#### Chapter 1

“Get divorced.”

Emily Gale looked at the man who was sitting across from her, the handsome and perfect man who made women crazy. Hunter Jackson, the most popular man among women in Beiling, is mysterious, noble, handsome and extraordinary. Unfortunately, this man is destined not to belong to her.

After three years of marriage, she tried everything she could, but she could not exchange his pity. Today, three years later, Emily Gale is tired and gives up.

“Divorce, I let you be free, from now on, we have nothing to do.”

Emily Gale endured heartache and stopped looking at him. Joseph was expressionless on the north face, and was silent for two seconds, then suddenly held the pen and signed a few words neatly.

After that, he stood up and left happily.

The tall and handsome figure made the women in the coffee shop obsessed. He always does this, no matter what she does, there is no ripple in his heart. In that case, let it go, even though it really hurts and hurts in the heart. Emily Gale walked out of the cafe and walked on the road when her cell phone rang.

“Second sister.”

After answering the call, Emily Gale bit her lip and whispered: “I listen to you, let him sign the divorce agreement.”

"Is it really signed?" Kylena Gale's voice on the other side of the phone, it sounds like there is a hidden excitement and excitement. Emily Gale frowned and wondered: "Signed, second sister, you..."

"Hahaha, Emily Gale, you really took the initiative to divorce Hunter Jackson, hahaha, you idiot!" "...two Sister, what do you mean?" Emily Gale frowned tighter, and a trace of anxiety passed through his heart.

"It's not interesting, of course I am happy! You divorced Hunter Jackson, so I have a chance to be with him, do you say I am tall or not?" Kylena Gale, who was on the top of the building opposite, laughed almost out of breath.

"Why do you think Hunter Jackson has always been indifferent to you?" "Why?" Emily Gale squeezed the phone and unknowingly walked into the street.

"Because, he has always believed that you killed his brother. Do you think he can treat the woman who killed his brother?" "I didn't!" Emily Gale said anxiously, "Ross's death has nothing to do with me. Is it...you?" Emily Gale suddenly opened his eyes and woke up completely: "It's you! Kylena Gale, you did the things.

"So what? I want to tell Hunter Jackson? It's a pity, it's too late."

Kylena Gale's laughter sounded as terrible as coming from hell.

"I won't let you go! Kylena Gale, you have been pretending and you have been lying to me!" Emily Gale only hates that she knows too late! "I'm afraid you will have no chance."

Kylena Gale stared at the slender figure on the street below, her thin lips curled up a fierce smile: "Look at your left side."

Emily Gale subconsciously looked to the left, but But at the moment of turning his head, a huge impact suddenly sounded. pain! The heart-piercing pain spread all over the body in an instant.

She was like a leaf falling in the wind, after being hit by a truck, she fell lightly.

The past is like smoke, scenes flashing in the mind.

She was obsessed with Hunter Jackson for half a lifetime, but could not get him a warm look. If I had a chance to live again, I would never love you again, I would never fall in love with a man who would never love again... Emily Gale slowly closed his eyes.

She couldn't see, that handsome young Master Jackson, who made all the women crazy, rushed out of the crowd and hugged her bloody. I can't see, this man who is like a god in everyone's heart, his eyes are covered with a unique layer of moisture.

It is even less visible. On the divorce agreement that fell from her bag, the place where the three words "Hunter Jackson" should have been signed was written with these four words-unless I die! Emily Gale's body became cold, and the last breath on her body disappeared...

## Chapter 2

The young lady, the young master was held hostage. Emily Gale found that he was reborn. Hot body, exaggerated makeup, big V-neck evening dress, and the time indicated by the clock on the wall, 7:48! Everything is frighteningly familiar! She was born again when she was eighteen years old. Tonight is the day she and Hunter Jackson get engaged. In the last life, she was drugged at this engagement banquet. When the people from Hunter Jackson came to find her, she was entangled with two male makeup artists.

Although she was finally stopped by the person who broke in and kept her innocence, the scandal spread to everyone in an instant, and she has since

become infamous! In the end, Hunter Jackson still married her in order to fulfill her grandma's death wish, but never gave her a warm look ever since.

At this moment, there are only two minutes left before the beginning of the greatest tragedy in her life! Emily Gale squeezed her palm hard, awakened a little with pain, and moved to the door. Before I had time to open the door, I heard someone talking outside: "You must be cautious.

Afterwards, you must be sure that the b\*tch took the initiative to provoke you."

"I see, second lady, don't worry, this is absolutely not the case. Someone will know it is about you."

The man replied. Kylena Gale's voice sounded softly again: "After the thing is done, I will ask someone to transfer the mantissa to you. If the thing is revealed, you know what the consequences will be."

"There must be no mistakes! Second Miss, just wait for a good show.

"Emily Gale's fists were tightened tighter.

She had never doubted Kylena Gale in her previous life.

She did not expect that Kylena Gale would harm her from the beginning! The body was getting hotter and hotter, and Emily Gale's heart panicked, and it was bad. When they came in, she didn't even have the ability to resist in her current situation. When the time comes, they will strengthen her, and they can still slander her on the initiative.

She cannot stay here, she must escape! The dressing room was connected to the rest room next door. Emily Gale picked up an eyebrow shaver to defend herself and immediately touched the door of the rest room. Just closed the door connecting the two rooms, the dressing room behind him, the door was opened, and the two male makeup artists walked in.

"What about the people?" "See if it's in the bathroom?" Emily Gale opened the door of the lounge as quickly as possible and stumbled from the corridor to the elevator door.

As soon as I entered the elevator, I heard the voice of a male makeup artist from the corridor: "No, that woman has escaped! Go chase!" The engagement banquet was held in the hotel. Now the lobby on the first floor of the hotel is full of guests. Emily Gale was drugged.

She didn't know what she would do after a while. While she was still a little aware, she took the elevator and went directly to the underground parking garage.

Anyway, tonight, you must leave here first. Not far away, there was a car door open.

She gritted her teeth and rushed in.

She placed her eyebrow trimming knife on the man's neck and said in a mute voice: "Drive, get out of here, hurry!" The girl who was holding her neck had cold eyes. Emily Gale only felt a chill in his body, this man is so cold! At the end of the elevator, two men rushed out, obviously still looking for her. Emily Gale didn't even have time to look at the man. He slammed the door closed, and the eyebrow trimming knife continued to press down: "Let him drive!" "Master..."

Aspen Li who was sitting in the driving seat was dumbfounded.

The future young lady is holding the young master with a knife, this...what is the situation? Emily Gale finally saw the man held by him, with a handsome face that made her tremble with fright, and the eyebrow trimming knife accidentally pressed a light red blood on his neck. God! How could her luck be so "good", the owner of a random car that turned out to be the male protagonist of the engagement banquet tonight, when she was dying in her

previous life, she swore that she would never fall in love with the man again...  
Hunter Jackson!

## Chapter 3

Hunter Jackson, you bastard time seems to have stopped! Emily Gale's hands were trembling, and Aspen Li was confused but distressed the scar on the young master's neck. Only Hunter Jackson did not change his face from beginning to end, it should be said that he was expressionless at all. He faintly glanced at the two men who were looking outside, and his beautiful lips moved slightly, and there was a sentence that Emily Gale and Aspen Li could not believe: "Drive."

"Drive... drive?" Aspen Li Once again dumbfounded, the young master meant that he was threatened by the future young lady? However, the eldest of their family is in Beiling, and he is like a god. When has he been threatened by others? Not to mention, some people dare to put a knife on the neck of the young master, it is no different from looking for death! Emily Gale was already unable to think. When the car drove out of the hotel parking garage, she loosened her hand and the eyebrow trimming knife slipped from her fingers. Hunter Jackson's long finger picked, and the eyebrow shaver fell on his hand, and he threw it aside.

"Where do you want to go?" The man's voice was not so good, it was the magnetic bass that she never tires of listening to. Emily Gale subconsciously grabbed his shirt, his body was too hot to bear, and his consciousness began to blur. But there is a thought, but it has been lingering in my mind! "Hunter Jackson..."

Her breathing was heavy and rapid, and her voice was hoarse: "I don't... love you, I will never... love you, you bastard!" Aspen Li shook his hand and almost overturned the car. . Tonight is the engagement day of the two, the future young lady's words are too hurtful, right? Although he knows that the eldest master actually only agreed to this marriage by following the wishes of the seriously ill grandmother, should he not give face to him? But obviously, the

future young lady is confused at the moment, I am afraid that she doesn't even know what she said. Joseph Bei's mo-like eyes narrowed and stared at her red face: "My bastard?" Why doesn't he remember, what bastard did he do to this fiancée? "You are a bastard."

Emily Gale bit her lip, and a dull mist appeared under her eyes.

It is wronged, unwilling, but also desperate.

"Why are you doing this to me? Hunter Jackson, you bastard, why?" She raised her fist and banged it hard on his chest. Hunter Jackson clasped her hands, but before he could say anything, the little girl suddenly raised her head and looked at her with tears.

The little mouth was flat, with a look of grievance: "Hunter Jackson, I am uncomfortable... um..."

This pitiful appearance really makes people wonder if Hunter Jackson has done anything excessive to her. Emily Gale was dizzy now, and after the anger passed, the medicine started to boil on her again.

It's so hot and itchy, like countless bugs crawling. Her body kept leaning toward Hunter Jackson, and even rubbed against him. Hunter Jackson's eyes darkened, holding her shoulders with both hands, pulling her away. He didn't say a word, but those eyes that were as cold as ten thousand years of ice were enough to make people fearful. Emily Gale shuddered subconsciously, it was really cold, but there seemed to be a fire in his body, and the cold air couldn't extinguish the flame.

It took too long, and the power of the medicine became more and more fierce, and she could not even see who was in front of her. He stretched out his hand and pulled the collar of Hunter Jackson's shirt: "It's so hot, give it to me..."

"Old and young masters, the future young lady seems...it doesn't seem right."

Aspen Li, who was still driving, stole nothing. Looked through the rearview mirror. Hunter Jackson lowered his head and glanced at Emily Gale. This girl even straddled his calf while he was not paying attention.

## Chapter 4

Be good, don't make a squeak, Aspen Li shook his hand and the car almost hit the roadside safety island. presumptuous! It's so presumptuous! There has never been a woman who dares to be so rude to their young master! The young lady won't be thrown out of the car directly by the young master, right? Emily Gale squinted her eyes and stared at the man's handsome face. His breathing was short and difficult, "I'm hot..."

Hunter Jackson was still cold, with his long fingers resting on her chin, five fingers tight, and her small face Lifted it up.

"Who gave you the medicine?" Today is the day of their engagement.

Although he has no feeling for this fiancée at all, medicine is provoking his majesty! He squinted his eyes, and a dangerous breath flickered across his eyes: "Is it the two men just now?" Why did Emily Gale have the intention to answer his question? After breaking away from his grip, she suddenly hooked his neck and *kssed it hard... Aspen Li's hand shook again, and the steering wheel almost missed again. Master, is this... was forced to kss?* "Emily Gale, do you know what you are doing?" Hunter Jackson pushed her away again, and finally a trace of cracks appeared on the face that had become frozen. How dare to k\*ss him forcefully! This woman is so courageous! "Dare you...you!" His voice suddenly disappeared under her thin lips, and the two soft lips pressed down, biting his lips.

The unstructured k\*ss technique, with a jerky taste, did not expect that there was a hint of unexpected sweetness. Hunter Jackson's master grasped her shoulders, and was supposed to push her out, but the taste of this girl was unexpectedly good. However, Hunter Jackson soon discovered that the girl in his arms was a time bomb.

Accidentally, even the trousers and belts were untied by her. Emily Gale's hand was once again held by Hunter Jackson. This time, his voice was a little hoarse: "If you dare to move, I will do you!" "I want to..."

The girl is not at all restful, One hand was clasped by him, and the other hand came in from his neckline, and his slender fingertips ran across his hot chest muscles.

The shirt was completely untied by her, and the s\*xxy chest with tangled muscles was suddenly exposed to Emily Gale's sight.

The girl ridden by medicine has completely lost her senses and bit him on his chest! Hunter Jackson took a breath.

The man who could not change his face before anybody was a little bit frustrated at this time: "Find a place to stop!" Aspen Li was in a cold sweat and was in a hurry. He didn't have time to find a suitable place. I heard the young lady's crying voice: "I can't solve it! Bastard, I can't solve it!" I accidentally glanced through the rearview mirror and saw Emily Gale pulling Hunter Jackson's diamonds.

The belt was losing her temper: "a\*\*hole! Untie it!" She was really completely controlled by the power of the medicine. Her body was hot and her blush was almost bleeding. Hunter Jackson looked in his eyes, cold heart. , Actually raised a trace of pity. He dropped his big palm and pressed her little hand, with a heavy breath: "Be good, don't move."

His gaze swept forward, but it was terrifyingly cold: "You don't want your eyes?" Although the voice was faint, Aspen Li was so nervous that his shirt was soaked: "No, I want to... want, I want to..."

The young lady's hands were still messing around with the young master. To Aspen Li's surprise, the young master who had always resisted women, It turned out to be... emotional! If you don't escape from the car, your own big light bulb will be burnt and burst at any time!

## Chapter 5

Woman, you asked for it. Finally, the car stopped at the beach, and Aspen Li immediately fled out and locked the car door with a click. He disappeared instantly at the fastest speed in his life. In the carriage, the men's clothes were stripped in a mess, not only the shirt was pulled apart, but the zippers of the pants were also pulled down.

The face of the abstinence system still maintained a cold breath, but the big beads of sweat slipped along his forehead and cheeks, making him look like an indescribable s\*xy bewilderment! His sweaty palms clasped her messy little hands tightly, and his voice was hoarse: "Emily Gale, do you know what you are doing now?" "I..."

Emily Gale shook his head, knowing nothing. Know...

"I want you..."

Hunter Jackson's eyes narrowed: "Do you know who I am?" He didn't expect that one day he would be driven out of control by a little girl! But he wanted her to know clearly who the man holding him was now! Emily Gale panted, her blurred eyes falling on his face. Who is he? He...

"You are... Hunter Jackson."

"Very good!" Hunter Jackson finally let go of her, raised his slender fingers, and elegantly tore off his shirt in her misty sight. This was the first time he took the initiative to undress in front of her, whether it was a past life or this life! The shirt was tossed aside by him. This generous chest, with strong muscles, clear texture, and sweat drops along the texture, is so s\*xy that women are crazy. Emily Gale was almost dumbfounded.

She knew Hunter Jackson was attractive for a long time, but she didn't expect that Hunter Jackson who took off his clothes was not only attractive, it was magical at all! When the woman saw it, she couldn't wait to pounce on him

and swallow him! There is always a little beast in his body yelling: Pounce, press him! Bite him! Swallow him! However, his eyes were terrifying... In his calm and indifferent eyes, the forbearance and calmness faded away, replaced by a terrifying, bloodthirsty light. This is the real Hunter Jackson! Indifference and preciousness are just his disguise, what really flows in his bones is the bloody nature of a wolf! Emily Gale was taken aback by the fierceness that he was about to nibble on the prey in his eyes, and the heat in his whole body was half wiped out by his eyes.

She couldn't help but shudder, and subconsciously stepped back: "I..."

"Why? Didn't you think so much?" Hunter Jackson's palm fell on her back and pulled her back. When the two bodies collided, Emily Gale whispered, pressing his hands on his chest subconsciously.

It started with a hot breath, and his body was even hotter than her! "I, I don't want it anymore."

The man in front of him was dangerous, terrifying, and he was clearly the one who couldn't escape once he got involved! God, he is Hunter Jackson! What happened to her just now? Did you take the initiative to mess with him? The body was still very hot, but the consciousness was very cold, and he was frightened. Back in his previous life, Emily Gale's body couldn't help trembling. This man is definitely not something she can provoke! Why not run away? "Start my fire, and say no now?" The dangerous aura in the man's eyes intensified for an instant, and his long fingers fell on her chin, raising her small face.

"Little thing, want to play me? Huh?" "I, I'm not..."

The body was still very hot, and Emily Gale twisted uncomfortably, trying to push him away, but was helpless.

"I was wrong, Hunter Jackson, I... uh... let go..."

Obviously panicked and wanted to escape, but being pressed by his heavy body, she was so comfortable that she couldn't help but murmur.

"Dubious little guy."

Hunter Jackson's eyes sank, and suddenly tore, the dress on Emily Gale was instantly torn in half! His breath fell on her face, the original coldness, instantly became extremely hot! "Woman, you asked for it!"
