

Love Through Time and Space

Chapter 111

I heard that there is news about a big beauty Joseph, but it is not so easy to inquire.

Kylena Gale guessed that Young Master Jackson must have sent someone to look for it at first.

Two days later, she didn't know if his people were still looking for.

Even, she was a little scared, did Young Master Jackson have found the person back?

It is difficult for Young Master Jackson's villa to insert his own eye, so this news can only be inquired from Daniel Jackson, who is also from Jackson's family.

Daniel Jackson lit a cigarette and took a bit annoyingly: "I didn't find it."

I really didn't find it!

In other words, that b*tch is dead!

Just ask, who can stay in the sea for two days and two nights and come back alive?

Oh, Ye Fangfang finally did something right this time!

Kylena Gale breathed a sigh of relief, but didn't want to. When Daniel Jackson raised her eyes, she just saw her relieved expression.

His face sank suddenly: "She is your sister, she didn't find it, so you were so happy?" "I..."

Kylena Gale looked at him, a little surprised.

Doesn't this guy hate Emily Gale?

Why is something wrong with Emily Gale, he seems to be very upset?

Maybe even Daniel Jackson doesn't know what his mood is now, he really hates Emily Gale's ugly woman.

He even wanted to see Emily Gale unlucky, and he liked to see her oppressed and suffering.

I don't know why, but now I heard that Emily Gale might be really dead, but he couldn't be happy anyhow.

I always think of the girl I saw in the rain that night, and at the same time I think of Emily Gale's back.

Although they knew that they were not the same person, their backs were too similar.

He had been looking for the girl later on, but rummaged through the entire Gale family and couldn't find it.

Regret, disgust... Disgust, regret... In my mind, how did Emily Gale's ugly face and the back of the fairy girl always overlap?

It was Emily Gale who was obviously dead, so why did it seem like she had lost a fairy girl?

Even now that Kylena Gale is so beautiful that she is full of schadenfreude, it feels dazzling?

"I'm not happy."

Kylena Gale bit her lip, facing him with her perfect side face.

She bowed her head and looked pitiful: "I just think that there is no news.

It is better than... better than bad news."

She looked out the car window and sighed, "It has been two days, and I have been looking for two days. , I didn't stop the meeting until tonight."

"Sorry, I thought..."

Daniel Jackson wanted to apologize, but still felt very upset, knowing that he had misunderstood her.

The whole person is very irritable, so this apology has become absent.

"Forget it, I'll send you back."

"But we just came out, I..."

"You have been looking for two days? You should be tired, I'll send you back rest.

Daniel Jackson stepped on the gas pedal, and the car galloped up on the road, and soon stopped at the gate of Gale's house. When Kylena Gale got out of the car, he didn't have a word to keep him. Even, she just got off.

The car, the two of them had not had time to say goodbye, he had already stepped on the gas pedal hard, and the car quickly disappeared from her sight. Seeing the direction of the car's departure, Kylena Gale tightened her palms hard, and under her eyes, a stray bird swept past her. I feel that Daniel Jackson has a different feeling for Emily Gale? He clearly cares so much! But didn't he always hate Emily Gale, did he even almost ruin her last time at Gale's house? Also, how does he treat her more now? Has it become colder?

Although the two had a bit of a misunderstanding at the engagement banquet of Mr. Jackson last time, Daniel Jackson deliberately used other girls to piss her off. But then, they have reconciled, even better than before.

It's even better. Kylena Gale wanted to see Jackson Er Shao, but what Jackson Er Shao said was her spare tire. Even if Jackson Er Shao was not as powerful as Jackson Er Shao, she could not get Hunter Jackson before Daniel Jackson Can also help her with many things. But now, Daniel Jackson cares about Emily Gale? No, that ugly girl, why compare with her? Is Daniel Jackson blind? For an ugly girl, he condemned her for not being kind enough! Sister? Bah! She can't wait for this so-called younger sister to be buried in the bottom of the sea! She just doesn't understand what Daniel Jackson means? Isn't it enough to have her? Or is she hanging him so that he can eat Before that, he will start to be a little dull? Men are all bad things, and it seems that they can't hang on for too long. When necessary, he still has to give him a little sweetness to make him more desperate. Daniel Muzhen I don't know what's going on in the past two days.

It seems that since Emily Gale's accident, he has become a little strange. Even Kylena Gale took the initiative to ask him out tonight, clearly wanting to suggest something, which he dreamed of. I want her body, maybe I can get it tonight. But when she got in the car, looking at her perfectly unreal face, she felt dull. He must have been lowered by Emily Gale's ugly monster. Otherwise, why don't you leave the beautiful and charming Kylena Gale, thinking about that ugly face all night? Simply sick! With a squeak, Daniel Jackson parked the car on the side of the road and dialed it.

A certain number: "Find me a show, it won't kill you!"

The other party smiled and didn't seem to be frightened by his "deadly" words at all.

"Jackson Er Shao, can you still find the show?"

Haven't you been with the first lady in Beiling recently?

It has spread all over the world, and everyone is envious of you to death!

"This is why Daniel Jackson is so obsessed with Gale

Another reason for Kylena.

Who doesn't want to get Kylena Gale from those elder brothers in the circle?

She is recognized as the number one beauty in Beiling.

Sometimes, when a man plays with a woman, it really doesn't have to be emotional.

It's fun, and it can make people envy and envy after playing, that's enough.

What's more, Kylena Gale is really touching.

But tonight, even if Kylena Gale was naked and lying on the bed, he didn't have fun.

In short, tonight is not thinking.

"Have you?" Daniel Jackson looked very impatient, wondering how many cigarettes he had smoked.

The other party finally straightened his face and said: "The auction of Paradise Island tonight is a bit interesting.

It is said that there will be a stunning beauty."

"What's so fun about women?" He doesn't even want Kylena Gale tonight. Could it be that? Is there a woman more prettier than Kylena Gale?

"Oh! Second Young Master Jackson, are you changing your sex? You don't like women. Now, you like men?" The other party laughed.

Daniel Jackson's face sank: "Don't mess with me."

"Okay, it's said to be really beautiful, even more beautiful than Kylena Gale. Now the fire is over, waiting for the auction."

The other party narrowed his smile and seriously said: "I heard that the Nangong family and Lu family have also gone, are you really not going?" The four major families of Beiling, the Jackson family is currently the first in power, and then the Jiang family, Nangong family and Lu family.

Daniel Jackson is not as good as Hunter Jackson, but he has a very high status among the young talents of major families.

These sons and buddies usually have nothing to do, and in private they like to fight openly.

Now that those guys are also going... Daniel Jackson snorted and asked, "Where is the auction place tonight?"

Chapter 112

Tonight, she must be his. This is the second day Emily Gale woke up.

After falling into the sea, she thought she would definitely die.

Miracles cannot appear again and again.

But it turns out that sometimes, miracles really come again and again, so many times you can't believe it.

She is not dead, she is alive again.

But, where is this place?

She was lying on the bed with no strength on her body, but her consciousness was clear.

She was drugged.

She didn't know what it was, but her limbs were weak, and it was difficult to even lift her finger.

During this period, two masked women came in and gave her porridge for her.

Later, tonight, they actually came in and helped her to take a bath in the bathroom, and then put on a set of skirts that made her blushing and heartbeat.

An almost transparent dress, if it hadn't had a layer inside, it would run out.

"What are you doing? Illegal... imprisoned, I can sue you..."

"Oh, do you know who we are? Sue us?" The two women seemed to have heard some funny joke, and they stopped laughing a bit. Not down.

"Forget it, this girl is probably just a child of ordinary people, I am afraid that even the name of Paradise Island will not have the chance to hear."

Paradise Island!

Emily Gale knows!

Of course she knows!

It was in the previous life. When I was with Young Master Jackson, I heard Aspen Li mention it.

She was almost assassinated because she had offended the boss behind Paradise Island in her previous life.

She still has fresh memories!

Paradise Island, that is a very scary existence.

They raise countless people, everyone looks no different from ordinary people, but many of them are killers.

Paradise Island's auctions are very famous, and only the elder brothers among the wealthy aristocrats are eligible to participate in the auction.

Their auction locations also change from time to time, so it is difficult to catch them!

The most important thing is that the boss behind them is not just a businessman.

It is rumored that he has connections with many dark forces around the world.

In short, provoke him, and provoke death is no different.

Young Master Jackson is indeed very powerful in the Beiling, but standing in the bright spot, he is an upright businessman.

If you offend someone like the owner of Paradise Island, it will be really dangerous.

But why did she come to such a place?

"It seems that this girl has heard the name of Paradise Island."

One of the women laughed.

Another person squeezed Emily Gale's chin, tilted his head and looked at it: "But I've been in the Beiling celebrity circle for so many years, why haven't I

seen such a beautiful young lady?" This face was turned into the first lady of Beiling, Kylena Gale Still beautiful!

"Forget it, whatever her origin, anyway, after tonight, she will be just a plaything."

"Heh, too!" "What are you trying to do?" Emily Gale wanted to

Get up in bed.

But she didn't have any strength at all, and it was difficult to even move.

"Tonight is the auction. What do you think we want to do?" "Forget it, don't talk to her.

The auction will start in the next time. Let's get ready for it."

The two left Emily Gale. Turned around and left.

The door was closed, Emily Gale took a deep breath, and then raised his hand with difficulty.

However, there was still no strength at all, and it was too difficult to prop up his body.

These people actually wanted to treat her as an object and be auctioned by those rich people, it was too much!

Now how to do?

Never leave again, tonight, she really wants to be the plaything of those rich men.

Emily Gale took another deep breath and finally propped up his upper body, but he could barely prop up a little bit.

However, his physical strength seemed to be recovering little by little, and his fingers gradually gained some strength.

I don't know how long the door was suddenly opened. In addition to the two masked women, there were two men who came in this time.

"Take it away," the woman ordered.

The two men didn't hum, came over to hold Emily Gale, and pushed directly out the door.

... Daniel Jackson still feels bored.

Every auction on Paradise Island is a genuine product that is hard to see on the market, mostly antiques.

There are also some very good antiques tonight, but he has something in his heart, and he can't concentrate on competing.

A careless, good thing was taken away by the Nangong family and Lu family.

So, the more I shoot, the more boring I get.

In the end, almost couldn't help leaving.

This is on an island. When he was on the island just now, he was absent.

Emily Gale disappeared in the sea.

The island is surrounded by sea water.

Suddenly he was dreaming that when he was about to leave, would he find that ugly monster on the sea?

Although this idea is really weird, there is no possibility.

But, just can't stop thinking.

Daniel Jackson stood up suddenly and couldn't wait to leave, to see if he would really find anything in the sea on the way back.

"Second Young Master Jackson, are you leaving?" The companion who came together was a little surprised, "I have received news that the beauty is about to appear soon."

Daniel Jackson is still very upset, what beauty?

He has no thoughts at all tonight.

"Sit down, it's not too short of a few minutes."

The companion pulled his sleeve gently: "Don't make people laugh, say that Jackson Er Shao can't afford to lose, because he was angry."

"Joke, just a little bit."

A few antiques, I'm rare?" Jackson family has nothing?

"Otherwise, why did he leave the scene angrily after not photographing those antiques?" Daniel Jackson glanced at him, it was really boring, but he didn't want to be thought that he couldn't afford to lose.

at last,

Still sat down.

Although there is no interest at all in the beauties who are about to appear, but anyway, there are only a few minutes, and I will leave after sitting.

The host wearing a mask announced: "The last auction item tonight is also our finale, angel!" Angel is the girl that all men yearn for, a girl like an angel, how pitiful is it?

However, is there a girl who can be like an angel and let a man want it at a glance?

Soon, a crystal box was pushed out.

There was a girl sitting in the box.

At this moment, she was widening her eyes, looking at the black figures below the stage.

There were no lights in the audience, and she couldn't see clearly alone.

However, the people in the audience saw her clearly.

The girl fell into the crystal box, holding on to the crystal wall of the box, powerless, helpless, and innocent!

Those big eyes were filled with despair and sadness, and the beautiful little face showed an abnormal blush.

She is like an angel who stumbled and fell into the world, yes!

She is a man's angel!

Daniel Jackson was smoking a cigarette. He just glanced at it casually, but didn't want to. This glance shocked him so much that he didn't even notice the cigarette falling from his fingers.

Although other people were shocked, it was just a surprise.

Because, no one thought that there would be a girl even more beautiful by Kylene Gale in Beijing.

But Daniel Jackson's shock was really shocking, unparalleled!

Shocked beyond belief!

It's his fairy girl!

No, it's his angel!

He searched the entire Gale's family, but he couldn't find the fairy maid!

It turned out that she had left Gale's house long ago, no wonder he couldn't find it!

It's really nowhere to find a place to break through the horizon, and it's all effortless!

Tonight, the angel must be his!

Chapter 113

It's because I want to see you with the host's so many years of experience in hosting auctions, and when I heard the reaction from the audience, I knew that this angel would surely be able to sell at a good price tonight.

He smiled and said, "The angel's starting price is ten million! Every time you bid, one million."

There is no sound of discussion. Tonight are rich people, ten million. For them, as long as it is Good heart, really nothing.

But for Emily Gale, it was a disaster.

Ten million, who can afford this price, is definitely not an ordinary rich person.

Falling into the hands of these people, it is almost impossible to escape.

How to do?

"Eleven million!" Someone immediately asked the price.

Emily Gale still couldn't see who was asking the price.

The venue is set up in this way to protect buyers from divulging their information.

Everyone has a number plate in hand, and as long as you hold the card, you can represent your identity.

"Twelve million! Are there any further bids?" The host looked very excited, and when he saw someone holding a placard, he immediately announced loudly: "13 million! Are there any more? Fourteen million! One! Fifteen million!" Emily Gale leaned against the crystal wall, looking weakly at the shining number plate in the venue.

Every time someone raises the price, that person will immediately raise a placard, as if he is announcing to everyone that he will order her tonight!

She didn't know who that person was, but she knew that if he could hold a card, he must be able to afford the price.

"Eighteen million, nineteen million, one thousand..."

"50 million!" The audience fell silent for a moment.

Fifty million!

A woman is worth fifty million!

Everyone looked at the place where the placard was raised, and couldn't see the person's face, but some of them were close, already knowing who it was.

Fifty million, this lunatic!

"50 million, the first time."

This price obviously exceeded the host's expectations.

He continued: "50 million, is there anyone asking for a price? 50 million for the second time!" Everyone's eyes fell on Emily Gale's face again.

The water was so clear and beautiful indeed.

But is it really worth 50 million?

This kind of girl can only play for a few days, after all, the origin is unknown.

After playing, you have to throw it away to save trouble.

Of course, if she is willing to stay by her side, it is also possible.

However, a girl who doesn't know how long she can play, fifty million... But when everyone was still hesitating, the host's hammer was already knocked down: "50 million, a deal!" Emily Gale closed her eyes, still in Waiting for the strength to come back.

However, her limp fingers told her that she wanted to fully recover her physical strength. Tonight, I'm afraid there is no chance.

I don't know who photographed her for a price of 50 million.

After that, Emily Gale was taken away, sent to a room, and put on the bed

.

The light in the room was very dim, and the orange sheen was extremely intense.

Not long after she was sent in, the door of the room was suddenly opened.

It was obvious that someone had walked in, but from her perspective, she couldn't see that person at all.

The man walked aside, picked up the red wine that the staff had prepared long ago, and drank it all at once.

He was excited, really excited, so excited that it was beyond compare!

People who have never experienced this kind of lost and regained feeling will never experience it.

Finally, he put down the cup and walked towards the big bed.

Emily Gale was really nervous. When those people put her down just now, they asked her to face the French window.

Now, the man walked behind her and stood by the bed staring at her.

She could even feel the heat of his eyes, and it fell on her body fiercely, as if even her skirt was about to be burned.

Her skirt is so transparent that you can see the inner layer at a glance.

Only the thin layer of fabric on the inner layer can barely block her body.

Suddenly, the man's hand fell on her calf.

Emily Gale trembled with fright and tried to retract her calf, but she was really weak and weak.

"No..."

Finally, the man gently pulled her, Emily Gale's body flipped over, and the two people's eyes met.

"It's you..."

Her breathing stopped for a while.

Daniel Jackson, how could it be him?

This bastard, knowing she is his elder brother's fiancée, dare to photograph her!

"Little angel, do you remember me?" Daniel Jackson was excited, grabbed her little foot, put it to his lips and k*ssed hard.

"I didn't expect that I would see it here! You said, is it destined?" Emily Gale's breathing was chaotic, but his thinking became clear.

This guy doesn't even know who she is?

What he was worried about was the self who was washed away by the heavy rain in the rain.

He didn't know her identity... Emily Gale only felt her scalp numb when he was k*ssed on the instep.

She bit her lip, and when Daniel Jackson approached her, she trembled and whispered: "Don't be like this..."

"How do you like it?" possible.

God has mercy, and the girl who has been looking for so long took the initiative to deliver it to her hands. Now, how can she not eat it?

The key is whether to dismantle the bones bit by bit, or swallow them in one bite!

The thought of the girl under him was the angel he dreamed of, his muscles were tightening with excitement, and his body was sweating with excitement.

"I will be gentle, don't be afraid, I will definitely be gentle."

Daniel Jackson took her hand to her lips, and after a *kiss*, *she* *kissed* her wrist and arm little by little.

Emily Gale got goose bumps for a moment

He stood up, trying to withdraw his hand, but couldn't do anything.

"Don't be like this, we...we are not familiar yet."

Emily Gale frowned, trying his best to shake his palm off.

However, this little strength to Daniel Jackson is just like the feeling of a newborn baby in his hands.

There was something wrong with this girl, her face was getting redder and her body weakened, and she knew she had been given medicine.

He lowered his head and approached her, his thin lips curled up, and smiled:
"What are you afraid of? Tonight, we must be able to get acquainted."

"Jackson Er Shao..."

"You really recognize me."

He knew that this girl had seen me.

After him, he must be paid attention to.

"Tell me, why did you leave Gale's house? No, why did you show up in Gale's house?" She is not Gale's maid. He has already investigated all of Gale's maids, and she doesn't match her identity at all.

Emily Gale bit her lower lip and didn't know why.

She obviously hated him touching herself.

However, when he approached, he smelled the man's breath on his body, but his body became irritable inexplicably.

It seems... as if I want to be close to him... Damn it!

She seems to have been given another medicine!

Not only is there no strength, but the body... is getting hotter!

Although the body's reaction is not under her own control, her head is still sober.

Daniel Jackson didn't know her identity, he thought she was just a girl who had met once... Emily Gale's thinking was moving fast.

"I...I went to Gale's family because... I want to see you."

Chapter 114

He really left.

"What did you say?" Daniel Jackson couldn't believe her ears!

Is this girl going to take care of the house for him?

"I know you... are pursuing Kylena Gale, so, so I want to go to Gale's house to find you."

Emily Gale gently grasped the bed sheet, his fingers pale.

The body is hot, getting hotter and hotter, and the feeling of longing to be touched on the body is getting stronger and stronger.

It is not the first time that she has been drugged, this kind of symptom, let her know clearly what she is now.

She can't drag on, and if she drags on, she will lose herself under the power of the medicine!

"I am to Kylena Gale..."

Daniel Jackson suddenly didn't want to mention this name.

He said: "I just had a scene with her, if I had known you..."

But these words didn't seem to make much sense.

He held Emily Gale's hand again, leaned to his lips and *kssed, this time, he kssed* very hard.

"Since you like me so much, you will stay by my side in the future.

As long as you follow me, I won't go to Kylena Gale again."

Emily Gale almost couldn't help rolling his eyes. Know how hard it is.

Now, just for a girl who has seen her twice, saying that we don't want Kylena Gale?

I wonder if Kylena Gale heard this, would she vomit blood?

But now, she really doesn't have the mind to think about these things.

"Then you... take me out of here first."

"Is the environment here bad?" Daniel Jackson can't wait anymore, where can I wait to take her away?

He started to work, trying to untie the strap of her skirt.

This skirt is made to add fun.

There are no zippers or buttons on the skirt, it's all belts.

One by one, you have to untie it by hand.

Every time you untie it, the fair and delicate skin on the girl's body becomes more exposed, and the man becomes more excited when he sees it.

Emily Gale squeezed her palms hard and pinched the flesh of her palms with nails, so that she could use the little pain to keep herself awake.

She blushed and looked anxious: "Here... This is someone else's place. I... My first time..."

"The first time?" Daniel Jackson felt that God was really kind to himself, the angel in his dream.

It's still clean!

The unexpected surprise made him sweat all over his body with excitement: "I will be gentle, I will definitely be gentle!" "No, no..."

She didn't mean that!

damn it!

But he didn't listen at all!

"Jackson, Jackson Er Young Master, I...I want to be where you..., uh..."

In the end, resistance became a low groan.

The power of the medicine was breaking out, and she was almost unable to hold it.

"I, I'm going to Jackson Er Young Master...'s bed, this bed... This bed is not the Second Young Master's."

To finish such a complete sentence, to the current Jenni

Of course it is very difficult.

"My bed?" Daniel Jackson gasped in a low voice, raised his head and stared at her red and intoxicating face.

Although he didn't understand the plot of the little girl, he seemed to understand it.

Is this the legendary sense of ritual?

Because of this requirement, this girl's "first time" seemed more holy.

But...

"My bed..."

Daniel Jackson murmured, and immediately refused: "No, little angel, I can't wait."

His body sank down and pressed against her.

Emily Gale was so scared that he almost wanted to slap him, but at this time, his arm couldn't be lifted, let alone give him a slap.

This bastard is already emotional to this point!

How to do?

"Don't..."

Daniel Jackson lowered his head to *kiss her, and Emily Gale finally turned his face to avoid the kiss.*

He followed her cheek and *kissed* her all the way to her neck.

"No, no... Second Master Jackson, Second Master Jackson, I don't want... Don't be here, I'm afraid..."

Take her away, as long as you take her away, as long as you give her a little more time, she can regain her strength, she will Can escape now.

"Don't be afraid, I am here, no one will hurt you."

Daniel Jackson understood her panic when a girl was arrested for auction, but it really can't work now, he really can't wait!

"I want you!" "No...ah!" Don't do this, don't do this!

She was in a mess, exhausted all her strength, trying to push him away.

However, the strength of a man is not something she can resist, let alone her current situation.

Don't do this, don't be with Daniel Jackson!

God!

Why do you treat her like this!

She is his sister-in-law!

His sister-in-law!

Yes, she is his sister-in-law!

Emily Gale opened his eyes wide and whispered: "Daniel Jackson, I am...I am Gale..."

With a bang, the door of the room was kicked open.

Daniel Jackson was taken aback, turning around, only to see a tall black shadow passing by.

When he could see clearly, the man had already come to him, picked up his collar.

The speed is too fast for people to react at all.

What's more, just now, I was so emotional that I couldn't hold back, and my mind was all on that matter. How could I react in the first place?

At this time, Daniel Jackson clenched his fists, and just woke up, he immediately swung a punch at the man.

But at the moment he punched him, he saw clearly who was lifting him up.

He squeezed his fist hard, and stopped abruptly. He glared at the man standing by the bed and struck hard.

"Hunter Jackson, what are you doing?" Daniel Jackson clenched his fist tightly, but he dared not send it out anyway.

He hates Hunter Jackson very much, but he has been in awe of Hunter Jackson since childhood.

Hunter Jackson's Note

The power of mind was not on him at all, he stared at the girl on the bed, just glanced at it, and then turned his head.

"Sorry, you continue."

He turned and left!

It's really like this, leaving!

Emily Gale was so startled that she almost couldn't react!

Young Master Jackson is like a God of War descending from the sky, trying to rescue her from the hands of the devil.

The picture she was waiting for was that Major Jackson lifted herself up and left the room handsomely.

However, he didn't expect that Young Master Jackson was here, but after a glance at her, he turned to leave.

He really wants to go!

Emily Gale finally remembered and wanted to stop him.

Whether he wants to save himself or not, at least, she is also his nominal fiancée, and he can't die.

If Hunter Jackson really left like this, her innocence would be destroyed in Daniel Jackson's hands!

"Jackson... um..."

Originally wanted to call for help, but under the action of the medicine, all the outlets were moaning that made the man's blood flow.

Hearing the girl's distinct voice bewitching the man, Hunter Jackson did not have any affection, and walked quickly toward the door.

He is here indeed for Emily Gale.

I received news that there will be a girl on Paradise Island tonight, and this one is near the sea where Emily Gale had an accident.

Originally did not hold any hope, after all, with Emily Gale's appearance, under normal circumstances...cough, it should be impossible to go to the Paradise Island auction platform.

However, he still came.

Two days and two nights, there is no news of Emily Gale at all. What if someone is really on the island?

So he came, but when he saw the girl on the bed, he left disappointed.

Emily Gale just watched Hunter Jackson leave, until she walked out of her sight, her heart was completely desperate.

There is no disguise on her face now, Young Master Jackson... can't recognize her.

I wanted to call, but my voice was stuck in my throat, and I couldn't say a word.

Young Master Jackson, really didn't recognize her, he really left...

Chapter 115

Why can't I recognize me? Emily Gale knows that his current face is indeed very different from the usual freckled face.

However, Hunter Jackson did not recognize her. To be honest, she was a little disappointed.

But now, Master Jackson is gone, this is not just a question of disappointment.

Now it really became desperate!

Daniel Jackson didn't know what the bastard Hunter Jackson was going to do.

Swearing a neurotic, he looked down at the girl on the bed again.

The good thing was interrupted, and the impulse just now was finally calmed down: "Do you want to go back with me?" Emily Gale's eyes lit up and her mouth opened: "Um..."

Daniel Jackson was calm, in her low groan, Was instantly destroyed by fire.

"No, you little thing is too attractive, I can't wait."

Emily Gale almost vomited blood by herself, she didn't mean it, really not deliberate.

However, the body is very hot, the head is also very hot, and the whole person is very hot.

The power of the medicine interrupted by Hunter Jackson quickly reappeared, and she grabbed her clothes.

Reason told herself to protect this skirt, but the action she made was to tear the skirt off... Daniel Jackson could not bear it anymore. Seeing this girl's behavior, she was forcibly suppressed.

The flames rose even more.

Can't wait, can't wait, big deal, turn around and take her back, it hurts.

"Small things..."

But just as he was about to pounce on, a tall black figure once again flashed past his sight!

It's this shadow again!

This suffocating chill again!

"Hunter Jackson, you..."

Emily Gale was dizzy and felt his body lightened, and the whole person was picked up.

Daniel Jackson is completely irritable!

"Hunter Jackson, this is the auction site of Paradise Island, I photographed this girl!" "You don't know who she is?" Hunter Jackson squinted his eyes, and his stern eyes fell on Daniel Jackson.

Daniel Jackson was frozen by this gaze, and a chill passed by, but this girl...is it also related to Hunter Jackson?

Hunter Jackson's gaze fell on Emily Gale's face again.

Pure, fair, delicate and delicate!

No trace of flaws!

It's not surprising that Daniel Jackson didn't recognize it, because he almost missed it just now.

He almost missed it!

This girl, how many things are still hiding from her?

He picked Emily Gale horizontally, and Hunter Jackson turned and left.

Daniel Jackson jumped off the bed and said angrily: "I'm really gold and silver to photograph her, you are breaking the rules of Paradise Island!" Hunter Jackson did not speak, and did not stop for a moment.

Daniel Jackson was so angry that he was so angry that he would offend the people of Paradise Island by taking people away.

They will not let you break the rules!" Hunter Jackson's influence in the mall is indeed

It's really big, but no matter how powerful it is, it's just a businessman.

A businessman who has offended the forces of darkness will only end up...death!

"You..."

Emily Gale grabbed Hunter Jackson's lapels, the memories of her last life made her cold.

Paradise Island, really can't offend, but now, she is already bought by Daniel Jackson.

According to the rules of Paradise Island, Hunter Jackson is indeed breaking their rules.

Even if he spends more money, I'm afraid he won't be able to calm the anger of the owner of Paradise Island.

"Young Master Jackson..."

"Do you think I would care?" Hunter Jackson snorted coldly, taking his long legs and really leaving.

Emily Gale bit her lip, knowing that if he walked out holding himself in this way, he would definitely be harmed in the future.

However, what Joseph said just now warmed her heart in an instant.

It was warm and sweet, and it was so touched that she wanted to accept her body...

"Hmm..."

She twisted her small body, not wanting to accept her body, but really wanted to.

Her body is very hot, she is about to explode!

"Master!" Seeing the young master holding a girl out and looking at his figure, Aspen Li was still ecstatic.

But when he came closer, it was not the young lady!

What's the matter, didn't the eldest master come to see the young lady?

"There are not enough people to bring tonight, let's go!" Hunter Jackson stepped onto the speedboat from the beach.

Aspen Li knew that this girl must be the beauty of the Paradise Island auction tonight.

Although I don't know why the young master took the girl away, the young master has already offended the person of Paradise Island by doing so.

He immediately jumped on the speedboat and said in a deep voice, "Go!" Tonight, he received news that a girl on Paradise Island was going to be auctioned, and they came temporarily.

Although Aspen Li notified the brothers when he came, let them come, but for a while, there were not too many people.

If you don't leave at this time, if you disturb the bodyguards on Paradise Island, it would be troublesome to want to leave.

However, it is not difficult to go.

After all, the main force of Paradise Island is not here.

After all... Aspen Li was really worried.

Good thing, what did the young master offend Paradise Island to save an inexplicable girl?

In the past, the river and the paradise island had always been in good condition.

Aspen Li admits that this girl is beautiful, but is Young Master the one who is pleased?

What kind of beauties have you never seen before?

worthwhile?

Without understanding, Aspen Li immediately started the speedboat and left the nameless island as quickly as possible.

"Hunter Jackson, why... can't you recognize me?" The girl's voice was very soft, and as soon as she exited, she was completely blown away by the sea breeze.

But magically, Hunter Jackson could hear every word clearly.

This girl is still struggling with this matter.

He picked her up and pressed his thin lips against her

In the ear, whispered softly: "Do you wish I could recognize you?" "You..."

Hope?

She didn't know, only knew that he didn't recognize herself, at that moment, she was so desperate.

But now, my body... so hot!

Even the desperate thoughts are gone.

"Hunter Jackson..."

She muttered, subconsciously lifting her body, trying to fit his body tightly.

He obviously felt very cold just now, but after being picked up by him, his head started to become dizzy again.

Hunter Jackson's thin coat was draped over her body, blocking her skirt that was almost indistinguishable from what was not worn, and her petite but very predictable body was also tightly blocked.

But after a moment of silence, the girl began to twist in his arms again.

“Move again, I want you soon.”

He warned.

Who knows, the girl in her arms was not threatened at all, and she even took the initiative to reach out and hook his neck.

She was really uncomfortable, and there was no way to suppress it.

If she must be close, then she would rather be close to Hunter Jackson than to be touched by people like Daniel Jackson.

Breathing is messy, and body temperature is still rising.

Emily Gale raised his head. He didn't expect that he was so close to him. He could k*ss his chin when he raised his head.

“Um...”

The impeccably perfect image of Young Master Jackson, who has always been cold and noble in front of outsiders, actually has scum.

However, the hard scum on her face was... so s*xy.

Emily Gale sighed slightly, his vision blurred, but the face in his mind became clearer and clearer.

In a daze, I don't know if all this is true or not.

All I know is that by this man's side, it feels really good and safe.

She closed her eyes, exhausted the last little effort, and drew him towards herself: “Joseph, want me.”

Chapter 116

Is it all for her?

Emily Gale didn't know what kind of place it was.

All I know is that the man holding her is handsome. In the world, no man can be more handsome than him.

His figure is tall and tall, his shoulders are broad and strong, and his chest is full of muscles.

There is also his arm, the texture line is clear, you can see that it is full of power at a glance.

He held her in such a nice voice, as if he could make people pregnant at any time.

"Do you think I care?" Hmm... it sounds really good, so I feel safe.

He looked down at her, those eyes were deeper and more beautiful than the stars in the sky.

This man is the most charming and attractive man she has ever met in her life.

I thought that after a lifetime, the two people would no longer have an intersection, but the intersection between them is getting deeper and deeper.

She stretched out her hand and gently stroked his handsome face.

In the dream, the man's face was sweaty, unspeakably s*xy, and bewitching.

He originally held her, but he didn't know when he started to press on her.

But Emily Gale didn't want to resist at all, she even wanted to stick to him, and wanted to hug him tightly.

Since it's just a dream, then I will say and do all the things that I dare not to do, what I dare not say!

She took the initiative to search for his lips.

The man seemed to be completely conquered by her two thin soft lips.

Bowing her head, she locked her breath in her own mouth.

"Hmm..."

Emily Gale lifted himself, closed his eyes and enjoyed everything that he could not enjoy in reality, and enjoyed all his breath.

This moment is beautiful, as beautiful as a dream.

But how could it hurt so much?

Even more sore?

Wait, wait, wait a minute... Be lighter... Why even dreams are so real... ... I don't know how long the storm lasted, and Emily Gale didn't know how many times he was tortured in his dreams. When the wind and waves calmed down, Outside the window, sunlight came in.

She rubbed her sore eyes, obviously not sleeping enough, but couldn't help but want to open her eyes to see the world.

do you died?

No, she seemed to be rescued in the sea.

Later, at a black market auction, was he photographed by Daniel Jackson?

Now that your body is sore, is it caused by Daniel Jackson?

"a**hole..."

The voice was hoarse like sand crushed by wheels, stuck in his throat, almost unable to squeeze it out.

But the moment she opened her eyes, what caught her was the face she wanted to see.

Young Master Jackson?

Memories flooded into my brain like a flood.

She was sent to Daniel Jackson's room, and Daniel Jackson wanted to tear her clothes.

Young Master Jackson came, but because he didn't recognize her, he left.

Daniel Jackson began to tear her clothes again.

At the moment when she was so desperate that she wanted to die, Young Master Jackson miraculously went

And come back... Yes!

He left and came back!

He saved himself!

Young Master Jackson...Now that he sees that the person sleeping next to him is Hunter Jackson, he will actually let out a sigh of relief.

It can be seen how attached she is to this man.

Emily Gale's consciousness was still in a trance. He looked up and saw that he was sleeping next to him with his long eyelashes covering his eyes. In the morning, there was a fragility that made women madly pity.

Well, she actually felt that the omnipotent Young Master Jackson had a fragile side, it was amazing.

But what he looks like now is really heartbreaking.

There were obvious dark circles under his eyes, as if he hadn't slept for a long time.

Also, on his chin, there was a circle of bluish-black scum, which completely disappeared from the usual clean and tidy appearance.

It was definitely the first time I saw Young Master Jackson, who had a scumbag, whether it was in his previous life or in this life.

How rigorous and neat this man is, how could she not know?

Now the dark circles and scumbag, even if she tried to pretend to be hard-hearted, she couldn't help but feel distressed.

Has he been looking for her the past few days when she was missing?

She can expect it, is it really because of her?

But she didn't know what she was still hoping for, and she said, this life can't continue the tragedy of the previous life...

"Enough sleep?" The man suddenly raised his hand and clasped her little hand.

Hunter Jackson's voice looked very hoarse, clearly the result of indulgence last night.

From the time he returned to this room until dawn, he almost never stopped!

In the beginning, it was beautifully called to help her relieve the drug, but what happened later?

Emily Gale clearly remembered that he had already begged for mercy, but he still didn't want to let her go.

Now, what does this pair of eyes that go dark in an instant mean?

He even dared to think!

Emily Gale hurriedly struggled, trying to withdraw his hand from his palm.

After one night, the medicinal properties that made her feel weak basically disappeared.

As for why I still feel that I don't have any strength, isn't it because of this man?

She was so tired that she was fainting, how could he still look alive?

Except for dark circles and scum, what's wrong?

With such good physical strength, there is no reason for it!

"I, I didn't sleep enough."

There was no way to withdraw her hand.

She could only use her other hand to carefully pull up the quilt and wrap herself tightly.

But she forgot, she was in the arms of Young Master Jackson, she was still lying on his arm, wanting to hide, where could she hide?

Hunter Jackson rolled over slightly, his long arms tightened, and the two of them faced each other, and they immediately joined each other.

"Ah!" The unusual touch caused Emily Gale to whisper in fright, and hurriedly wanted to back away.

But his arm is trapped in her back

Above, as long as he doesn't let go, she has no room to escape at all.

"Young Master Jackson..."

Emily Gale put his hand on his chest.

Just touched it, and immediately put it back nervously.

His body temperature is very high, it is terribly high!

If it hadn't been through last night and had learned more and more about his body, Emily Gale would have thought that he might be sick and feverish.

But in fact, she now knows that this man's body temperature is like this when he is emotional!

But they have been...tossing all night, how can they still have such thoughts?

She is almost exhausted, okay?

"Young Master Jackson, it's dawn and dawn?" She reminded carefully.

Last night, it was her own problem.

She was given some medicine, making her delirious and even holding him actively.

But now, she has sobered up, this accident, let's end it quickly!

"Huh?" Hunter Jackson raised his eyebrows, "At dawn, can't I continue to sleep with my woman?" Emily Gale's heart suddenly shook!

His... woman?

When did she, she, her become his woman?

Yes, does it mean pretending to be an unmarried couple?

Her heart is so confused, the damn Young Master Jackson can easily disturb her heart with a single word.

This way, it feels so frustrated, it seems that the emotions and desires who want to work hard to calm down can always be controlled by him.

She doesn't like this feeling, but now, there is nothing she can do.

"Young Master Jackson, last night was just...just an accident, thank you for saving me, but I...it's time to get up."

She tried to prop up her body, and the man didn't seem to embarrass her, and fell behind her.

The arm loosened a little.

Emily Gale breathed a sigh of relief and was about to get up from his side.

Unexpectedly, he got up so much, Hunter Jackson's long arms suddenly tightened.

Emily Gale was defenseless and hit him with a bang.

She opened her eyes wide in fright, and hit her lower abdomen... Was he... very hurt?

Chapter 117

Next time, the two bodies slammed into each other, Hunter Jackson snorted and changed his face instantly.

Emily Gale was so frightened that he wanted to get up, but he turned over and pressed him down.

"Don't move!" Young Master Jackson began to wear fine sweat again, not knowing whether it was because of the pain or forbearance.

"Knocked down so hard, deliberately?" He narrowed his eyes and stared at the poor little fellow trapped under him.

"In the future, do you still want to be happy? Huh?" Happiness?

Emily Gale blinked, and after a second, he immediately understood what the so-called happiness meant.

She blushed, trying to say something, but she didn't know how to speak.

At this time, if he dared to say that her happiness had nothing to do with him, would he suddenly get irritable and choke her to death?

But just now, the collision seemed to be a bit fierce...

"Are you... are you okay?" She is really not sure if he hit him.

After all, I heard that it is the most vulnerable fatal point of a man...

"Why? I'm afraid of hitting me, no one will satisfy you in the future?" "No..."

"Huh? I want to find another man to satisfy myself?" The man's eyes instantly became cold, full of danger.

Completely in the consciousness of self-protection, Emily Gale hurriedly shook his head: "I don't want to."

The coldness in Hunter Jackson's eyes finally dissipated, and even a trace of unnoticeable pleasure passed through his eyes.

"Good."

Emily Gale just doesn't understand, is this good?

She just didn't think about looking for another man, but that doesn't mean she wants him.

Anyway, she didn't want other men, and she didn't want Young Master Jackson, too much.

By staying with Young Master Jackson, the danger will follow immediately. In less than a month, he has almost died three times!

Emily Gale suddenly discovered a truth, cherish life and stay away from Young Master Jackson.

Following him, there are so many people who want her life.

I don't know if his thoughts were let Young Master Jackson know, would he want to strangle her again?

Why do you always feel like being strangled to death by him at any time by his side?

Emily Gale was a little guilty, but Hunter Jackson's thoughts at this time did not seem to be in her thinking.

He just stared at her face, looking carefully from top to bottom.

"Young Master Jackson..."

"Why do you want to demonize yourself?" He really didn't recognize her when he glanced at the island.

If it weren't for the more you think about it, the more things are wrong, the more you think about it, the more you feel that this white and delicate face is too similar to that freckled face, he might really miss it.

What if I miss it?

She will become the meat of Daniel Jackson's mouth!

When I thought that this girl was almost succeeded by Daniel Jackson, her anger ignited in her chest, and she wanted to tear Daniel Jackson to pieces immediately!

Emily Gale's hands fell subconsciously

She has no disguise on her face now, even without a mirror, she knows how beautiful her face is.

Of course she also understood that Young Master Jackson would be questioning, not stunning.

A person like Joseph has always stood at the highest point in society, and the beauties he has seen are not imaginable by ordinary people.

There are rumors outside that he is not close to women, which shows how cold he is to women.

It is impossible for Joseph to pay attention only by beauty.

He is really only questioning her fraud.

It sounds a bit unpleasant.

Emily Gale carefully pondered her own words, but before she could speak, Hunter Jackson's face sank: "Want to fool me again?" "No!" Emily Gale hurriedly shook his head. Now in front of Young Master Jackson, where would he dare to play his mind? ?

She was still under him, and she was crushed to death.

She was carelessly dismantled by him in minutes.

Such a dangerous person, to provoke him, is no different from seeking a dead end.

"I used to be ignorant and always like to wear heavy makeup. Later I found out that I used to be very good-looking, and I was worried that if I was too good-looking, I would be framed by others."

Although these words sound pretty stinky, they are more or less. it is true.

She just didn't pull Kylena Gale in, after all, this was a matter between women.

Men like Young Master Jackson hate women's fights.

In that case, why speak ill of any woman in front of him?

People may not believe it.

Hunter Jackson looked at her face again, it was exquisite, crystal clear, and indeed beautiful.

So how reliable is this statement?

He actually knew what she was concealing, but he really didn't have any interest in paying attention to the girl's careful thought.

Just know that it is enough to find this girl, who is indeed his woman.

Looking down from her face, the delicate collarbone and the snow-white skin loomed under him.

The look of Joseph's eyes was dark and frightening for an instant.

What is the reason that he has no resistance to this small body?

After tasting all night, now, still want to taste it?

He seemed to be a little addicted, indulged in her body...

"Young Master Jackson! Young Master Jackson, wait a minute! Heaven, innocence is bright!" Emily Gale put his hands on his shoulders and panicked his scalp. hemp.

This man!

This man is really crazy!

Good night!

He is not tired, but she is almost exhausted!

"Major Jackson, no..."

A bell suddenly rang on the bedside table.

Emily Gale shoved his shoulders frantically: "Young Master Jackson, phone...your phone..."

Hunter Jackson didn't want to bother at all, but this girl was a bit too noisy.

"Next time you won't be obedient, believe it or not I'll give you medicine?" The man glared at her.

Finally turned over from her, grabbed the phone on the bedside table: "Hey!" Emily Gale quickly got off the bed wrapped in a quilt, walked to the closet, and opened the closet door.

There are her clothes in the cabinet!

A series of plain dresses are particularly soft in the shirts and trousers of all men.

In the closet in Master Jackson's room, she actually reserved a special place for her to put her special clothes.

This scene caused a sweet breath in Emily Gale's heart, like pouring a bottle of honey.

But... next time you won't be obedient, believe it or not to give you medicine?

Young Master Jackson's voice was still in her ears, and the girl who was just feeling sweet was frightened, suddenly flustered.

Give her medicine?

unacceptable!

It's too much!

This place is too dangerous, you have to leave quickly!

She turned over a set of clothes and immediately hid in the bathroom.

When he came out, Hunter Jackson had finished talking on the phone, got out of the bed and stood in front of the closet looking for clothes.

His body...not a piece of clothing, not even the most intimate thing!

"You..."

Emily Gale hurriedly put her hands in front of her eyes, but she still looked straight through her fingers.

This guy... how could this guy walk around in front of the girl without wearing clothes?

He still took the clothes and turned around...face her!

The nose is so hot!

It seems that something is wrong, like something is flowing down...

"Ah!" Emily Gale raised his hand and wiped it, but he did not expect to wipe off a blood from his nose!

"What's the matter?" Hunter Jackson frowned and walked quickly.

God!

wear clothes!

Get dressed!

Ahhhhh!

He didn't even wear clothes, so he walked towards her like this!

"Don't, don't come here."

The blood flowing from the nose seems to be more and more, woohoo!

"Don't come here, help!"

Chapter 118

He actually hugged his young wife Aspen Li and didn't know what was going on inside, how could he put Ye Han in again?

However, it didn't take long for Ye Han to enter, and the girl that the eldest master brought back came out last night.

When Aspen Li saw her, his heart suddenly became disgusted.

The young master looked for the young lady for two days and two nights. He thought that the young master really cared about the young lady.

Unexpectedly, the next night, she carried a girl back at the auction site on Paradise Island.

After that, all night, when he occasionally came over, he clearly heard the girl screaming.

They've been here all night...all doing that kind of thing!

With the young lady's whereabouts still missing, the eldest master found a woman and played all night!

Aspen Li felt uncomfortable.

Although he had not spent much time with Mrs. Shao, since he was Mrs. Shao, he had basically identified Emily Gale as the hostess of the house.

Now, the hostess is gone, but the host is indulgence...

Although he knows he shouldn't question what the young master did, this time, he was really disappointed.

Emily Gale was upset, seeing Aspen Li didn't say much, just wanted to go back to his room quickly.

It just so happened that Aspen Li didn't seem to want to care about her.

At this time, after such a shameful thing happened, she really didn't want to deal with people.

He walked quickly to the door of his room and was about to push the door in.

Behind him, Aspen Li's displeased voice approached quickly: "This is our young lady's room!" When the black shadow flickered, Aspen Li actually blocked her, blocking the door tightly.

"No outsiders are allowed to enter casually!" This damn girl, relying on her good-looking appearance, won the favor of the young master, even the young lady's room was occupied!

Mrs. Shao is still uncertain about her life and death, Aspen Li absolutely does not allow any woman to defile her room!

"Aspen Li?" Emily Gale blinked, a little startled.

Of course she knows this is her own room, or what else would she do when she came back?

Why does Aspen Li look so strange that she is not allowed to enter?

what happened?

Hearing her calling herself, Aspen Li's face became even more ugly.

This woman inquired clearly about the people around the young master, she really had to work hard to get close to the young master!

Does she want to replace the young lady?

A woman serving people in Israel, don't think about it!

However, how could her voice sound so familiar?

Aspen Li looked at her, look carefully!

Look deeper!

These facial features, these outlines, these eyes, noses, and mouths, this... Emily Gale's scalp numb when he saw him, and finally realized what was going on with him.

She pursed her lower lip, exhaled, and said helplessly: "It's me, Aspen Li, I'm Emily Gale."

"Young lady!" It's really young lady!

God!

Their young wife

How could it become so beautiful?

It's like a god!

Most importantly, Mrs. Young is back alive!

The young master did not betray the young lady!

"You are still alive, great, great!" Aspen Li was so excited that he picked up Emily Gale and went around on the spot.

Emily Gale was a bit inexplicable, but he could also feel Aspen Li's excitement.

Unexpectedly, this man who has not been with him for a long time will be so moved because she is still alive.

Suddenly, my heart was warm.

She smiled, the laughter was in Aspen Li's circle, unspeakably happy and relaxed: "Yes, I am still alive, I am back alive."

"It's great!" The third day!

Aspen Li worried for three days!

At this moment, I completely relaxed.

The eldest master didn't explain anything last night.

After he took the young lady back, he kept inside...hehehe.

As a result, he had not had time to inform his brothers that he could stop the search operation.

I didn't expect that the one who was carried back was the young lady!

The young master did not disappoint!

Regardless of whether it is a business or a private matter, the young master has always been so secure and responsible!

"Aspen Li, let me go first..."

“What are you doing?” Not far from the door of the room, there was a voice that was so cold that it made your spine chill.

What are they doing?

Aspen Li raised his head and glanced. He didn't do anything. He just picked up the young lady and went around in circles because he was so excited.

However, he hugged Mrs. Young... Damn!

he did not do it on purpose!

He actually hugged the young master's woman!

Is this looking for death?

Aspen Li was so frightened that he immediately closed his hand.

What is it like to free fall?

It's not the first time that Emily Gale felt it, but every time he was frightened to death!

“Ah!” Aspen Li, who killed a thousand swords!

After raising her up, he suddenly stopped!

Is he murdering!

Aspen Li seems to have also seen the tragedy of the young lady about to fall to the ground, but if he reaches out to pick it up, I don't know if the young master will be angry.

After all, there is physical contact again.

However, if you don't pick it up, Mrs. Young may be injured... With a little hesitation, Emily Gale was about to fall to the ground.

At the moment of the moment, the reassuring black shadow walked quickly, and just when Emily Gale's legs fell on the ground, he was about to fall to the ground due to gravity, and he hugged her with a long arm.

call!

Saved again!

And this time, he almost died in his own hands!

When the door was closed, I could still hear Aspen Li's trembling explanation outside: "Master, I didn't mean it, I was just too excited..."

"That, I'm so happy, I think

Madam Wei Shao has been buried..."

"Shut up!

" "Yes!

Master, I will shut up now, but let me finish the last few sentences, Master, I really don't mean to offend Madam Young, I'm really too happy that Madam Young is still alive.

"I really thought the young lady was dead, I..."

"Get out!

" "Yes!

Master!

I'll get out of here!

I'm just too happy..."

Emily Gale covered his lips and couldn't help but laugh.

It turned out that this home is not really so cold and impersonal.

It turns out that there are some people here who are worried about their safety. Aspen Li This guy, who thought she was another woman just now, actually helped her protect her room. Heh, how could this house suddenly become so cute? There was a message alert on the phone, but I didn't expect that even her phone was I was sent back. Emily Gale picked up the phone, and it was a message from Aspen Li: "A few of your friends are going crazy, especially Su Xiaomi, please send her a message to report safety.

Emily Gale just remembered that she had been missing for two days and three nights, and she really wanted to make everyone anxious. He immediately called Su Xiaomi, Su Xiaomi was crazy, she must come to see her right away. However, this is the place of Young Master Jackson. How dare Emily Gale let her break through.

Although Young Master Jackson rescued her again, even though the two of them last night... However, Young Master Jackson is still invincible. Young Master Jackson, is not something that ordinary people can offend.

"Well, don't worry, I will be back later, I am really fine, nothing happened, really.

Su Xiaomi finally accepted Emily Gale's remarks. Finally, she suddenly said: "They said Ye Fangfang was crazy, and now he was sent to a mental hospital.

Chapter 119

Two years later, will you really break up?

When it was almost noon, Emily Gale came down from the stairs.

A simple T-shirt and jeans, the face is still familiar with freckles.

Hunter Jackson was sitting on the sofa in the lobby.

This busy man, who usually counts every minute and second, does not return to the company and works here, which is a bit unexpected.

"Master Jackson."

Emily Gale could only try to pretend to have forgotten everything about last night.

But those crazy clips, his sweaty face and tightly muscled arms, always linger in his mind.

Her face was still red and red, but apart from an uncontrolled face, the other expressions were fairly natural.

Seeing the freckles on her face, Hunter Jackson found it particularly pleasing to the eye.

It's not that she doesn't look good without freckles, but that Emily Gale is not as familiar as the current Emily Gale.

She finally, really came back.

Emily Gale walked to him and called out softly.

Hunter Jackson responded indifferently: "Yeah."

This dress made him frown, "Going out?" Just walked through the ghost gate, at this time, dare to go out?

However, the perpetrator has now been sent to a mental hospital, and it shouldn't be dangerous to go out now.

"I went to see Xiaomi and the others, they were going crazy."

Although they had already made a clear call with Su Xiaomi, they had nothing to do.

However, before seeing her in person, no one can really rest assured.

"The way I look now is completely different from last night.

It won't be a problem."

He didn't recognize her the first time he saw her, did he?

It shows that this disguise technique is still very superb.

Hunter Jackson didn't say anything, but last night...

The man raised his eyes and his eyes fell on her.

When Emily Gale was seen by him, his whole body suddenly seemed to be burned by a fire, very uncomfortable.

I always think of the way he feels emotional on himself, and when I think about it, the body is warmer and more uncomfortable.

No, no, I have to hurry away from this man, otherwise, I will always think about the pictures that make people blush and heartbeat.

Her heartbeat is so fast that her little heart is almost out of reach.

Looking at Young Master Jackson again, they looked at her calmly, no different from before.

Emily Gale was a little frustrated to find that people's feelings towards her had not changed at all, but only slept all night.

And she, in front of him, was like a mouse seeing a cat, cowering and evasive, not generous at all.

She took a deep breath and tried to make herself look calmer: "Young Master Jackson, I'm going out first."

"Li..."

Hunter Jackson's voice stopped suddenly, and then he called out: "Qin Yi."

Qin I didn't know where I got out: "Master, what's the matter?" It really was a shadow

Bodyguard, people can't find his existence at all.

Emily Gale couldn't see where he came from at all.

Anyway, when he heard the sound, people were almost in front of her.

It's really amazing!

"Send Madam Shao out."

Hunter Jackson ordered.

"No, no, no, I'll just go by myself, just find a driver..."

Qin Yi is the number one master next to Young Master Jackson, the most powerful shadow bodyguard, how dare she use it?

However, with a cold glance by Hunter Jackson, Emily Gale didn't dare to say a word.

His eyes were clearly telling her that if she didn't accept it, she would stay at home.

Don't even think about going out or something.

Emily Gale sighed and looked at Qin Yi helplessly: "Then, trouble you."

"No trouble."

Qin Yi was very polite, took the initiative to go out and asked the servant to drive the car over.

Aspen Li could only hide in the corner and draw circles.

After hugging the young lady in the morning, now, the eldest master does not let him approach the young lady for half a step.

It's not that you really want to be too close to the young lady, but... Does the eldest master distrust him?

Where is Qin Yi safe?

Maybe Qin Yi is more dangerous than him.

Why does the young master believe in Qin Yi and not him?

Ooo, ooo drove away from the villa, gone, gone anyway regained what it's like?

Yang Yi held her, his eyes red.

A big boy has tears in his eyes.

Jackson Tianyou shook her hand without saying a word, but Emily Gale could feel that his hand was shaking and it was shaking all the time.

Let alone Su Xiaomi, when she first saw her, she started crying and crying.

Finally home.

After all, everyone's emotions stabilized.

Su Xiaomi said: "Ran, let's go, have a big meal, and celebrate your rebirth."

"What nonsense, of course, what rebirth?" Yang Yi slapped her forehead.

"It hurts!" Su Xiaomin guarded her head, not angry, but smiled: "Yes, it's not rebirth, but...well, eat a big meal and get rid of bad luck!" "The most important thing is that God blessed it for two days and three days. I haven't eaten anything at night. Go and eat something delicious."

"You haven't eaten anything?" Emily Gale widened his eyes and stared at Jackson Tianyou, "What do you do to abuse yourself like this?" "Just looking for someone. , Didn't think about it."

Jackson Tianyou's eyes were soft.

As long as she came back safe and sound, even if she was stared at, she felt very happy.

"Go, hurry up and eat lunch."

...

After eating and drinking enough, Emily Gale, accompanied by Jackson Tianyou and the others, came to the mental hospital where Ye Fangfang was.

Because Emily Gale had not been found before, the police still had someone guarding Ye Fangfang.

This morning Aspen Li cancelled the tracing operation over there, and

The police were notified, so now, Ye Fangfang's murder charge is temporarily not convicted.

But she is in this state, I am afraid that for a long time, she cannot leave the mental hospital.

Emily Gale went to visit Ye Fangfang, and the procedures were a bit troublesome.

After all, this was no ordinary patient.

"Actually, you can ask Master Jackson to help, so that we can get in, it should be much faster."

Su Xiaomi muttered while filling out the form.

Now in Su Xiaomi's heart, Young Master Jackson has become synonymous with God.

It seems that as long as things fall into the hands of Young Master Jackson, any problem can be solved, and there will never be any surprises.

This time, of course, Young Master Jackson was also rescued.

Although Emily Gale didn't want to talk about the specific situation, it is true that Young Master Jackson saved her.

"Why do you trouble others if you can solve things by yourself?" Emily Gale disapproved.

"He is your fiancé, you are all a family, why are you talking about trouble?"

"Oh, what are you hitting me for?" Su Xiaomi's head was attacked by Yang Yi for the second time today.

Yang Yi rolled his eyes and said, "Of course, I didn't say it a long time ago.

They will be separated in two years, and they are not really unmarried couples.”

Of course Su Xiaomi knew this, but she still felt unable to understand.

Joseph is such a good man, rich and powerful, his appearance is foul, and his body is so good that a woman drools.

But really don't want others?

She leaned over, lowered her voice and asked, “Of course, in two years, will you really break up with Young Master Jackson? Don't you really want to be together?”

Chapter 120

Emily Gale, I advise you to be kind after two years, will you really break up?

Before, it seemed that I had already thought about it, but now Su Xiaomi asked, how could there be a trace of hesitation?

No, how could you hesitate?

Isn't this something decided in the last life?

Don't want to die early, stay away from Young Master Jackson!

She is very sorry!

“It's troublesome.”

No longer caring about Su Xiaomi, Emily Gale continued to fill out his application form and hand it to the staff.

Ye Fangfang is a separate room in the rightmost room on the second floor.

I heard that because I just came in, I haven't been dispatched yet.

After a few days, I have to arrange to live with other people in another ward.

People from the Ye family don't know if they have visited her, but this room is messy, a bit dirty, and very shabby.

If the Ye family still cared about this daughter, she would definitely not let her live in such a low-level ward.

Seeing Emily Gale, Ye Fangfang seemed to have seen a ghost, so scared to hide in the corner of the bed: "Ghost, ghost!" Su Xiaomi wanted to say something, but Emily Gale pulled her back behind him.

She lifted her chin, Su Xiaomi immediately understood, and Jackson Tianyou and Yang Yi quietly pushed to the door and suddenly turned off the light in the room.

Originally in broad daylight, there is plenty of sunshine outside and there is no need to turn on the lights.

But in the most remote corner, this room should have been a small space for the other side's clutter.

It was dark and damp, and after turning off the lights, the room was completely dark.

Ye Fangfang was even more scared hiding in the corner of the bed, shivering: "Ghost, ghost, ah... ghost!" "Ye Fangfang, do you remember who I am?" In order not to let her scream too loudly, the staff was alarmed, Emily Gale decided to fight quickly.

"You are a ghost, you are a ghost!" Ye Fangfang turned pale.

The head was beautiful and black, long and straight, but because the staff found it troublesome, they had been cut short.

Because no one took care of her after the cut, Ye Fangfang now looks like a lunatic, dirty and ugly.

The glory of the past is completely gone.

The eldest daughter, who was still very high-spirited not long ago, is now so downhearted.

After she fell apart, not only her friends were reluctant to visit her, but even the family members were reluctant to acknowledge this Ye family's lady.

It was really embarrassing to be embarrassed to this point.

Emily Gale did not approach, but looked at her blankly: "Tell me, who should you be in the Jackson family? Who told you about Ross?" Ye Fangfang just kept hiding inside: "Don't touch me, Don't look for me, ghost, you are a ghost! Go away, go away!" "As long as you tell me, I will leave immediately."

Emily Gale's face suddenly sank and he approached.

A face, in Ye Fangfang's eyes, instantly became ghastly!

"If you don't say,

I have been pestering you, and I will never let you go when I die!

"No!"

No!

Don't touch me, don't!

Ye Fangfang screamed, and Su Xiaomi immediately closed the door, for fear that the staff outside might hear her screaming.

The room was so remote that the patrolling nurses were reluctant to come. But if she kept screaming like this, sooner or later, those people will be alarmed. Emily Gale didn't want Ye Changmeng too much, and suddenly walked over and clasped Ye Fangfang's hand.

"Tell me!

Who is the Jackson family who has been in contact with Kylene Gale?

You said!

"Don't touch me, don't...no..."

"Don't tell me anymore, I tore you!"

"It's Shu Ran, it's their lady!"

Ye Fangfang was clearly frightened, shivering with fright, and desperately trying to shrink to the corner of the bed. However, on the other side of the bed is the wall, no matter how much she hides, she can't hide it at all.

"It's the old lady."

, It is the eldest lady, she is a bad person, she is actually a bad person...Don't kill me, don't tear me, don't, don't!

"Shu Ran! How could it be Shu Ran! Emily Gale was astonished, but never expected that the name he heard from Ye Fangfang turned out to be the most quiet and gentle Mrs. Jackson family.

The appearance of Shu Ran suddenly came to mind.

She suffered a lot of grievances in the Jackson's family, and any lady could lose her temper at her. Mr. Da did not respect her at all, and would blame her first if she had anything to do. But she still compromised and kept being so quiet... how could it be possible Is it Shu Ran? "No, don't tear me, no!

"Ye Fangfang has lost control, with tears in her nose, and even her saliva dripping out.

"Don't tear me, mother, mother, I want my mother...oooooo, I want my mother..."

She looked at Emily Gale and suddenly Emily Gale pounced on her body: "Mom, mom, save me, mom..."

Emily Gale let go of her hand, and Ye Fangfang pounced and rolled on the ground with a thud.

"Mom, mom..."

She was pitiful.

She looked at Emily Gale eagerly, as if she didn't understand why her mother didn't want her. Emily Gale felt a little complicated.

Although Ye Fangfang had done so many bad things, she was now reduced to this point and the punishment was enough.

She didn't want to see this again. People. Turned around and left. Su Xiaomi, Jackson Tianyou, and Yang Yi quickly followed her behind.

The four of them had just left the room, but they didn't expect the staff to bring a well-dressed woman to this side. Come. Seeing each other here, whether it's Kylene Gale or Emily Gale, seems a little surprised. Emily Gale glanced at the fruit bag in Kylene Gale's hand, and she did not expect that this

vicious-hearted woman would come. Look at a cousin who has no use value. However, after thinking about it, she seems to understand.

"Come on, yes

Want to see if she is really crazy?

She laughed. But Kylene Gale's face was soft: "Ran, it turns out that you are really fine. I heard that you went back to Young Master Jackson's villa this morning. I still don't believe it.

"She smiled so softly that anyone would believe that she is such a kind and elegant woman.

"I originally planned to see you in person, but knowing that you have just returned, I still want to give you a day off, tomorrow To see you.

She looked at Emily Gale up and down, and she seemed to be relieved when she saw that she was safe and sound.

"It seems that there is nothing wrong with you, so my sister doesn't need to worry.

"This hypocritical appearance made Su Xiaomi almost unable to help but vomit. However, the male employee who brought her here stared at her seemingly glowing face and looked mesmerized.

The legendary North Ling's first lady is really a kind and lovely girl.

Although her sister's attitude towards her is obviously not good, she is really gentle and tolerant towards her sister.

Therefore, the look of Emily Gale began to be full of hostility.

"It's time to visit patients, please go out.

"The younger sister who is disrespectful to her sister is not worthy of a good face. Su Xiaomi was a little angry, but she wanted to step forward to speak, but was pulled back by Emily Gale. Emily Gale looked at Kylena Gale and smiled: "Is she right? It's crazy, I don't know, but her mouth is very useful sometimes.

"Kylena Gale's face changed slightly, but she adjusted her emotions quickly, she sighed lightly, and looked regretful.

"How do you say it's my cousin, your cousin, the Ye family doesn't want her anymore, in the future, you too Come and see her, don't let her be too lonely.

When she walked past Emily Gale, she suddenly leaned in, and whispered in a voice that only two people could hear, "I advise you to be kind, don't deceive people too much, and be careful of overturning in the gutter."

Chapter 121

Why not die outside for a moment after the words ended, Kylena Gale returned to her usual gentleness.

"I'll go and see Fangfang first, and then I'll see you later."

She and Emily Gale passed by mistake, no matter whether it was a step or a body shape, they were impeccably perfect!

"Hypocrisy!" After hearing Emily Gale talk about Kylena Gale's framed her, Su Xiaomi became extremely disgusted with this woman.

As for why Emily Gale wanted to tell them clearly about Kylena Gale, it was because Yang Yi and Jackson Tianyou were killed by Kylena Gale in their previous lives.

If you don't want them to repeat the same mistakes, you must first let them know what kind of character Kylena Gale is.

The three friends trusted her unconditionally.

She said that Kylene Gale was a bad woman, and none of them would doubt.

"What did she tell you just now?" Su Xiaomi couldn't help asking when she walked out of the hospital.

"It's nothing, just ask me why I didn't die outside."

Emily Gale didn't want to say more about the Jackson family's affairs.

She didn't want a few friends to be involved.

Ye Fangfang testified against Shu Ran, but she didn't know whether to believe it.

Ye Fangfang is in this state, whether he is really stupid or pretending to be stupid, there is no way to verify.

However, if she is pretending to be stupid, there is no need to continue to pretend after she comes back.

She didn't sue Ye Fangfang and there was no accident. If Ye Fangfang was just pretending to be stupid, she would definitely come out soon.

Then wait and see how long she can survive?

"There are still classes in the afternoon. Go back and prepare for class."

Emily Gale could not count the number of absences.

Although he was not a good student in the past, he was not so self-willed.

It seems that after being engaged to Young Master Jackson, her life is completely messed up.

Although the university courses are easy, but easy is not an excuse to skip class.

The afternoon class started at two o'clock, and Emily Gale and Su Xiaomi returned to school at 1.45.

"Look at who is back, our school flower!" Unexpectedly, Emily Gale would be back. Some people suddenly became disgusted when they saw her.

Some people have even more vicious words: "Isn't it dead? Why are you coming back? It is simply polluting the environment!" "How can you..."

Su Xiaomi was angry, and wanted to rush over to fight.

Emily Gale pulled her back, shook her head, and took her all the way to find a corner to sit down.

The last time she and Tianyou went to the hotel, more than 30 students from Ning University were taken into the police station.

There are also a few in their class, and now these people see her, of course they are itchy.

However, they can only say a few ugly words at most.

After being cleaned up by Young Master Jackson's people, I would definitely not dare to do anything excessive in the future.

"Jenni!" Su Xiaomi is true

If you are so angry, can you just let those people ruin people casually?

"The mouth grows on someone else's body, can you still confine her mouth?" Emily Gale said lightly.

"Then at least I have to scold him back!" Is it just being said for no reason?

"Are you alone, how many mouths?" Scolded?

How many people can she scold?

What's more, she is now standing on the cusp of the storm, and a little bit of things can be rendered as unforgivable mistakes.

There are many mistakes, so it is better to calm down and study hard.

"But..."

Su Xiaomi mumbled her mouth, still aggrieved.

She was wronged on behalf of Ranran, but she didn't care at all.

The emperor is really not in a hurry.

The little eunuch is anxious to death... No, bah bah, who is the eunuch?

"Let you recruit people, how many painters have you recruited?" Emily Gale didn't want her to continue worrying about this, and Emily Gale broke the topic.

Su Xiaomi's head sometimes can't turn around.

Once the topic is pulled apart, you will immediately forget what you said in the last second.

Sure enough, this topic made her converge instantly.

"Someone applied for a job before, but I have been looking for you for the past two days. I haven't had time to give them an assessment."

"I have to hurry up, time is running out."

"Are you so anxious?" Su Xiaomi blinked, a little confused. What is Emily Gale anxious about?

Emily Gale didn't know how to explain to her, starting tomorrow, in the next year, within two years, Beiling will suddenly rise up a bunch of comics studios.

Those two years were the prime time for the rise of comics, and major platforms were competing for resources.

If you wait until that time to recruit people, you will not be able to take the lead. When that time comes, financing will not be easy, and recruitment will be even more difficult.

In short, whoever eats the first bite of crabs will have the greatest opportunity.

Although Su Xiaomi didn't understand, but if he said he was anxious, it must be anxious.

"It's okay. Next month, Ning University and Jiang University will have a joint animation show. By that time, there will be a lot of painters."

"United Animation Expo?" Emily Gale has really rarely participated in school affairs recently. No such news was received.

"Yeah, the Comic Con, in addition to the animation clubs of the two schools, there will be many private clubs, and even clubs from other schools can sign up."

"That's right, we should also get a club to sign up."

"I'm just here now, it's too late."

The club has to be reported to the school and requires the college's approval before it can be established.

It takes time, and I'm afraid it won't be approved for a while.

Emily Gale frowned lightly, her eyes condensed.

Su Xiaomi knows that every time she has such a deep gaze, it means that she is thinking about a problem.

Who said their family is definitely a problem girl?

They just didn't get along with Ranran.

In fact

, RJenni's head is very powerful, especially recently, it seems like a qualitative leap.

"Our class..."

"Emily Gale, are you really back?" A clear voice came over, with a hint of surprise.

It's the monitor, He Lingzhi.

She walked quickly to Emily Gale, looking very excited, and she seemed a little embarrassed to shake Emily Gale's hand.

Finally, Emily Gale couldn't help but grabbed a hand on his shoulder.

Warm, live.

He Lingzhi breathed a sigh of relief, and patted her chest: "They said you fell into the sea and didn't get it back for two days and nights. I thought..."

She sighed again, "Fortunately, it's okay."

"This squad leader, although he looks average, has a warm heart and is very good at studying."

In her previous life, Emily Gale was indeed a problem girl, but the monitor was always patient with her, and she was considered to be the group of her classmates who had the best relationship with her.

"I'm fine."

Emily Gale smiled at her.

Suddenly something came to mind, Emily Gale said: "Monitor, the comic club in our class, is also going to participate in the animation exhibition?" If I remember correctly, their comic club should have just been established not long.

However, for such a big event as the Comic Con, there may be one or two times a year. If you do not participate this time, you will have to wait at least half a year later.

As long as they have the ability, all animation clubs in the school will not miss such a good opportunity.

He Lingzhi smiled and pushed his glasses a little embarrassingly.

"That...we only have...there are only three people in our club, that..."

I'm sorry, the clubs of other people's classes are all made up, and only their class is completely scattered.

Emily Gale interrupted her and said with a smile: "Squad leader, can Xiaomi and I join?"

Chapter 122

After school, Emily Gale and Su Xiaomi followed He Lingzhi into their club dedicated studio.

The school's review system is not particularly strict, but the treatment is different if the level is different.

As the class leader, He Lingzhi was required by the hospital to have at least three clubs in each class, so she was able to apply.

But because the size of the club is really hard to describe, the studio that I applied for is also a little hard to describe.

"Oh my god, this... surely it's not a utility room?" Su Xiaomi was almost stunned when she came in.

The studio is in the most remote corner of the top floor, and the next wall is the stairs.

The area of the entire studio is actually not small, but there are piles of discarded equipment, some drawing boards, old computers and so on.

There are only two computers in the studio, both of which are old desktop computers.

As for the drawing board, if it were not for their own, the assigned version of the drawing board is too old to be usable.

In fact, I really can't blame Su Xiaomi for being so surprised, because I just came here all the way, but other people's studio is very beautiful.

And they... or that, it's hard to say.

There are also two boys in the studio, both of whom are classmates.

After one of them greeted He Lingzhi, he nodded to Emily Gale and Su Xiaomi.

As for the other one, he was sitting by the window as if he was painting something, ignoring them at all.

"They are all members of our society, Liu Shang and Qin Zhizhou."

He Lingzhi is also a bit embarrassed. Looking at the entire society building, probably, their society office is the most...cough, simple.

"In other words, there are only five people in the club plus me and Ranran?"

"No, it's four people."

He Lingzhi smiled uncomfortably, "Well, because I'm the squad leader, that...cough, I have to start a club, but...I don't know how to paint."

Su Xiaomi instantly became discouraged. In other words, their club actually only had four people.

"Well, I... I'm not very good at..."

Liu Shang raised his hand, with a smirk, "I paint... my level is limited."

After a pause, he said: "But I like painting very much, really Yes, my ideal is very lofty, and I will definitely be an excellent painter in the future!" Emily Gale did not speak, and felt a little heavy.

Su Xiaomi smiled at him, which was encouragement.

However, it is really not a question of encouragement or discouragement, but...

"In other words, our community has not had any successful comics yet?" The Comic Con will be held next month. Without my own comics, there is no way to participate.

He Lingzhi pushed his glasses again, helplessly: "I actually... didn't expect to participate, but if you don't participate, you have to wait until the second half of the year."

I know, my class leader also wants to get some results from the club in our class, so I signed up.

Emily Gale and Su Xiaomi looked at each other. Registration is understandable, but if there is no work, it will be a blank report. However, He Lingzhi is right. If you do not participate, you will have to wait for the second half of the year. . Half a year, too long.

"Can I invite students from other grades to join our club?"

"Yang Yi is also a painter. If he can bring him over, Su Xiaomi will have at least a little confidence in their community. However, now that he is starting to make a comic, he will write ten words at most a month. Ten words, for long stories In other words, it can only be regarded as a beginning. No results, no reputation, you will be at a disadvantage when you participate in the competition, and maybe you can't even pass the preliminary round. But the speed of drawing is only like this, January 10th, one word About forty frames, the workload is completely full-time painter.

They are still students, even if they work overtime, they can only do this. No matter how much, they can't paint at all.

"No, we are just class clubs, not yet Recruit students from other classes.

"He Lingzhi shook his head.

The school still has great restrictions on their small clubs.

After all, clubs often participate in social activities, which still has a great impact on the school's image.

"Our clubs cannot leave.

The campus, to take over jobs in the name of the Ning University Association, must first be upgraded.

"Emily Gale understands that the school is to ensure that its image is not affected.

It is okay to go outside in the name of the Ningda Association, but it must be upgraded to a formal organization, and the ability must first be recognized by the school."

Then, can you help quietly?

Su Xiaomi nodded her finger.

"Of course it can be quietly, but who wants to draw without leaving a name?"

He Lingzhi shrugged, helplessly: "You can't bully people like this, right?"

Su Xiaomin bit her finger and looked at Emily Gale. I don't know when, when encountering unsolvable problems, he will put all hope on Emily Gale. Emily Gale said nothing, and walked to Liu Shang. In front of his computer. Liu Shang is coloring.

Although he knows that he is not experienced in coloring, he is the only one who can color in the club, so Emily Gale is still a little bit confident to see it. But Emily Gale has him all His confidence was instantly smashed: "The effect of light and shadow is too weak, the color layering is not good, it looks too dim, and there is no vitality.

"Emily Gale stared at the drawing on the computer with a serious expression. People who knew her knew that Emily Gale at this time seemed impersonal, but what she said was absolutely true. Liu Shang was said to have a guilty conscience. : "Are you... a master of coloring?"

"It's not high

Hands, just learned a little bit.

"Liu Shang was not convinced at once: "The effect of my coloring is already..."

"If you are already the best you can do, then in this industry, you may really have no potential.

"Emily Gale's words completely blocked what Liu Shang wanted to say later. Liu Shang moved his lips, but couldn't say a word. Finally, he lowered his head and muttered softly: "Then you...you too. You have to come up with your own work first, and if you criticize it, everyone will say..."

Emily Gale ignored it.

It was completely impossible to paint at this level.

After watching for a while, she asked: "This picture, you Where did you get it from?

Painted by yourself?

"It looks familiar, as if I have seen the original painting on the Internet. Liu Shang is a little impatient: "The pictures I found on the Internet, the colors I painted, just show the effect to the monitor.

"He knows that he is inexperienced, but he really likes painting. Who said that you must be talented to join the club? He has not been in contact with painting for a long time. Even if his ability is limited now, it is difficult to guarantee that he will not be able to paint in the future.

It will be great! But Emily Gale's critical gaze is really uncomfortable.

"Squad leader, I have something to do, I'll leave first.

"After finishing everything up, Liu Shang will turn off the computer. However, Emily Gale held the mouse and looked at him: "This painting, except for the original painting you found online, did you make the others?"

" "Yes!

If you don't believe me, go online to see the original painting, the entire network has no color matching!

I did not use other people's coloring to impersonate my own work!

Liu Shang was angry, picked up his schoolbag, turned and left.

The door slammed shut by him, and the crumbling door frame was really worrying. This studio is really... hard to describe.
