

Love So Sweet 594

594 Can I Come Along?

The next day, Zhang Li Xue took Bai Xi Xi out after breakfast and went to pick up Fang Su Jin at her house. Then, the three of them went to the mall where Fang Su Jin was supposed to look for a gift.

After walking around for a while, Fang Su Jin still had not made her decision about what she wanted to buy for her boyfriend.

It seemed that Zhang Yi Hai already have everything. Therefore, picking up a gift for him was rather difficult.

Fang Su Jin thought about giving Zhang Yi Hai a painting. But she had recently gifted him one when he visited her studio not too long ago.

Meanwhile, Zhang Li Xue's hand was full of shopping bags. Most of the items she bought were for Bai Xi Xi. Each outfit was too cute and she could not resist buying a few more.

It looked like Zhang Li Xue had inherited her mother's habit of playing dress up. When she was a little girl, her mother enjoyed buying dresses for her.

Little Zhang Li Xue was a little gangster who liked running around and playing basketball. However, she was often dressed in a flowery dress, looking like a princess.

In the end, Bai Xi Xi had to remind her that she already had too many clothes. Li Qin Yao would also buy some clothes for her each time she went out. Moreover, she was growing up. It would be wasteful to buy a lot of clothes for her.

Zhang Li Xue could only restrain from buying more clothes for Bai Xi Xi.

.....

Later, the three of them went passed the children's swimsuit section.

Zhang Li Xue recalled her plan to bring Bai Xi Xi out this school holiday. As the thought came to her mind, Zhang Li Xue finally found a reason to continue shopping. After all, Bai Xi Xi did not have a swimsuit yet.

"Why are you buying a swimming suit?" Fang Su Jin asked as she watched her friend browsing through the shelf.

"It's going to be a school holiday soon," Zhang Li Xue said. "Bai Qi and I are planning to take Xi Xi and play by the beach."

Bai Xi Xi's eyes lit up upon hearing this news. She cannot remember if she had been to the beach before. But, the thought that she was going to the beach with her brother and sister-in-law excited her.

"Just the three of you?" Fang Su Jin asked.

"Uh-huh." Zhang Li Xue nodded absentmindedly.

Fang Su Jin bit her lips as if she was pondering over something. Then, she looked at her friend again with a smile. "Can I come along as well?"

The question made Zhang Li Xue look up again.

"I don't mean to be the third wheel." Fang Su Jin let out a cough. "I was thinking that perhaps Yi hai and I can join you guys as well." Her face turned bright red as she said this.

After returning to Y City, they announced their relationship to their friends and family.

Although they could go on a date freely, Fang Su Jin thought that it would be fun if the two of them could spend their time together when her father would not be able to keep his eyes on them.

These days, her father began to accept that she was dating Zhang Yi Hai. However, he continued to watch them closely whenever Zhang Yi Hai appeared at their doorstep.

Anyway, if she mentioned that she was going with Zhang Li Xue and her family members, her father would be less worried, right?

"I don't mind this," Zhang Li Xue said. A playful smile curled on her lips. "But Su Jin, what are you planning to do with my little brother?"

"What are you thinking about?" Fang Su Jin did not dare to look at her friend. "I just thought that it has been a while since played by the beach. Besides, I can help you to look after Xi Xi when you need your time alone."

Zhang Li Xue saw the shy look on Fang Su Jin's face and decided to stop teasing her. It would not be good if her friend started to get angry.

Bai Xi Xi was happy when she heard that Fang Su Jin was going to join them as well. She always loved being surrounded by her family members.

The two friends were chatting about the plan to visit the beach while Zhang Li Xue picked up a swimsuit for Bai Xi Xi.

After paying for the item, Zhang Li Xue turned around and halted. As her eyes caught the sight of the baby's section.

In front of her, there were too many clothes in various colors for newborn babies. They were so tiny and adorable. Just looking at them gave her the urge of wanting to have a child of her own.

Zhang Li Xue was aware that the child would not come after trying a few times. However, she could not help but feel a little bit upset whenever her period came.

In the beginning, she had told Bai Qi that she would not put pressure on herself. But, she was very much looking forward to the arrival of a child between them.

"Hey, they're very cute," Fang Su Jin said as she stood by Zhang Li Xue's side. She touched the baby's onesie and sighed. "Li Xue, are you going to buy them?"

"Of course, not." Zhang Li Xue shook her head. "It's too early to buy them."

Bai Qi would definitely worry if she bought home a baby outfit when she was not pregnant yet.

Fang Su Jin studied Zhang Li Xue's expression and smiled. "It's alright. The two of you haven't got married for too long. It's good that you are enjoying your time alone with your husband. When you're pregnant, your world is going to be different. You're going to be too busy to have a date with your Doctor Bai."

Turning to her friend, Zhang Li Xue then put on a smile on her face. "You are right. This is what Bai Qi wanted as well. He said that he wanted to enjoy our two-person world for a while."

Fang Su Jin heaved a sigh. "Bai Qi likes you a lot. I think, he would definitely be jealous of his own child when the two of you started to have a baby."

The image of Bai Qi arguing with a child came to her mind and Zhang Li Xue started to laugh.
