

## Love So Sweet 66

### 66 Picking Up Her Aunt

When Zhang Yu Han entered his daughter's office, the girl was sitting behind her desk with her attention focused on the computer.

After Zhang Li Xue decided to follow in his footsteps and manage the hotel, Zhang Yu Han decided to let her daughter transfer to several departments so that she would learn more about the company.

When she first started, Zhang Yu Han had sent her to the housekeeping department to let her experience the work.

It was not until a few months ago that he finally let her stay in the office where she was given more work and responsibility. Seeing that his daughter was working so hard made him very proud of her.

Zhang Yu Han stood at the door and watched his daughter for a while longer before he finally knocked on the door.

The sound made her jolt in surprise.

Zhang Li Xue looked up immediately and her expression gradually softened up when she saw her father. "Daddy."

"What are you up to?" Zhang Yu Han entered the room and sat across from his daughter. Because of her position in the company, Zhang Li Xue was only given a smaller office.

"Looking at some applications," Zhang Li Xue said.

.....

These days, she was sent to the Human Resources Department. The manager taught her a lot of things and wanted to let her handle some new intakes.

"Oh? Not playing games with your Auntie Xing Xing?" Zhang Yu Han teased.

When Zhang Li Xue was still a college student, her father had once caught her playing games. She told her parents that she was going to do some assignments, but she was caught playing games with her Auntie Xing Xing.

Auntie Xing Xing was so good at dealing with the boss and Zhang Li Xue had asked for her help. Coincidentally, her Auntie Xing Xing had some free time to accompany her. She decided to put her assignment aside and settle with the mission.

They were in the middle of killing a boss when her father suddenly appeared behind her. Zhang Li Xue was frightened and did not dare to play computer games for a month.

Since then, her father had often teased her about this.

"Daddy, how can I be playing games? I'm busy with work." Zhang Li Xue coughed. "Besides, I haven't played games for months already."

"Oh?" Zhang Yu Han raised his brow.

Zhang Li Xue realized that now might be a good time to change the subject. "Daddy, why are you here?"

"Have you had your lunch yet?"

Zhang Li Xue looked at the time and realized that it was past lunch hour. She was too busy screening the job applications that she had missed lunch.

Looking at his daughter's face, Zhang Yu Han could already guess her answer. He couldn't help but look at his daughter in distress.

"Then, you should go out and eat something. It's not good to stay hungry just because you're busy," Zhang Yu Han said. "After that, I will need your help to pick up your younger aunt and uncle from the airport. Their flight should be arriving in the evening."

"My aunt is coming back?"

"En." Zhang Yu Han nodded. "The acquisition has been successful. The two of them have been staying in C Country for a few months. It was time for them to come back. Don't worry about your work. I will talk to your manager later."

Zhang Li Xue thought over her father's words for a while and nodded. "Then, Daddy, you should send me their flight information. This way, it would be easier for me to look for them."

The father and daughter chatted for a while before Zhang Yu Han left.

Zhang Li Xue gathered her stuff and checked her phone. Her father had already set over her aunt's flight information. Seeing that there will be a couple of hours before the flight will arrive, Zhang Li Xue decided to head over to the airport first and have her late lunch there.

The trip to the airport took more than an hour due to traffic.

Fortunately, there was still a lot of time when she arrived.

Zhang Li Xue sent a text to her aunt before she went to the nearest coffee shop to have her lunch. When the flight has landed, she then went to the arrival hall to pick up the couple.

...

Zhang Yu Ying hummed a little song as she watched her husband push the trolley with their luggage. She lowered her head to check her phone and saw her niece's message.

"Hubby, Li Xue is here to pick us up." Zhang Yu Ying showed the text message to her husband. "She should be waiting for us at the arrival hall. Hold on. I'll ask her to wait by the coffee shop. It will be easier for us to look for her."

"Then, let's hurry over. Don't make her wait," Wei Jun Hao said.

"Ah, hold on." She pointed her finger in a direction and smiled. "Hubby, why don't you wait over there first. I need to use the restroom first."

"Alright. Go ahead. Just don't get lost afterward."

Zhang Yu Ying stared at her husband helplessly.

How old was she? Would she get lost?

Zhang Yu Ying was too lazy to talk to her husband. She went straight to the restroom and took her time to do what she came to do.

When she came out of the restroom, Zhang Yu Ying craned her neck to look for her husband. Seeing that Wei Jun Hao was waiting for her at the spot made her smile.

Zhang Yu Ying walked in his direction and paused when she saw a young man coaxing a little girl. Seeing that the man seemed to treat the little girl gently made her smile.

Just in time, the young man raised his head and their gazes met.

Zhang Yu Ying thought that she had seen the surprises in the young man's eyes. But the man looked away quickly and left with the little girl before she could see properly.

A deep frown appeared between her brow.

When Zhang Yu Ying walked to her husband's side, the man naturally noticed that his wife seemed a little absentminded.

"What's wrong with you, Yu Ying?" Wei Jun Hao asked.

"Nothing. I saw a young man."

"Oh?" Wei Jun Hao narrowed his eyes dangerously.

"It's not what you think. He's too young and he probably had a daughter."

Wei Jun Hao could not figure out why his wife was thinking about this young man.

"It's just that... I couldn't help but feel that this young man seemed a little familiar. I think I have seen him before." Zhang Yu Ying frowned. She tried to recall where has she seen this young man, but nothing came to her mind at this time.
