

## Love So Sweet 585

585 This Honeymoon Trip was Too Short

The sun peeked through the gap in the curtain.

Usually, at this time, Zhang Li Xue and Bai Qi would already be going outside, enjoying their day and walking around T country's beautiful beach after their breakfast.

However, at this time, Zhang Li Xue was still lying in her husband's embrace, too lazy to move around. She had already woken up a while ago, but at this time, Zhang Li Xue simply wanted to stay in Bai Qi's arms.

With her eyes closed, Zhang Li Xue could feel Bai Qi's hand stroking her spine lazily. The two of them were enjoying each other's company.

It seemed that she was not the only person who was too lazy to move around.

"Li Xue..." After a long silence between them, Bai Qi finally spoke her name.

"Un." Zhang Li Xue snuggled into a comfortable position in Bai Qi's arms. The corner of her lips tilted up as she thought about their night of passion.

Perhaps, it was because of the lingerie that Fang Su Jin gave her. Or perhaps, it was because she had told him that she wanted to have a baby, but Zhang Li Xue found that her Doctor Bai has been working especially hard last night.

She lost count of how many times they have done it.

.....

They fooled around the room, trying a lot of interesting positions. In the end, she was too tired that she did not realize when she fell asleep.

As the thought came to her head, Zhang Li Xue subconsciously put a hand on her stomach. She wondered if the two of them would be having children anytime soon.

Although she had said that she would not put on pressure on herself, it would be a lie to say that she was not expecting to have a child between her and Bai Qi.

If it was possible, she wanted to have his son. It would be best if he looked exactly like Bai Qi. Her husband was too good-looking. It would be a shame if his good look were not passed to their children.

But if they had a daughter, that would be fine as well. As long as it was a child between them, she would like it very much. She loved playing dress up with Bai Xi Xi. Playing dress up with her daughter would be fun as well.

No matter if it was a boy or a girl, she would teach their child to play basketball. Just the thought of watching Bai Qi and their children wearing the same basketball jersey made her heart pound quicker. It seemed that this scene would be too adorable.

“Should we go and have our breakfast?” Bai Qi said, snapping Zhang Li Xue out of her trance. “The breakfast buffet would end soon.”

He thought about having their breakfast at one of the cafes outside but realized that they would need to return to their room quickly and pack up their luggage.

“Then, let’s just order some food from the menu,” Zhang Li Xue said. “I’m too lazy to move around.”

If it was possible, she wanted to stay in Bai Qi’s arms forever. She liked his strong arms around her body, his warmth as well as his scent.

Bai Qi chuckled at her answer. He hugged his wife for a brief moment. Then, he pressed his lips on her forehead before he finally stretched his hand to reach for the menu on the bedside table.

He wanted to continue holding his wife but was afraid that she might starve herself.

Bai Qi let his wife look at the menu before they ordered some food. Then, he let his wife continue lazing around while he went into the bathroom to take a shower.

Just as he came out while drying his hair, the room service arrived with the food they ordered. Bai Qi let the staff put the food on the coffee table before he watched them leave. Then, he went to his wife’s side and kissed her cheek.

A pair of arms wrapped around his neck, pulling him closer. Then, a kiss fell on his lips.

Bai Qi chuckled as he watched his wife. “My little fairy, if you don’t stop seducing me like this, we both might have to extend our stay in T Country.”

They both planned to check out of the hotel later and leave for S Country.

Hearing this, Zhang Li Xue quickly pulled her arms away. Although she did not mind staying in T Country for one more day, Zhang Li Xue knew that Bai Qi had some important matters to do in S Country. She did not want to delay his work.

Moreover... even if she enjoyed the intimacy with Bai Qi, last night was indeed a little excessive and tiring. It would not be wise to tempt her Doctor Bai at this time.

“Do you want to have your breakfast in bed or in the living room?” Bai Qi asked.

“Let’s just have them in the living room.”

“Alright then.” With one swift move, Bai Qi carried his wife in his arms wanting to take her to the living room.

His sudden movement made her yelp. Seeing that he was heading to the living room, Zhang Li Xue patted him on the arms and spoke, “Let me wash my face first.”

Bai Qi changed the direction and took her into the bathroom. He helped her to wash her face before carrying her out again.

Zhang Li Xue stared at the person who was carrying her out and spoke, “You seem to like carrying me like this.”

Bai Qi lowered his head and peck on her nose. "I do."

Their body would be so close when he hold her like this. How can he not like it?

He put her on the sofa and spoke, "Li Xue, I will carry you like this for as long as I can."

His words made her a little giddy. Then, the two of them sat on the sofa while eating their breakfast together. Zhang Li Xue leaned on Bai Qi lazily while he fed her some food.

Thinking that their vacation might be ending soon made her sigh. It felt as if this honeymoon trip was too short.
