

## Love So Sweet 91

### 91 Pretty Sister

The moment those words escaped her lips, Zhang Li Xue became certain that the little girl beside Doctor Bai was his daughter. After all, the two of them looked alike. If they were not father and daughter, what else could they be?

Zhang Li Xue could not hide her surprise.

She had asked this young doctor to go out with her and the two of them had a meal together.

But now that she found out that she had gone out with someone's husband or boyfriend made her feel very bad about herself.

What if Doctor Bai's partner misunderstood their relationship?

Then, the poor little girl would blame her for ruining her.

Zhang Li Xue would never want to be the third party in any relationship!

She looked at the little girl and saw that she was staring back at her curiously.

Doctor Bai's daughter was really cute!

.....

Bai Qi glanced at his little sister. When he looked up at Zhang Li Xue again, he did not miss the look on her face.

His heart skipped a beat.

The look on her face told him that she had misunderstood his relationship with his sister.

Bai Qi was worried that if he did not give his explanation now, the girl would surely misunderstand, and later, he would no longer have the chance to get close to her.

"Miss Zhang," There was a sense of urgency in his voice. "You're mistaken. This is not my daughter."

Zhang Li Xue shifted her gaze to Bai Qi again.

She's not?

Bai Qi coughed. "Let me introduce you. This is Bai Xi Xi. She's my little sister."

"Ah?" Zhang Li Xue certainly was not expecting this answer. "Your little sister?" Her gaze went back to the little girl. Zhang Li Xue was trying to process this piece of information for a long time.

It was still hard to believe that this girl would be Doctor Bai's little sister. Their age gap was too... far, wasn't it?

Zhang Li Xue's face turned a little red as she realized that this was a big misunderstanding. She was so embarrassed that she wanted to go and hide her face.

"How old is your little sister?"

“She’s six.”

Her eyes widened in surprise. “So young!”

“Mmm... I wasn’t expecting to have a little sister when I had turned twenty as well.” A faint smile curled on his lips.

In fact, even his parents were not expecting that his mother would get pregnant again at an old age. Bai Xi Xi was a pleasant surprise.

However, because of their age difference, many would misunderstand that he had a daughter at such a young age. Each time he went out with his sister, people would think that they were father and daughter.

“Doctor Bai, your little sister could easily pass as your daughter.”

Bai Qi laughed. “Many had misunderstood our relationship as well.” He turned to his sister and smiled.

The little girl looked up at this time and met her brother’s gaze. “Brother Bai Qi, who is this pretty sister? Is she your colleague?” She tried to whisper, but her voice was loud enough for Zhang Li Xue to hear her words.

Zhang Li Xue looked at the little girl and thought that she was adorable. However, there was something in her words that made her pause.

Brother Bai Qi?

Why does it feel as if she had heard this name before?

She tried to dig that memory from her mind but noticing that the little girl was staring at her curiously, Zhang Li Xue decided not to think of this matter.

“Hello.” She crouched down until she was on eye level with the little girl. Zhang Li Xue stretched her hand and smiled. “My name is Zhang Li Xue. You can say that I am your brother’s friend.”

Bai Qi could not hide his smile upon hearing the way Zhang Li Xue had introduced herself to his sister.

They were now friends.

“Sister Zhang, hello,” Bai Xi Xi greeted her politely. “My name is Bai Xi Xi. I’m six years old.”

Zhang Li Xue suddenly had an urge to hug the little girl.

Why is Doctor Bai’s little sister this cute?

“Then, can I call you Xi Xi?”

“Un.” The little girl nodded. “Most of my friends would call me Xi Xi as well.” She looked at the big sister in front of her with a curious look in her eyes. “Sister Zhang, you are very pretty.”

Zhang Li Xue giggled happily. “Thank you. Xi Xi, you are adorable as well.”

Bai Qi stood at the side, watching their interaction.

Although he had never imagined that one day he would be introducing Bai Xi Xi to Zhang Li Xue, seeing that his sister could get along with Zhang Li Xue just fine made him feel more at ease.

At this time, Auntie Ji walked out again with an anxious look on her face. The moment she saw Bai Qi at the entrance, her expression changed again. "Doctor Bai, it's good that you are still here."

Bai Qi looked up. "Auntie Ji, what's wrong?"

"It's like this. The doctor was explaining some words that I don't understand. Can you help me to explain what was going on with Xiao Yan?" Auntie Ji said.

"Auntie Ji, I'll come with you."

"Thank you." Relief washed over her face.

The middle-aged woman was anxious to see that her daughter had hurt her head. There were too many thoughts going on in her head all at once. She had heard how dangerous it would be for a child to hurt her head.

Because of that, she became anxious and scared. Even if the doctor had tried to explain, Auntie Ji was having a hard time understanding what he had said. She recalled that Doctor Bai was still around and hoped that the presence of someone familiar would help her to calm down.

Bai Qi was about to follow after Auntie Ji when he realized that his little sister was still with him. He looked at her, wondering if he should take her along into the treatment room.

"Doctor Bai, if it is alright with you, I can stay here and look after your little sister." Zhang Li Xue quickly suggested when she saw the hesitant look on his face.

"This..."

"It's fine. You have my number. When you are done, you can call me and we'll meet up again."

Bai Qi glanced at his little sister and made up his mind. "Then, I will have to trouble you, Miss Zhang." He turned at his little sister again and spoke. "Xi Xi, stay with my friend for a while. I'll go and look at Xiao Yan, alright?"

"Un." Bai Xi Xi nodded. "Brother Bai Qi, don't worry. I'll stay here obediently and listen to big sister well."
