

Love So Sweet 591

591 It Will be Worth It

The couple headed downstairs and ate their dinner with Fang Su Jin's parents.

Throughout dinner, it was Mother Fang who would spend her time chatting with Zhang Yi Hai. Meanwhile, Father Fang was quietly observing Zhang Yi Hai.

Father Fang opened his mouth a few times, wanting to speak. But in the end, he took the glass of drink on the table and drink them slowly.

After dinner, Father Fang sat in the living room with the television on. His wife was in the kitchen while his daughter had disappeared somewhere with her boyfriend.

Father Fang watched the business channel with a slight frown on his face.

Something that the host had spoken about did not sit well with him. As he did not have anyone to talk to, Father Fang could only grumble alone.

Just then, he realized that someone had appeared by his side. Father Fang raised his head and was surprised to see Zhang Yi Hai taking a seat on the two-seaters.

Seeing him, Father Fang straightened up his back and cleared his throat. "Where's Su Jin? Weren't you two taking a walk in the garden?"

"Mmm... Su Jin went to answer a phone call from Teacher Jiang."

.....

Father Fang frowned upon hearing how this young man was addressing his daughter. He still thought that it was strange for Zhang Yi Hai to change the way he addressed Fang Su Jin. He was so used to hearing him call her 'Sister Fang'.

He cleared out his throat again and shifted his gaze to the television again.

This time, the host was saying something that he disagreed with again. Habitually, Father Fang started to give out his comment.

However, it seemed that Father Fang had temporarily forgotten that Zhang Yi Hai was also in the living room with him.

Zhang Yi Hai was listening to Father Fang's comment before he started to speak his opinion as well.

Hearing his voice, Father Fang turned to the young man with a surprised look on his face. As he listened to Zhang Yi Hai's opinion on this matter, the unhappiness he had towards him gradually faded away.

In just a few minutes, Father Fang and Zhang Yi Hai were actively discussing the business matter together. They were both exchanging their opinion on a certain matter.

It has been a while since Father Fang to find someone who he could discuss with. Now that he had heard Zhang Yi Hai's words, he could no longer keep quiet and the two has been exchanging their opinion all night.

Mother Fang sneaked into the room with some refreshments for them. Father Fang did not seem to notice anything unusual and continued to drink the tea that his wife had prepared. The look on his face was especially lively

Meanwhile, Fang Su Jin stood behind the wall to watch the scene. She waited until her mother came over and spoke, "Mom, are you sure this is alright?"

Mother Fang chuckled. "How can it not be alright? Look at your dad. See how happy he was talking with Yi Hai."

A few days ago, Fang Su Jin went to her mother's side to discuss Father Fang's abnormalities. The two of them agreed that they could not make Father Fang and Zhang Yi Hai stay that way for a long time.

After all, Fang Su Jin was dating Zhang Yi Hai and everyone was going to see each other many times. Moreover, news that Fang Su Jin and Zhang Yi Hai were dating had already spread through their circle of friends.

If Father Fang continued to be stubborn, the person who would suffer would be Fang Su Jin.

Therefore, Mother Fang decided to intervene in this matter and invited Zhang Yi Hai for dinner.

She believed that Father Fang had to sit down together and talk with Zhang Yi Hai. This was the only way they could remove the awkwardness between them.

Knowing that Father Fang liked to discuss business and economic matters with Zhang Yi Hai in the past, Mother Fang finally came up with this idea.

In the end, the person who could understand Father Fang the most would be Mother Fang.

But of course, Zhang Yi Hai will have to work hard to appease Father Fang well. Mother Fang could only prepare the setup. The rest will have to depend on Zhang Yi Hai's skill.

Fortunately, the young man was smart enough and knew that he should take his chance to get into Father Fang's good side.

"Hopefully, after they finished discussing, the two of them would make up very soon," Mother Fang said. She watched the two men in the living room for a while and thought of how childish her husband had been because of Fang Su Jin's matter.

After a while, she finally returned to the kitchen to check on the cake she baked earlier. Later, when Zhang Yi Hai went back, he could take the cakes for his mother.

Father Fang only realized that he has been discussing with Zhang Yi Hai for a long time after the program ended.

There was an awkward look on his face upon realizing that he had stayed to chat with Zhang Yi Hai for a long time.

Father Fang was still worried that his daughter was dating Zhang Yi Hai. However, no matter how much he tried to ignore this young man, Father Fang realized that he really liked chatting with Zhang Yi Hai.

Zhang Yi Hai glanced at the time before looking at Father Fang again with a faint smile on his face. "Uncle, it's getting late I should go back first before my parents would worry."

Father Fang let out a cough and nodded. "Hmm..."

"It's really good to discuss with you," Zhang Yi Hai said. "Next time, I will come over and visit you again. I hope that I can still exchange my opinion with you. There are a lot of things that I can learn from you."

Father Fang knew that Zhang Yi Hai was only trying to get into his good side, but listening to him really put him in a good mood. Therefore, Father Fang's treatment was no longer as bad.

After exchanging a few words with the elder man, Zhang Yi Hai finally stood up to leave.

Mother Fang gave him a box of cake to bring home and Fang Su Jin walked her boyfriend to his car.

Initially, Father Fang wanted to walk Zhang Yi Hai to the door as well, but his wife stopped him and dragged him away.

The young couple stood beside the car with faint smiles on their faces.

"Zhang Yi Hai, you are really great. It seemed that you have tamed my father again," Fang Su Jin said.

A helpless sigh escaped him. "It seemed that I will have to continue to work hard to give him a good impression." He leaned over to peck at his girlfriend's lips. "But it will be worth it."

Fang Su Jin clicked her tongue. "Hearing your words, it feels as if you are here with a hidden motive."

"Mmm... I want to get his blessing and date his daughter." His lips curled into a smile when he saw the shy look on his girlfriend's face. Zhang Yi Hai pinched Fang Su Jin's cheek and kissed her a few more times before he finally left.
