

Love So Sweet 604

604 She Has to Come

After spending their time in Z Town for a few days, the group finally returned to Y City.

Seeing Bai Xi Xi's cheerful smile when they returned from the trip made them feel delighted that they decided to go on this trip. It could be seen that Bai Xi Xi really enjoyed the trip to the beach.

Later, Zhang Li Xue and Bai Qi both agreed that they should bring the little girl to go out a little more.

Perhaps, after seeing the world and meeting a lot of people, Bai Xi Xi would no longer be afraid of making new friends. The most important thing at this moment was to let her have a little bit of confidence and build her trust in kids around her age.

When Li Qin Yao knew what her daughter was worried about, she decided to ask Bai Xi Xi what she was interested in learning. She planned to send Bai Xi Xi to learn and make friends at the same time.

Li Qin Yao's expression stiffened when she heard the little girl's answer.

Unexpectedly, the little girl planned to learn to play basketball.

Li Qin Yao looked at Bai Xi Xi with a complicated gaze. She had thought that the little girl would be different than her daughter. Who would have thought that Bai Xi Xi wanted to learn basketball too?

However, they thought that perhaps, this might be a good idea.

.....

After all, basketball is a type of sport that would require teamwork. She will have to learn to make friends and get along with the kids her age to play basketball.

Of course, both Zhang Li Xue and Bai Qi could coach her as well, but without playing and practicing with the kids her age, Bai Xi Xi might not improve. Therefore, Bai Xi Xi was successfully sent to basketball class.

In the beginning, Bai Xi Xi was a little shy. But after going to the lesson a few more times, she began to make friends with the kids.

Seeing this made them all feel more at ease.

Of course, the happiest was Bai Qi.

He was often busy with his job at the hospital. But his wife and in-laws were very understanding. Ever since he met with Zhang Li Xue again, the burden on his shoulder had gradually lessened.

Bai Xi Xi has become more like the girl her age because of the people who surrounded her.

In the morning, Zhang Li Xue headed to the office and was busying herself in the office to look at the documents that her father had asked her to look at.

Not too long ago, her father had wanted her to be in charge of the hotel building in another city. However, because of the accident, this matter was delayed for a few months.

Although her father would not let her visit the site again, it did not mean that she could not follow the development of the hotel building closely.

Because of the earthquake, there would be a lot of work to do.

Zhang Li Xue was looking at the quotation when someone came to knock on her door.

Without looking up, Zhang Li Xue allowed the person to come in.

The door was pushed open and the sound of footsteps approaching finally make her look up.

Seeing that her brother was standing in front of her surprised her. "Yi Hai, what are you doing here?"

Now that Zhang Yi Hai was done with his study, he decided to concentrate on his own company with his friends instead of joining the company's business.

Since then, Zhang Yi Hai had rarely appeared at the hotel.

"Dad forgot to take some documents and Mom wanted me to help her deliver them to him," Zhang Yi Hai said. He sauntered into the room and took a seat on the chair across from his sister. "Are you busy?"

Zhang Li Xue heaved a long sigh. "There are a few documents that Dad asked me to look at. I think there are a lot of things that I did not understand." She looked at her brother again and smiled. "Do you want to help?"

His smile turned up. "Sister, you have to work hard." Zhang Yi Hai laughed upon seeing the unhappy look on his sister's face. He put down a paper bag on his sister's desk and continued, "Mom knew that you were busy and worry that you are not eating enough. She wanted me to send you some food."

Zhang Li Xue's eyes lit up. She took the paper bag and peeked to look into it. There were some sandwiches that her mother had prepared.

"Sister, don't just work hard. Remember to eat your food as well," Zhang Yi Hai said. His brow furrowed as he recalled how he had found out that his sister had fainted because of a gastric problem.

Later, they heard that it was another problem. However, it did not mean that they would stop worrying about Zhang Li Xue's habit to skip eating whenever she was busy.

Zhang Li Xue smiled brightly. "Mom made this. Of course, I will have to eat this later."

Zhang Yi Hai watched his sister and narrowed his eyes as if warning his sister not to forget about this matter.

Now that he had accomplished his mission to deliver some food, Zhang Yi Hai stood up again, wanting to leave. After a few steps, Zhang Yi Hai paused to look at his sister again. "I almost forgot. A few days ago, I received an email from my university, wanting to confirm my attendance at the graduation. Sister, are you and my brother-in-law coming as well?"

"Mmm... I will first have to check whether he would be busy on the date. I will let you know later," Zhang Li Xue said. Her lips curled up and her eyes turned crescent. "Is Su Jin coming as well?"

"She has to come." Zhang Yi Hai had a serious look on his face.

The two siblings talked for a while before Zhang Yi Hai finally left.

Then, Zhang Li Xue took out the sandwich that her mother had packed for her and planned to eat them while looking at the documents.

Zhang Li Xue happily took a bite of the egg sandwiches and frowned.

It seemed that the sandwich her mother made this time tasted a little strange...
