

Love Through Time and Space

Chapter 21

Ten times returned Aspen Li and two bodyguards hurried over, running a bit out of breath.

The eldest master's speed is too fast, and these people who have been trained for many years can't catch up.

It's too shameful! However, what is the situation with the young lady in the future? Why is it so miserable! Hunter Jackson picked up Emily Gale with one hand and walked towards Daniel Jackson. Emily Gale didn't have any strength right now, and the whole body was lying on Young Master Jackson, his consciousness was disappearing bit by bit. But she could still see the panic that Daniel Jackson couldn't hide, and Kylena Gale's trembling body.

They are all scared, afraid of this god-like man! Daniel Jackson watched Hunter Jackson walk up to him and wanted to take two steps back, but he didn't have any strength on his legs and couldn't move. Hunter Jackson stopped in front of him. Daniel Jackson breathed in confusion, and said loudly: "The first rule of Jackson's family, brothers and sisters are strictly forbidden, brother, you can't not remember!" If his voice was not trembling, if his breathing is not so fast, if his face is not so pale, perhaps, this is more convincing. Hunter Jackson's five fingers tightened, and the knuckles made a rattling noise. Daniel Jackson's legs softened and she said dumbly: "Brother, this dead girl provoke me first.

She slapped me, can't I fight back?" Joseph's north five fingers rang more loudly. He raised his hand. Daniel Jackson almost knelt to him in a panic. In a hurry, he exclaimed: "Big brother! Grandma is seriously ill. I have to see her every day. If she finds out that I have been injured, she must... Um!" The punch fell on his stomach, causing him to bend over with pain and sweat! But, at any rate, the second young master of the Jackson family, how could he beg Hunter Jackson for mercy in front of outsiders? Daniel Jackson gritted his teeth and stared at him fiercely, but only dared not to speak. Hunter Jackson's punch

was already merciful, he knew it! If it wasn't for the seriously ill grandma, Hunter Jackson's punch would be enough to make him lie down in the hospital for a month and a half! His people are not here today, and he knows well that he is definitely not Hunter Jackson's opponent. But this punch, one day, he will return ten times the profit! "Your woman?" Hunter Jackson's gaze suddenly fell on Kylena Gale. Kylena Gale shook all over, and was so frightened by the fierceness in his eyes that she almost sat down on her knees. This man is really cold! It's so cold that it makes people feel scared, and it's so cold that people dare not look directly.

"I...I'm not..."

Daniel Jackson gritted his teeth and said dumbly: "So what? My woman compares to your ugly fiancé, how is it?" He refused to admit defeat! Today Hunter Jackson was forgiving him for his grandma's sake. Since he was forgiven, it is impossible to do anything to him. Daniel Jackson clenched his fists and wanted to stand up straight, but his abdomen really hurts! The pain was so painful that he couldn't straighten his waist.

"Good."

Hunter Jackson's word "good" is incomprehensible, but it is also creepy. He picked up Emily Gale, who had fallen into a semi-conscious state, and walked towards the direction of the car. Behind him, only a few cruel words were left behind: "My woman suffers, let her give it back ten times."

"Yes!" He left, but Aspen Li and the two shadow bodyguards were still there. Daniel Jackson was so angry that he almost vomited blood: "Hunter Jackson, dare you! If you dare to treat her like this, I will tell grandma, I... let go!" "No! Young Master Jackson, it's none of my business, I am not Jackson The second youngest woman, Young Master Jackson, Young Master Jackson, you forgive me!" Kylena Gale was framed by Hunter Jackson's two bodyguards, shaking all over, "Don't..."

"Aspen Li, dare you! Dare to move her hair, I will kill you!" Daniel Jackson was about to rush over, but was stopped by another shadow bodyguard who appeared out of thin air. Hunter Jackson's shadow bodyguards are famous. You don't know where they come from.

They may already follow you.

These people have all gone through many years of high-intensity training. Not to mention that the current Daniel Jackson is injured, even if he is fine, he can't beat them. Standing in front of Kylena Gale, Aspen Li asked McGraw Gale who was not far away: "Just now, how many slaps did they slap the future wife?" "They..."

McGraw Gale was scared to death. Today seems to be the end of the world. First, I provoke the Second Young Master, and now, it seems to provoke Young Master Jackson again. Can their Gale family survive in Beiling? "Say!" Aspen Li's face sank. McGraw Gale didn't even think about it, and blurted out: "Two slaps."

Then, a crackling sound and twenty slaps fell on Kylena Gale's face one after another.

"Ah... Young Master Jackson..."

Ah! Forgive me, ah..."

It hurts! It really hurts! Kylena Gale was crying and making trouble, but she could not exchange Aspen Li for any pity. For Aspen Li, only the words of the young master are commands. Snapped! Snapped! Snapped! "Second Young Master...Daniel...Ah! Ah...Save me..."

Kylena Gale was beaten so that the corners of her lips were cracked and blood was vomiting out of her mouth. stop.

The second young master of Tangtangmu's family can't even protect his own woman. Not only watched her being severely slapped twenty slaps, but even watched them tear her clothes to pieces! "Aspen Li! Stop! Stop! Do you dare to move her again, I'll kill you!" But Aspen Li didn't listen to him at all. Just now the young lady's coat was torn apart.

The eldest master said it would be returned ten times! Aspen Li couldn't tell how much the ten times should be, so he simply tore Kylena Gale's dress to pieces. Kylena Gale had never suffered such a big humiliation in her entire life. Not only was she beaten, she was also torn to the extent that she was left with the most intimate clothes. Finally, they threw her on the ground, and she was lying on the ground holding herself like a discarded garbage, still trembling all over. So terrible, these people are really terrible! Why do you do this to her? Why can't Daniel Jackson protect her? The more this happened, the more she wanted to be the woman of Jackson Daxiao! Because she can see clearly today that Daniel Jackson is not even a fart in front of Hunter Jackson! Only Hunter Jackson, only Hunter Jackson is qualified to be with her. Aspen Li took a few shadow bodyguards and left, and Daniel Jackson rushed to Kylena Gale. Seeing her embarrassed appearance, her face was swollen like a pig's head, even her face was covered with blood and tears, and even... snot. He wanted to pick her up, but it was a bit dirty. In the end, he just called out: "Mr. Gale!" McGraw Gale recovered from the shock. When he saw Gale Kylena's appearance, he immediately became anxious and called out: "Hurry up and get a blanket and call the doctor. Hurry up!" The family doctor rushed over, wrapped Kylena Gale in a blanket, and rushed to the medical room. Daniel Jackson felt that he was ashamed today, and it would be boring to stay, and lost the sentence "I will see you when you are better", and then left. Kylena Gale was dazed, but she always had an obsession in her heart, she must replace Emily Gale and become the grandmother of the Gale family. In the whole world, no man can compare to Hunter Jackson. Only by being a woman of Hunter Jackson, can we call the wind and the rain and walk sideways in the Beiling! She must marry Hunter Jackson, and she must be the most powerful woman in the entire Beiling!

Chapter 22

Emily Gale doesn't know where he was taken. In a daze, she seemed to be held on a bed, after which someone was treating her wound.

"Except for the forehead, there are no other injuries on the body. This erythema is due to the misuse of the red red technique. I will prescribe some medicine and it will disappear soon."

"As for the forehead injury, luckily the wound is not big.

The best medicine will not leave scars."

There seemed to be people talking in the room, with more than one voice.

"Young Master, I have already investigated.

It is said that Kylena Gale delivered food to the future young lady this morning, and the young lady developed erythema."

"Later, it was discovered that it was McGraw Gale's wife Siniya Ye who killed the future young lady, McGraw Guyi.

Angrily sent Siniya Ye away."

"The Second Young Master heard about this, so he caught the future young lady who wanted to vent her anger to Kylena Gale.

After that, it was what we saw."

Emily Gale could still recognize Aspen Li's voice. , As for the other voice, it was Young Master Jackson's personal doctor, Ye Han. In this room, although someone has never spoken, his sense of existence is too strong to be ignored. Later, the surroundings became quiet, and it seemed that everyone had left, but the sense of existence remained.

There seemed to be a cold but scrutinizing gaze, which had been staring at her, right beside her.

It's a pity that the eyelids are too heavy. Emily Gale tried several times, but still couldn't open his eyes. In the end, she didn't know if it was too tired or the effect of the medicine worked, and her consciousness completely disappeared. Dimly, there seemed to be a few more people in the room. Someone was calling respectfully: "Old lady."

Old lady? "Grandma!" Emily Gale opened his eyes suddenly and sat up. grandmother! It's really grandma! Grandma is still alive, grandma is not dead! "What's the matter with this girl? The injury is not healed, lie down!" Madam Jackson was startled by her.

The two maids came over immediately, trying to help Emily Gale to lie back. Emily Gale broke away from the hands of the two of them, moved to the bed, and when he grasped Mrs. Jackson's shriveled palm, his eyes turned red.

After being beaten and humiliated, she did not shed a single tear, but now, seeing the old lady, Dou Da's tears fell steadily.

"Grandma..."

Her voice was hoarse, she didn't say anything, just kept crying! The old lady is not her grandmother, but she was the best and best person to her in her previous life. But her life was not long, and she died of illness more than a year after she was engaged to Hunter Jackson.

After more than a year of getting along, the kindness and compassion of the old lady made Emily Gale truly feel the feeling of being cared for by relatives. Seeing the old lady now, the joy that was lost and regained made her cry with excitement. Hunter Jackson stared at the crying girl, still showing no expression on the handsome face. He didn't know, when this girl and his grandmother had such a good relationship. Of course, he didn't understand why his grandmother had to make him and Emily Gale engaged.

The old lady looked at the girl's crying face.

After two seconds of error, she felt distressed: "Little girl is wronged, Abei, are you bullying her?" "I..."

"It must be you."

The old lady snorted angrily. , Picked up the pillow and smashed it on Hunter Jackson: "You stinky boy, you have been bullied by you before you get married!" Poor Joseph didn't even have a chance to refute, so he ate a soft drink in person. Pillow, can't hide. Emily Gale blinked her eyes and wiped away her tears. Seeing that Young Master Jackson, who was so great outside, deflated in front of her grandmother, wanted to laugh a little.

She knew that Young Master Jackson was cold to everyone, and there were only two people who could truly feel sorry for him in his life. One is his younger brother Ross, and the other is the old lady in front of him.

"It's not the young master."

Emily Gale wiped the tears from the corner of his eyes and calmed down a little.

"Young master, you should call him Joseph."

The old lady patted her hand, "Don't be afraid.

Although he looks a bit cold and fierce, he is actually a good person."

This, Emily Gale Noncommittal.

It's really hard to say whether Young Master Jackson is a good person.

The person who mixes up in the mall is still such a powerful and cruel character. If you say that he is a purely good person, it may not be convincing. However, Emily Gale nodded, not to worry the old lady.

The old lady stared at the red spots on her face and the wound on her forehead, and sighed slightly for a long time.

She looked back at Hunter Jackson and said, "Abei, you let everyone go out first. I have something to say to Jenni."

Hunter Jackson still didn't want to understand why his grandmother paid so much attention to Emily Gale. But he was always willing to listen to grandma's words. With a wave of hands, everyone backed out, and walked out to the study along with himself. Only the old lady and Emily Gale were left in the room.

The old lady looked at Emily Gale's face with complicated eyes.

"You are willing to call me grandma. I am really happy in my heart. Grandma knows that you must have a lot of questions. Why does grandma have to let you marry Abei."

"Jenni, grandma can't say a lot of things, grandma as long as you understand, Grandma loves you, and sincerely wants you to be happy."

"Only A Bei can be your support, and only he can protect you."

"But..."

Emily Gale didn't understand that she and The old lady of Jackson's family hasn't seen her a few times, why must she make her happy? "Don't ask anything, don't think too much, remember what grandma said, grandma is someone who really wants you to be happy."

The old lady squeezed her hand, a little heavy: "This home looks very peaceful on the surface, in fact, the relationship is very complicated."

Emily Gale nodded, she had already learned about this in her previous life. However, she had lived in Jackson's house for a few years in her previous life, and her thoughts were all devoted to how to please Joseph and go north.

She had never really understood the Jackson's family. But how good the people in this family are, she knows.

"Don't worry too much.

As long as you get along with Abei, Abei will protect you, you know?" Emily Gale actually wanted to say that Young Master Jackson really has no time to protect her. However, the person who rescued her today seemed... really Young Master Jackson? When did he become so idle, and he personally came to Gale's house to rescue her from the distress? "Grandma is not in good health, and I don't know how long I can protect you. In short, if you and Abei are good, everything will be fine."

Emily Gale didn't want her to worry, even if she lived two lives, she couldn't guess the old man.

The reason why people love her so much.

"Grandma, I know."

The maid came back soon and sent the old lady back to rest. Hunter Jackson was still in the study and didn't mean to come. When there was no one in the room, Emily Gale got up, walked to the bathroom, and looked at herself in the mirror. I don't know what injection Ye Han gave her. Now, the erythema is fading bit by bit. If the erythema goes away, her true face will be revealed. But in this home, such a face will find her countless enemies.

She also didn't want Hunter Jackson to see who she was. Now, what should she do? The most frightening thing is that when I got out of the bathroom, why suddenly there was a man in the room?

Chapter 23

Who is it, take the initiative to invite? As soon as Emily Gale walked out of the bathroom, he was almost frightened by the man sitting in the chair. In the last second, he was still trying to avoid this man. In the next second, he appeared in his sight. Isn't it scary? "Master Jackson."

She thought for a while, and decided to be straightforward: "I'm fine, I want to go home now."

After the injections and medicine, I also slept for a long time. Now, my spirit is really better. Except for a little pain in the forehead, there is basically no problem.

"Are you sure you want to look back at home?" Daniel Jackson suffered a loss from him. How would she think of how to deal with her next? Emily Gale hesitated, then nodded.

Although Daniel Jackson is a dangerous person, for the current Emily Gale, compared to Daniel Jackson, Daniel Jackson is more dangerous, OK? Moreover, the danger of Hunter Jackson, although not fatal, will make you desperate every minute. For the rest of my life, in this life, I must stay away from him.

"What is the reason that you would rather face Daniel Jackson's subordinates than face me?" He suddenly stood up. Once Young Master Jackson stood up, the people facing him would feel oppressed. Even if he stood so far, Emily Gale could feel the pressure.

"Young Master Jackson, I have something to say..."

She retreated subconsciously. He was still approaching her, Emily Gale only felt that his heart was a little uncomfortable, and his heartbeat was too fast. I really hate my unwillingness. Every time he approaches, she has difficulty breathing and can't calm down. But nothing can be done. Hunter Jackson walked to her, Emily Gale wanted to retreat, but he clasped his wrist and pulled it over.

"You..."

She was pulled to the desk, just about to stand up straight, only to find Hunter Jackson standing in front of her. If she stands up straight, her body will touch him! In order not to touch the other person, Emily Gale could only hide behind him, but in this posture, he seemed to be pressed on the desk. Unspeakable 暧昧! But the man in front of him had cold eyes.

"There are red red technique potted plants in your room."

The man said indifferently. Emily Gale's breathing was messed up, his five fingers squeezed subconsciously. Young Master Jackson's observation ability is too powerful! He had only been to her room once before he noticed it. Jackson Clan has a global pharmaceutical chain group under his command. Hunter Jackson is a master refining medicine himself and has a deep understanding of medicinal materials and poisons. In order to please Hunter Jackson in her last life, she has been researching the technology of medicine extraction after getting engaged with him, but she did not expect to find that she has great potential in this business.

There is indeed a red red technique in her room, this thing is bright in color, and it looks good when used as a potted plant. However, most people don't know that its leaves contain toxins. Taking it directly will make people redness.

The symptoms are like skin allergies.

"You gave yourself medicine, not just to frame Kylena Gale, your real purpose is to postpone the engagement banquet?" Hunter Jackson suddenly leaned over, and Emily Gale hurriedly lay down on the desk after being frightened.

She put her hands on his chest, pretending to be calm and said: "How is it possible? Young Master Jackson is the object of all the women in Beiling. Why would I not want to be engaged to you? I am anxious to marry you?" "Then you are the most So give me a reasonable reason, why don't you want to be engaged to me?" He narrowed his eyes.

"I said, how could I..."

"Emily Gale, do you think you can play scheming in front of me?" The man stared at her, his eyes full of danger. Emily Gale bit her lip for a long time, and finally nodded: "Yes, I don't want to be engaged to you."

She thought he would ask the reason, but he didn't expect that Young Master Jackson directly said, "It's not your turn to come."

Choose."

Emily Gale knew it! She almost couldn't help rolling her eyes: "Then you are asking me why?" Hunter Jackson stared at her face: "What do you want?" The previous obsession, now there is not even a bit left, he sees her Here, I really saw a message of alienation and wanting to escape. What the girl was thinking about, he saw countless people, but couldn't see her at all. He suddenly lowered his head, Emily Gale's heart trembled with fright, and pushed hard on his chest. This refusal is subconscious, and there is no acting element. Even his approach is so resistant! Hunter Jackson found that his self-esteem seemed to be stabbed. Emily Gale looked away and did not dare to meet his eyes. His falling breath was both cold and hot, and the contradiction was shocking.

"I don't want anything, just want freedom."

"Do you think you can get so-called freedom if you escape?" Isn't this girl too naive? "My people will be hunted down from all corners of the world. McGraw Gale will send someone to find you in order not to sin against Jackson's family. Where can you hide?" "Young Master Namu, since you don't like me, can you retreat?" What do you mean?" It's fine if you don't see her sober with her grandma. Now that you see it now, how can you let her go? Grandma, need her! "What on earth do you want to do?" Emily Gale's hands were still on his chest.

"Young Master Jackson, you clearly don't like me, why do you do this?" "Have I ever said that I don't like you?" "You..."

"At least your body, I don't reject it."

Perhaps this is what he still has to this day. Why are you willing to waste time on her? In fact, he still hasn't figured it out yet, why is he so upset today that he has to visit Gale's family? Whether it was a coincidence or something, he didn't understand and didn't want to think deeply. He really hated this girl, she was a promiscuous girl. But what I saw in front of me was completely different from the legendary one.

After all, which one is the real her? The girl right now, pressed under him, panicked, looked like a frightened kitten. Hunter Jackson's gaze fell on her neckline. Jackson's family doesn't have her clothes, and now he wears his shirt.

There were two buttons on the collar of the shirt, which were torn apart during the dispute just now. Now, a large area of skin under her neck clearly appeared in his sight.

There are a lot of erythema on the face, but the erythema on the body has basically faded. Now, her neck, collarbone, and a large part of her heart still have traces left by him. Those crazy scenes in the car returned to his mind, Hunter Jackson's eyes darkened unconsciously, and his desires seemed to condense little by little. Emily Gale soon felt something was wrong, and Joseph stared at him. What do you mean? Why is his eyes so scary? There is clearly an

evil place that wants to swallow the other party in one bite! Such possessiveness of Chi Guoguo made Emily Gale tremble with fright and almost weakened his legs: "Young Master Jackson, you..."

"Shaking under a man, is this an invitation?" Hunter Jackson's The voice is a little dumb, so deep and s*xxy! This man is simply a love potion for walking! If you accidentally bump into it, you will be fainted! Emily Gale closed his eyes and refused to look at his enchanting appearance that made women crazy.

"I'm not, Mr. Jackson, please get out."

No, not only did he not get out, but instead, he pressed her a little bit: "Who sat on me last night and asked for it?"
