

Love Through Time and Space

Chapter 171

The young lady was so presumptuous that Kylena Gale was thrown out of Wangjiang Pavilion.

He wanted to walk back, but was stopped by two bodyguards at the door.

Kylena Gale was aggrieved, but now, the old man is inside, and she is not good to be noisy here.

She didn't want to lose her temperament as the first lady in Beiling.

However, it was really embarrassing to be carried out by Aspen Li just now!

The dead old woman was inside, but she didn't stop it.

It was too much!

This dead old woman will clean her up sooner or later!

When Kylena Gale left, the yard suddenly became quiet.

In fact, Emily Gale didn't understand that before, Kylena Gale had always paid great attention to her own self-cultivation.

At least, in front of everyone, she was definitely the most cultivated wealthy daughter.

But recently, how does it feel like being stupid?

No, it's not being stupid, but, it seems that my status has improved a lot all of a sudden, and then I am overwhelmed.

What is it that makes her feel that her status is so high?

Is it related to the old lady?

Hunter Jackson got out of the car while Emily Gale took care of him, for fear that his head would faint again.

Hunter Jackson naturally placed one arm on Emily Gale's shoulder, and it seemed that she really needed her to help to walk.

As for the rumors that Young Master Jackson is not close to female sex, now it seems that it is not valid for Madam Young.

Those who told them that their relationship was at odds with each other were just to please the elders or something. Now, they are just slapping their faces.

If the appearance of the young master and the young lady is considered to be emotionally disagreeable, then please tell them, what exactly is a good relationship?

Do you have to do something indescribable in the car... well?

What's more, it seems that the peace and warmth of the young master and the young wife is simply a victory over the so-called passionate love affair.

"Grandpa and grandma, why are they here?" Hunter Jackson looked at the two, his voice always cold and indifferent.

Emily Gale looked at the two of them and called out softly: "Master, grandma."

The old lady's eyes fell on Hunter Jackson's forehead. Now he has stitched stitches and covered it with gauze. I can't see how the wound is. .

But the old lady was still heartbroken watching.

"Is it hurt very badly? I saw it said on the TV that a whole brick was flying over, and none of you mentioned it to me."

She was a little frustrated. If it weren't for seeing the TV, everyone was going to hide it from her. ?

"It's okay. I just sewed two stitches.

It will be well soon."

Emily Gale couldn't bear to worry the old lady so much.

She said softly, "It's really okay. Just take a rest for two more days."

"Don't tell. You are afraid that you are worried. In fact, he is really fine."

She looked up at Hunter Jackson and blinked at him: "Is it? Very energetic!"

"Yeah!" Hunter Jackson

Nodded very cooperatively, "Grandma, I'm fine."

This looks really cute.

"Of course, you have to let him take medicine. This guy has been reluctant to take bitter medicine since he was a child."

The old lady has a delicate mind and the child is injured.

The first thing that comes to mind is the injection and medicine.

After thinking about it, she still couldn't rest assured: "Why are you back today? Have you ever had an anti-inflammatory injection?" "Did you have it."

Emily Gale said immediately.

The old man snorted and seemed a little unhappy.

It's okay to comfort the old lady, but the girl's lie just opened his mouth. Of course he didn't like the younger generation being so good at lying.

Emily Gale didn't know how he was dissatisfied with him.

Anyway, the old man didn't like him, she knew it.

Of course, she didn't take it to heart.

To make the old lady feel at ease, she held Hunter Jackson's hand and showed the needle to the old lady.

"Look, grandma, I've really gotten an injection, it's okay, don't lie to you."

There was a needle on the back of Joseph's hand!

Not only the old lady was dumbfounded, but even the old man and Qin's steward were shocked.

Since Young Master Jackson was sensible, when did he get the injection?

Even if he is sick, he does not take medicine or injections!

"Old lady, sir, you don't know anything.

The young lady coaxed the young master to get an injection and take medicine.

There is definitely a set."

After leaving Kylena Gale outside, Aspen Li, who just came back, immediately became proud of everyone's faces. .

Madam Shao's greatness seemed to be his own, with a proud face.

"Last time the eldest master had a high fever, even Ye Han was not allowed to come close.

It was the young lady who lifted the needle from her hand and gave him a shot directly on his ass. This is the only way to burn..."

"Go!" , Almost couldn't hold back a kick and kicked him out.

Aspen Li was shocked to realize what he had said, he coughed and shut up quickly.

How did you accidentally tell the eldest master this kind of private matter?

Butt injection... Emma, unimaginable!

The old lady and the old man looked at each other, but the old lady couldn't help but smile: "Of course, did you really get a shot on his ass?" Oops!

This kid is amazing!

May I ask who would dare to give Young Master Jackson a spanking shot and don't want to live anymore?

I didn't expect that when I randomly ordered the mandarin duck book, I actually came out a pair of biren.

Emily Gale just smiled, but Hunter Jackson's expression was not good.

However, he cares about the two women, even if he feels aggrieved, he can't have an attack.

Emily Gale pulled his sleeve gently, and said with a smile: "What do you do with your face stretched out to scare your grandma?" Hunter Jackson looked blank, where was his face stretched?

Emily Gale saw through what he was thinking at a glance, and almost rolled his eyes.

"You look so ugly, isn't it just to be scary? Can you have a smile?"

"Hey, hey! The young lady is stunned? You asked the young master to laugh! Everyone is a little uneasy, this is definitely presumptuous for the young master! I don't know if the young master will be angry... Hunter Jackson's expression It was a bit heavy, and I didn't see the meaning of being angry. But he always had this expression, he was angry, and it was almost the same. Now, who knows what he is thinking? Emily Gale still sullen his face when he sees him. I couldn't help pulling at the corner of his clothes again: "Don't scare grandma.

"Everyone was surprised, the young lady is really a bit...a bit too presumptuous... Aspen Li wanted to say a few good things to calm the young master's anger.

"Of course, I..."

The old lady wanted to say something, after all. , Understands Abei's temper. He is not a person who likes to laugh, let alone being forced to laugh. Even if he can clearly see that he cares a little bit, she doesn't know how much he cares.

Ah! But who knows, just when everyone was so worried that they wanted to work hard to help the young lady, Hunter Jackson's lips suddenly twitched.

A twitch! God! Is this...is this a smile? Did you laugh? The skin laughed and laughed without sincerity, but people...they seemed to have really laughed! Everyone was completely shocked. However, something more shocking

happened next. Emily Gale stared. He glanced at Hunter Jackson with a displeased look: "It's uglier to laugh than cry!"

Do it again.

"Wow! So vigorous! So domineering! So... not afraid of death! Hunter Jackson stared at the woman in his arms, his eyes darkened. Everyone panicked, this is, the storm is about to start, and the young master is about to break out!"

Chapter 172

I am already his person, but the storm that everyone expected has not come.

Instead, his thin lips were slightly raised, and the smile that eclipsed everything in the world.

The wind seemed to be softer, and the sunset and sunset seemed to be dyed with colorful eyes, gorgeous and colorful.

His smile is like a touch of stimulant, making the whole world full of color for him.

The sky was bluer, the flowers were more beautiful, and the so-called storms instantly turned into bright clear skies.

The young master laughed, this time, he really laughed.

No longer is it uglier to laugh than cry, it is clearly the most beautiful smile in the world.

When Emily Gale looked up at him, he was fascinated by the accident.

Even if you don't want to admit it, you have to admit that Young Master Jackson who is willing to laugh is really enough to turn sentient beings upside down.

"Alright?" Hunter Jackson tightened his arms, the smile on his lips gradually disappeared.

Emily Gale still couldn't recover.

The old lady couldn't help but laugh out: "Ranran, pay attention to your image, and wipe your saliva quickly."

Emily Gale was startled, and hurriedly raised the back of his hand and wiped the corner of his mouth.

Did it?

Nothing!

Where are you drooling?

"Heh..."

Above his head, the man's deep laughter sounded.

The old lady had already laughed loudly, and the servants laughed a lot.

Although the bodyguards were a bit tolerant, they were still laughing dully.

Even the old man laughed loudly.

Kylena Gale, who was guarding outside, had no idea what those people were laughing at.

She could only stand outside the yard, looking inside desperately.

The yard was too big to hear laughter and could not see at all.

Emily Gale blushed with shame, as if finding a hole to get in.

Hunter Jackson patted her shoulder lightly, not wanting to embarrass his little guy, so he waved his hand secretly.

Everyone can only sullen and laugh, not to make Madam Shao even more shy.

The old lady said: "I've come back from the hospital, haven't you eaten dinner yet? Steward Qin, are you ready? The old man and I are also having dinner in Wangjiang Pavilion tonight."

"It's ready, madam, sir, you can serve food now.

"Steward Qin said immediately.

The old man nodded, and personally pushed the old lady in.

That day, Kylena Gale stood alone in the wind, sad and miserable.

Then they went in for dinner. Kylena Gale waited for a while, but did not wait for the old lady to ask her to come in.

Finally, I couldn't wait, and returned to the old lady's back room angrily.

At 8 o'clock in the evening, the old lady came back with Tweety and two bodyguards.

Along the way, there were even talking and laughing, looking in a good mood.

Kylena Gale sat in the hall with a sullen face, sulking.

"Kylena?" The old lady came in and saw her, a little surprised.

She also looked back on her home.

"What? See me here

Are you surprised?

Kylena Gale glared at the old lady, pouting, "Don't you want to see me?"

"What happened?"

I just thought you were home.

"The old lady smiled gently.

"Go home?"

Do you want to drive me away?

"Kylena Gale was taken aback, and then she was angry, "Do you want to drive me away now?"

"Nothing."

"The old lady didn't understand, why she reacted so fiercely.

"I don't know you have been living in Wangjiang Pavilion before. When you weren't here with grandma, grandma thought you had been living at home.

"No one told her that Kylena Gale has been living in Wangjiang Pavilion.

After all, she is a girl who has not been out of the pavilion.

It is inconvenient to live in other people's places.

She has also been moved in a mess these days.

She feels that this girl is pretty good and runs away from Gale's house every day. I came here to see her. But after spending more than two hours in Wangjiang Pavilion just now, I realized that Kylena Gale had been living there.

The old lady asked Tweety and the others to quit, and she looked at Kylena Gale and relaxed.

The voice tried to explain some truth to her.

"Kylena, Wangjiang Pavilion is Abei's peaceful place after all. You live in it...not very suitable.

"The most important thing is that she has been in school these days. Her younger sister is not there.

She is a sister who went to live with her younger sister's fiancé.

It is really unreasonable.

"Kylena, if you want to see grandma in the future, please directly Just live here with grandma, no one will say anything to you.

"Does anyone say anything when I live with Joseph now?"

Kylena Gale frowned and her face was displeased.

Asking her to live with this old woman is simply a torment. Who wants to see this old woman every day? She came to Jackson's family for the sake of the youngest, but not for the sake of her. Look at her old and ugly face! The old lady moved her lips and wanted to speak, but she didn't know how to persuade her so as not to hurt her self-esteem. But this kind of thing can't be left to her forever.

After hesitating for a while, the old lady said: "Kylena, anyway, Wangjiang Pavilion is the place of Ranran and Abei.

"Especially, although RJenni is often away, she has to go back to school. You are a girl living with Abei, and you will always get gossip.

"Who dares to gossip me?"

Young Master Jackson won't let those people go!

"Kylena Gale clenched her fist, she didn't believe it. In Jackson's house, some people dared to chew on the tongue! "Even if they don't say it, they will feel bad. Besides, if you live in Wangjiang Pavilion, Abei is not necessarily Just happy.

"Is Young Master Jackson pleased, except for himself, who can say for him?"

"Kylena Gale glared at the old lady, angrily: "Grandma, what's the matter with you?"

Do you want to separate me and Joseph?

"I..."

The old lady was startled, she didn't know how to answer the conversation. What is dismantling?

She and Bei?

Isn't she and Abe already nothing?

Here, where is the saying that dismantling is not dismantling?

"Kylena, do you... have something misunderstood?" "Grandma, I know what you want to say, you want to make me and Joseph completely break up for Emily Gale, don't you?" Kylena Gale bit her lip , Suddenly cried with a wow.

"Since I was young, everyone has helped Emily Gale bully me, hitting me at every turn, scolding me, and humiliating me, saying that I am a wild species."

"Why are you a wild species?" The old lady felt sad, this... ..I blame her.

If she hadn't lost Qing Qing, Qing Qing wouldn't have reached that old age to recognize her.

If Qingqing was taken care of when she was a child, she wouldn't be able to follow McGraw Gale when she grew up.

Finally, even her daughter was affected.

It was all her fault, she was sorry for Kylena.

When Kylena Gale looked at her expression, she knew that her words had pierced her deepest guilt!

Since she is guilty, let her be more guilty!

"I'm from Joseph already."

"What did you say?" The old lady was startled and almost jumped out of her wheelchair.

"You...you... and Abei..."

"We were originally a couple, you! It's all you! Why do you have to let Joseph and Emily Gale be together?" Kylena Gale pointed at her, tears of anger.

They all rolled down.

"Why are you breaking us up? Everyone is helping Emily Gale bully me, even you!" "I...I am not..."

The old lady covered her heart, not knowing whether it was agitated or uncomfortable, soon, even breathing it became difficult.

She didn't want to bully Kylena, how could it be?

But she didn't know, really didn't know, Kylena and Abe... God, what did she do?

Chapter 173

I was also sick. Kylena Gale didn't notice what was wrong with the old lady. Now she was completely blinded by anger.

"It's all you! It's all you! Why are you helping others to harm me!" She squeezed her palms tightly, grabbed the old lady's shoulders, and shook it hard!

"Why don't you love me? I am the one who should be engaged to Joseph, or even get married!" "I am with him, but you have to make him and Emily Gale be engaged, you know how painful Joseph is "You asked him to marry an ugly monster. Now, in order to please you, he still has to act with that ugly monster every day!" "You said, did you say that everything was your fault?" She was really anxious. I have suffered so many grievances today, and now I am venting all my head.

Shaking the old lady's shoulder vigorously, she flushed with anger, wishing to strangle the dead old lady in front of her!

"Do you think Joseph really likes that ugly monster? It's all for acting to show you!" "When you were away, Joseph didn't know how good it was to me. Do you know how crazy he was to me when he was in bed? "Kylena, don't say Kylena..."

The old lady was shocked when she heard it, "Impossible, Abei can't be like that, he is peaceful...so good..."

"You can't see how ugly Emily Gale is."

Are you blind?" Kylena Gale's words made the old lady unable to refute at all.

RJenni... RJenni she is not ugly, but... not that pretty.

However, it is incomparable with Kylena Gale, Kylena is a stunning beauty, and... that freckled face is really not pretty.

However, RJenni has a good temperament, and the feeling of being together with Abei seems to be very happy.

To say that this was acting, she didn't believe it.

"Kylena, Kylena, you are calm...cough, cough..."

Kylena Gale pulled her too tightly, and the old lady couldn't breathe.

"Kylena..."

In front of Kylena Gale, her face was twisted together because of anger, her usual delicate beauty, but now only presumptuous hatred remains.

To the point of hate, it makes people feel...very ugly.

Those words she said, thinking about them now, even one sentence is unbelievable.

Of course, how could such a good girl harm her?

However, she is her own granddaughter and she can't doubt her.

"Vic...cough, cough cough..."

Kylena Gale finally saw the old lady's face clearly, this face was flushed, as if she couldn't breathe!

She withdrew her hand suddenly in fright, and hurriedly gave the old lady a favor.

"Grandma, grandma, I didn't mean it, I'm just... just too excited."

The old lady ignored her words and opened her mouth to breathe.

Kylena Gale is afraid of death. This old woman can't die now. If she is gone, she will have no backing.

Kylena

Zi kept patting her on the back, finally, the old lady took a sigh of relief.

The anger eased, but his face was as pale as a piece of paper.

Kylena Gale was flustered, she was afraid that Tweety and others would come in, and she would ask why when she saw her appearance.

She hurriedly said: "Never mind grandma, it's all my fault. I shouldn't always think about the previous things."

"Even if I...I and Joseph are already like that, but now Joseph and Emily Gale are together, I...what else can I do?" The old lady couldn't insert a word, and Kylena Gale was already calm.

If you don't get a good relationship with the old lady now, in the future, she will definitely be unable to move in this family.

"Grandma, I live in Wangjiang Pavilion to make it easy to see you.

After all, if I live with you every day, people from Jackson's family will definitely have opinions on me."

The old lady was still speechless and could only look at her. .

Kylena Gale pushed her back into the room and helped her to the bed.

"Grandma, take a rest early, and I will guard you outside, okay?" Without waiting for the old lady to speak, Kylena Gale covered her with a quilt and went out.

The old lady was left lying on the bed alone, frowning.

She has not yet wiped her body, has not gone to the bathroom, nor has her feet washed.

Tweety didn't know where she went, how could she fall asleep like this?

Want to let Tweet in, but Kylena said to take care of her, if she finds Tweet again, everyone will think that Kylena has not taken good care of her.

Although the old lady is getting older, she still knows the worldly affections.

How much, to give Kylena some face.

It's just that it's really uncomfortable now.

Kylena Gale did guard her door. Seeing Tweet coming over, she waved her hand: "I'll take care of grandma tonight. You can go and rest."

She must repair the relationship with the old lady, or else , The future road is even more difficult.

...

"I know, you let him rest, I..."

Emily Gale looked back and the man was still taking a bath in the bathroom.

Although he could not be seen, he could faintly hear the sound of the shower.

Young Master Jackson was a little bit awkward today, just like a child and a grown-up, wanting her to be almost inseparable.

Tonight, I probably can't go back.

She took her mobile phone and whispered to Su Xiaomi on the other end of the phone: "I may not be back tomorrow, but it's not possible. You just ask him to stop and heal up first before talking."

"He doesn't listen, we all said it. He has been several times, but you know what his temper is."

Su Xiaomi is also anxious. He has painted two words today, and Qin Zhizhou must finish the third chapter now.

But he didn't know if the air conditioner was turned on too much last night and he was too tired to fall asleep on the drawing board.

I found out this morning that his face is not so good, especially red

Run.

Sure enough, at noon, I had a fever.

After taking some anti-fever medicine, I only slept for more than half an hour before waking up and started painting.

"No matter what, the body requires him to rest more."

Emily Gale glanced at the bathroom door again, the sound of the water shower was lowered, and Young Master Jackson probably was about to come out.

"Xiaomi, I won't tell you anymore, I still have something..."

"How about Young Master Jackson? I saw the news on TV today and he was injured."

Su Xiaomi was curious, "What about you? Are you okay? I seem to see you on TV." Whether it is Hunter Jackson or Emily Gale, there are very few shots, but she still spotted Emily Gale with sharp eyes.

The report was basically a matter of mediation later.

It only said that a young master of the Jackson family was slightly injured, but did not specify who it was.

However, anyone who knows them can recognize them as long as they see a profiled face of Young Master Jackson.

"We are all worried, but we don't know if we can call you."

"I'm fine, the people from Mr. Jackson are there, and they have taken care of the matter."

The bathroom door was opened, and Emily Gale immediately said: "Okay. No, I won't tell you. Take care of Qin Zhizhou. I'll be back tomorrow morning." Hanging up the phone, he looked up at Hunter Jackson's deep gaze.

"You only have three or four classes tomorrow morning."

He said lightly.

Emily Gale was taken aback for a moment, but he didn't expect that Young Master Jackson would memorize her course schedule so well.

She nodded: "Yes, but I want to go back early."

A boy in my studio is sick and still has a high fever..."

Who knew he immediately interrupted her, and said unhappily, "I'm sick too!"

Chapter 174

Feeding the medicine Emily Gale was taken aback, completely unexpected that Young Master Jackson would speak like this.

Isn't this a kid fighting for sugar?

Young Master Jackson's head was smashed today, won't he really be smashed?

Why is it becoming more and more like an unreasonable kid?

Probably realizing that he was somewhat naive, Hunter Jackson walked to the bed with a cold face and sat down, ignoring her.

Emily Gale rubbed his eyebrows, and dared to love Joseph that he became naive, and turned into anger from shame?

She didn't say anything about him, naive, naive, anyway, today I have learned countless times.

"I know you are sick, isn't this guarding you all day?" "Are you going to take care of the boy?" He snorted, with an unhappy expression on his face.

A big man with fever, what can I take care of?

Can't die again?

Emily Gale knew what he was thinking when he glanced at his face.

Fever can't kill people, but sometimes it can be very serious.

Besides, someone needs to take care of a disease that can kill people, so now he... doesn't seem to be very serious, right?

"What are your eyes?" Hunter Jackson stared at her, his face cold.

"I don't need someone to take care of it. You can go back to school now."

Here again, are you pissed?

"Do you really want me to go?" Emily Gale let out a sigh of relief, stood up, and walked towards the door with a gesture.

"Okay, since Young Master Jackson is already well, then...I have something to do, I will leave first."

Hunter Jackson is really going to be pissed off by this girl. Didn't he hear that he was angry?

Who made her come?

Can't be a joke?

This girl actually walked to the door!

Don't even look back!

Hunter Jackson was so anxious that she wanted to rush to pull her back, and throw her on the bed for a severe punishment.

But he is still a patient, if he moves so fast, this girl will definitely suspect that she is lying to him.

"Master Jackson, I'm leaving now, take care of yourself."

She finally turned her head!

Joseph Beidong fell down on the bed, his eyes blank.

" ... "

Wasn't it okay just now?

Emily Gale started to feel this guy's routine a little bit. Does this mean you don't want her to go?

Alas, now I don't know if he is teasing her or she is playing him.

"Uncomfortable again?" She walked slowly back to the bed.

Originally, tonight was indeed a bit dull.

After all, she did not know what was going on at the office, and she was indeed worried.

But this guy is so cute, such a cute Young Master Jackson, immediately pleased her.

"Well, it won't work if you don't leave? Can you be a little bit more energetic?" Hunter Jackson looked at her with a bit of sadness in his eyes.

What does this mean?

Did he pretend to be sick?

His dignified Jackson Family Young Master, would he use the means of pretending to be so low?

"Huh."

"It's time to take medicine."

Several

With words, Master Jackson's face suddenly tightened. Just now, it was resistance.

"You don't need to give me such a face, this medicine must be taken, otherwise, I will let the nurse come and take care of you."

Hunter Jackson glared at her with an unhappy expression.

This woman dared to learn the threat.

Emily Gale ignored his grievances, took the medicine out and spread it out on the bedside table, and poured a cup of warm water.

She looked at the man lying on the bed: "Do you want me to help you up?" "Humph!" "You hum me, do you still stretch your hand?" I want to laugh.

Young Master Jackson, is this really good for you?

Hunter Jackson glared at her, furious!

"You beg me to help me."

"Yes, yes, I beg you to let me stay, beg you to help me, and beg you to take medicine, okay?" Emily Gale was not angry and supported me. He sat up from the bed.

"Then now, you can hum again, but, after humming, give me medicine to sleep, okay?" "Humph!" "Good!" "..."

Hunter Jackson sullen, but his cheeks are still Can't help but feel slightly hot.

She even dared to laugh at him!

How dare this woman!

"You...hmm!" The pill was thrown into his mouth just like this, almost unprepared.

Immediately afterwards, a glass of water was brought over to his lips.

The taste in his mouth was so bitter that Hunter Jackson didn't even think about it, so he immediately poured a few salivas.

So, the medicine went into the esophagus with the water, and then into his stomach along the esophagus.

Medicine, don't you just take it?

You're done in an instant!

Hunter Jackson only felt that there was pain in his mouth and stomach, which was unbearable.

His face is gloomy, he is really going crazy!

It's fine if you give him an injection, but you have to force him to take medicine!

Such a bitter medicine was stuffed into his mouth like this, without his consent at all!

"Don't be too much...you!" He didn't know what fell into his mouth, a bit salty, and a bit sweet.

Hunter Jackson instinctively wanted to spit something out, but Emily Gale suddenly leaned in and k*ssed him gently on his lips.

She blushed, but seeing him stunned, she knew she was a success.

"Eat slowly. This is sweet plum.

It's delicious.

It can mask the bitterness of the medicine, right?" Hunter Jackson didn't know what he was eating in his mouth. He only knew that there were still residues on his lips. With her sweet taste.

He couldn't help sticking out the tip of his tongue and swiping it lightly on his lips.

This bewitching movement shocked Emily Gale's heart, and her face turned red.

The worst thing is, seeing his unconscious movement, I suddenly wanted to rush over and swallow him... in one bite!

Emily Gale couldn't help taking a sip of water, and quickly turned away from looking at his charming thin lips.

Who would have thought that two lips can have

Such a big charm?

Look at it more, it can happen every minute.

"How, how? Is it delicious?" she asked in a low voice.

"Not bad."

The man swept his lips lightly again.

Now it seems that taking medicine is not so unacceptable.

If this is the case every time I take medicine, then... it doesn't matter if I take it twice.

"Are there any more?" "Do you still want Ganmei?" Emily Gale quickly picked up the jar of Ganmei from the bedside table: "Yes."

"I mean, do you want me to take medicine?" "Huh?" Emily Gale was a little overwhelmed. This was... the meaning of asking for medicine?

"And..."

Hunter Jackson's heart was immediately happy, waiting for her to feed the medicine.

But the girl said, "Tomorrow morning, noon, and evening."

Of course, the doctor prescribes the medicine more than once.

The medicine is prescribed for three days.

"Nothing tonight?" Hunter Jackson was a little disappointed. Didn't this mean that she took the initiative to offer k*sses?

"No, don't worry, it won't happen until tomorrow morning."

Emily Gale smiled at him thinking that he was still resisting, which was soothing.

She packed up the medicine on the bedside table.

Hunter Jackson frowned, staring at the medicine: "Actually...I can eat it all at once."

"Eat it all at once?" What theory is this?

"I want to eat anyway. For now, just finish eating tomorrow and the day after tomorrow."

In this way, I can k*ss a few more tonight... Emily Gale's forehead gradually covered the black line.

This guy suddenly became so willing to take medicine, so dare to k*ss more?

Otherwise, he kept staring at her lips, what did he do like a slutty?

In order to k*ss, you have to take all the medicine for tomorrow and the day after tomorrow.

Chapter 175

Quietly and quietly, he saw through his thoughts of staying together all his life, Hunter Jackson just pretended not to care, coughed lightly, and turned his face away.

"It was you who took the initiative to k*ss me. I was reluctant to cooperate. Otherwise, it would hurt your self-esteem."

"Really?" Emily Gale only felt kind and funny, and said helplessly: "It's okay, my heart is strong enough."

After finishing the medicine, she stood up and looked at him.

"Master Jackson, you can rest after taking the medicine."

He didn't speak, but frowned slightly.

Can rest, what does this mean?

She seemed to have no intention to accompany him to rest.

"I still have something to deal with."

Emily Gale turned around and walked aside to open the bag that Aspen Li had brought back with his help.

The notebook was taken out and placed on the table.

"I have to catch the script tonight. I will start to do it when I finish the shower. You go to bed first, and I'll watch you here."

He still didn't say a word, and Emily Gale put the notebook away, took his nightdress and walked into the bathroom. .

Not long after he came out, Hunter Jackson was still lying on the bed, half-squinting, not knowing if he was asleep.

She walked over and probed his forehead.

Found no symptoms of fever, I walked to the desk and opened the notebook.

Once she started working hard, her appearance was really beautiful.

Unconsciously, Hunter Jackson was silly again.

Emily Gale didn't notice anyone staring at him.

At Qin Zhizhou's speed, there are not many scripts she has saved, at most there are only two or three words left.

Two or three words would only be enough for Qin Yifei to paint one day.

Therefore, after taking care of Hunter Jackson and sleeping, she immediately went to work.

He didn't even notice when there was one more person behind him.

Until, he suddenly reached out and hugged her in his arms.

"Ah!" Emily Gale was taken aback and turned back abruptly, accidentally touching his thin lips on his face.

"k*ss me?" The man frowned.

"No!" Emily Gale quickly denied, "Young Master Jackson, what are you doing?"
"I've been standing for a long time, and my head is a little dizzy."

This reason seems to be particularly useful. No matter where you go, no matter what you do, it is correct to explain. .

"Aren't you sleeping?" What does it mean to stand for a long time?

"Seeing you work so hard, I want to do something too."

He sat down in her chair somewhat logically.

Emily Gale had no choice but to stand up and give him the chair.

"You don't feel well, so don't do anything. Get a good night's sleep. Can you do it tomorrow?" "Can't sleep."

"What's wrong?" Just now, I thought he was asleep.

Hunter Jackson didn't speak, because he couldn't sleep anyway.

Seeing that she wanted to walk away, he gently pulled, and she immediately sat down on the chair, sitting in his arms.

"Young Master Jackson

..."

"You do something, I just look at it.

"He put his chin on her shoulders, his arms wrapped her waist, really intends to watch here all the time. Emily Gale subconsciously wants to push his hands away, which is simply taking advantage of her! However, Jackson Apart from holding her, the youngest didn't do anything excessive.

After trying several times to push him away, he still hugged her tightly. In the end, Emily Gale really had no choice but to let it go.

After all, I really still have a lot of things to be busy with. If I continue to be entangled in this way, things really won't be done at all. Hunter Jackson just hugged her, really didn't do anything presumptuous.

At most, his face is getting more and more towards her. Her neck was close, and in the end, her thin lips almost stuck to her neck. Emily Gale was really helpless. Young Master Jackson was tossing like this.

It's strange that she could calm down and create. Especially, his lips were so close to her neck.

It's like getting a k*ss. Can she calm down? However, people have no other excessive actions, and they don't know where to start if they want to blame. He bit the bullet and wrote another word, but found out The man who sat behind him and hugged her tightly, his breathing gradually became even.

The warm breath sprayed on her neck, numb and numb, which made people fascinated. But he closed. Eyes seemed to fall asleep on her shoulders.

"Major Jackson?

"Emily Gale whispered.

The other party didn't move at all, and when he called again, her response was a uniform low snoring.

She really fell asleep. Emily Gale suddenly remembered the article he had read before, no matter how powerful the person is. , There will be times when the soul is fragile.

The current young master Jackson is just like what the text says. He was just tired and curled up, and suddenly wanted to find a haven.

And himself, when he was injured. Stay with him and take care of him. So at this time, does he regard himself as his harbor? Otherwise, why would he keep reluctant to let her leave? After calming down, he looked sideways at the man sleeping on his shoulder, Emily Gale didn't feel the slightest humming in her heart. Yes, it was just quiet and peaceful.

It was like looking at her own child. Complete the two words as quickly as possible. Together with the previous one, the three-word script was passed to Qin.

A week later, she gently patted the back of Hunter Jackson's hand.

"Young Master Jackson, let's go to bed and sleep.

"Go to bed and sleep..."

She doesn't know how awkward she is. Fortunately, Hunter Jackson slept in a dazed state and didn't care at all. He went back to bed under Emily Gale's half-hearted and half-ordered. Lie down, but always hold her hand and don't let go.

"Don't go..."

She was a bit sour, but she didn't expect him to be so clingy after being injured.

"I won't go.

"Open the quilt gently

, Emily Gale lay down beside him.

As soon as he lay down, the person was hugged by him immediately, as if he was holding a bear doll, hugging him firmly.

"Young Master Jackson..."

He still snored softly in response to her.

Really tired, otherwise, he can't snore.

I was so tired, plus I was injured, and I didn't recover after a day of rest.

She stretched out her hand, dropped her long fingers on his face, and pushed his hair away.

If it's like this for a lifetime, how good would it be?

However, he is Young Master Jackson, but a person who is destined not to be with him forever.

As long as you close your eyes, the picture of yourself being hit by a car and covered in blood will appear clearly.

She doesn't want to die, but what is she doing now?

If you get too close to him, you will die easily.

But she still clings to him tightly, is it really fatal?

Fingertips ran across his thin lips, wishing to rush over and swallow him fiercely.

Only in the end, he still calmed down, just put his arms around his neck and closed his eyes.

In the future, I don't know what will happen.

But at least for this moment, she was still in his arms, and he was sleeping beside her.

Things that I didn't even dare to think about in my previous life are easy to own in this life.

It seems, very unreal... I don't know when, even Emily Gale closed his eyes.

The evening breeze infiltrated from the window, blowing the fine hair of the two of them.

The silhouettes cuddling together seem to merge into one.

There are some things that I dare not say, I can't say, some roads seem to have been walked, but also like never set foot.

That night, Emily Gale had a long, long dream.

In the dream, she and Mr. Jackson gave birth to a son and a daughter.

From young, to middle-aged, to old age, the two lived together in peace and quiet.

Dreams are always sweet, and that happiness lasts until I wake up.

The noise outside made Emily Gale suddenly opened his eyes.

When he was about to get up, Hunter Jackson had already sat up beside him.

Outside, Aspen Li knocked on the door: "Young Master, it's not OK, the back room is on fire, and the old lady is trapped inside!"

Chapter 176

I heard that when the sisters Hunter Jackson and Emily Gale arrived together, the old lady had been rescued.

There was another person who came out with the old lady, Kylena Gale!

"Quickly send her in, get a good treatment, absolutely can't let her have an accident!" The old man commanded on the spot, not only letting everyone take care of the old lady, but also Kylena Gale!

"I heard that she brought the old lady out of the fire."

In the corner, two little maids were discussing this matter in a low voice.

"This lady from the Gale family is so powerful, she even dared to save people in the fire, and she was not afraid of dying in it."

"Yes, this fire is so fierce, everyone thought that the old lady would definitely..."

"Thanks to the Gale family Miss, if it wasn't for her, the old lady would really be gone."

"Look at how good the old man is to others now, no wonder the old lady loves her so much, she is really good to the old lady too."

"Look at another Miss Gale's family. , Our future young lady, the old lady also loves her so much, but when the old lady has an accident, what is she doing?" "Isn't it just guarding the young master, me and me?" "The old lady is so kind to her... Suddenly, an arrogant figure came into view, and the two little maids

hurriedly lowered their heads in fright, and said in unison: "Old and young masters."

"Get out."

Hunter Jackson had a cold face, and Jenni walked towards the medical room together.

Behind them, the two maids suddenly cried and begged for mercy: "Master, we don't dare to talk anymore, Master, you don't want to drive us away."

"Master, we...we got it wrong, Master!" However, the person in front is still indifferent and has no intention of changing his mind at all.

Emily Gale walked beside him, wanting to look back.

In the end, he followed without saying a word.

It's really not a good thing to talk too much in this kind of giants.

Even if you don't let Young Master Jackson drive away today, and stay here to talk about the host's gossip, sooner or later, something will happen.

The two kept begging for mercy behind them, and Young Master Jackson didn't even look at it.

When the two bodyguards come, they will be taken away.

Probably they were desperate, and the two couldn't help cursing: "Young Master, you can't recognize people clearly, and you can't even see the women around you!" "The old lady loves her so much, but she has an accident with the old lady.

At that time, what did you do?" "That is, when Miss Kylena was in distress, she didn't even want her own life, but also wanted to save the old lady. What did

Emily Gale do?" "She is so ugly, you still protect her, Master, are you really blind?" The two were finally taken away.

Emily Gale looked at the road under her feet and said nothing.

She was indeed a little guilty, and felt distressed when she thought of the old lady's kind face.

"It happened

At that time, you are not by her side, and it is not your problem that you cannot come to rescue in time.

" "I know.

"She won't deny herself because of other people's misunderstandings.

It's just that she feels sorry for the old lady. Many people are outside the medical room, and the old man goes in to accompany the old lady. Others can only wait here.

"What's the situation?"

"Hunter Jackson walked to the doctor.

"The old lady choked a lot of smoke, and now Doctor Ye Han is taking care of it."

"The doctor just came out from inside, just to report the news to everyone.

"Young master, sir, please rest assured, Dr. Ye Han said that there is no danger to life, but the body is a little weak and needs to be recuperated.

"However, everyone's mood can't be relaxed.

The old lady is in this situation, and her body is already bad. This kind of thing happens again...

The doctor's words linger in everyone's mind again. You may not be able to survive this.

It's cold winter, and now, I breathed in heavy smoke again, and I was frightened.

It's really hard to say how long the old lady can survive. Mr. Big asked: "When can we go in and see her."

"Doctor Ye Han said, it's better not to visit first, let her rest well."

"So," the woman next to Mr. Da came out and asked softly, "Where is the lady named Gale?"

Emily Gale looked up. This was the first time she saw the big lady after hearing the word "Shu Ran" in Ye Fangfang last time. Ye Fangfang, who had already been admitted to a mental hospital, was shocked by her.

At the time, I used to talk about the person who revealed the news to them. Shu Ran, she was talking about this name at the time.

The doctor met Shu Ran's eyes and said softly: "The lady's situation is more serious than the old lady. But luckily, it didn't matter.

"Master, did you ask someone to take care of her?"

"The master's mind is all on the old lady, he only ordered to treat Miss Gale well."

"I will go in and see the old lady, I will take care not to disturb her."

"Mr. Da is not very concerned about other people and other matters, just want to confirm the situation of the old lady.

The doctor nodded and said: "Mr. Da, I will take you in. By the way, the eldest master, the master let you go too. Look at the old lady.

"Mr. Hunter Jackson and Da followed the doctor and entered the medical room together. Shu Ran immediately ordered the old housekeeper: "Send two maids to Miss Gale.

She is the great benefactor of our Jackson family.

She must take good care of her."

.

"Okay, I'm going now."

"The old butler is about to arrange personnel. Shu Ran said again: "I should go and see it myself.

" "Ok.

After the two left together, the juniors of the Jackson family looked disdainful. Jackson Xiaoran curled his lips and snorted coldly: "This woman really knows how to see the situation."

As soon as she said, everyone understood. Kylena Gale saved

Old lady, now, in the eyes of the old man, Kylena Gale is the great benefactor of their Jackson family.

In the future, I am afraid that the old man will also be very grateful to Kylena Gale, and maybe he will stay Kylena Gale and let her live in Jackson's house.

In this way, Kylena Gale is not only the celebrity around the old lady, but also the old man's favor.

Therefore, having a good relationship with Kylena Gale is equivalent to pleasing the old lady and the old man in one go.

This Shu Ran is really amazing!

Jackson Xiaoran knew that this woman was not easy!

"Plain fashion is gentle and docile, she looks like she is indisputable. In fact, she is the most scheming!" "Don't say, Shu Ran still has lackeys here, you are not afraid that she will sue Shu Ran?" Jackson Xue'er glanced at Emily Gale.

Originally, she had been banned and thought about it.

Now that something happened to grandma, she rushed over to see her, but no one would say anything.

Finally, there is a chance to come out and breathe.

Jackson Xiaoran glanced at Emily Gale sideways.

Anyway, she didn't like a woman named Gale.

They are all so annoying, come to Jackson's home to share the likes of grandparents and grandma.

They are so annoying!

Especially last time, the eldest brother banned her for Kylena Gale, and now she hates the Gale sisters even more.

Seeing that both father and eldest brother were not there, Jackson Xue'er began to be speechless.

"I said that your two sisters are really amazing, so you two are serving my eldest brother, so shameless?" "When you were away, your sister Kylena Gale, now you are back, your sister is not leaving, you are ready Are the three together?" The two sisters serve the young master together?

The gazes of the servants and bodyguards fell on Emily Gale.

If what Miss Six said is true, then these two sisters are really... too fierce, right?

Chapter 177

Could it be that it started from this misunderstanding?

Jackson Xueer's words were indeed too presumptuous.

The servants were all whispering, although no one dared to talk nonsense, but the look of Jenni also had a different look.

Emily Gale looked at Jackson Xue'er expressionlessly, and said lightly: "It turns out that Miss Six thinks that your eldest brother is a scumbag, even my sister, right?" "I, I haven't said that, you don't wrong people! Seeing Emily Gale taking out her mobile phone, Jackson Xueer's face sank and her face was defensive: "What are you going to do?" "Nothing, send a text message to your eldest brother and ask him when he will even want Kylena Gale."

You...do you dare to file a complaint in front of my elder brother?" It is shameful to complain about this kind of thing!

This woman is too bad!

"No, I don't want to file a complaint, I want to question him, after all, I am his fiancée, and I have this right."

Emily Gale looked at her with a serious expression without any provocative look.

"I don't know anything about him and my sister. Since you have said it now, of course I have to ask it clearly."

In her capacity, it is normal to ask, not to ask, it is tricky.

"No! You are not allowed to ask!" Jackson Xueer panicked and stopped immediately when she saw that she was really going to call.

"Why can't you ask?" Emily Gale glared at her with an unhappy expression.

"Miss Six, if your fiancé is getting better with other women, can you also ignore it?" "I...I..."

Jackson Xueer was glared at by her and stepped back subconsciously.

"Miss Six, if you dare not ask, it doesn't mean that others do not dare. Don't impose your own ideas on others."

Emily Gale stepped forward again, forcing Jackson Xue'er to take another two steps back.

"I'm not like you, even if my fiance is very powerful, he can cover the sky with one hand, but as long as he is my man for a day, he has to be loyal to me, otherwise, such a man, don't worry about it!" Jackson Xueer suddenly again After retreating, this time, he directly ran into Jackson Xiaoran's body.

Emily Gale's momentum made the servants and bodyguards around him startled.

What two sisters are serving a man together, and now seeing the young lady look like this, who would dare to say such things?

Everyone has said that unless the eldest master is not her man, he is never allowed to contaminate other women!

This is what a woman should say, what two sisters are serving together, this kind of lie is really a bit excessive.

Suddenly, everyone became a little disgusted with Jackson Xueer's rumors.

In any case, they belong to brothers and sisters.

Even his elder brother and sister-in-law did not let it go, so spreading rumors like this is really defeating character.

There are many right and wrong of wealthy families, and it is true that people born in wealthy families really don't have the affection of many brothers and sisters.

Jackson Xueer wanted to explain something to herself, but she couldn't find it

Words that can be said.

For a time, he was forced to say nothing.

Jackson Xiaoran smiled lightly and pulled Jackson Xueer behind him.

She looked at Emily Gale and smiled: "I heard that your sister has always lived in Wangjiang Pavilion, and she called her eldest brother so loud.

She was so young and didn't understand anything, so she would misunderstand their unusual relationship.

"This is not a rumors.

It seems a little provocative to ask the eldest brother. Emily Gale glanced at her and said lightly: "I don't care who spreads the rumors, I only care, is my man right? I am loyal."

"Of course I am loyal to you."

Suddenly, a low voice came from the door.

Everyone looked up and found that the doctor opened the door of the room and Joseph's tall figure stepped out from inside.

He walked up to Emily Gale and asked faintly: "Why? Doubts?" "Of course I have no doubts, but..."

"Emily Gale, don't talk nonsense!" Jackson Xue'er panicked and almost weakened in fright. .

The ban on the foot given to her by her elder brother has not yet been lifted.

What if I make my eldest brother angry and give her another week?

Jackson Xiaoran also stared at Emily Gale. If this woman dared to talk nonsense, she would definitely make her have a bad life in Jackson's house in the future!

Don't think that there is an eldest brother guarding her, so you can run wildly in Jackson's family and tell her that there will always be eldest brothers away.

If she dared to provoke divorce, she would be dead!

Emily Gale smiled faintly, looked up at Hunter Jackson, and said: "It's nothing, we're just discussing the relationship between men and women."

"If girls talk about their concerns, do you want to intervene?" Joseph Bei was obviously not interested, he said, "Shall I go to see Kylena Gale, together?" "Okay."

Kylena Gale was in the medical room next door, with other doctors and nurses taking care of her.

Shu Ran was also there, with two maids, taking care of her diligently.

Seeing Shu Ran, Ye Fangfang's words immediately returned to his mind.

Emily Gale couldn't help but glance at her more.

Is this gentle and gentle Mrs. Jackson, really quiet and kind, or is it all an illusion?

The Jackson's sisters seem to hate her very much. Is it because she has robbed their mother's position, or is she really disgusting?

"Ranran, you are here too."

Seeing Emily Gale walk in, Shu Ran and Hunter Jackson greeted him and immediately pulled Emily Gale over.

She lowered her voice and whispered: "Of course, your sister...may have some...little problems in her face."

She sighed slightly, seemingly sorry.

"She is really a beautiful girl. I didn't expect that she would burn her face..."

"What?" Emily Gale was taken aback for a while, "Kylena Gale was disfigured?"

"No, no, it won't be disfigured yet, but the chin stays on."

A

Some scars.

"For a girl who looks so perfect, this scar is also desperate enough. Shu Ran said: "When your sister wakes up, you have to comfort her. This time for the old lady, she really I was wronged."

Emily Gale didn't speak, but Hunter Jackson walked past her, walked to the bedside, and looked at Kylena Gale who was unconscious.

The chin was indeed injured and burned. In the future, he can undergo minimally invasive surgery. , But, after being injured, how could it not be as natural as before.

"She saved grandma?"

He asked.

"Yes, the eldest master, it's all the credit of Miss Kylena, who risked her death to rescue the old lady, or else..."

The doctor shook his head, still having lingering fears.

"You know the old lady's body, if it's late. Save people, I'm afraid..."

The doctor stopped speaking and didn't dare to continue. Hunter Jackson stared at Kylena Gale with no expression on his face, but the habitual chill in his eyes disappeared. For him, anything What is good for the old lady is his family. What's more, now Kylena Gale has saved the old lady's life.

It is normal that he will pity Kylena Gale. Emily Gale tried to convince herself, but saw Hunter Jackson taking care of Kylena Gale Her eyes warmed, and she still felt a little uncomfortable. In the last life, Kylena Gale was hit by a car in order to get Hunter Jackson. In this life, would Hunter Jackson still have to entangle with her? Emily Gale didn't know. In her previous life, how did Kylena Gale gain the trust of Young Master Jackson and let Young Master Jackson change her step by step. So in this life, could it be that this accident started?

Chapter 178

After all, I have never liked Emily Gale's crisp ringing.

Emily Gale was taken aback, and immediately retreated to the door and took out the phone.

Xiaomi's call... In the early hours of the morning, before dawn, when Su Xiaomi called, Emily Gale's heart immediately flashed through anxiety.

She answered the phone: "Xiaomi, what happened?" On the other end of the phone, Su Xiaomi's anxious voice came: "Ran, Qin Zhizhou has something wrong."

... Emily Gale turned her head and looked inside the door.

Hunter Jackson was still standing by the hospital bed, not knowing what he was communicating with the doctor.

It seems that Kylene Gale's most serious place is the chin, nothing else, let alone life-threatening.

She only hesitated slightly and left the medical room.

It just so happened that the old man came out with Ye Han when he saw the next medical room.

"Ye Han, what kind of grandma?" She was anxious now, and she couldn't bother to say hello to the old man.

Ye Han said indifferently: "There is nothing serious for the time being, but the body is too weak, I don't know when I can wake up."

"Is there any emergency?" "It should not happen."

"Thank you."

Make sure the old lady is not. If there is any problem, Emily Gale immediately said to the old man: "Master, there is something urgent in my school. I have to go there first."

The old man didn't say a word.

At this time, he doesn't care who wants to leave and who wants to stay. .

Emily Gale also knew that the old lady was in a bad mood now, and it would be no surprise to ignore him.

She nodded at the old man and returned to the outside of Kylenea Gale's ward.

Originally wanted to say hello to Hunter Jackson, but he was still listening to what the doctor said.

Emily Gale was not good to bother, so after sending him a message, he immediately walked towards the garage.

There is a driver on duty in the garage for the convenience of picking up and dropping off the host's home.

After Emily Gale left, Jackson Xiaoran and Jackson Xueer immediately surrounded the old man.

"Grandpa, how is grandma now? Can I go in and see her?" Ye Han said immediately, "Master and Mr. Da, they just went to see it. Now, let the old lady rest at ease."

The person has not woken up yet.

It doesn't make much sense for them to go in and see.

The key is that everyone who enters must be disinfected, which will increase the burden on the medical aids and nurses inside.

Gale Xiaoran nodded and said nothing.

But Jackson Xueer looked at the direction Emily Gale left, angrily!

"My grandmother usually loves her so much. I didn't expect that something happened to my grandmother.

She didn't even look at her grandmother and left like this."

Jackson Xiaoran's eyes were also cold, although his expression was not as rich as Jackson Xue'er, but, Also disdain.

"After all, it is not the child of the Jackson family. Can you still expect others to love our grandma? That is not her relatives at all."

Two, go back and rest early.

"Mr. Jackson Shiru came out from inside and glanced at the two of them.

"I see, let's go."

Jackson Xiaoran nodded. But Jackson Xue'er still muttered: "We want to see grandma, we are worried about grandma.

"I know you two are good, but grandma is doing this now, and she is not good for her."

Jackson Shiru waved his hand and said lightly: "Go back and rest first. When Mom wakes up, I will have someone to inform you immediately."

The sisters pushed back again, and finally left. Shu Ran just came out of the next medical room and saw the old man and the big man, and immediately greeted him.

"Dad, Shiru.

"How about that girl?"

"The old man asked.

Although he was still expressionless, Shu Ran could tell at a glance that the old man was interested in Kylena Gale.

She honestly said: "I inhaled a lot of dense smoke, but there is no life-threatening.

The doctor said to rest. Just a few days.

But..."

"But what?

"Jackson Shiru hurriedly asked. Shu Ranqian sighed: "Her chin was burned and the area is small, so it can be repaired by an operation."

"With the current medical technology, it is basically impossible to see it, and it is not impossible. However, if you have been hurt, you have been hurt.

At most, you can "basically" not see it. If you walk too close, you can still see some. Traces of repair.

"I heard that this child is called the first lady of Beiling.

"Shu Ran looked at the two and stopped talking.

The next thing, even if you don't say it, everyone understands.

The first lady, it is not enough to be talented and virtuous, she must have beauty. Now, beauty is somewhat different. Destroyed, the title of the first lady probably won't be kept.

The little girl's competition is of course nothing for them, but she did it to save the old lady.

"This girl has always lived in Abei before. local?"

"The old man asked. Shu Ran nodded: "The old lady seems to like Kylena Gale very much. In order to take care of the old lady, Kylena Gale lives in Wangjiang Pavilion in Abei.

"How can you pick Abei's place?"

"The old man frowned. Shu Ran said: "It should be because, however, also lives in Wangjiang Pavilion. My sister thinks it is more convenient for my sister to be there.

"The old man didn't say anything. He looked back and saw that Hunter Jackson just came out of it. Several people were relatively speechless. Hunter Jackson had already seen the news of Emily Gale.

It must be an urgent matter to leave at this time. He is planning to let Li. Ye went to ask what was going on.

"From now on, this girl will live in Wangjiang Pavilion until she is fully recovered.

"The old man originally thought that Hunter Jackson would refuse, so he had already figured out his excuses and wanted to convince him. No, Young Master Jackson just nodded and said nothing.

After saying hello to everyone, he walked away.

"It looks like Abei."

seem

She didn't resist Kylena Gale very much.

"Shu Ran looked at his back, thoughtfully. Young Master Jackson hated the approach of women the most. This is something everyone knows. But before, he let Kylena Gale live in Wangjiang Pavilion, and now he is right again.

There is no objection to the old man's arrangement. Is it true that the rumors are true that there has been a period between Mr. Jackson and the second lady of the Gale family? Looking at the old man, it seems that he is thinking about something. Shu Ran said: "Dad, this time, You go back and rest first, I just look at it here.

"Jackson Shiru also said: "Let her guard, Dad, you go back and rest early.

The old man looked back, and Ye Han nodded at him: "Nothing will happen, Master, don't worry.

"The old man left. Ye Han also greeted Jackson Shiru and his wife, and went back to take care of the old lady. Jackson Shiru looked at the old man's back and waited for him to walk far enough before saying, "Dad called this. Kylena Gale's girl seemed to be very concerned.

"I see, I will take care of her and let her get better quickly."

Shu Ran said immediately.

"Prepare something and send it to Wangjiang Pavilion immediately after she moves in."

"Jackson Shiru ordered.

The people the old man and the old lady like are also his favorites. Now the old man has specifically told Kylena Gale to live in Wangjiang Pavilion, and Jackson Shiru can more or less guess the old man's thoughts. Bei The first lady in Mausoleum, even if the chin has a slight flaw in the future, she must still be a very beautiful girl.

She is beautiful, kind, and pleased by the old lady. How can she be better than a future young lady who is ugly and bad reputation. This is the old man. Planning for the future of the child, after all, he has never liked Emily Gale.

Chapter 179

How is she now?

Qin Zhizhou went out in the early hours of the morning, because his head was so painful, he went out to buy some headache medicine.

Unexpectedly, when I came back, I was accidentally injured when someone was fighting on the side of the road.

"Let you rest early, now, must you rest?" Emily Gale didn't know if this was a good thing or a bad thing.

After returning, he asked Jackson Tianyou to take him to the hospital.

Now, this guy has to stop.

In addition to bandaging the injured arm, I also went to the internal medicine department.

I have been scolded by the doctor for a long time because of a cold and fever. If I come to see him later, the pneumonia will have to be corrected.

"Five words short."

Qin Zhizhou, who was hanging on the water, looked at Emily Gale with a worried expression on his face.

"With employees like you, I don't know if it is a misfortune or a blessing."

Emily Gale sighed lightly.

"Why?" Su Xiaomi didn't understand, "Such a good employee, other bosses can't ask for it."

“Working hard is of course a good thing for the boss, but it will be a disaster to work hard.”

Is this a work injury?

Alas...

It's not enough if everything goes wrong, but now it's a special situation, no wonder Qin Zhizhou struggled so hard.

After hanging the water and returning to the office lounge, it was only a quarter past eight.

There are only three or four classes in the morning, starting at ten o'clock, and there is still more than an hour left.

Qin Zhizhou wanted to continue painting, and Emily Gale winked at Jackson Tianyou.

Jackson Tianyou threw Qin Zhizhou directly on the bed and said coldly: “I will ask you for a leave today. I dare to get up before lunch and break your legs.”

Although these words are joking, Jackson Tianyou is very high. From Martha, one sentence is really shocking.

Qin Zhizhou is not afraid of anyone, most is Jackson Tianyou.

This guy's fists are as hard as iron. When he usually hits sandbags in the office gym, he feels that the sandbags are going to be blown by him.

Who dares to provoke such a physique and temper.

“You can take a good rest today. Tomorrow Friday, it's time for the semi-final selection.”

There is only one day, even if they draw them, there is no time to mark them. In that case, why bother to fight for it?

"That's right, anyway, now the second season is finished, whether you can live it, it has nothing to do with what you painted today."

Su Xiaomi poured him a glass of water and asked him to take medicine, she put down the cup and gave it directly He put the quilt on.

"Today's painting was prepared for the final."

Although Qin Zhizhou was afraid of Jackson Tianyou, he was still a little bit unwilling to give up.

In the final next week, he originally planned to end the four seasons and use a finished work to compete.

Therefore, his task will only be heavier than before, and will never become lighter after the rematch.

"Don't worry about it."

The finals have changed the season. Starting from next Monday, you don't need old works, but the team will create new creations and compete in three rounds.

"He Lingzhi hurried forward with this news early in the morning: "The news has not been released yet, I heard what an insider revealed.

"What do you mean?"

"What does it mean to not use the old work? New creation, is it a new work? "I don't know how it is better than me. I just heard that it is the news revealed by the senior management of Jiang's new animation department.

"He Lingzhi doesn't have any good points, but to inquire about the news, he really has a unique secret.

She said: "The general idea is that all the previous works have no reference significance in the finals.

"The finals use three rounds of on-site competition, probably once on Monday, once on Wednesday, and the final on Friday or Saturday.

"It means, painting on the spot?"

"Yes, painting on the spot!"

"He Lingzhi feels that they really hope to get a good result this time.

"Zhi Zhou draws so fast, Liu Shang can keep up with the speed of hooking, plus Yang Yi and Xiaomi color.

"He Lingzhi's eyes shone brightly, and he felt that he had seen the dawn of victory.

"Of course, you said, is it possible for us to actually make the top three?"

Although I don't dare to expect the first place, there is probably no chance to form an animation company with Jiang.

After all, they really don't have this ability. However, as long as they become famous in World War I, other animation companies may really look at them. In short, this is definitely a good time to become famous.

"Don't look at the old works..."

Emily Gale pondered this point.

The hero does not ask where he came from, and the person who can make this suggestion is indeed bold.

It seems that the Jiang family can. Such a success is not unreasonable. People who are really capable and must have vision.

"Also, of course, their plot must be specified.

" "I understand.

"Emily Gale nodded. That is to say, not only to draw on the spot, but also to write the script on the spot.

She looked back at Qin Zhizhou and smiled: "How?

After hearing this news, can I have a good night's sleep?

"Qin Zhizhou nodded, he was really relieved. However, if you want to paint on site, then the requirements for ability are the highest.

"Wait later, our team will come to the site to have a try.

"How to cooperate, just leave it alone and go to bed first."

Emily Gale yelled everyone outside the lounge and let Qin Zhizhou sleep by herself.

She looked at He Lingzhi, still a little uncertain: "Zhizhou draws the line drafts too fast, and Xiaomi cannot keep up with the coloring alone. You are now pulling Yang Yi, but he is not in our class after all.

"We are already qualified to absorb foreign aid, don't you know?"

He Lingzhi waved his hand and said with a smile: "This rematch will definitely be able to pass, I have enough confidence.

"As long as the quarter-finals are over, I immediately apply for the team

The team's qualifications are upgraded and it is guaranteed to be able to apply before the finals.

Emily Gale and Su Xiaomi looked at each other and couldn't help but shook their heads and smiled.

Their monitor looked plain and flat, as if they had no merit, but in fact, she was absolutely almighty.

The interpersonal relationship and the information channels were all first-class.

"Come on, this time, it depends on their abilities.

Emily Gale returned to her position and continued to write her script. I was tossed by Young Master Jackson last night and didn't write much of the script.

Although the script is not needed for the final next week, the story is already live. You have to write it down carefully. What's more, the results of the whole platform are pretty good.

"I'll go and finish the remaining few words.

"Su Xiaomi is also full of ambitions.

"Then I will also prepare materials for applying for team upgrades.

"Everyone is busy together, and the life is more fulfilling. Jackson Tianyou originally had a lot of things to do, and the hardware measures in the office have not been tossed. But he stood there, not knowing what corner he was looking at. In a daze. Even everyone is already busy, he just walks to the corner and sits down, looking at the table that has not yet been installed, thoughtfully.

"What's the matter?"

"Emily Gale was the first to find that something was wrong with him. He walked over and shook his hand before his eyes: "What do you think?"

Jackson Tianyou looked at her, her thin lips moved slightly, she was hesitant to speak. He really rarely had such a time. Emily Gale was about to ask something, but Jackson Tianyou suddenly said: "I heard ...Yesterday, the back room of Jackson's house caught fire. How is your... old lady?"

Chapter 180

If Emily Gale's hand was scrapped, he would not expect that Jackson Tianyou would care about Jackson's affairs.

Especially, the old lady who has nothing to do with him.

"Grandma inhaled some dense smoke, and her body became weaker, but the situation is stable."

She looked at Jackson Tianyou, and saw him secretly breathe a sigh of relief.

She still felt puzzled: "What's wrong? Why do you suddenly care about it? The Jackson family matter?" "Nothing."

God is not a person who can lie and make excuses, so when he doesn't know how to explain, he simply doesn't explain.

"I will install these seats first, and you will be busy with you."

Xiaomi recruited some people and will come to work directly next month, but a lot of things in the office have not been packed yet.

He is really busy.

But Emily Gale always felt that God Bless was a little weird.

But, for a while, it couldn't be said to be strange.

But seeing that he is really busy driving, Emily Gale is not easy to bother.

I can only go back to the chair and continue my script.

Because the office is very close to the school, except for Yang Yi and Jackson Tianyou who had no class in the morning, Emily Gale, He Lingzhi, Su Xiaomi, and Liu Shang had to rush to school at 9:30.

But I didn't expect that Qin Zhizhou would also get up, insisting to follow them to class.

This guy Qin Zhizhou seemed a bit withdrawn and didn't like to deal with strangers, but he was very persistent in his studies and work.

When the school bell rang, the five friends packed up their school bags and left the classroom to walk to the school gate.

He Lingzhi and Su Xiaomi are discussing what they will eat.

"Let's break the ban and eat braised pork today. I have not eaten red meat for a long time."

Both of them have been losing weight recently, and now they almost can't help drooling when they think of the aroma of braised pork.

"Liu Shang, okay?" Su Xiaomi blinked at him.

"Of course it's good."

Liu Shang, a foodie, likes everything as long as it is delicious.

"RJenni?" "Zhi Zhou's fever has just gone, eat something light."

Emily Gale gave them a blank look.

Su Xiaomi and He Lingzhi immediately surrounded Qin Zhizhou, pitifully: "Can I get you a piece of porridge? You should not see us eating meat, OK?" Qin Zhizhou wanted to laugh a little, he had never done it. Leading a group life has always been solitary.

Unexpectedly, team life can be so interesting.

Originally, I liked quiet the most.

After adapting to He Lingzhi and Su Xiaomi's squeaking all day long, they thought they were both fun.

"I'm free."

He has never asked for food.

"No, today's lunch must be light, everyone is the same."

Emily Gale declared stiffly.

"Of course..."

"No way."

"Woo..."

A group of people were chatting enthusiastically, but they were in the teaching building before they left the campus.

Suddenly several people stopped him on the green trail ahead.

“What kind of September painting club are you guys, the bad club that designed the 1801?” The boy at the head, who looked like a senior or a senior, stared at He Lingzhi, who was walking in the front, and snorted coldly.

He Lingzhi was so frightened that he took two steps back subconsciously.

These people were so big and tall that they felt scary at first glance.

“What’s the matter?” Emily Gale walked to He Lingzhi.

Liu Shang and Qin Zhizhou immediately stood beside her.

Although the opponent seems to be able to fight each and every one of them, they are also very provocative, but you can’t let the girl stand in front of them alone!

He Lingzhi quietly pulled the corner of Emily Gale’s clothes, these people, it looks like they are not good!

“I heard that your club has created a god-painting hand, the kind that can draw a few words in a day?” Several boys stared at Emily Gale’s hand with sharp eyes: “Is it you?” “It’s me.”

Qin Zhizhou Emily Gale pulled behind.

“Oh, you are very capable! How many words do you draw in a day? Are you kidding me? Ask for foreign aid.”

“What does it have to do with you?” Qin Zhizhou said coldly.

“It doesn’t matter, I just want to come and see what kind of hands do your god painting hands have.”

Several people stared at Qin Zhizhou’s hands, their eyes clearly malicious.

"Heh, why did the arm hurt? Was that accident last night? It's a pity, it just hurt the arm."

The man smiled very viciously, his eyes never leaving Qin Zhizhou's hand.

Another tall boy also laughed and said, "Yes, why didn't you hurt your finger? You said that if the finger was cut off, would the three words "God Painted Hand" become a joke?" "You want to do it."

What?" Emily Gale stepped forward again and pulled Qin Zhizhou back.

Qin Zhizhou's hand must not be injured now.

Other people's work may be substitutable. Even if her hand is injured, she can dictate and write the script.

But if Qin Zhizhou is injured, their entire team will be completely abandoned in this game.

These people even understood Qin Zhizhou's injury in the early hours of the morning. Could it be that the accident was tricky?

"Little girl, we didn't talk to you, what are you doing when you jump out?" The headed man's face sank, and he hates ugly girls.

One step forward is to push Emily Gale.

Qin Zhi Zhou Yi pushed his palm over and immediately pushed his hand away: "Don't touch the girl!" "Why? You can touch you without touching the girl, right?" The tall boy suddenly became vicious, and several people approached instantly.

Emily Gale held Qin Zhizhou, not letting him pass on impulse.

She calmly said, "This is the school. If you think you can do it, please try it."

Liu Shang had already taken out the phone and adjusted the shooting.

angle.

He said coldly: "You try it out. On the school forum today, it is guaranteed that this live broadcast will be the hottest."

The boys looked at each other and finally backed away.

The headed boy still stared at Qin Zhizhou's hand.

After being angry for half a second, he suddenly sneered: "Heh, this is the school, we don't move you, but you always get out of the school, don't you?" "God draws hands, this hands, but you have to take good care of it. Otherwise, if the finger is accidentally chopped off by someone, it will really be a bad club with a bad hand, hahaha."

"The bad hand of God Painted Hand, hahahaha..."

Several people laughed and walked away.

Qin Zhizhou's face was green, and he wanted to rush over and fight them fiercely, but Emily Gale was holding him hard, not allowing him to be impulsive.

She was a little worried now, and her eyes fell subconsciously on Qin Zhizhou's hands.

"Of course, do you think they really want to mess around?" Su Xiaomi walked up to her, also looking at Qin Zhizhou's hand.

Emily Gale looked back at He Lingzhi: "Did the results of today's rematch have already come out?" "It should be in the afternoon, but those who have news channels already know the results in the morning."

The news is better than myself.

I'm afraid that the result of the rematch was already known last night.

People are easy to do.

"They seem to be students of designing 1601."

Liu Shang pushed his glasses and stared at the back of those people leaving.

Emily Gale frowned: "Design 1601?" "I see, the cartoon club in their class is very powerful, and the captain is..."

He Lingzhi searched for relevant information in his head, and then slammed his head.

"The flower of our design department is Han Mingzhu, the fourth lady of Jinding Group."

He Lingzhi's amount of information is not ordinary.

She looked at Emily Gale, and her heart fluttered with anxiety: "Han Mingzhu has an average status in the Han family, but her half-sister seems to spoil her very much."

"As for her older sister, I heard that it is the fourth lady of the Jackson family, Jackson Xiao. Ran's bestie, the two have a very good relationship."

The relationship here is really extraordinary.

These boys are probably just to give Han Mingzhu a head start.

These people are not in the school.

Here, they are safe, but after going out, it is hard to say.

Before Emily Gale could say anything, the phone rang.

A stranger called, she hesitated, and then slowly picked it up: "Hello?" On the other end of the phone, a somewhat familiar voice came from calmly: "Invite me to eat, I will tell you the truth about that early morning. ."

Chapter 181

Think I want you?

"So, it's yours who saved my friend?" Emily Gale sat down in the chair and looked at the photos sent by the other party on the phone. Her thin lips pressed lightly, and she couldn't see what she was thinking.

"What do you want?" Jiang Nan set his hand, and the waiter immediately delivered the appetizers before the meal.

He said indifferently: "The road sees uneven roads and draws a knife to help, do you have to have a purpose?" "Mr. Jiangnan, can you guess I believe it?" If it is really just a road sees uneven roads, why bother to take pictures and send them to her. ?

Jiang Nan smiled lightly, and said nothing.

When the waiter delivered the food, he picked up the cup and raised a toast to her: "How about a drink?" "Sorry, I don't have the habit of drinking with strangers."

Emily Gale refused.

"We are not strangers."

This is the third meeting.

"To me, you are no different from a stranger."

Except for having a meal and knowing each other's names, there really is no more communication between them.

Emily Gale only knew that he and Shao Jackson were friends.

Although she subconsciously thinks that Young Master Jackson's friends will at least not mean harm to herself, but she still does not want to have more contacts with him.

Jiang Nan didn't seem to care about her indifference and alienation.

Picking up the chopsticks, he said, "Don't try it? This restaurant's dishes are very famous, and they are guaranteed to suit your taste."

This time, Emily Gale did not refuse, picked up the chopsticks and ate seriously.

This dish is very valuable at first glance.

She never disappoints the food, and more importantly, it's free.

Jiang Nan drank quietly by herself, eyes occasionally falling on her face.

This girl eats eagerly, and her attitude towards food is not on the same level as her attitude towards him.

"I heard that someone spent a lot of money and wanted Qin Zhizhou's hand."

He suddenly said.

Emily Gale was taken aback, his chopsticks almost fell to the ground.

"It's just a game between students, as for?" She was a little angry.

Jiang Nan is a friend of Young Master Jackson, so he must be a person with status and status.

Such a person would not lie and make jokes with her.

In other words, those boys are not necessarily the most difficult ones, maybe the more difficult ones are behind.

“But the special prize of this competition, but the establishment of an animation company with Brilliant Entertainment, if you do a good job, maybe within three years, you will become the first animation person in Beiling.”

This reward is not that simple.

Which team in society does not want to participate?

Unfortunately, there is no qualification to sign up.

Since even the teams in society want such rewards, aren't these student teams even crazier?

Jiang Da and Ning Da gathered almost all the children from the upper-class families in Beiling.

They wanted to do something, they had money.

“Even if you ruin Qin Zhi

Zhou's hands, those people can't take the first place, and ruining us is not good for them.

“Emily Gale's heart violently moved. Could it be that those people were originally qualified to compete for the first place? If so, then the target would be very easy to lock. Except for those very bad teams, they didn't do this at all.

It's necessary.

And those big teams, how much power they have because of their families, is incalculable. Shujia behind Shu Lei, Jinding Group behind Han Mingzhu, and the other three hottest teams...

"Don't It's not likely that similar things have not happened to the team, but they naturally have the power to protect themselves.

Although Jiang Nan's words are not good, they are absolutely true.

"Our team is still unknown for the time being, why are they..."

"God Painted Hands, isn't it your own people?"

"God draws hands?"

"Emily Gale was taken aback. Seeing him motioning to look at the phone, she took it out by herself.

After flipping through the campus forum, she didn't expect that there was actually such a hot post, including a video of Qin Zhizhou's painting.

There is nothing wrong with this post itself. , Because they are not well-known, and in the original finals, there is a part of the public vote. In order to get some popularity, He Lingzhi also made a lot of publicity posts. One of them was a post saying that their community has a god painting One hand and a video of drawing a line draft.

The video was obviously secretly filmed, probably even Qin Zhizhou didn't know about it. No face was photographed, only his drawing hand, and the computer Picture. Because the computer accompanies the time, there is no fast-forward problem.

And this video has changed several positions, and you can see that there is no post-fast-forward technology. Only the hand in the video is in the picture. Draw quickly.

The revision rate of the drawn line draft is less than 1%. In other words, if you draw a hundred lines, there may be only one that needs to be revised.

The drawn lines are smooth and flowing, and the speed is fast.

Amazing and the quality is perfect! At the bottom of this post, a bunch of people were amazed, and one or two raised doubts, maybe they had been edited or something. However, more people denied his doubts, and there was absolutely no editing. , Definitely not fast forward! This hand is definitely a god-painted hand! Their society is famous because this god-painted hand has become the biggest dark horse from a small and unknown society.

The masses are predicting that maybe this god painter will win the championship. Of course, everyone knows that the champion team is none other than Shu Lei's team, but there are still people who dare to speak up, maybe? Yes, that's it. Maybe they have become the most uncertain factor. Emily Gale looked more and more.

The blood all over his body felt colder.

With such a god-painted hand, can there be fewer people who want to destroy it?

She can't blame He Lingzhi, this in itself is to make the team famous.

But it was also because of this. Now, Qin Zhizhou was exposed to all eyes, it was really dangerous.

"In that case, the incident in the early hours of the morning was not accidental at all, but deliberate?" Emily Gale looked at Jiang Nan and grabbed the precious embroidered tablecloth with five fingers.

"Maybe."

Jiang Nan glanced at her knuckles white fingers, and said faintly: "Should I check?" Although Emily Gale's face looked the same as usual, her fingers gripped the tablecloth so tightly. Obviously, she was also very nervous.

"What do you want?" I believe anyone does anything with a purpose.

Jiang Nan is not her friend, he is willing to check, naturally he will not do in vain.

Jiang Nan smiled slightly, this girl is very smart.

But okay, dealing with smart people is easy.

"You have no class this afternoon."

He picked up the glass again, and the scarlet liquor swayed gently in the glass.

"Stay with me for a day."

"Impossible!" Emily Gale refused.

Although Qin Zhizhou is dangerous now, she absolutely cannot do such shameless things because of this.

Jiang Nan was stunned for a moment, and then he wanted to understand.

"Do you think I want your body?" Seeing Emily Gale staring at him, his eyes full of precautions, he suddenly laughed loudly.

"Oh, you are Hunter Jackson's fiancée. No matter how thirsty I am, I won't want to touch his woman."

These words still failed Emily Gale's defense.

She said solemnly: "Then you do everything possible to get close to me, what do you want?" Jiang Nan thought for a while, then put down the cup, stared at her, and said seriously: "I just want to know what is different about you. Let the boss like it so much."

Chapter 182

There is no attraction at all.

The low-key car moved away from the noisy street, and gradually drove to the quiet beach.

Emily Gale agreed to Jiang Nan's request and stayed with him all day, from the afternoon to late at night.

However, her request was not to find out who instigated those people last night. What she wanted was the safety of Qin Zhizhou before the final.

Today is Friday, and there are only a few days from now to the final.

He Lingzhi received news at noon that the final may be directly pushed to the 5th or 6th next week.

Anyway, it is a week's time.

Since only one condition can be mentioned, then it is better to take precautions before finding the reason.

"You are indeed very smart."

Jiang Nan, who was driving, suddenly glanced sideways at her, "However, I don't think these cleverness is enough to make him look at a woman."

"I told you earlier that Young Master Jackson is not Like me, believe it or not."

Anyway, they have already negotiated the terms. Whether he has studied the wrong target, she doesn't care and doesn't care.

"Really?" Jiang Nan's thin lips hooked and smiled.

She has her ideas, and he also has his obsessions.

Maybe even he himself didn't understand why he believed that the boss liked her.

But there were some feelings that couldn't be erased once they existed. He just didn't know how deeply the boss cared about her.

Yesterday's news basically didn't mention a word about the future young lady of the Jackson family, but he clearly saw her presence on the screen.

A brick is impossible to hurt the boss.

But if there is such a weak woman next to the boss, it's another matter.

He saw the figure of the boss guarding her leaving in the camera.

The car stopped on the beach, Jiang Nan got out of the car first, and looked back at the girl who was following the car.

"Dare to follow me?" He locked the car and walked toward the beach.

Emily Gale didn't speak, but followed him.

Come here, can you still follow him?

From now to twelve o'clock in the evening, the time at least belongs to him.

If you don't follow, the agreement is ruined by yourself.

She walked behind him, looking at the man walking in the wind.

He seems to particularly like to wear white clothes, this color can not be controlled by ordinary men.

However, when worn on him, it is particularly beautiful and full of fairy spirit.

Especially now walking on the seashore, being blown by the sea breeze, fluttering in white, coupled with the long braid with the wind-blown hair, he is a stunning and beautiful man who has emerged from an ancient painting.

Why do you resist him so much?

Actually, it's all because of his relationship with Young Master Jackson, right?

Sometimes Emily Gale didn't even understand her own thoughts, knowing that if she continued to entangle with Young Master Jackson, there would never be any good results.

But now, isn't she sinking step by step?

Pretending to be alienated

Everything related to Young Master Jackson, in fact, can she really be alienated?

"What are you thinking about?" Suddenly, the man walking in front stopped and looked back at her.

Emily Gale was startled, and didn't stop without stopping, and hit him directly.

"It hurts!" She covered the tip of her nose, almost sneezing.

Glancing at him fiercely, Emily Gale couldn't help complaining: "Why stop suddenly?" "I have stopped for a long time and have been looking at you."

Jiang Nan pointed out the facts, "You are absent-minded."

"I... .." Emily Gale looked at him and complained again: "I'm absent-minded, but you don't know how to hide when you look at me about to bump into it?" "The road is not yours, why should I avoid you? What's more, When I ran into it, you were the one who hurt, and I didn't feel it."

So, why avoid it?

These words made Emily Gale completely unable to refute.

Jiang Nan also looked at her red nose and snorted: "I thought it was so smart, but that's the case."

Emily Gale didn't like to listen to these words.

"Have I ever said that I'm smart? What's more, who hasn't lost mind yet? You promise you will never?" Jiang Nan looked at her without speaking.

Emily Gale didn't bother to pay attention to him and walked ahead of him.

In the afternoon, the sun is shining on her body, and most women can't hold the sun.

After a long time, who is not afraid of freckles?

However, this girl seems to be always so energetic, and she is not afraid of her skin being exposed to the sun under the scorching sun.

She didn't even stretch out her hand to block herself from the sun.

Seeing the beauty of the waves, Emily Gale directly took off his shoes, rolled up his pants, carrying the shoes in his hand, and stepped barefoot on the waves.

Occasionally, I would bend over at the beach and pick up a small shell or two.

After getting tired of playing, he will casually raise the shell again and return the shell to the sea.

The pace is light, the figure is slender, it looks really no different from ordinary girls.

Where is the real difference?

Jiang Nan couldn't see it at all, and couldn't guess it.

A face is now full of freckles, maybe after washing off these disguise, she is really a stunning beauty.

But in this world, as long as there is money, there is never a shortage of beautiful women.

For people like them, the most despised are beautiful women.

So, where is Emily Gale attractive?

This question is really hard to think through.

In his opinion, it is really even more ordinary than ordinary girls.

Someone was fishing in front of him, and Emily Gale looked at it and suddenly got excited.

"Well, Mr. Jiangnan, I will take a look and come back soon."

It is so rare that it is so lucky to be able to meet the fishermen who have returned from fishing at this time.

"Little girl, do you have anything to buy? Come and see."

Several fishermen

Pour the returned seafood into several plastic buckets, including shrimps, crabs, sea fish and shellfish.

Seeing the sea fish and shrimp rushing around, Emily Gale, who had only eaten lunch for less than two hours, suddenly moved his index finger.

"Wow! Dog claw snails!" I haven't eaten it for a long time, it's really been a long time!

She actually saw fresh dog claw snails!

Luck is simply overwhelming!

"Little girl, you really have a vision. This time we went to the island and finally brought it back. No matter how much I want, I won't have any more."

Emily Gale thought about it, and brought it back to everyone to taste. He must all like it.

However, she made a deal with Jiang Nan in today's time, and even if she bought the things, she couldn't take them back...

"Want to eat?" Jiang Nan walked behind her and saw these little things, and she had no appetite at all.

Especially when I just got it from the sea, it's still dirty now, and it's even more appetite at first sight.

However, seeing that this girl seemed to like it very much, he didn't mind spending some money.

"I like it, so I bought it all."

“What? You didn’t even ask the price?” Emily Gale glared at him, a little dissatisfied.

How can anyone talk like this when buying things? Isn’t this an obvious opportunity to pit money?

Sure enough, a few fishermen heard Jiangnan’s arrogant words and immediately said: “It’s not expensive and not expensive. This dog claw snail is only five hundred yuan a catty. Here is more than three catties. If you want it all, you can just give it one thousand and five.”

Jiang Nan put his hand in his trouser pocket and was about to get his wallet.

Suddenly, a small hand pressed on his trousers and pressed his hand across the cloth.

Jiangnan frowned lightly, and was unhappy.

He doesn’t like being touched by a woman, even through the cloth.

But Emily Gale didn’t notice his displeasure at all.

She stared at the fishermen who offered the price, and said displeased: “The market price is only one hundred and fifty-one catties. You sell for five hundred, why don’t you grab it?”
