

Love So Sweet 603

603 Are You Still Interested in Role-Playing?

Zhang Li Xue returned to her room again with a smile on her face. The moment she saw Bai Qi, Zhang Li Xue decided that she had to share with him the piece of gossip.

Bai Qi saw the smile on his wife's face and thought that something good had happened when she visited her friend.

He walked over to his wife's side and wrapped his arms around his wife's waist. "Why do you look so happy?" He could not help but lean over and kiss the tip of her nose

"Hubby, guess what happened?"

Bai Qi raised a brow and waited for his wife to tell him what happened.

Hearing that his wife had caught Zhang Yi Hai in Fang Su Jin's room made him chuckle. His wife was already thinking of teasing the couple when they saw each other again in the morning.

After a while, Zhang Li Xue looked up again and spoke, "Hubby, how far do you think the two of them had gone?"

Zhang Li Xue was still pondering about her best friend's relationship when she felt the arms around her waist tighten. She looked up and saw that a certain someone was looking at her with a dangerous glint in her eyes.

This scene made her stunned for a while.

.....

It seemed that she did not do anything other than tell her husband some gossip. How did her Doctor Bai was looking at her like this?

Zhang Li Xue lowered her gaze and saw that she was now seated in Bai Qi's lap. Earlier, she was talking to her husband in excitement and she had moved around in his arms a little bit.

Who would have thought that this was enough to provoke her husband?

"Let's not care about them." Bai Qi whispered. His voice sounded a little deep and magnetic. It was enough to make his wife's ears pregnant. "My wife, how about thinking about how far we should go later?"

Noticing that she seemed to be in a dangerous position, Zhang Li Xue began to look around for a chance to escape. However, Bai Qi already knew what was going on in her mind. He hugged his wife tightly, giving her no chance to escape.

"Zhang Li Xue, are you still interested in role-playing?" Bai Qi raised a brow. He could still remember his wife's suggestion at the beach earlier and thought that it was interesting for the to try.

His body would grow excited each time he thought about this idea.

Zhang Li Xue stared back at her husband helplessly, wondering why he still remember what they talked about at the beach earlier.

However, as she met Bai Qi's gaze, Zhang Li Xue could not help but think that this idea sounded quite interesting as well. After all, the two of them had never played this way before.

Zhang Li Xue lowered her gaze but did not answer. Suddenly, she put a hand on her chest and looked up at Bai Qi again with a painful look on her face.

"Doctor Bai, my chest is hurting."

His expression changed the moment he heard her words.

Anyway, Zhang Li Xue would sometimes call her Doctor Bai. Therefore, Bai Qi would never suspect that his wife would be teasing him at this moment.

"What's wrong?" His brow furrowed. "Where does it hurt? How is it hurting?" He held his wife's hand and tried to move it from her chest so that he could take a look at the pain.

Just as he was about to unbutton her shirt, Zhang Li Xue let out a soft yelp.

Bai Qi started to worry, thinking that his touch was putting her in pain. He looked up to meet her gaze, wanting to ask more questions. However, Bai Qi was quick to notice the look in his wife's eyes.

That mischievous look... although it appeared briefly, he could still see them.

It was then that he figured out what was going on.

Bai Qi did not know whether he should laugh or cry. It seemed that his wife had gotten into her character very quickly.

"Doctor Bai, it really hurts."

Bai Qi decided to play along with this mischievous wife. He looked at her seriously and asked, "Where does it hurt?"

"Here." Zhang Li Xue pointed at her chest to Bai Qi. Then, she looked at him with a pitiful look in her eyes and spoke, "Doctor Bai, why don't you help me to rub it?"

He lowered his gaze and suddenly, his eyes started to darken. Because Zhang Li Xue was moving around a little bit, the front of her shirt was opened and he could see the exciting scenery.

His throat bobbed. Then, Bai Qi leaned over to kiss her lips. His hand was touching her chest as he gave her a rub. His movement was too sudden, causing her to moan.

Then, he pulled away again to look at his wife. "Stay still. Let me rub for you so you won't be in pain." The two of them were looking into each other's eyes while his hand got under her shirt. A certain doctor started to rub his patient's chest while observing her expression.

Zhang Li Xue thought that there was something about this pose that made her a little excited. Her body heated up and she could not help but push her body forward so that Bai Qi could continue to touch her.

Seeing the way her lips parted made him smile. He could see that his wife was enjoying his touch. "Is it comfortable?"

Zhang Li Xue nodded.

"Then, does it still hurt?"

"It doesn't hurt." Zhang Li Xue admitted truthfully.

Hearing this, Bai Qi quickly retracted his hand. "Since you are feeling better, then we should stop."

Her eyes widened in surprise. Swiftly, Zhang Li Xue caught Bai Qi's hand again and placed it on her chest. "No." She stared back at him with an innocent look on her face. "Hubby, we should continue."

Bai Qi let out a chuckle. Then, he decided to comply with his wife's wishes.
