

Love Through Time and Space

Chapter 11

does not even look at Hunter Jackson is really here! Emily Gale didn't expect that the mitigation plan he had pulled at random would come true. However, after two o'clock in the morning, what did he come over at this time? Hearing that it was Young Master Jackson who came, everyone in the Gale family suddenly became nervous. McGraw Gale and Siniya Ye went out to greet them immediately.

After Kylene Gale arranged her appearance, she also hurried out. Only Emily Gale, who was unspeakable in her heart, hurriedly returned to the room when everyone was out to greet her. When Hunter Jackson got out of the car, the Gale family who went out to greet them were completely terrified! I saw that he was full of moisture, his shirt and trousers were a little wrinkled, and he was obviously dry after being wet.

The short bangs looked a bit messy on the forehead, and they looked like they had been drenched in rain. How could Young Master Jackson be so embarrassed? The most important thing is that even if he looks a little embarrassed, his expensive breath still makes a woman unable to look away.

The dignity is not compromised, but because of this messy body, it adds a touch of mystery and wildness. Even the man saw it, and was shocked by the aura of his king coming. But, how could the eldest master shower like this? Also, why did you come to their house without changing your clothes after being showered? "Young Master Jackson, why don't you come over without saying hello?" Young Master Jackson didn't have any unhappy expressions, but McGraw Gale was still trembling. Isn't it because of Emily Gale's escape to marry that Young Master Jackson is making trouble for them? The more I think about it, the more I think it is possible! It was Emily Gale's dead girl! Siniya Ye didn't even dare to say anything.

She always felt that she was not qualified to speak in front of Young Master Jackson, but she kept pushing Kylena Gale to the front so that her daughter had a chance to contact Hunter Jackson. Kylena Gale was just pretending to be reserved at first. When she was pushed by her mother, she immediately showed a gentle and decent smile, and whispered: "Hello, Mr. Jackson, I am Kylena Gale, the second lady of the Gale family."

A perfect profile face appeared in front of him, but Hunter Jackson didn't even look at her! Kylena Gale was stunned for a while. Could it be that there is still a man in Beiling who has never heard of her name as the first lady? "Young Master Jackson..."

"Excuse me, is Jenni back?" Hunter Jackson looked at McGraw Gale in a calm voice, but he always gave people an unquestionable sense of majesty.

"An, Jenni, here...in the hall."

McGraw Gale panicked, thinking that something bad happened now, so Young Master Jackson really came to inquire! "Young Master Jackson, please, please sit inside."

Hunter Jackson nodded and followed him in. Aspen Li followed behind Hunter Jackson, and did not give Kylena Gale any chance to contact the young master.

The young master hates women being close to him most. In his eyes, Emily Gale is no different from those nymphs who want to be close. In the hall, there was no figure of Emily Gale at all, this dead girl dared to escape! McGraw Gale suppressed his anger, and said in a deep voice: "Let the third lady get down!" The maid immediately went upstairs, and McGraw Gale hurriedly rushed to Hunter Jackson with a smile: "Young Master Jackson, please sit down."

Hunter Jackson has always been indifferent. , Even if the pants were still wet, he didn't feel the slightest disobedience on the sofa. Seeing the legendary Young Master Jackson up close, Kylena Gale was intoxicated with the breath of

a natural king. But she took the initiative to show her good several times, and Hunter Jackson's eyes still did not fall on her, which was really hopeless.

"Young Master, the future young lady is here."

Aspen Li standing beside Hunter Jackson suddenly said. Hunter Jackson narrowed his eyes and stared at the girl coming down the spiral staircase.

All the eyes of the others fell on Emily Gale's body instantly. But the moment Kylena Gale saw her, her eyes lit up and her heart was at ease!

Chapter 12

Tonight, I'll Be With You Emily Gale only got off with makeup.

The hurried makeup is more in line with the style of ghost painting symbols, and it seems more... unsightly than the usual smoky makeup. Kylena Gale and Siniya Ye's taut hearts suddenly relaxed. McGraw Gale was dumbfounded, and Huo Di stood up: "What did you...do you do this? Don't you hurry up and wash off the mess on your face?" It was so clear and beautiful just now, now, it's just an ugly monster! What kind of aesthetic is this! This daughter is really hopeless! Emily Gale walked over with a smile, seemingly unaware that his makeup was really ugly.

She smiled and said, "Dad, what do you want me to do? I am getting ready to go to bed! I am so tired tonight!" "You..."

"Since you are tired, let's not talk about things tonight, and rest."

Hunter Jackson stood up. But he didn't leave, he actually walked towards Emily Gale! He was clearly indifferent, and there was no unpleasant breath between his brows, but Emily Gale could smell the danger.

She subconsciously stepped back two steps, barely squeezing out a little smile: "Then...I'm going up, first, let's get out of company."

Hunter Jackson hated her heavy makeup in her last life, but in order to please him, she finally learned not to make up. Unexpectedly, after she didn't wear makeup, she unexpectedly found that everyone thought she was pretty. Now, with disgusting makeup on her face, Hunter Jackson must be very annoying, right? Hunter Jackson didn't say anything, Emily Gale turned and wanted to leave. But she just turned around when she heard the man's low voice sounded behind her: "I'll be with you."

He was with her! What do you mean? Does this mean to accompany her to rest? Emily Gale would rather have heard hallucinations, but what Hunter Jackson said to McGraw Gale completely destroyed all her hopes.

"I lost control tonight and acted rudely, which caused the engagement banquet to be cancelled. I'm sorry."

Young Master Jackson has taken all the responsibility for tonight to himself? McGraw Gale was astonished for a while.

After the astonishment, he was shocked, joyful, and expectant! What does Joseph mean, there is still room for discussion about the engagement? Kylena Gale and Siniya Ye were completely dumbfounded.

The man who was with Emily Gale tonight is really Young Master Jackson? But how is it possible? After putting on makeup, Emily Gale is so ugly, and Young Master Jackson can also chew, is there a lot of mouth? Aspen Li took over and said, "Mr. Gale, what our eldest master meant is that we hope that the engagement banquet will be held again in three days. I don't know if Mr. Gale agrees?" "Same, of course I agree!" How could such a powerful future son-in-law miss it! Only then did Hunter Jackson stared at Emily Gale's startled little face, and a strange luster flashed across his eyes.

"I made you suffer tonight. Now, I will accompany you to rest."

He walked past her and took the initiative to go upstairs: "Lead the way."

The calm words, but with a slightly imperative tone, made Emily Gale still unresponsive. When he came, his legs were already behind him and went upstairs.

She was up and down in her heart, but in front of McGraw Gale and Kylenea Gale, she didn't want to say something.

As soon as he went upstairs and entered the room, Emily Gale closed the door and stared at the man who walked to the bed to undress, and said anxiously: "Young Master Jackson, I know I'm wrong tonight, can I apologize to you?" Robbed his car, threw him at the beach, and got him in the rain! Each one seems to be a capital crime! But even if it is a capital crime, can the prisoner beg for a happy death, right? He is like this, Emily Gale doesn't understand what he means at all.

Also, is he undressing? She panicked, stepped back two steps, subconsciously holding her arms: "What are you...what are you going to do?"

Chapter 13

The man, too black, Hunter Jackson casually dropped his shirt soaked by rain. , Reached out and untied the diamond-encrusted belt around his waist.

"What the hell do you want to do?" Emily Gale accidentally saw his pectoral muscles with clear texture, and his breathing suddenly became chaotic.

She hurriedly retracted her gaze, not daring to look at his handsome appearance when he was undressing.

"Young Master, I was really wrong. I accept what you want to punish, but I know you don't really want to be engaged to me."

He doesn't have the slightest affection for her, and he doesn't know which one it is tonight.

There was something wrong with her muscles, and she really wanted her. But it is clear that all this is just an accidental mistake.

She said: "As for Mrs. Jackson, I can personally come to the door to apologize and make sure that the old lady understands that the matter has nothing to do with you."

"So?" Hunter Jackson threw the belt on his shirt, turned and looked at her: "Do you still want to divorce?" "No, I don't want to divorce."

Emily Gale understood that for a man as proud as Hunter Jackson, being retired by a woman is definitely a shame for a lifetime.

"Young Master Jackson, I just don't want to make you embarrassed, we are not suitable..."

"I think," Hunter Jackson interrupted her, and walked to the bathroom calmly: "We are very suitable, no matter how big or small it is. Rhythm."

The door of the bathroom was closed, and the sound of the shower soon came from inside. Emily Gale was stunned for three seconds before realizing what Hunter Jackson said just now. Size and rhythm... I'll make it! Is this really the noble and glamorous Young Master Jackson? Why is it completely different from the young Master Jackson in her impression? Emily Gale's small face flushed to the ground. Such erotic words came from the mouth of Young Master Jackson.

It was hard to imagine! She was a little melancholy. Shouldn't she take advantage of him to take a shower and slip away? However, outsiders don't know if there are any of them. If they can't escape and get caught back, they might end up miserably. How to do? Do you want to escape? I don't know how long he hesitated, the door of the room was knocked suddenly, and Aspen Li sent Hunter Jackson's clothes. Emily Gale cried and said with a sad face: "Aspen Li, I know that I am wrong tonight, but what exactly does your eldest master want to do?" She least likes to guess other people's thoughts,

especially, a man as difficult to see through as Hunter Jackson. Aspen Li was a little surprised at how familiar she was with herself, she had only seen it twice, but she seemed to have been together for a long time. However, he calmed down from his surprise and respectfully said: "Future young lady, our eldest master is just afraid that you will be alone and came here to accompany you."

If it wasn't for the engagement party to be cancelled by some accident, now, It's the young lady who has moved into Jackson's house. Besides, the young master and the young lady only tonight... frankly, now, is it not normal to revisit them? Although, he didn't know what he wanted to do after the angry young master came to Gale's house... What is so easy to guess in the mind of the boss? He said: "There is Madam Lao to take care of the young master, I will leave first."

"Aspen Li..."

"By the way, the young lady, the young master said, if the young lady wants to play some escape game tonight, tomorrow There will be young ladies and young masters on all major online platforms in Ling Ling... That, intimate recording!" "What did you say?" Emily Gale was startled, her fingertips suddenly chilling.

"Forgot to tell Mrs. Young Master's car that there is a fully functional dash cam.

Although it may not be able to shoot video, the quality of the recording is good."

You M head! Emily Gale almost couldn't help being rude! Is this a threat? She really planned to run away from home tonight, but the black-bellied man even counted this step! "Mrs. Young, I'll leave first. You and Young Master will rest early."

Aspen Li waved his hand, leaving a friendly “bye bye” gesture, and took the initiative to close the door for them. Emily Gale hadn’t recovered from his anger, and there was a click behind him, and the bathroom door was opened...

Chapter 14

As long as I am happy that Hunter Jackson comes out of the bathroom, there is still water dripping on his short hair. s*xy, charming, and so handsome! It’s a monster! Emily Gale seemed to hear the sound of her mouth swallowing, but she absolutely did not admit that after two lives, she still had feelings for this man. This must be an illusion! “Master Jackson, if you are angry with me for being disrespectful to you tonight, I can apologize or even accept punishment!” She reached the door, trying to calm her tone. Hunter Jackson only glanced at her indifferently, then walked to the desk and glanced around the room.

“Wine?” Emily Gale was taken aback, and suddenly remembered that this man had the habit of drinking red wine every night before going to bed.

She subconsciously wanted to open the door for the servant to deliver the wine, but her hand only touched the door of the room and immediately took it back.

“Master Jackson, sorry, there is no wine in our house!” Without wine, he would not be able to sleep. Hunter Jackson had symptoms of insomnia, and after five years of getting along, he has never been better.

“Young Master Jackson, or, I have someone to send you back to your villa?” Quickly chase this great god away, so she can think deeply about her escape plan. Hunter Jackson did not respond to this, but said: “It’s time.”

“Huh?” What do you mean? Emily Gale couldn’t react a little bit, so what? “Since you are in a hurry to move into my villa, simply tidy up and go now.”

“I, I don’t want to move into your place.”

She said that she was asked to send him back, and she didn't understand what happened. Whole? After thinking about it, Emily Gale realized that he had been tricked by this man! Whether it is here or in the villa of Young Master Jackson, she... has to stay by his side! But...

"Young Master Jackson, you actually don't like me at all, why bother..."

"I didn't say I like you."

Hunter Jackson sat down by the bed. Emily Gale felt resentful.

Although this is true, do you want to hurt people like this? Don't speak nicely!
"In that case, why would the young master be engaged to me? As I said, I can go to Mrs. Jackson..."

"Are you trying to catch up?" Hunter Jackson raised his eyebrows, his patience was almost over.

"Emily Gale, run away after taking advantage of it, deliberately alienate, even threatened to cancel the engagement, which is your way to attract me?"
Although they don't have many chances to meet each other, when they meet, this woman is not like a bee. Like sugar, do everything possible to get close to him? But since tonight, she has become different. Not only did he become more courageous, but his eyes didn't even keep moving around him. Even at this moment, the resistance to him did not seem to be fake. When did acting become so good? "Yes!" Emily Gale smiled and nodded again and again:
"Young Master Jackson, everything I do is to get close to you, isn't it because Young Master doesn't like me like this?" How could she forget that this man likes me in his previous life? The woman who took the initiative to post! Is he coming here to find her tonight, just because his self-esteem has been hurt? Abandoned by a woman for the first time? Hunter Jackson looked at her, Emily Gale's smile on the corners of her lips became more and more rigid, and in front of him, he always felt that his mind could be easily seen through. He suddenly stood up, Emily Gale hurriedly backed away from fright, banged his back against the door.

"Young Master Jackson, what are you going to do?" Looking at the man who walked up to her, her breathing was messy and rapid, her heartbeat and blood speeding up.

There is no doubt that his breath can always make women crazy easily, no matter how hard he forces himself to calm down, there is no way to really calm down. Suddenly his jaw tightened, and Hunter Jackson lifted his face.

She frowned: "Young Master Jackson..."

"The engagement means grandma. Three days later, as you wish, there will be an engagement banquet."

Hunter Jackson's fingers tightened, and Emily Gale frowned immediately, pained. ! "But, it's best to remember that I am happy about Joseph. You can be the envy of everyone in Beiling. If I am not happy, you will not live as well as an ant."

Chapter 15

The cold tone and harsh eyes made Emily Gale's breathing stagnate, and it took a long time for Emily Gale to relax. Hunter Jackson left, carrying him with an atmosphere that was so expensive and worthy of admiration. Emily Gale also finally understood that Young Master Jackson was here to give her offense. He wants to tell her that as long as he is happy, no one can bully her, not even the people who care for the family! But if he is not happy and wants to pinch her to death, it is no different from pinching an ant. He just wants her to know that he is the one who rules her life! After all, she was still mad at her to abandon him in the wilderness after using him to remove the medicine! Do you want to be so stingy, this bastard? Why didn't he know in his previous life, that Young Master Jackson was so small! ... Emily Gale could not sleep that night, and never thought of a way to delay or even cancel the engagement banquet.

After washing after dawn, even Emily Gale couldn't help sighing when he saw himself in the mirror. White, clear, delicate and flawless! She gave birth to a unique face! Even in the last life, after seeing his true face, he was so calm and lonely as Young Master Jackson, he couldn't help being amazed. In this life, Hunter Jackson has not seen her true face, at least for now, he completely hates her. Taking a towel to wipe off the drops of water on her face, Emily Gale went out from the bathroom. Unexpectedly, she saw Kylena Gale sitting on a chair. Seeing Emily Gale's face, Kylena Gale squeezed her palms. This b*tch really planned to use this face to lure the young master! Fortunately, Young Master Jackson had abandoned her and left.

"What are you doing?" When Emily Gale faced her, she didn't look good. In the last life, she not only killed Ross, but also found someone to kill her! Emily Gale only suspected that Kylena Gale alone did not have such a great ability. Who is there behind her? Kylena Gale smiled, and said softly: "Jenni, my sister made lotus soup with her own hands and brought it to you."

All the hatred and disgust were suppressed by Kylena Gale, and she is now in front of Emily Gale. , Just a gentle and kind second sister.

"Last night, my elder sister also listened to other people's slander, thinking that you were really fooling around with a stubborn man, so that you would be angry and talk nonchalantly. You don't blame your elder sister, do you?" In the last life, she used such gentleness. Words always deceive Emily Gale. Emily Gale was deceived by her since she was a child, and she has lived for more than 20 years without seeing through the woman's vicious mind. Unfortunately, now and then, she is no longer the third lady in the last life. Emily Gale took the bowl in her hand and leaned forward to sniff it.

"It smells good."

She picked it up and ate half a bowl in one go. Kylena Gale's eyes lit up, did this dead girl forgive her? Sure enough, he was still that idiot! Kylena Gale previously suspected that she had become smarter.

It turned out to think too much.

"Jenni, I heard that you don't want to be engaged to Young Master Jackson. Is it true?" It turned out that last night, Emily Gale came back in a car with Young Master Jackson, and Young Master Jackson will get caught in the rain because Emily Gale will He was thrown on the beach. Kylena Gale couldn't figure out what Emily Gale was thinking, but this might be a turning point.

"Yes, Young Master Jackson is too fierce, I don't want to be engaged to him now."

Emily Gale blinked and looked forward to it: "Sister, or you and Dad say, let you replace me as Young Master Jackson's fiancée. !" Kylena Gale was filled with joy, this dead girl, is it really willing? "But Jenni, you have to tell your father about this kind of thing yourself, or even tell Young Master Jackson yourself that you don't want to marry him, to count."

"Is that so?" Emily Gale put down the bowl and seemed to be thinking.

After a while, she suddenly dialed the inside line: "Please come up there, Mr. Jackson Sanshao has something to tell him."

On the inside line, a maid's voice came: "Yes, Miss Jenni."

Kylena Gale But there was an inexplicable feeling in my heart: "Jenni, you have something to tell Dad, then I will go back."

She is here, what does Dad think? "How can it work? I want to recommend you, how can you not be there?" Emily Gale took her arm, just not letting her leave.

"Jenni, I'm not suitable to stay here, you are obedient, let me go first."

This dead girl, when Dad sees her here, he will doubt that she abetted her. But Emily Gale just didn't let go.

It didn't take long for McGraw Gale to come.
