

Love So Sweet 581

581 The Contents Slid Out

The couple went back to their hotel and decided to sleep early. After all, they were a little tired after traveling and were planning to join the island hopping activities tomorrow.

Bai Qi woke up earlier and took a shower. Once he was done, he woke his wife and let her take a shower as well.

Zhang Li Xue was quite sleepy and too lazy to move. In the end, Bai Qi had to carry her to the bathroom and help her wash her face. Only then did she properly wake up.

While Zhang Li Xue was in the bathroom., Bai Qi decided to tidy up their belongings a little bit. He picked up a small paper bag in Zhang Li Xue's bag and stared at it quizzically.

He was around when his wife was packing up her bag. But, he did not remember Zhang Li Xue packing this paper bag.

After pondering for a while, Bai Qi decided to shake the bag, hoping that he might know what was in it. Unexpectedly, the contents slid out and landed on his feet.

He bent down, wanting to pick up the items, but his movement halted when he realized what it was.

It was a set of lingerie. It was white with small flowers all around. The materials were thin. Even if his wife put it on, it would be the same as if she was not wearing anything. Looking at it made him feel that the piece of clothing was very easy to tear.

Did his little fairy prepare this for their honeymoon?

.....

Bai Qi stared at this lingerie set for a long time. A certain image appeared in his mind, turning his breathing heavier.

Then, he recalled that Fang Su Jin had dragged his wife to the side when they arrived at the airport yesterday. He seemed to see that Fang Su Jin had given his wife a small bag.

However, they were in a hurry to check in their baggage and he did not get the time to ask his wife about this.

Hearing the sound of water from the bathroom stopping, Bai Qi quickly picked up the items and shoved the paper bag into the bag.

Initially, Bai Qi was going to put the paper bag into a deeper side. However, he decided not to hide it so well. A part of him was hoping that his wife would notice this gift from Fang Su Jin and wear it for him to see.

The door swung open and Bai Qi moved to the side, like a thief. He walked over to the pantry and took a bottle of water from the refrigerator.

When Zhang Li Xue walked out, she saw that Bai Qi was drinking some cold water. She looked out the window and wondered if the weather was too hot.

Bai Qi emptied the bottle and raised his head again. He looked at his wife and suddenly, the thought that began to calm down reappeared in his mind.

His throat bobbed. Bai Qi tossed the empty bottle aside and walked into the bathroom.

Zhang Li Xue watched her husband's strange action but did not think too much of it. She sat down in front of the mirror and started to apply some skincare and light makeup.

Not too long after, Bai Qi walked out with his head wet.

Zhang Li Xue looked at her husband in puzzlement. "Why is your hair wet again?"

Bai Qi coughed. "The weather is a little hot, don't you think?"

"The air conditioner is turned on."

"Hmm..." Bai Qi stood in front of the air conditioner, hoping that it would help him to cool down. Fortunately, with his damp hair and cold breeze, Bai Qi was able to calm down.

Initially, he planned to take a shower. But, he did not want his wife to figure out what was going through his mind.

Meanwhile, Zhang Li Xue was watching him in puzzlement. She thought that her husband was too strange. When did Bai Qi care about hot weather that much? She recalled that the weather in S Country was quite hot as well. Shouldn't he get used to it?

However, thinking that they were in a hurry, Zhang Li Xue did not think too much about this scene.

Once they were done, the couple went to the hotel's coffeehouse before they headed to the spot to take the boat.

Fortunately, the hotel and the place where they were supposed to take the boat were not that far. It did not take them too long to arrive by taxi.

As they were walking from the street to the jetty, Zhang Li Xue took out a small umbrella and let Bai Qi stand under it.

Bai Qi was going to ask his wife about the umbrella when he recalled his words about the hot weather. In the end, he decided to continue to pretend.

After discussing with the guide, the two of them agreed with the payment and took the boat along with a few other tourists.

Zhang Li Xue watched the scenery while enjoying the water splashing on her face. It was expected that their clothes would get wet before they reached the destination. Fortunately, they both brought some change of clothes along.

Bai Qi held his wife's hand tightly as he was worrying that she might fall down. Even with her safety jacket on, Bai Qi was not at ease.

One and a half hours later, the boat arrived at its first destination.

The couple listened to the guide's stories and local legends about the island. This island was quite popular among the young couple.

According to locals, once upon a time, a young couple was separated after a war. However, they met again on this island. The couple got married and lived happily until they grew old. Because of this story, locals believed that whenever a couple visited this island together, their relationship would last forever.

After listening to the stories, Zhang Li Xue and Bai Qi followed the guide and joined the others to swim around. The water was so clear that they could see the fish swimming around.

Zhang Li Xue did not forget to shoot a lot of photos and posted some on her social media.

It did not take too long for her friends in her circle to like and commented on her photos.

Zhang Li Xue scrolled through the comments and finally saw a private message from Fang Su Jin.

She clicked on the message and suddenly her face turned a little red when she recalled the gift that Fang Su Jin gave her at the airport.

Zhang Li Xue realized that she hasn't looked at it yet!
