

Love So Sweet 583

583 Let Me See It, Alright?

Zhang Li Xue was unable to reply. She continued to stare at Bai Qi for a long time, still wondering how he found out about what was in the paper bag that Fang Su Jin had given her.

She thought that she had hidden it so well. Then, how did Bai Qi still find out about it?

“You...” Zhang Li Xue swallowed upon seeing the way Bai Qi was looking at her. “How did you know what Su Jin gave me?”

Bai Qi blinked. “I saw it. I was tidying up our stuff when the items accidentally fell out from the bag.” He pursed his lips as he continued to observe his wife’s reaction. “Li Xue, are you... angry?”

He had accidentally seen something that she had tried to hide. Bai Qi wondered if his wife would be unhappy about this.

“No.” Zhang Li Xue shook her head. Moreover, Bai Qi said that it was an accident.

Bai Qi inhaled a deep breath. “Then... Why didn’t you try it on?”

Heat crept on her face. Actually, it was not that she had not tried it on. When she saw the paper bag in her suitcase, Zhang Li Xue had taken the lingerie into the bathroom to try it on.

However, the moment she saw the way it looked on her, Zhang Li Xue had the urge to tickle her best friend until she plead for leniency.

.....

That sort of lingerie... it was as if she was not wearing anything at all.

It was not as if she had not thought about wearing it to let Bai Qi see. Bai Qi was a normal man and Zhang Li Xue knew that her husband would be tempted.

But, Zhang Li Xue recalled what had happened on the day she put on the lingerie that Fang Su Jin had gifted her on the day she got her marriage certificate.

She remembered how Bai Qi was excited and in the end, she became too tired to move around.

Zhang Li Xue could imagine how Bai Qi would react when she put on the new lingerie and hesitated.

It was not easy for them to come to T Country and play around. Zhang Li Xue wanted to use this opportunity to go on a date with her Doctor Bai.

If she put on that lingerie, Zhang Li Xue knew that she would be too tired to move. When that happens, they could not walk around and go sightseeing, right?

Therefore, she decided to hide that lingerie away and put it on again when she found a suitable time. For example, Bai Qi’s birthday which will be in a few months.

“Li Xue...” Bai Qi leaned over and rested his forehead on his wife’s. The tip of their noses met and he was staring into her eyes for a long time. “I really wanted to see it.” His lips were really close, almost kissing hers. “Let me see it, alright?”

Her breathing grew heavier. Seeing Bai Qi like this tempted her to do naughty stuff.

It was not as if she did not like being intimate with Bai Qi. Although she would often wake up tired, she really does enjoy the whole process.

Moreover... she also wanted to try and make a cute baby with Bai Qi.

Zhang Li Xue inhaled a deep breath as she made her decision. “Do you really want to see it?”

Bai Qi nodded.

“I can put it on for you to see.” She licked her lips, feeling that it was slightly dry.

His eyes lit up upon hearing her words.

“However, how can I go and change when you are blocking me like this?”

Bai Qi narrowed his eyes. “You are not trying to escape, right?”

Zhang Li Xue laughed. “Where could I run off to?”

Bai Qi thought that her words made sense. However, he still did not make a move to let her go. After watching her for a while, Bai Qi leaned over to peck her lips. Only then did he move away to let her slip away.

The moment she found a way to escape, Zhang Li Xue quickly made her way to escape.

Bai Qi heaved a sigh when his wife entered the bathroom. However, a few seconds later, his brow furrowed when he realized that Zhang Li Xue did not take anything with her into the bathroom.

It couldn’t be that she was trying to trick him, right?

Bai Qi decided to trust his wife.

He sat down on the sofa, thinking of how his wife was going to look like in that piece of clothing.

Once in a while, he would glance at the bathroom. Somehow, he felt as if this moment was taking too long.

After a moment that felt like forever, the door was finally opened.

Bai Qi looked up in anticipation. Then, his wife finally poked her head out the door. Their gazes met and Zhang Li Xue was smiling shyly at him.

Even if he had not seen the clothing on her, the scene in front of him was enough to arouse him.

His heart was beating fast. Seeing that a certain someone wanted to continue to tease him, Bai Qi finally stood up.

“You are not allowed to come over!” Zhang Li Xue spoke quickly. “Just sit there. I need some time before I can come out.”

Bai Qi swallowed. Then, he obediently sat down.

“This is embarrassing.” Zhang Li Xue muttered. Taking a deep breath, she finally stepped out of the bathroom.

Zhang Li Xue lowered her head, not daring to look at Bai Qi, knowing how the lingerie would have an effect on him. Still, Zhang Li Xue continued to step forward, approaching her husband.

Bai Qi could feel his body grow hot.

The lingerie on his wife looked very tempting. He wanted to go over and touch her. But at the same time, he was enjoying watching the scene in front of him.

The materials of the lingerie were too thin. There were many small lace flowers embroidered around the piece. But his favorite part was the one around her chest. The flowers seemed to hide something behind it, giving him the urge to go over and peek.

He leaned on the sofa, forcing himself to keep calm. “Turn around.”

Zhang Li Xue hesitated. Then, slowly, she began to turn around.

Bai Qi was appreciating the scene in front of him. Then, his gaze fell on the lace around her shoulder blade. The design made it look like tiny fairy wings.

Suddenly, Bai Qi really wanted to thank Fang Su Jin for this gift.
