her face. “Are you alright?”

“I’m fine.” Zhang Li Xue coughed. She shot a warning look at Fang Su Jin before turning to her husband with a smile. “We should go in and check in our luggage.”
