

Love Through Time and Space

Chapter 222

Anyway, it's not the first time Kylenea Gale has been kidnapped.

She didn't expect that one day she would be taken away by the enemy of Mr. Jackson as a "woman of Mr. Jackson".

"I'm not his woman, I really am not, you let me go, I have no influence on him."

Realizing that everything in front of her was not a joke, but a real thing, she immediately cried and rained. Yes, begging for mercy.

"His fiancée is Emily Gale, my half-sister, she is the woman that Young Master Jackson cares about the most."

Although she is very reluctant to say such a thing, but if it makes Emily Gale dead The place of burial can also be exchanged for her safety, she is willing to say!

She can say anything!

"Nonsense, you are not a woman from Hunter Jackson, he can let you live in his place, day and night?" A masked man raised his hand casually, and a stack of photos fell around her.

It turned out that they were all photos taken from her Weibo.

"Isn't the person in the photo you? Huh!" "Yes, it's me, but...but I...I just stayed for a few days."

Kylenea Gale was really going to cry to death, and she didn't expect to show off. Weibo turned out to be her greatest danger.

"Because... because Young Master Jackson's fiancée is my sister, I just stayed with my sister for a few days, really."

She was trembling with tears on her face and fear.

"Don't hurt me, I have nothing to do with Joseph, really I promise."

"Don't you call him brother?" "But he never responded to me, look... look!"
"Kylena Gale pointed to one of the photos on the ground, "I took pictures of him from far away. He really doesn't like me and hates me very much."

Several masked men looked at the photos on the ground.

They looked at each other again.

Being mentioned by her, it looked like there was really nothing close to Hunter Jackson.

"What to do?" one of them asked.

Could it be that they really caught the wrong person?

That ugly girl named Emily Gale is the woman Hunter Jackson cares about?

"Since it's not a woman from Hunter Jackson, then... it's useless to keep it. I'll give it to you."

The headed man looked disgusted and turned to leave.

"No no no no!"

Give it to them, what does it mean?

Do not!

can not do this!

Isn't this more sad than a woman who is a young man?

"Don't do this, no..."

Kylena Gale was so frightened that she almost fainted as a few men walked towards her lightly.

What do they mean?

Are they trying to destroy her completely?

"No, that's not the case, I... I... don't come here! Ah!" With a hiss, her neckline was torn apart.

Kylena Gale almost collapsed

"I am the woman of Young Master Jackson, I am!" "Insane!" For a while, for a while, when they are fools?

"I really am, I really am, don't do this, don't, ah, ah..."

The laughter of a man in a room completely covered up the girl's weak voice.

Kylena Gale cried so much that her throat became hoarse: "I am really a woman from Young Master Jackson, really, I... he likes me, doesn't like his fiancée, really...uuuuuuuuuuuuuuuuuuuuuu..."

The torture continued, and at the moment the sweaty man pressed it down, Kylena Gale's face became stiff and she fell into despair.

She is the first lady in Beiling, and it is impossible for such a disgusting man to defile her.

Although it has not been the first time for her, but she has always been excellent and rich in choosing men.

And these people are the lowest and most filthy thugs, they actually touched her...

"Ah, let go, ah..."

I don't know which man pressed her on her body and tossed her to death. , Almost fainted.

Suddenly, the door was pushed open.

Several men were taken aback, turned around and glanced back, a little surprised: "Ge Quan."

Although Ge Quan also wears a mask, their identities are replaced by badges of various colors and styles.

This brother Quan is the third class of people in the organization. For them, their status is absolutely high.

"Quan, Brother Quan..."

The man who was still gasping for Kylena Gale also stopped abruptly.

Ma!

This kind of thing was interrupted midway, really terrible.

However, Brother Quan is here, who dares to be presumptuous in front of him?

Finally, the man got off Kylena Gale and reluctantly pulled his pants.

Kylena Gale's embarrassment at this time is definitely the greatest shame.

She was tied to a chair, she had nothing on her body, just now, she was also a man... Her face was full of desperate and painful tears, and her chin was still bright red after the operation, because of the exercise just now, it looked even more terrible and ugly .

"Are you the sister of Hunter Jackson's fiancée?" Ge Quan narrowed his eyes and looked at her.

The figure is indeed very good, but now a few men have made it like this, a filthy body, no one will have any thoughts when they see it, only feel...dirty.

But the dirtier, the better!

Kylena Gale cried and looked at him.

It was already like this.

As long as she could suffer less, she wouldn't care about how many more men came.

"Don't kill me, I... I can serve you, don't kill me."

To serve one is to serve, and to serve ten is to serve.

As long as you don't kill her, she can accept it.

Anyway, it's not the first time... Brother Quan suddenly smiled coldly, "If Young Master Jackson and his fiancée's sister are rolled together, and the video is exploded, will this news be very popular?" If, Young Master Jackson

With his fiancée's older sister... together?

The tears in the corners of Kylena Gale's eyes dried a little, and she looked up at Brother Quan, and she had no time to take care of her filthy body.

"What...what do you mean?" ... Kylena Gale asked for it back.

When I came back, I felt embarrassed.

But she kept saying: "They didn't touch me. Really, my body is still clean. Young Master Jackson, you have to trust me."

Hunter Jackson didn't say a word, Qin Yi was sour and busy using his thin coat. Draped on her.

"Ms. Kylena, how did you... come back?" "They said...that I was the woman who cares about me the most, and they were going to use me to threaten him. I didn't want to hurt him, so I ran away."

"Those people on Paradise Island do things very harshly. How can you escape if you fall into their hands?" Aspen Li didn't want to question her, after all, it would be nice to come back.

However, the loophole in this statement is really too big, which makes people have to doubt.

"I escaped back anyway, don't ask me, don't ask me anymore!" Kylena Gale was trembling all over, and suddenly rushed towards Hunter Jackson, crying: "My body is still clean, Master Jackson, really Yes, you believe me, uh..."

Hunter Jackson's hand fell on her shoulder, subconsciously trying to push her away.

It's just that suddenly, a guilt flashed across my heart.

She was frightened, very frightened, the embarrassment of this body was enough to explain everything.

She is grandma's only blood relative, but under his hands, such a big thing happened.

Everything, even because of him.

The feeling of guilt lingered in my heart so that, after a little hesitation, she was hugged hard.

Standing in the wind, Emily Gale stopped and looked at the two people who were hugging each other not far away. Her heart gradually became cold.

Chapter 223

What do you want to compensate?

money?

"Miss Gale..."

Aspen Li took a step closer.

Kylena Gale immediately shook her head, crying so much that her voice became mute.

"Don't ask me, there's nothing, really, really, don't ask me again!" "My body is still clean, it's a clean Young Master Jackson, woooo..."

Hunter Jackson waved his hand.

At the moment Kylena Gale hugged him, he gently pushed, but still pushed her away abruptly.

Aspen Li knew that Young Master was not allowed to ask any more, but he really didn't plan to ask anything.

Seeing what Kylena Gale looks like now, who would have the heart to ask?

In fact, he just wanted to remind that the young lady is behind, can Miss Gale...Don't be so close to the young master?

However, the young lady has already left, sigh...

"Miss Kylena, I will send you back to rest first."

Qin couldn't help feeling sore when he saw her appearance.

He is all bad!

If it wasn't for him that he didn't protect her well, how could she be wronged so much?

Although Kylena Gale was pushed away by Hunter Jackson, she still grabbed his clothes tightly.

At least, Young Master Jackson did not continue to push her away, her approach to him had already taken a big step.

"Young Master Jackson, my body is still clean..."

When she got into the car, Kylena Gale was already in a semi-conscious state, but she kept repeating this sentence.

Even a hard-hearted person like Aspen Li couldn't help but sigh when he heard it.

If he used to hate Kylena Gale's publicity and hypocrisy, then at this moment, hatred has all become pity.

It is pitiful for a girl to encounter such a thing.

Emily Gale got in another car. When Hunter Jackson got on the car, her car had already left.

Of course Kylena Gale sat with him, her eyes closed, her hands never let go of his clothes.

“Master, I am afraid that Miss Kylena has suffered a lot of grievance tonight.”

Qin Yi reminded that nothing else but only begged Master to give her a little more patience and sympathy.

Hunter Jackson didn't say anything, and finally took back the hand he wanted to pull her away.

He sat in the back row, leaving Kylena Gale by his side, looking at Aspen Li in front of him, and said lightly: “Go back.”

...

“Young master, look.”

After sending Kylena Gale back to the room to rest, Aspen Li He took his cell phone and came to Hunter Jackson's room.

“They...

They took Miss Gale's picture...”

Aspen Li didn't continue, but showed Hunter Jackson the screen of his mobile phone.

Hunter Jackson's expression sank instantly, these people are so cruel!

Kylena Gale in the photo was tied to a chair, and a group of men surrounded her.

The clothes on her body have been torn to pieces.

They not only hurt her, they also sent back pictures of her.

"This is a demonstration!" Aspen Li was so angry that he squeezed his palm and knuckles.

Constantly rattling.

But suddenly, his face changed, and his voice lightened subconsciously: "They thought...that the rumors on the Internet were true, and that you and Miss Gale were a pair."

This message was simply damning!

That's because I thought that Kylena Gale was a couple with Jackson Da Young, so it hurt Kylena Gale like this.

If they know that the young master really cares about the young lady, then the situation of the young lady...

"Young master, Paradise Island has specially trained a bunch of special training elites, and they have always done a shameful business."

Aspen Li The meaning of is very clear, because Paradise Island has been doing underground business, so they must cultivate their own team.

But they are different, they are doing legitimate business.

Even if the young masters have their own people, they are serious businessmen after all.

Their bodyguard team is smaller than those of the specially trained elites on Paradise Island.

Most importantly, they are in the light, and the people on Paradise Island are in the dark.

Open guns are easy to block and dark arrows are hard to guard. Unless you don't even have a normal life, otherwise, those people who have to take action are really hard to guard against!

The young master has enough ability to protect himself, but what if it is the people around him?

If it was the young lady who had an accident today... Aspen Li couldn't imagine that the young master would definitely fall into madness.

"Ms. Gale can be regarded as preventing the disaster for the young lady, young master, in the future..."

He did not continue, but the young master understood.

Miss Gale suffered so much damage, and it was all on behalf of Mrs. Young.

In her life, she has become the responsibility of the young master.

"Establish a security group."

Hunter Jackson said suddenly.

"Security Group?" Aspen Li reacted violently after a daze.

"Okay, I'll go back to do some calculations later, and I will release the recruitment information tomorrow."

The establishment of a security group to raise a group of bodyguards, ostensibly, is to do business.

In fact, the young master wants to cultivate his own elite team.

The young master is going to fight back!

Targeted by a lunatic like Paradise Island, if you don't reserve your strength to fight back, you will only be beaten.

Hunter Jackson didn't know what he took out of the drawer, turned around and went out.

When he walked in, Emily Gale had just taken a bath and was about to go to bed.

The accident that Kylene Gale encountered this time was beyond her expectation.

Originally thought that she was acting as a demon again, but did not expect that she would fall into the hands of those enemies of the young Master Jackson.

She didn't know what she was thinking now, and she seemed a little irritable tonight.

Even after taking a cold shower, I still feel upset.

"How is she?" Seeing Young Master Jackson coming in, Emily Gale put down the phone and stood up.

Without saying a word, Hunter Jackson walked to the desk, not knowing what to put down.

It is a document.

Emily Gale walked over, picked up the file, and took a look.

The fingertips suddenly felt cold.

Their agreement...

"What...what do you mean?" She looked at Hunter Jackson, although she tried to stay calm.

However, trembling fingers completely betrayed her nervousness.

Hunter Jackson stared at her face for a long time before saying, "All the injuries she suffered tonight are thanks to me."

"So?" He felt guilty and wanted to make up, didn't he?

And the way he made up, was to be with Kylena Gale?

She suddenly felt very unwilling!

It turned out that I always thought that I could leave him calmly after two years.

It was an illusion!

Now, he was about to end the agreement early, but her heart trembled in panic.

Hunter Jackson gave her the answer directly: "Our agreement ended early.

It was me who unilaterally broke the contract. So, what kind of compensation do you want? Just say."

"What do you want to compensate me? Money?" Emily Gale suddenly thought laugh.

A few hours ago, in this room, in the bathroom, he entangled her in every possible way.

Now, a few hours later, he released the agreement and said that he would end the relationship with her.

“Just because she was hurt, you have to use your whole life to compensate her?” Heh, feelings, can you measure it like this?

Then can she say viciously, Kylena Gale is a blessing in disguise?

She did not expect Kylena Gale’s accident.

She could sympathize, but she could not let it go.

I can’t forget the scene where I was hit and killed by a car in my previous life, and I can’t forget the harm that Kylena Gale did to all her friends in the previous life!

But Kylena Gale finally got her wish in her life, and she was with Young Master Jackson.

Chapter 224

You are too capricious. Hunter Jackson’s gaze no longer falls on Emily Gale.

He asked faintly: “How much do you want?” Emily Gale really wanted to pick up the agreement and slam it in his face.

When did she think of asking for his money?

She should be guilty of asking him for money?

She had long thought that she would have to rely on her own in the future, and even after she was engaged to him, she never spent his money in vain.

Now, it’s just the life that I originally wanted to live two years later, and it’s just lived ahead of schedule.

"Okay, the agreement is in advance."

She walked to the bedside table, not knowing which drawer from which she took out another agreement.

Back to the desk, the two agreements were put together.

She tightened her fingers and tore them off hard.

Click, click, click!

The agreement, which was not too thick, was torn to shreds by her forcefully and without any rules.

Pieces of paper in one place are their most perfect ending.

"I won't want your money. From now on, I have nothing to do with you."

She walked to the closet, took out the duffel bag, and looked back, only to find that everything in the room was not bought by herself. of.

They were all things prepared for her by Mr. Jackson's people, including clothes and shoes.

Only the books belong to her.

Taking out the T-shirt and jeans squeezed in the corner, she turned to walk to the bathroom.

"What are you going to do?" Hunter Jackson frowned.

Just forget it, now, change your clothes for going out?

Does she want to leave now?

Don't look at when this point is?

"Since the agreement has been cancelled, I don't have any reason to stay here."

Emily Gale walked directly into the bathroom and slammed the bathroom door shut.

Hunter Jackson had a calm face, and impulsively wanted to go in and stop him, but he still took it back abruptly as he stepped out.

Not long after, Emily Gale changed into casual clothes and came out, put her own book, she looked back at him.

Looking at him at this moment, there was not much resentment, and there was not much emotion in the eyes of his face.

She had already restrained her emotions.

"I still want to remind you that Kylene Gale is not as simple as you think, no matter what, I hope you are happy."

She doesn't hate Joseph.

The relationship between the two people was originally an agreement.

This step must be taken sooner or later, but I didn't expect that the reason in advance was for Kylene Gale.

He wanted to be responsible to another woman, maybe, it was really just her business.

Just when she was about to leave, the man behind her said solemnly:
"Tomorrow morning, I will ask Aspen Li to send you back to school, why rush for a while."

"Anyway, I have to leave, why wait until tomorrow?" Emily Gale smiled. , The person has walked to the door.

But when he was about to step out, a figure swayed before his eyes, and he actually stood

In front of her, she blocked her way.

"I said, I'll leave tomorrow morning!" he said unhappy.

"Is there a difference? I have nowhere to go."

Emily Gale just didn't want to obey.

"Do you have to resist me?" "I..."

"Young Master."

Aspen Li hurriedly rushed from the other end of the corridor, "Miss Gale is awake, she... is crying to see you."

Joseph Beijian frowned even more.

The tight, gloomy face couldn't see his true emotions.

But Emily Gale saw it very clearly that the impatience facing Kylena Gale before was completely gone.

Young Master Jackson finally pityed Kylena Gale.

"She's looking for you, didn't you hear it?" She leaned against the door, her tone of indifference.

"Do you care?" "What do you think?" Emily Gale smiled, "We have nothing to do."

"Young master, young lady, you..."

Aspen Li was stunned.

What does it mean it's okay?

Did the two quarrel again?

"Aspen Li, can you please send me to the foot of the mountain?" Emily Gale lifted the duffel bag in his hand.

"It's very close, just send me to the foot of the mountain."

"I..."

Aspen Li looked at the young master.

With such a big event happening tonight, does the young lady still have to make trouble with the young master?

Suddenly, Aspen Li felt that Mrs. Young was a bit ignorant.

"Madam, Miss Gale really...really suffered a lot tonight, don't you..."

"Am I embarrassing her?" Emily Gale's face was slightly cold, and he crossed Hunter Jackson and walked downstairs. go with.

Kylena Gale was so wronged, what does it have to do with her?

Everyone said that Kylena Gale suffered for her. Even Hunter Jackson thinks so, right?

Neurosis!

If Kylena Gale hadn't posted those ostentatious Weibo, who would follow her?

This is called suffering for her?

Sorry, if you buckle down such a big hat, it is rare for anyone to wear it.

"Young Master, Young Madam..."

Seeing Emily Gale had reached the top of the spiral staircase, Aspen Li was anxious.

Hunter Jackson also looked at her back, squeezing his palm.

Just when her detailed shadow was about to disappear, he said indifferently: "Send her back to school."

... Emily Gale got in Aspen Li's car.

Along the way, Aspen Li tried to talk to her, but she didn't want to respond a word.

She quietly looked at the scenery outside the car window, and quietly thought about her own things.

Although in the end, in fact, I found that I didn't think about anything at all, and my brain was blank from beginning to end.

After that, she took out her mobile phone and didn't know who she texted.

Before the car arrived at school, Emily Gale said: "Aspen Li, stop."

Aspen Li hurriedly stopped the car on the side of the road and looked back at her: "Madam, I have to send you back to school."

She Before he could speak, Aspen Li said: "Young lady, you

Don't really blame the eldest master, the eldest master will certainly not like Miss Gale, he just feels guilty..."

Emily Gale pursed her lips and didn't want to discuss Hunter Jackson's emotions with anyone. Does he like Kylene Gale or just feel guilty, For her now, it doesn't make any sense anymore.

"Young lady..."

"In the future, don't call me young lady.

"She reminded.

"Young lady, you can't make trouble with the young master like this, you...you are too capricious!"

Aspen Li knew that he shouldn't blame her.

After all, she is the young master's fiancée. But he really couldn't help it, he felt sorry for the young master! The young master was in a bad mood tonight, and the young master was really uncomfortable.

At this time, the young lady not only did not stay with him, but calmed him down, she was jealous and quarreled with him. Such a young lady was indeed a bit too much. Emily Gale bent over to get her duffel bag, and she got off the car. For a moment, Aspen Li immediately turned off the car and chased it out.

"Young lady, you also have many friends of the opposite sex.

The eldest master knows that you are nothing. Even if he feels uncomfortable, he at least did not stop you from contacting them.

"But Madam, now that your sister is injured like this because of him, the eldest master is just going to take care of him.

Are you so uncomfortable?"

Chapter 225

Free to fall in love Jackson Tianyou is here.

Emily Gale finally followed him into the car, and the car quickly left the side.

Aspen Li, who was shocked and astonished, remained in the wind for a long, long time.

As the car drove out from the street, Emily Gale whispered: "God, I want to go for a drink."

...

They didn't go to the bar, Jackson Tianyou just bought some wine, and the two went back to the office balcony.

Emily Gale has always been very quiet, neither speaking nor making noise.

But after drinking half a bottle of beer, she looked at the night sky outside the balcony and suddenly started crying.

Jackson Tianyou sat in front of her, just watching her cry quietly, without comforting or stopping.

He even handed a second bottle of beer.

After Emily Gale dropped the first empty bottle, he picked up the second bottle and started filling.

She did not drink well, and when she reached half a bottle, her eyes were blurred and she was not lightly drunk.

"He is finally with that woman, huh, what's so great, isn't he just a little more handsome?" "Does he know who Kylena Gale is? Stupid! I don't even know the real face of her, dare to pity? "Bah! Shameless! Going around and walking together, shameless, shameless!" "Kylena Gale is a bad person, she is a murderer, she killed me, you know? She killed me!" Jackson Tianyou could still hear those words clearly.

But afterwards, he really couldn't understand a word.

Kylena Gale killed her, what does it mean?

Could it be that Kylena Gale ever wanted to kill her?

There was a murderous look in his eyes, and his fists tightened instantly.

If Kylena Gale really dared to do anything to Ranran, he would never let her go!

"Doesn't it just look better? No, where is it? She can't even match a finger of me!" "Yeah."

Hunter Jackson absolutely agrees with this.

He didn't think Kylena Gale was pretty. Kylena Gale was an ugly girl in his eyes.

"You are all blind, don't you see that I look better than her? Blind!" "I am not."

Jackson Tianyou said seriously.

"No, you are all, you are all blind, ooh..."

She finally hugged her leg and burst into tears.

It turned out that when the agreement ended, it would be so reluctant.

It turns out that she can't really do what she said she doesn't care.

It turns out that the heart really hurts, it hurts, it hurts...

"Kylena Gale is a bad person, she is really a bad person..."

Her alcohol was rising, and she was confused, not knowing how long she had been crying, and finally her body weakened.

The whole person fell down.

Jackson Tianyou gave her a hand, and she fell into his arms.

Although the drunk Emily Gale spoke intermittently, Jackson Tianyou understood the main message.

Young Master Jackson wants to break the marriage contract with her, and she is free again.

Maybe it should be

A thing worthy of joy, but seeing her so sad, he was not happy at all.

He didn't want to see her sad, she was sad, and his heart would also hurt.

"Of course, I will send you back to rest, okay?" Jackson Tianyou hugged her and stood up and walked to the office rest room.

There are two folding beds there, originally to facilitate Qin Zhizhou's rest.

Emily Gale is so small that he can sleep comfortably on top.

But when she was lying down, she suddenly stretched out her hand and hugged his neck: "Don't go..."

Jackson Tianyou was taken aback, and she leaned down, pulling the distance between the two people instantly.

She exhaled like blue, her breath fell on his face, so numb, making him blush.

The heart beats wildly.

"I... don't leave."

She was like this, he would definitely guard her tonight.

"Don't worry, I will accompany you and never go."

"Don't go..."

Emily Gale's voice is hoarse and s*xxy, and the arms around his neck are constantly tightening.

"NJenni!" Jackson Tianyou felt something was wrong, and now the two of them... are they too close?

There was less than a finger between the two faces, but she was still pulling herself, constantly approaching her.

Just now, he also drank some wine with Emily Gale. Now, I don't know if it is because of the alcohol or because her breath is really charming.

He got up so close that he was a little surprised.

"Of course, let me go first."

Emily Gale wanted to pull her hands away, but Emily Gale held her hard, but didn't let go.

Jackson Tianyou didn't dare to use force for fear of hurting her.

But she kept pulling herself closer, and the distance between the two people became shorter and shorter, and he...inexplicably a little impulsive.

In the dead of night, there are lone men and widows, only two of them...

"RJenni," Jackson Tianyou's voice was extremely hoarse, hiding a strong breath of tolerance.

"Of course, let me go first, I will not leave, I promise."

"Don't you want me?" Emily Gale's big crystal clear eyes flashed.

This look made Jackson Tianyou crazy.

Do you want her?

miss you!

I really want to!

I've been thinking about it for a long time.

However, she is now in this situation...

"Take me..."

Emily Gale pulled him hard, pulling towards herself.

Jackson Tianyou is really going crazy!

The big beads of sweat slipped from the forehead and along the cheek.

The lingering breath lingered around the two of them, hot, hot, even breathing like a fire.

"RJenni..."

Finally, Jackson Tianyou couldn't help but lowered his head to approach her.

But when she was about to k*ss her thin lips, she heard her unconsciously muttering: "Joseph..." ...

"Ran, what's the matter? Why did Young Master Jackson want to get in touch with you? What happened?" Su Xiaomi held her hand early in the morning

When I found out that Emily Gale was in the office, Fei also rushed over.

"Of course, wake up and tell me what the hell is going on?" Jackson Tianyou came in from outside, still holding a bowl of hot soup in his hand.

"Resolve the marriage contract?" He frowned, knowing that RJenni and Hunter Jackson must have been quarreling, but he didn't expect that Hunter Jackson would do such a good job and directly cancelled the marriage contract.

"It's true, it's all in the newspaper!" Su Xiaomi didn't expect it, wasn't it just a day, how could it be like this?

Could it be that Ranran was on the podium yesterday and rejected Joseph on the spot.

However, because of this small matter, the marriage contract is about to be terminated. Is Joseph so stingy?

"No! This man is too much! I have to go to him for a theory!" It's just a small matter, even if it hurts the face of Joseph, can't apologize?

A girl was dismissed from her marriage contract. Will she still be mixed in their circle in the future?

"Are you going to find Young Master Jackson?" Yang Yi, like Su Xiaomi, came back, holding a mobile phone.

He stared at Su Xiaomi with a look of suspicion: "Really dare? His people may beat you, and then treat you like a chicken and throw you out of Jackson's house."

Yang Yi took a step closer, with a fierce expression on his face.

"Where's Mr. Jackson, in the legend, the cruel and cruel business emperor, do you really dare to go?" Su Xiaomi shivered with his expression, raised her head to meet his gaze, and she shrank her neck.

"I...but...but I'm so angry!" "I'm free, isn't it okay?" Behind him, Emily Gale didn't know when to sit up, rubbing his eyes, and his voice was dry.

"From then on, marry and marry without interfering with each other. I can fall in love freely. Isn't it a good thing?"

Chapter 226

I'm afraid I'm too beautiful to fall in love freely.

These words sounded pretty good.

But she is now abandoned by the man!

Shouldn't it be sad?

Su Xiaomi was still stunned, but Yang Yi was happy.

"So, I want to chase you in the future, right?" Why did his neck seem a bit chilly, he shrank, and when he turned his head, he looked at Jackson Tianyou coldly.

There was a chill on his back, Yang Yi hurriedly laughed and said, "Um, mine...I'm joking, I don't like Ranran at all, hehe."

"Am I so bad?" Emily Gale got off the folding bed and stared. Gave him a glance.

"No, it's just...that...oh, I don't like it anyway."

Yang Yigan laughed and quickly avoided.

It's not that I don't like it. Everyone is a good friend. How can I not like it?

The point is, I dare not like it!

Everyone knows God's protection of Ranran, and with God's blessing, he dare not rush over.

So, they are all friends, huh... Besides, does Xiaomi look better than Jenniran?

Even if you want to eat nest grass, you should eat millet.

However, she looked a little bit hard to chew on, ha ha ha... Emily Gale walked into the bathroom and closed the door.

She looked at the messy face in the mirror.

I didn't know why I went there last night, the freckles on my face were smeared, and what looked like a dirty face.

However, this freckles... Emily Gale raised his hand and stroked his long finger across his face.

Cosmetics are always harmful to the skin, this dirty face, to be honest, she herself hates it.

With a light sigh, she squeezed out the cleansing foam and finally washed her face clean.

"Xiaomi, help me find a suit of clothes."

She shouted inside.

"Okay."

Because I don't know when I will work overtime in a hurry, so I have everything in the office.

After Su Xiaomi sent the clothes in, there was the sound of showers falling into the water.

Su Xiaomi glanced at the closed bathroom door, then at Jackson Tianyou.

Tianyou said indifferently: "She called me last night, I will bring her back here directly."

"Nothing special happened?" Su Xiaomi just wanted to ask Emily Gale and Joseph, Jackson Tianyou had a face It was slightly hot.

He walked to the window and looked at the scenery outside the window to avoid Su Xiaomi's gaze.

"I just drank some wine, and then slept until dawn."

Of course, the person who slept until dawn was Emily Gale, and he...

After hearing the word "Joseph" from her mouth, he went to bed. Rise suddenly from her.

The rest of the night, thinking of her breath, thinking of her dimly drunk eyes, but thinking of the name she called.

In this way, I sat quietly all night.

Su Xiaomi and Yang Yihu

After staring at him, Su Xiaomi wanted to ask what else, Yang Yi waved her hand quickly, beckoning her to stop asking.

“Anyway, I have already thought about it. I will break up with Young Master Jackson two years later. Now, it’s just ahead of schedule.”

Yang Yihe laughed twice. This thing happened and it happened.

There is no need to ask anything.

It can be seen that they are unhappy, but I don’t know how unhappy it is.

Then leave everything to time.

Privately, Yang Yi hopes that Ranran will be with God.

Everyone who has been friends for so many years knows the bottom line.

Ranran is with Tianyou, Tianyou will surely hurt Ranran for the rest of his life, he can use his head to guarantee.

So, isn’t it happier to follow God?

It’s just that the secrets between boys are known only to them, and Su Xiaomi does not.

Just expose this matter.

Someone outside was opening the door, and not long after, He Lingzhi walked in.

"You are all here. I originally planned to call you to make an appointment first."

He Lingzhi looked happy and walked in quickly: "Well, what about it?" "Is taking a shower."

Su Xiaomi pointed to the bathroom. .

"I received a phone call from Jiang in the morning.

They asked us to talk about signing the contract, and they specified that they would go there in person."

"I will sign so soon?" Su Xiaomi and Yang were pleasantly surprised.

Jackson Tianyou also turned around and looked at He Lingzhi.

This is Emily Gale's dream.

She said that she must carry forward their September studio.

Now that Jiang is signed, it is a magical step forward.

"Yes, I just came over just after receiving the call."

He Lingzhi really rushed over, and she could still hear her breathless breath.

"If you can sign, sign as soon as possible, lest there will be many nights and dreams."

After all, I have never cooperated with such a big company. If someone suddenly changes their minds, they are a small studio.

While talking, the bathroom door was suddenly opened, and a girl walked out of it.

Just after taking a shower, she was still carrying a vapour of water all over her body, dripping with water on her wet long hair, tossing out a misty color.

She took the towel and wiped her long hair while coming out from it.

There were four people in the lounge, everyone's eyes were locked on her face, and they couldn't move away for a moment.

What a nice view!

No, this is just a fairy!

There are no freckles left on her face, and now her face is clean, white and delicate, because she has just taken a hot bath, and she is still blushing.

Under the eyelashes that I tasted, the eyes that were originally beautiful are rounder, bigger, darker and brighter against the white and tender skin.

The small, thin lip powder is shiny, like a rose, tender and fragile.

Another example is the jelly that just opened the package, Q bomb,

Full, pink!

The meticulous features, exquisitely exquisite, without the cover of freckles, instantly become three-dimensional and deep, just like a masterpiece carved by the world's most powerful craftsman!

really beautiful!

It's so beautiful that you can't look away, and it's so beautiful that you forget to breathe.

"You...who are you?" He Lingzhi couldn't help taking two steps forward. He wanted to get closer, but was a little panicked.

This girl, this girl who is countless times more beautiful than Kylena Gale, does she...know?

Don't you know?

But they said...

They said they took a bath inside, so it was...

"Squad leader, are you blind? You don't even know me."

Emily Gale glanced at her, her calm face, no longer the tangle of last night And pain.

Just taking a bath, it was like a perfect transformation and rebirth.

"You...you...you are really Emily Gale, you are Emily Gale!" He Lingzhi almost knelt to her!

God, she is really Emily Gale, an ugly monster in everyone's mouth, the ugly Emily Gale everyone in school knows!

How could this be?

Ugly duckling, is this a swan?

"You... have you undergone plastic surgery?" He Lingzhi still failed to accept this fact.

"Of course it's not for plastic surgery, she...she should be doing pico."

Su Xiaomi was also completely dumbfounded, but, if she did pico, why did she still have freckles just before taking a bath?

What's more, I heard that picoseconds can't really completely remove freckles.

After removal, there will be some factors.

But what is the so-called factor in Emily Gale's face now?

Simply perfect, without any flaws.

Yang Yi finally recovered: "I think, of course, it is because I am afraid that he is too beautiful and will cause social chaos, so..."

He sighed, and concluded: "The freckles in the past were deliberately painted to demonize himself. Right?"

Chapter 227

Cooperation, if you have the conditions, you are afraid that you are too beautiful and cause social chaos... This statement is simply dumbfounding.

However, Yang Yi's statement is now obviously the most reasonable one.

Emily Gale's freckles were simply painted to vilify herself.

Emily Gale dried her long hair and looked back at He Lingzhi: "Don't you want to sign the contract? Prepare the studio chapter and set off right away."

"But, of course your face..."

Su Xiaomi walked over. .

Look left, look right, quietly, no foundation, no concealer, nothing, really her original appearance.

Finally, Su Xiaomi went crazy!

"Why do you deliberately ugly yourself? Do you know how uncomfortable we are when people call you ugly!" Really!

Every time I heard someone say that Emily Gale was ugly, she wanted to scold him back.

However, RJenni's face is indeed not so good-looking, and she continues to curse, for RJenni, I don't know if it will be a kind of harm.

Therefore, every time, Su Xiaomi can only take a breath and swallow!

But now it's different, but now with this face, Ning Da will definitely not find a girl who can look better than her.

Not to mention Ning Da, even Jiang Da!

Kylena Gale, the No. 1 lady in Beiling, in front of RJenni, didn't deserve her shoes!

They can finally exhale and raise their eyebrows!

"Did you not listen to Yang Yi? I'm afraid I'm too beautiful."

Emily Gale said lightly.

"If you go out and say that, you will be beaten to death!" Really, it's not a good thing to be too proud.

"But, when you grow up like this, that's the truth. Even if you feel unwilling, you can't deny it, hahaha..."

He Lingzhi was so happy that he originally signed with Jiang's family, but felt that he was not confident enough.

But now, with such a super beautiful girl, the odds of winning are definitely more.

"I have everything packed, and I can leave now. I have an appointment with them at ten o'clock..."

Ten o'clock, now nine o'clock, almost the time to drive past.

Emily Gale blew her long hair dry, put it behind her head at will, took the computer bag and set off immediately.

"I'll drive you over."

Jackson Tianyou took the key and walked forward.

As soon as I left the house, I just ran into Liu Shang and Qin Zhizhou who came over after hearing the good news.

"Of course, do you sign a contract with you He Lingzhi? Can we also go? Just look outside."

What about Jiang's!

Although the second largest group in Beiling is not as powerful as the Jackson family, the difference is not too great.

Especially what they went to this time was the Jiang family's headquarters.

The scale and style were hard to imagine.

You don't need to go in to see, just to look outside the group they are about to cooperate with is enough to make people excited.

"We are sitting in the car and waiting..."

Liu Shang said, seeing

When the girl walking behind He Lingzhi was suddenly interrupted by herself.

This... who is this fairy?

When will they invite such a beautiful beauty back in their office?

Liu Shang was stunned for a while: "Is it... a new colleague or colleague?" Emily Gale walked over, raised his hand and patted him on the head.

"Why are you hitting me?" Although it hurts a little, Liu Shang's face looked happy and intoxicated.

Such a beautiful girl, even when hitting people, her actions are so perfect, she's simply crazy.

So even if he was beaten, Liu Shang felt...uuuuu, so happy!

"RJenni?" Qin Zhizhou narrowed his eyes when he saw the girl hit Liu Shang.

The next second, his eyes opened wide.

It turned out to be... it turned out to be Emily Gale!

Ning Da's ugly monster has become a super beauty!

He settled down.

Although he didn't think how ugly Emily Gale was before, he always had nothing to do with the word beautiful.

But now... it suddenly became so beautiful, which is really shocking.

"What? Of course?" Liu Shang stepped back hurriedly as if he had seen a ghost.

How could it be Emily Gale?

Emily Gale's face... However, after a closer look, it seemed that the eyebrows were really alike.

It's just that the skin is so white, so delicate, smooth and flawless... Emily Gale didn't bother to care about him, and looked at Qin Zhi Zhou Yi: "You go with me, they should like you better." Qin Zhi Zhou nodded, and the campus comic contest, let He became famous in the first battle.

Going may not be able to help much, but as long as you can help a little, you should follow along.

"Of course, I'll go too."

"I'll go and see too."

"And me!" So Jackson Tianyou still drove his seven second-hand cars and set off for Jiang's mightily.

Jiang, they had imagined how big they were before they came, but only after they came did they realized that all their imaginations were simply not worth mentioning in the face of reality!

The luxurious office area in front of me, the super luxurious office buildings one after another, can be seen from a distance.

In the city center where the land is rich in land, the value of this area alone is unimaginable.

Also, with so many buildings, the area is even more terrifying than the luxury community... Beiling No. 2 is not for no reason.

The style alone is not comparable to ordinary enterprises.

The Jiang family is so powerful, how exaggerated the Jackson family is, I dare not think.

When you enter the door, you have to register, but you still need a registration code.

The security guard is like a guard in the palace, and the inspection is very strict.

No wonder the other person contacted He Lingzhi in the morning and sent her a text message.

He Lingzhi only now knew that it turned out to be the registration code for entering the door.

Once they scan the code, let them go immediately.

high efficiency,

The rules are clear!

"If it's a luxury car, don't you need to register?" He Lingzhi said with a smile.

"You can try."

Emily Gale is still watching Jiang's

There is no time to talk to her in the electronic file of the agreement.

She has basically scanned the contents of the agreement once, and now it is the second time.

Roughly speaking, Jiang's invested 300 million yuan to directly make animation APP, and their team is the management.

The September studio occupies ten points...

"Ten points!" When Su Xiaomi heard it, countless money symbols appeared in his eyes.

Forget it, I'm about to scream!

"Ten points, which is equivalent to 30 million in assets as soon as our studio enters the door!" 30 million!

Oh my God!

This is completely beyond everyone's expectations.

Did the Jiang family open a shantang?

This is too lavish, right?

"Conditional."

Emily Gale continued to flip through the agreement on the phone.

After a while, she said: "The agreement stipulates that within one year, the loss must be controlled within 30% and all the funds must be used."

All the funds must be used, that is, the 300 million... God, except Reserve working capital and spend all the rest!

To be honest, such a huge number really shocked everyone.

Where did they usually invest? Even if Emily Gale invested in a studio, it would be a matter of hundreds of thousands.

Three hundred million, I can't think about it, I can't think about it, I feel terrible when I think about it!

"Such as, what if it can't be done?" Su Xiaomi asked in a low voice.

Except for Jackson Tianyou who was driving, everyone's eyes instantly fell on Emily Gale's face.

Emily Gale looked down, still looking at the phone screen.

After a long time, he said, "Not only will the shares be recovered but within the next three years, they will have to work for free during all their spare time."

Chapter 228

Everyone seems to know her?

Inside the car, there was silence for a while.

Emily Gale continued: "The second condition, within two years, must achieve a break-even, otherwise, the next two years to give them free work."

"The third condition, within three years, must make a profit of 3%. Ten or more, otherwise, it will be free to work for one year."

In fact, they are absolutely beneficial to them if they are able to do so.

After all, those who lose money don't need them to lose money.

However, everyone is still a bit heavy.

The most important thing is that 300 million yuan must be profitable by 30% within three years.

In other words, if they can't generate 100 million yuan in net profit within three years, they have to sell themselves.

But besides being heavy, he was so excited.

In short, the mood is very complicated, to put it bluntly, a little panic.

Three hundred million is very scary for students like them.

Is this the money from Jiang Er Shao?

I really don't want to say that there is a sense of silly money...

The car stopped in the main building square, and He Lingzhi took the lead to get off.

Qin Zhizhou and Emily Gale came down after her.

Jackson Tianyou rushed to them: "Let's wait here, come down and call me."

"Okay."

Emily Gale gave her an OK gesture before looking at He Lingzhi: "Are there rules for going in?" There should be no more, right?" He Lingzhi didn't know that such a serious group would come back for the first time.

The three of them arranged their clothes, and Emily Gale carried the computer bag and walked into the lobby together.

As soon as I walked in, a reception lady greeted me with a amiable smile: "Who are the three looking for? Do you have an appointment?" Seeing them, these three poor students who can be called "ragged", unexpectedly You can still be so polite, which shows how well the job training of large companies is.

However, although the reception lady is smiling, she can clearly see that the smile is not warm.

There is no way, those who can enter here are big people or employees of their company.

These little children don't know who put them in.

"We have an appointment with Second Young Master Jiang."

As soon as He Lingzhi's words were uttered, the receptionist's face sank slightly: "Excuse me, do you have an appointment?" "Yes, your people called us and let us ten o'clock. Come to the meeting."

"Okay, please wait a moment."

The reception lady walked to the outside reception department not far away, "The Second Young Master asked how many children to come to the meeting?" "Yes, the students of Ning University, you Don't know?" Another reception lady smiled and immediately walked to the three people at the door.

However, it seems something is not right, why didn't the parties come?

After scanning between the three of them, those eyes that said watching the show became a bit impatient.

"Sorry, the second master appointed to see Emily Gale

, If Emily Gale didn't come..."

"I am Emily Gale.

"In a word, the employees passing by suddenly stopped. More than 90% of the people turned their heads and looked at the talking girl. Pretty! This is the first thought that flashed through everyone's mind. But, how could she be Emily Gale? Isn't the legendary Emily Gale an ugly monster? "You are... Emily Gale?"

"The reception lady also couldn't believe it. Emily Gale took out his ID card and showed it to her. When the ID was taken, she was only 16 years old, and she was wearing makeup at that time. But because ID photos are not allowed. When you put on heavy makeup, you had to remove the makeup.

Although the makeup is not very clean, you can at least see the facial features.

It is really Emily Gale! The reception lady looked up and saw countless doubtful eyes. This Emily Gale is here today They are well-known in their group. But no one thought that the ugly monsters are as beautiful as a swan! "That..."

The receptionist took a sigh of relief, and said dully: "Well, I'll take you up.

A few people followed her and went directly to the high-rise elevator.

After they left, the first receptionist was pulling a passing colleague, a little confused.

"What's the matter?"

This Emily Gale... Why does it seem that everyone knows him?

"Don't you know yet?"

"The colleague approached her, for fear that someone would get caught up in discussing the Second Young Master's private affairs during work hours. He could only suppress his voice and whispered: "The campus comic contest hosted by Jiang's assistance. You can search the Internet for this matter. a bit.

"I know about this..."

"No, this morning, there was a huge burst of information. Looking at you like this, I definitely don't know.

The man took out his mobile phone and smiled thiefly: "No, I have to send a message to my friends above me and tell them that the legendary Emily Gale is here.

" ...

After going out from the eighty-eighth floor, passing through the lobby on the eighty-eighth floor, Emily Gale could feel everyone's strange look at herself along the way. Of course it was not because she was really beautiful enough to cause a commotion.

There are also surprises, but more are surprises, exploration, curiosity, and even watching good shows. Why do everyone seem to know her? Even the reception lady who led them up, walked forward and occasionally turned back. Take a look at her. Every time I look back at her, the look is complicated. In the end, there is still a little bit of hostility? What did she do? The mobile phone short message rang, and Su Xiaomi's messages were sent out several times. But, Walking in such a solemn and sacred high-level lobby of a large group, Emily Gale didn't look good at the mobile phone. He simply turned the mobile phone to silent. Walked to an office door

At the mouth, the receptionist stopped and knocked gently on the door.

A man's low voice came from inside: "Come in."

This voice, although separated by a door, is indescribably magnetic, sweet and s*xy!

The reception lady took a deep breath, adjusted her clothes, and squeezed the perfect smile on her face before opening the office door.

This is definitely the most professional and the best smile!

The reception lady smiled and said, "Second Young Master, Miss Gale, they are here."

"Let them in."

Jiang Nan didn't even look up.

The reception lady did not leave immediately, but stood at the door, standing for a few seconds.

The second young master was unwilling to look up!

Even if it's just a glance!

How many times can they work in the lobby on the first floor below, how many times in a year can they come here to approach the Second Young Master?

She has shown her most perfect side, but the Second Young Master didn't even look at it.

If the second young master can make a glance, she can also be the most beautiful phoenix in the future, flying on a branch!

Three seconds later, He Lingzhi couldn't help it a bit, "Well, let us in?" The reception lady glared at her, trying to say something, only to find that the second young master who was thinking of her, finally raised her head.

His eyes cast here!

The reception lady hurriedly stood up straight, raised her head and chest, condensed her breath, and forced her belly in.

"Second Young Master..."

"Emily Gale, come in."

Jiang Nan's eyes flashed a touch of discomfort. He least liked the female employees scratching their heads in front of him: "Close the door!"

Chapter 229

Emily Gale, are you dead? Emily Gale has an inexplicable feeling of being hit. This voice sounds angry, as if... you have an opinion on her?

She looked back at He Lingzhi, Jiang Er Shao only called her by name, is this, should she go in by herself?

"Miss Gale, please come in!" The receptionist gave her a gloomy look.

Emily Gale could only walk in, and the door of the room was immediately closed behind her.

"Then we..."

He Lingzhi was stunned, why did he really leave them out?

"Second Young Master only intends to see Miss Gale, so please wait in the lobby."

After receiving such a good job, he personally sent people up and had the opportunity to get close to Second Young Master.

Unexpectedly, there is no benefit at all.

The second young master looked at her eyes and was dying of disgust.

No, the second master doesn't seem to even look at her directly.

The receptionist was aggrieved and threw He Lingzhi and Qin Zhizhou on the lounge chair in the lobby and turned away.

Emily Gale had no idea what was going on outside.

After calming down for half a second, she walked to Jiang Nan's desk.

"Second Young Master Jiang..."

"Boss doesn't want you anymore?" Jiang Nan dropped the mouse, leaned back on the chair, and stared at her.

But at a glance, the expression in the eyes suddenly became complicated, unspeakable complexity!

I had known that the thing on her face was a disguise, although I didn't know why it was so, but when the boss said that she was beautiful, he saw that there was something wrong with her freckles.

But he didn't expect that Emily Gale, who had washed off freckles, was...somewhat amazing.

The face without any cosmetics, green and clean, white and red, and the small features are more delicate than the maid in the painting.

The boss said that she was beautiful, but it turned out to be true... He retracted his gaze, and his tone became harder: "The marriage contract has been terminated?" This is really a shame. For someone who has just been abandoned, I'm afraid it will be uncomfortable for a while.

However, all Emily Gale's sadness had been vented last night.

It's dawn, and you can walk wherever you want.

There is nothing to be sad.

"Yes, I heard that he broke the marriage contract with me in the newspaper."

She put down the computer bag, consciously sat at the desk, and met his exploring gaze: "Jiang Er Shao, about our cooperation this time..."

Emily Gale, are you dead?" Jiang Nan's words really made people unable to keep up with the rhythm.

Emily Gale was a little helpless and rubbed her forehead.

She said, "Second Young Master Jiang, I don't understand what you mean, can I make it clear?" She thought that she came today and talked about business affairs. Private matter?

"Boss doesn't want you, you really don't feel at all? Did you cry?" It looks like the eyes are a little swollen, but they are not very swollen.

It's like just drinking too much water before going to bed, and a little edema.

he

I can't tell at all, I have never cried.

"Cry."

She answered calmly.

"Yeah."

At last he looked like a normal person. He nodded, "Reluctant?" "No."

"No?" "I was too proud when I quarreled last night, I didn't want a penny, and I left the house... Uh, also It's not really a clean-up, because I'm not married after all."

She coughed softly, adjusted her breath, and said, "But when Joseph asked for compensation, I didn't ask for a cent."

"... ..." He did not expect to hear such realistic words from Emily Gale's mouth.

Isn't it time to be sad because of a breakup?

Jiang Nan found that he could not accept Emily Gale's thinking, and his voice was a little dull: "...and then?" "Then, of course I regret it, am I stupid? Young Master Jackson is so rich, I just ask for a few thousand. Ten thousand, he can always give it."

Emily Gale seemed to regret it, and he felt regretful enough!

"Maybe I want 300 million, and he will give it to me too. In this way, I don't have to wait for Jiang to come to cooperate with us, don't you think?" "You..."

This girl!

Turning a corner, let's talk about going back to business!

This mouth is really amazing!

But why doesn't it mean to be really sad?

The boss is such a good man, is it really sad to lose this fiancée?

"Actually, the second master Jiang is also happy to see the result, and I really want to see me being abandoned, right?" Emily Gale's smile made Jiang Nan's throat suddenly tight and he was a little speechless.

Finally, he cleared his throat and said faintly: "Why do I want to see you abandoned? Are you familiar with you?" "I don't know why, but I know, you don't want me and Master Jackson to be there. Together."

He originally wanted to deny, but Emily Gale's seriousness prevented him from saying anything against his conscience.

He really hoped that she would leave the boss and stop being a burden to the boss.

But now she was really abandoned by the boss, and he...inexplicably a little uncomfortable.

But that's not right, now he is from the Jiang family, and she is the representative of the small studio in September.

Why did the two parties talk together, and her momentum was completely overshadowed by her?

"Second Young Master Jiang, your time is too precious, and I dare not delay it too long, can we talk about a cooperation agreement?" Emily Gale's words made Jiang Nan sigh again.

He didn't believe that she was so cold.

It should be said that he didn't believe that someone would really be so indifferent after leaving Young Master Jackson.

"Then you really have nothing to do with Young Master Jackson now?" He asked.

Emily Gale thought for a while, and suddenly frowned, "Second Young Master Jiang, you are willing to cooperate with us. Isn't it because I am the fiancée of Young Master Jackson?" Jiang Nan was taken aback.

She didn't expect that she would have this idea.

He squinted his eyes and said, "Do you think I need such a relationship?" "Originally, I certainly didn't think that although the Jiang family was not as large as the Jackson family for the time being, when I came in, my eyes saw, It's the breath of vigorous development."

"So?" The girl said, still so nice.

But Emily Gale's next words almost made him, an elegant and gentle gentleman who went out, turned a black face on the spot.

"So, I didn't expect that the second young master of the Jiang family in such a rigorous atmosphere would be such an unprofessional person."

Jiang Nan's expression sank, and he said unhappy: "When am I unprofessional?" Are we here, are we talking about cooperation?" If we just keep discussing personal issues, there is no need to continue the discussion.

"Do you treat your sponsor like this? I'm not afraid that I will be upset and unwilling to continue to cooperate?" "Sorry, Second Young Master Jiang, I think I have to correct a few problems for you."

Emily Gale is very serious and very serious. Seriously, meet his gaze.

"First, you are not the sponsor of our September Painting Club. We are a cooperative relationship, not climbing the dragon and attaching the phoenix."

"Second, although I don't want to see the cooperation between the two companies be cancelled, this does not mean that I have to ask you to invest in our September studio."

She sat upright, her eyes bright.

"For studios like ours, everyone hopes to get financing, but Jiang's investment is moving too fast for us."

"If Jiang's is not really sincere to cooperate with us, then this Stride, I don't think we need to go too fast."

"Go fast, fall hard, if Jiang does not want to do business in animation, we will fall harder, so the cooperation is both sides, we also have us Considerations."

Chapter 230

Now, she is a downright bad woman Jiang Nan didn't expect that one day she would be sprayed like this by an 18-year-old girl.

What is even more annoying is that she can't refute what she said.

It's not that they are treated as gold masters, crying and clamoring for cooperation, on the contrary, her cooperation depends on his sincerity?

This girl, has never experienced the cruelty of society, does she take herself too seriously?

Jiang Nan opened the drawer casually and threw out a pile of things.

"Here, it's all about the application agreement for cooperating with us to develop an animation project."

He is a bit lofty, wanting to see the compromise, even humble atmosphere on Emily Gale's face.

"Did you see it? If we want to do anime, the partner of cooperation is definitely not only yours."

"I know that Jiang Ersha has a lot of choice, but I also believe that if we are not qualified, Jiang Ersha We won't be invited to talk about cooperation."

Therefore, after reading the pile of application documents, she still had no expression on her face, and her confidence had never been hit by the slightest.

She pursed her lower lip in a sincere tone: "Second Young Master, we are just a small studio. In fact, for us, although this cooperation is an opportunity, it is also a burden."

"Everyone hopes that their company can do it. Bigger and stronger, but we may not have the ability. Your investment is indeed a risk."

"I hope that Jiang Ershao can seriously think about whether he is really confident to cooperate with us, if only the money is boring. I also advise Second Young Master Jiang to be cautious about investing in chaos."

"If your team hears you, guess what they would think?" Jiang Nan's expression was not pretty.

"They won't think much, they may be disappointed for a while, but after a big meal and drink, they will actively find other partners."

"Or, according to our original plan, we should do the comics first. , Wait until the manga is successful, then consider animation."

Jiang Nan didn't say a word, just stared at her face, studying every expression on her face.

Without anger or impulse, she was actually persuading him seriously and calmly to reconsider cooperating with them.

Does anyone raise financing like this?

She really doesn't care about losing such a big gold master like him?

No, they said, he is not their sponsor, but just a partner.

I don't know how long it took, Jiang Nan suddenly asked: "You are really so calm, are you afraid that I will cancel the cooperation? Seriously?" ... Su Xiaomi and He Lingzhi are about to die in anxious manner.

After Emily Gale and the others entered, Su Xiaomi saw another news that broke out on the Internet tonight.

The inside story of the college comic contest has been exposed, and the champion team has a strong background!

There are pictures of Emily Gale and Joseph in the car together, and Emily Gale

There are scenes of talking and laughing on the road with Jiangnan.

As he approached, Emily Gale's identity was also picked up, the second lady of the Gale family, the fiancée of Young Master Jackson.

In the end, she turned out to be Jiangnan's female companion.

What does the so-called female companion mean? You can see the photos.

Behaving intimately is not an ordinary friendship at first glance.

Of course, even Su Xiaomi, a friend who has been with Emily Gale, doesn't know when she and Jiang Er Shao have become so familiar.

Anyway, the current saying is that Emily Gale won the inter-school comic contest because of insider information.

The most frightening thing is that Shu Lei, the second person in charge of the team, the beauty painter who is hailed as the first person in campus comics by everyone, was beaten to the hospital last night.

There is news that Shu Lei's hand is likely to be abolished!

The scary thing is that when Shu Lei's accident happened, someone took pictures of Emily Gale and Joseph together.

Of course, no one knows exactly what happened.

No one has any evidence that Emily Gale caused Shu Lei's injury.

However, as far as the current situation is concerned, Emily Gale was the complete winner, and Shu Lei was not only "arranged" to lose the game, but also to the hospital.

As for Emily Gale, I heard that I joined the Jiang family today and will sign a cooperation agreement with the Jiang family.

The contrast between the strong and the weak is so great. Based on the public mentality that sympathizes with the weak, Emily Gale should become a heinous villain in everyone's eyes!

What is ridiculous is that this bad woman was abandoned by Young Master Jackson in the morning!

Su Xiaomi was too anxious.

After talking to He Lingzhi, she knew that Emily Gale had entered the office of the Second Young Master Jiang by herself.

She wanted to rush to bring the people back.

"Of course you won't do that kind of thing, don't panic."

Yang Yi tried desperately to comfort her.

Su Xiaomi shook her head, fidgeting: "Of course, RJenni wouldn't do that kind of thing, but what does Jiang Er Shao mean, why let RJenni come into his office alone?" This behavior is so unusual!

If you change to the previous Emily Gale, Su Xiaomi can rest assured, after all, he does look like...what, very average.

However, this morning's Ranran is completely a fairy!

What if Jiang Er rarely gets upset and wants to behave badly?

"Isn't it?" Although Liu Shang was also a little worried, after all, Emily Gale in the morning was really easy to make a man's heart beat.

However, someone is the second young master Jiang with a face, no matter how anxious he is, he won't be able to attack a little girl in the company.

Jackson Tianyou kept holding the steering wheel in his hand, staring at the building in front, his eyes deep and he didn't know what he was thinking.

Su Xiaomi sent another message to He Lingzhi: "Has anyone come out?" He Lingzhi did not reply. Su Xiaomi continued: "If the Second Young Master Jiang really wants to go wrong, this cooperation will not be discussed!" "Congratulate

Lingzhi still did not respond, Su Xiaomi became more anxious.

"The squad leader won't reply to me."

She looked at Jackson Tianyou, and she had no idea for a while: "God, what should I do, do you want to go in and find someone?" Jackson Tianyou did not speak, but the ten fingers holding the steering wheel kept tightening again .

Su Xiaomi looked at Yang Yi and Liu Shang, and Yang Yi hesitated: "What if it's just a misunderstanding?" "It may be that the second young master Jiang is more familiar, so he will only talk to her alone."

The thoughts of these big people, they Can't figure it out.

In broad daylight, it is at the company again, so it should be...nothing will happen, right?

I don't know how long it took, but He Lingzhi still didn't reply.

When Su Xiaomi was about to collapse, the car door was suddenly opened with a click, and Jackson Tianyou went down.

"God!" Yang Yi was taken aback, and hurriedly chased him down: "God, don't mess around, there are so many bodyguards here that you can't imagine."

Just now all the way in, there are bodyguards everywhere!

Even if God Bless is very powerful, but in the face of so many bodyguards, no matter how powerful it is, it is impossible to defeat one hundred.

Jackson Tianyou walked straight to the lobby of the main building.

Yang Yi, Su Xiaomi, and Liu Shang had to get out of the car and chase them quickly.

As soon as he walked into the lobby, the reception lady just came over: "Who can I find? Is there an appointment?" "Second Young Master Jiang."

Jackson Tianyou said lightly.

The receptionist's face suddenly sank, and her voice became quite cold: "Second Young Master is meeting guests, it is not convenient... Hey! What are you going to do?" They went straight to the elevator!

The receptionist panicked and hurriedly chased after him: "This is the Jiang family, it is not a place where you can go around, hurry up..."

At this moment, there was a sudden ding, the elevator door opened, and several figures came out from inside... ..
