

## Love So Sweet 580

### 580 Honeymoon

The flight to T Country arrived in five hours.

Once they claimed their luggage, the two of them headed to the arrival hall and found that someone had arrived to pick them up.

On their way to the hotel, Zhang Li Xue looked out the window and became excited to look at the night scenery outside. Unfortunately, the sky was dark and she could not see the beach outside.

Bai Qi saw the look on his wife's face and could not help but smiled as well. He looked forward to spending his time with his wife for a week.

It seemed that, even after they got together, he did not have the chance to accompany her as much as he liked to.

They arrived at the hotel and did not take a long time to complete the check-in procedure.

Zhang Li Xue entered the suite and started to look around. There were rose petals scattered on the bed. Her gaze fell on the box of welcoming chocolate at the side. She picked it up and looked at Bai Qi in excitement. "Look at this. Would you like one?"

Bai Qi took the chocolate box in her hand and placed it back on the bed. Then, he took the wipes from her purse and helped to wipe her hands.

Once he was done, Bai Qi crumpled the wipes and shot them into the basket at the side.

.....

"Now, you can eat."

Zhang Li Xue stared at her hands with a dazed look on her face. Then, slowly, a smile appeared on her face. She really liked the feeling when Bai Qi was taking care of her.

She quickly snapped out of her trance and picked up the box of chocolate again. After eating one piece, Zhang Li Xue stretched her hand and fed another piece to Bai Qi.

"It's late. Eat a little less"

She continued to look around and smiled upon seeing the private pool outside their room. Once she was done looking around, Zhang Li Xue slammed her body on the mattress and looked at her husband again.

Bai Qi chuckled. Then, he joined his wife on the bed and pulled her into his embrace. "Are you satisfied?"

"Un." Zhang Li Xue nodded. She leaned over to kiss his cheek and quickly pulled away. "I'm hungry. Let's go out and have something to eat. I heard that T Country's street food is quite delicious."

They both departed from the airport in the evening and did not eat much on the plane. Worried that his wife would be hungry in the middle of the night, Bai Qi quickly agreed.

They both went out again and followed the guide on the internet to find a good place to eat.

There were several hotels around this area and a lot of restaurants and pubs would be open until late at night. However, Zhang Li Xue decided to head to the nearby night market to look around for something to eat.

Other than the food, there were also some souvenirs that they could take home. However, they both agreed to play around and only shop for souvenirs two days before they go back.

Most of the food around the night market was light and was convenient for them to eat while walking around the street.

In the end, Zhang Li Xue ate quite a lot of food until her stomach was full.

Fortunately, they came to this market on foot and they decided to walk back to the hotel to help with their food digestion.

Once they reached the hotel building, Zhang Li Xue decided to walk around the garden.

Now that they were in a different country, Zhang Li Xue naturally was too excited and wanted to look around.

The hotel's garden was facing the beach and the sea breeze was quite comfortable.

Even though she could not see much, the garden and the pool looked quite pretty.

After walking around, Zhang Li Xue suddenly turned around to look at Bai Qi again.

Bai Qi raised a brow upon noticing the smile on his wife's face. He pulled her closer and spoke, "What is it?"

"I suddenly recalled that night we met at the hotel by the beach," Zhang Li Xue said. Suddenly, the look on her face turned serious. "If we did not meet at the hotel back then, would you still look for me?"

At that time, she was angry at Bai Qi for thinking that she minded having him as a friend. Later, they haven't talked to each other again until they met at the beach.

Zhang Yi Hai and the triplets wanted to hang around for summer vacation. Meanwhile, Bai Qi and Uncle Qi Zheng were at the hotel to attend a convention.

Coincidentally, they met. Zhang Li Xue did not want to pay attention to Bai Qi. Since he did not want to be friends with her, then, she did not want to waste her time.

However, that night, Bai Qi chased after her and apologized.

Bai Qi thought about her question for a long time before finally giving his answer, "I don't know." He looked at her narrowed eyes and chuckled. "But I will probably arrange a few coincidental meetings just to see you again." He reached for her hand and held her tightly. "Li Xue, you don't know how uncomfortable it was for me when you stop talking to me."

When he thought of that moment again, Bai Qi was glad that he had met her at the hotel. Otherwise, perhaps it would take time before they both get together. The thought was unbearable. He could not imagine his life without Zhang Li Xue by his side.

Zhang Li Xue stared at his face for a long time and met his gaze. She could see herself in his eyes. Bai Qi's gaze when he was looking at her was full of gentleness.

It made her heartbeat run fast. Her heart was full of this indescribable feeling. Zhang Li Xue only knew that this feeling made her want to hug him tightly and stuck to him for twenty-four-seven.

Suddenly, she leaned lean over and pressed her lips briefly on his lips. When she pulled away, there was a light smile on her face. "It's cold. Let's go back to our hotel room."
