

Love Through Time and Space

Chapter 231

She became the victor. When He Lingzhi came out of the elevator, she didn't look at the road ahead, but kept looking at Jiangnan.

"Second Young Master, don't worry, we will do it well, and we will never disappoint your trust in us."

"Yeah."

Jiang Nan nodded and said nothing.

Emily Gale walked behind him, very quiet and calm, nothing unusual.

Seeing Jackson Tianyou and the others standing at the entrance of the elevator, He Lingzhi was surprised: "Isn't you asking you to wait in the car?" Jackson Tianyou didn't say a word, and Su Xiaomi hurriedly finished the game after being stunned. I want to come in and borrow the bathroom."

"Second Young Master, they...rageous..."

The reception lady still felt unhappy.

They were all brought by Emily Gale, and all of them were low-ranking people with no quality at all.

Think about it, people like Emily Gale look good on their own, and don't know how many men they have followed.

Now, they even used the method of selling their bodies in exchange for the capital of their second young master, and allocated funds to them to establish an animation company.

In short, this woman is not simple, the whole team she brought is all messy and dirty people.

Now the whole Jiang family, except for the second young master, who can take care of Emily Gale pleasingly?

It's just that everyone has quality and doesn't show dissatisfaction.

Su Xiaomi knew that she was in trouble, so she hurriedly laughed: "Hold, sorry, just because I was too eager..."

"I was too eager, sorry, sorry."

Liu Shang said quickly.

How could Xiaomi say that she is also a girl, and boys should do this kind of thing.

What a girl is so embarrassing.

"Take him to the bathroom."

Jiang Nan looked at the receptionist indifferently.

"Yes, the second young master."

When the reception lady faced him, she was the most gentle and gentle fairy.

As soon as Jiang Nan left, he turned his head and looked at Liu Shang, and his face suddenly turned black, which was really disgusting.

"The bathroom is in the corner of the lobby. Go by yourself."

It was so disgusting that she asked her to take a boy to the bathroom!

These untouchables are hard to be elegant, and they are all dressed in street stalls, and they know that they are dead and poor!

Take a dead poor ghost to the bathroom, disgusting and undead!

"It's okay, I'm not in a hurry now, thank you."

Liu Shang smiled at her.

Although it is obvious that people hate themselves, the people of the Jiang family, these little people, naturally dare not offend.

Su Xiaomi gave them a gentle push: "Quickly, follow Ranran to have a look."

Jiang Nan took Emily Gale to the lobby door, assistant Vince walked in front of them, wondering what he was introducing to Emily Gale.

He Lingzhi and Qin Zhizhou followed them, as if they were going somewhere.

Is this taking them to visit the Jiang family?

Su Xiaomi was excited, and Yang Yi hurriedly chased after him.

"God

, Let's go and see.

"Liu Shang smiled. Jackson Tianyou nodded, and walked quietly with Liu Shang at the end of the line. Just out of the house, a luxurious Rolls Royce stopped on the square outside, and it seemed that some important person had arrived.

The driver and the bodyguard got out of the car and stood on both sides of the car together.

The one who got off the car turned out to be Qin Yi, the number one master next to Joseph.

The boss is here? Jiang Nan narrowed his eyes and was about to go, but saw After Qin Yi opened the door of the car, a slender and snow-white leg came out. What is noble? What is big brand? This is noble, this is big brand! The first two cars got a dozen bodyguards, neat and tidy. Guarding around the Rolls-Royce. Qin Yi also stood upright by the car door! With the most respectful gesture, greeted the next woman. That's right! It's a woman! One still uses lace decoration to block the chin, looks very gorgeous and expensive An angry woman, Kylena Gale! Jiang Nan stopped in his footsteps to meet the past, and his eyes suddenly became cold. He could recognize that this was Joseph's car, Jackson Dasho's bodyguard, but he couldn't recognize this one who came down. Woman. Kylena Gale's dress is fully in line with the image of a lady, but without losing the vitality of a girl.

She is a very tasteful woman, whether it is dressing or matching jewelry. In short, you can see it at a glance I know, she is definitely rich now, rich to the point of unimaginable. But her image is not rigid at all, rich, with a hat, fashionable and charming, and amorous! Even she has always been unpleasant. Su Xiaomi was dumbfounded. Of course, it was more because of her style! When did Kylena Gale become so rich? A dozen bodyguards and a super luxury car! "Second Young Master Jiang, let's meet again Up.

"Kylena Gale didn't even look at others, and went straight to Jiangnan. Her smile is always the most perfect, and her behavior is always the most elegant. Emily Gale put her small fist away and put it behind her. Heh, who can imagine that someone who was so damned to death and alive last night, who was so fragile as to be broken at the touch of a touch, can be so vigorous today? If we say that Kylena Gale last night was the victim. Now, the Kylena Gale in front of her is clearly the winner. Jiang Nan looked at her with a blank expression: "Sorry, I don't know you.

Kylena Gale's lips smiled, and the atmosphere suddenly became cold.

"I..."

She wanted to say that she was the representative of Jackson's comic contest that day.

They met at Ning University. , She was sitting next to him. But when the words came to my lips, she suddenly changed to: "I am a friend from Joseph, we met, at the comic contest reported by Ning University.

Jiangnan thought about it

Thinking, still no impression.

That day, I never saw her at all.

For women, to be honest, he has a slight facial blindness.

I didn't know where it came out of a chuckle, it seemed to be painful!

Kylena Gale's face sank, and she swept over angrily, it turned out to be the two reception ladies!

She squeezed her palms and was about to remind Jiang Nan again, but her eyes fell on a certain girl's face inadvertently.

In the next second, she panicked, as if she had been in a ghost, pointing at Emily Gale, her fingertips were shaking, and she couldn't even speak!

This damn girl!

This dead girl didn't even pretend to be herself!

"Why do you make your face like this?" Damn Emily Gale!

This damn b*tch!

How can she show her true colors?

Shouldn't she have an ugly face all her life?

"Our family hasn't changed her face, but we don't have makeup today."

Su Xiaomi walked to Emily Gale's side.

As long as someone bullied Ranran, she would tie her whole body thorns!

"Shut up!" Kylena Gale swept away coldly, and said angrily: "You don't have the right to talk!" Su Xiaomi wanted to say something, but Emily Gale secretly tugged at the corner of her clothes.

Su Xiaomi could only shrug her shoulders, turned her face disdainfully, and ignored her.

Kylena Gale is going to be mad by this dead girl!

Starting today, she is the hostess of Wangjiang Pavilion. Everyone treats her respectfully, and even Young Master Jackson is willing to talk to her.

She is a queen now, how could this dead girl be so rude to her?

Seeing that Su Xiaomi completely ignored her existence, she angrily said: "Come here, drive her dead girl out of me!"

Chapter 232

Everyone is completely dumbfounded.

Come here?

This tone, this tone... Who does Kylena Gale think of herself?

queen?

Qin Yi was also a little bit emotional, and wanted to remind her that this is the Jiang family.

If it was in Wangjiang Pavilion, he would definitely not say anything and let people drive Su Xiaomi out.

But now it's in someone else's place. Not only is it inappropriate to do so, it's a bit... rude.

"Second Young Master, do you know this woman?" Emily Gale, who had not spoken, suddenly said.

Jiang Nan shook his head, and Emily Gale said: "Since it is an insignificant person, then, Young Master, let's go."

"Yeah."

Jiang Nan nodded and walked towards the sightseeing bus not far away.

A group of people immediately walked behind him, and Kylena Gale and her people were completely left behind.

Irrelevant people!

Emily Gale dared to speak like this in front of her!

Now, this ugly girl is irrelevant!

"Joseph asked people to post in the newspaper in the morning, and they broke their engagement with you, don't you know?" She smiled.

Emily Gale, who was walking in the front, explained to Su Xiaomi on the side: "We are going to see the new office now, and we will work here in the future."

"Here...we can really work here?" Su Xiaomi and Yang Yi were excited.

It's almost flying.

"The animation company that cooperates with Jiang's must of course have to work in Jiang's industrial park. Otherwise, the second master is afraid that our office building will not be done well and affect Jiang's image."

"God! It's amazing, so amazing... .." Things that I never dreamed of!

A group of people just walked away, and Kylena Gale stood there, completely unable to accept the outcome of being ignored.

She came over in the luxury car of Mr. Jackson, and she brought Mr. Jackson's people over.

She came over like a queen.

But now, she was thrown outside the lobby door by Jiang Nan, like a clown!

"Second Young Master Jiang...maybe he didn't recognize it for a while, Miss Kylena, wait a moment."

Qin did not see that she was wronged, and hurriedly chased Jiangnan ahead.

"Second Young Master Jiang, our Miss Kylena wants to discuss something with you."

"I don't remember, your Jackson family has such a lady, not to mention, even if the Jackson family's lady comes to me, I am not interested."

Jiang Nan He didn't hate Kylena Gale at first, but just now, he could see her attitude towards Emily Gale clearly.

Emily Gale is now a member of his Jiang family, and anyone who is not good to the Jiang family is an enemy.

He, but he is very short!

Qin Yi quickly said again: "Miss Kylena wants to talk about cooperation, not a personal matter."

Of course he knew that men like Jiang Ershao hate women's entanglement the most.

Just like their eldest young master, they especially hate all idiots to get close to themselves.

However, Miss Kylena did come for official business.

Besides, hi, Miss Kylena

Huan's person is the eldest young master, and it is impossible to have any illusions about Jiang Er Youngo, Jiang Er Youngo is simply thinking too much.

"Cooperation?" Jiang Nan stopped and looked back at him: "If it is to discuss cooperation, then please come here in person."

"Second Master Jiang, I am here on behalf of Joseph. You should know that I am his closest People."

Kylena Gale walked over with graceful steps.

After suppressing her anger, she was still so graceful and calm.

The matter has been spread on the Internet, and Emily Gale has been driven away.

She is the favorite of Young Master Jackson.

There was a lot of trouble, and it was impossible for Jiang Er Shao to not know.

But in fact, Jiangnan really didn't know.

He didn't even look at Kylena Gale, but looked at Qin Yi, his face a little heavy.

"I don't know why Young Master Jackson asked you to serve such a messy woman, but your behavior today really disappointed me."

He is the number one master next to the boss. In fact, he and Jiang Nan also know more than a dozen year.

"If it wasn't for you to be a young Master Jackson, I should have someone blast you out now!" "Second Young Master Jiang..."

Qin Yi didn't understand. Second Young Master Jiang is usually very easy to get along with. So prickly today?

"Come to my place, do you want to drive out my people?" Jiang Nan's eyes finally fell on Kylena Gale's body, and he coldly snorted, "What is it?" Kylena Gale was taken aback. He never thought about it. Men would be so rude to her!

He looks gentle and elegant, with a gentle and amiable smile, but why can he say such ugly words?

However, her Kylena Gale is not willing to show weakness.

Straightening her back, she said solemnly: "I came on behalf of the Jackson family to give the Jiang family a chance to cooperate with us."

"Miss Kylena..."

Qin Yi wanted to stop it. This is too much.

But Kylena Gale didn't want to care about him at all.

She was indeed the representative of the Jackson family, and the Jackson family was stronger than the Jiang family!

Just this point is enough!

"If Jiang's wants to make anime, he can only cooperate with our Jackson's. You find these poor ghosts who don't know anything. Do you think you can compare to our Jackson's?" Then, I really hate these uncultivated untouchables. If you drive them out now, I can still consider and continue to cooperate with Jiang. If you are..."

"Go!" Jiang Nan turned around and stepped onto the sightseeing car.

"You...what do you mean? The second young master of your mere Jiang family, do you dare to do this to me! Do you know who I am?" Kylena Gale stomped angrily: "If you dare to do this to me, you will regret it! "If Jiang Nan treats her like this in private, she will not be mad with anger.

But now, under everyone's eyes, the most important thing is in front of this b*tch Emily Gale!

"You think you are little

Can the Jiang family fight against our Jackson family?

As long as Young Master Jackson stomped his foot, your Jiang family would be razed to the ground immediately!

You..."

"Miss Kylena, let's go back first.

"Seeing more than a dozen bodyguards walking quickly, Qin Yi quickly stopped her from continuing to scold her.

She didn't know that Young Master Jiang and Second Young Master Jiang were brothers who share life and death. What I said here is that the Jiang family is not as good as the Jackson family. ...To provoke the feelings of other brothers. What's more, although the Jiang clan is not as good as the Jackson clan at present, the young master's focus is not in the Jackson clan, and the Jiang clan is basically completely controlled by the second youngster Jiang. What is the future, really no one can You are right. Maybe in a few years, the Jiang clan will really catch up with the Jackson clan.

The Jiang clan's power is by no means much worse than the Jackson clan.

"What are you doing?"

"Kylena Gale gave him a fierce look, and almost slapped it out. If he didn't know, now in Wangjiang Pavilion, Aspen Li is unwilling to be loyal to him, only he really stands on his side, Kylena Gale's slap, I will really wave it out! "I was bullied, didn't you see?"

You didn't help me, and helped the victim come to bully me?

"No, Miss Kylena, how could I bully you?"

I just..."

Qin Yi sighed, forget it, he still couldn't bear to hurt her when some words were said to hurt her.

"Miss Kylena, okay?"

After all, this is someone else's place!

"I'm from Joseph. In the entire Beiling, there is no place I can't go to!"

"However, seeing more and more bodyguards coming by, and more and more fierce and evil, Kylena Gale was also a little scared.

She stared at the sightseeing bus in Jiangnan and the untouchables in the bus. Finally gritted her teeth and said angrily: "Zhan The North will help me seek justice, he will surely let you Jiang clan fail!

"Stomped and finally left!

Chapter 233

Are you sad at last "Xiaomi, what are you taking?" He Lingzhi leaned over on the sightseeing car and asked in a low voice.

"Nothing, I just think the scenery here is unique."

Su Xiaomi quickly put her phone away and sat upright.

They are now sitting in the same sightseeing car with Er Shao Jiang, and neither dare to be careless, let alone make too much movement and disturb others.

This serious and cautious appearance made Vince who was sitting aside couldn't help laughing.

"If you want to talk or take photos, you can.

The second young master of our family has always been very good-tempered and kind to others..."

But at the end of these words, it seemed a little emboldened.

The second young master who said viciously "what's the matter" to a woman just now had a temper...not that good.

Vince coughed lightly, and then said, "Except for occasional situations, the second young masters are very easy to get along with, don't be afraid."

Su Xiaomi and He Lingzhi smiled shyly at him, but still didn't dare to be presumptuous. speak.

After all, they are the Second Young Master Jiang, and from now on, they will be their major shareholders.

In front of him, there is always a restraint.

However, the appearance of Kylene Gale being mad just now was really too much relief.

Especially Jiang Er Shao's "What is it?"

In that instant, Su Xiaomi and He Lingzhi both decided that they would work hard for this boss in the future and absolutely must not lose his money!

Jiang Er Shao's words completely conquered these two little girls!

Emily Gale had been sitting quietly in the corner of the car, looking at Jiang's buildings without saying a word.

"What? In a bad mood?" Jiang Nan raised his eyebrows.

This girl, finally tasted her man was taken away by other women, what is it like?

Before, he deliberately acted so indifferently in front of him. In fact, he was still laughing hard?

Emily Gale didn't seem to notice what he was talking about, but knew that he was talking to himself.

She turned her head and looked at him with a serious look: "Based on what I know about Kylenea Gale, she will set up an animation company as soon as she returns."

"Huh?" What does it mean?

Are you talking about the woman just now?

However, she didn't talk about the woman and Hunter Jackson, what animation company did she talk about?

But at this time, Emily Gale really wasn't thinking about men and women.

She analyzed with him from the most professional perspective: "Jackson's and Jiang's are recognized as the two largest groups in Beiling."

"If both companies are doing animation at this time, then the next one will definitely It is considered stingy by the public, and draws a gourd according to the gourd."

Jiang Nan still did not speak, just stared at her.

This girl can still calm down to this point, it is a bit...too unkind.

Everyone can see that the woman had a very close relationship with Young Master Jackson just now. Is she really blind?

But now it seems,

Emily Gale is unlikely to be blind.

Most likely, she really values work more.

The boss met this girl and didn't know whether it was a blessing or a curse.

The good thing is, break up when you break up, never force entanglement.

Of course, this is also the bad thing.

After breaking up, he is completely indifferent, which is really hurting a man's self-esteem.

Suddenly, Jiang Nan felt sad for Young Master Jackson...

"Second Young Master, are you listening to me?" Emily Gale frowned and met his gaze.

"You said."

Jiang Nan converged his mind and must not behave so unprofessional in front of a little girl.

"I mean, while the iron is hot, we will hold a press conference tonight, set up the animation department, and hold a dinner at the same time!" "Tonight?" Everyone was surprised.

Even Jiang Nan frowned slightly. Tonight, do you need to rush like this?

Su Xiaomi immediately asked: "Of course, the money is there, but we have no one."

Isn't this still a shell company?

We have money and space, but there are no employees!

"I will post the job fair today, and the staff will be in place tomorrow."

This is not a problem. Money can make things worse, not to mention that she knows how to recruit people.

A press conference will be held tonight, and someone will definitely want to interview Jiang's new department tomorrow.

This kind of thing can't be avoided for a while, not to mention, it's also suspicious to keep avoiding interviews.

"Why do you have to tonight?" He Lingzhi still felt that this was too risky and too impatient.

"Even if Kylena Gale really wants to set up Jackson's animation department after returning, it will take at least some time for such a big thing."

"You too underestimated Jackson's influence in Jackson's."

Emily Gale and Hunter Jackson didn't get along for a long time, and they didn't have much contact with him at work.

However, she had been with each other for five years in her previous life!

"As long as Mr. Jackson can say a word, say today, the department can be established today."

"This is true."

Jiang Nan absolutely agrees to this.

This girl's understanding of the boss is really good.

"That..."

Su Xiaomi and He Lingzhi were a little worried.

"Then, after Kylena Gale goes back, will she immediately let Mr. Jackson be the master and set up the animation department today?" "No, because when Mr.

Jackson is at work, the time is so tight that it is impossible for Kylena Gale to find someone.

“Although Young Master Jackson felt owed to Kylena Gale, Emily Gale understood this matter.

However, Hunter Jackson is definitely a clear-cut person.

When he was in the company, he would really be so busy that there was no extra minute to deal with these inexplicable emotional matters.

As for Kylena Gale’s present matter, if she has to quarrel with Young Master Jackson, she will immediately

If you set up an animation department, you are making emotions.

The most likely thing is that when Young Master Jackson returns tonight, Kylena Gale is clamoring to set up an animation department.

Then, Master Jackson nodded, Kylena Gale faked a tiger, and went to Jackson’s immediately tomorrow to allocate special funds for work.

But that is already tomorrow.

Jiang Nan didn’t speak, and didn’t know what he was thinking.

The sightseeing car arrived in front of a building, everyone got off the car and walked into the lobby.

This building...empty?

“This is one of the warehouse buildings before our group. When the second young master decided to cooperate with you, he vacated it overnight.”

Vince introduced to everyone and led them up one level after another.

"The first seven floors are basically this structure, factory-style."

"The next three floors are the office area, which is similar to the layout you saw in the main building before, but the area is slightly smaller."

"Ten floors.

Above, it is still the warehouse."

"Mr. Vince, what do you mean is that the ten floors that have been cleaned up now are... for our department?" Vince nodded, this action made a group of friends exclaimed. .

Su Xiaomi and He Lingzhi were able to see clearly the positions of the corners at the fastest speed.

When I came back, I was already sweating and panting.

"Of course, this area...this area is terrible! The first floor is at least 3,000 square meters!" Although they know that the office area allocated to them by the Jiang family must be quite large, but 3,000 square meters, the tenth floor is 30,000 square meters. square!

This area still made Emily Gale a little dumbfounded.

Jiang Nan looked back at her, his thin lips curled up: "Right now, your ten floors are still empty."

"If there is a banquet tonight, tomorrow morning, there will be countless reporters coming to interview you. You want to show everyone one.

An empty shell?" There was an impenetrable glow in his eyes, like a smile, but not a smile.

"How about? Emily Gale, do you plan to have a reception and dinner tonight?"

Chapter 234

How could it be that she has class in the afternoon.

At 1:50, Emily Gale was still hiding in Jackson Tianyou's second-hand car.

"How is it?" She took out her phone and asked He Lingzhi in a low voice.

He Lingzhi, wearing a hat, picked up the phone and whispered: "There are still people watching, you will come down later."

Not long after this car was replaced, basically no one knew it was Jackson Tianyou.

No one would have thought that Emily Gale would hide in this second-hand car.

After another five minutes, Emily Gale checked the time and only five minutes were left between class.

Before she started sending messages to He Lingzhi, He Lingzhi's message was sent over.

"Of course, there are still people guarding the entrance of the teaching building. Wait a minute, those people are already impatient and should leave soon."

Emily Gale immediately sent a message: "Okay."

The entrance of the teaching building was indeed still guarded. Some people, a group of outrageous people!

"The bad woman should not come to class anymore."

Someone checked the time, only four minutes were left.

In such a short time, no one was even seen at the school gate.

If you really came, you would have come long ago.

“Sure enough, I followed a rich man. I didn’t even pay attention to my studies. That slut would not come back to school!” Also, if they followed such a rich man, wouldn’t they have fun all day long?

That b*tch is really disgusting!

Obviously, Young Master Mingmu didn’t want her anymore, and even turned his head, he climbed onto the high branch of Young Master Jiang!

I don’t know which eye the men are blind, and they are so ugly that they can chew on!

Finally, the group of girls guarding the entrance of the teaching building gradually dispersed!

Catching the opportunity, He Lingzhi immediately called Emily Gale: “Ranran, it’s okay, come in quickly!” Last minute!

Wearing a hat and loose clothes, Emily Gale ran to the teaching building at a speed of 100 meters after coming down from the mountain.

Some of the girls who had gone far away occasionally turned their heads and looked at the figure rushing towards the teaching building with a burst of doubt.

“Is it Emily Gale? Get off that car.”

Everyone looked at the car she was pointing at, and the surprise in their eyes suddenly turned into disappointment.

How could that slut follow such a rich man in such a cheap used car?

It must be just a mistake!

Emily Gale breathed a sigh of relief and hurried back to his classroom.

When entering the door, the classmates in the classroom were shocked, who is this girl?

Although wearing a hat, this face is still clearly exposed in front of everyone.

White, flawless, delicate and perfect!

When did their class have such a beautiful girl?

Su Xiaomi wanted Emily Gale to sit by her side, but Emily Gale went straight to the corner of the back.

When He Lingzhi stepped forward, everyone was still in shock

When the bell rang, the instructor came in.

There is a ten-minute break in the middle of the two classes.

Everyone wanted to see who the girl behind was, but who knew that the monitor used the ten minutes between classes to start a class meeting!

The class is going to engage in autumn outings, probably in this month or the like. Now, we have to quickly set the time and projects.

Girls are always particularly concerned about things like autumn travel.

Everyone, if you say a word to me, you forget that in the back corner, there is a super beautiful but unknown person.

As for the boys, there are still a few who can't help but want to come over and see.

Unexpectedly, Qin Zhizhou and Liu Shang would come over first, sitting one by one next to Emily Gale.

There are walls behind and on the left.

The two men sat there, and Emily Gale was immediately blocked.

The other boys didn't even have a chance to get closer.

Emily Gale just lowered his head to read the book, pulled off his hat, said nothing, and ignored everyone.

This method does not last long. Sooner or later everyone will know that she is Emily Gale, and all the ups and downs that should be faced have to be faced.

But not today, because today is really not possible!

Because today, there is really no time!

Yang Yi sent a message saying that Tianyou had moved the car down and was closer to the teaching building.

When school is over, rush out immediately, get in the car and leave.

Emily Gale responded with a message: "I know."

Looking up, He Lingzhi and everyone were still discussing the location of the autumn tour, but the bell rang again.

He Lingzhi turned back and winked her quietly.

Emily Gale smiled and gave her a thumbs up.

I'm not afraid of enemies like gods, I'm afraid I don't have good teammates.

Obviously, her teammates are not only good, they are also full of understanding.

Emily Gale listened very carefully to the 45-minute course.

Until the school bell rang, the instructor packed up the books and walked outside the classroom.

Emily Gale immediately sent two words in the small group of several people: "Chong!" A few words, He Lingzhi, Su Xiaomi, and Liu Shangqin Zhou, guarding Emily Gale back and forth, Chong Out of the classroom.

The whole classroom was quiet, everyone watched them leave, and they couldn't react completely for a while.

"The one wearing the hat just now...is it Emily Gale?" Who can be with them if it's not Emily Gale?

Recently, these people have always been inseparable because of the issue of the September Painting Club.

"But, how could it be Emily Gale? The girl just now looks so beautiful..."

"There is no such good-looking girl in our class, and Emily Gale didn't come today."

"That's right, only Emily Gale didn't come. , Who else could she be?" "Do you think Emily Gale can be so beautiful?" "Is she wearing makeup?"

impossible!

With so many years of beauty experience, the girl just didn't even have foundation on her face.

" "That is how the matter?

There are different opinions, but the protagonist has gone far! "Hahahaha..."

"Squad leader, don't you see that you are quite smart?"

"Qiu You? I haven't discussed this with them beforehand."

Of course, if I don't have enough IQ, how can you be your monitor?

"He Lingzhi looked proud.

"In short, it's a disaster now, but it's natural to come back to class, what should I do tomorrow?"

"Su Xiaomi is worried now, the people in their class are actually okay.

Although they must have seen those things on the Internet, but they are in the same class anyway, they will be curious, but they should not do too much. However, Those who were guarding the entrance of the teaching building and the school knew they were gangsters at first glance. Su Xiaomi felt terrified at the thought of the scene that they would be surrounded by them last time. This matter has to be resolved. Hiding.

"Of course, is there a way?"

"Su Xiaomi looked expectant. However, it has always been the best way. Now, I can only rely on her.

"This matter, I'll talk about it later."

"The most important thing at the moment is tonight's press conference.

There will be a dinner after the conference... Jiang Er Shao is really ruthless. He doesn't care about it, and doesn't send anyone to help. In short, the company's resources can be used, such as People in the advertising

department or the information department. But, how to use it, they will figure out their own way.

"God, just put us on the side of the road, you quickly do your thing.

The car stopped on the side of the road. Emily Gale, Su Xiaomi and He Lingzhi got out of the car, and the others followed Jackson Tianyou to work.

"Squad leader, call the Information Department and ask them to notify the reporters at six o'clock in the evening."

There will be a press conference at seven o'clock.

Also, contact the hotel.

"Xiaomi, you go and prepare some clothes for us. I will go back and check with Jiang Er Shao about the evening process."

Emily Gale waved his hand: "See you later."

After bidding farewell to the two of them, Emily Gale was about to stop the taxi. Unexpectedly, wherever he looked, two dazzling figures broke into his eyes.

Chapter 235

You actually liked that ugly monster seeing them, Emily Gale immediately turned around and hid behind the tree.

Not far away, Daniel Jackson turned his head subconsciously, looking around.

I always feel that I just saw a person who looked like the one I saw.

Like... his angel?

Still, Emily Gale?

Pooh!

How could he want to see Emily Gale?

However, in the morning the eldest brother made a newspaper to break his marriage contract with the woman, and he has not seen her until now.

The woman was stupid and proud, abandoned by the man, and she didn't know if she would do stupid things...

"Daniel, what's the matter?" Seeing that he hadn't kept up with her pace, Kylena Gale immediately turned around and walked to him.

"Don't you want to go in? What are you looking at?" She also looked back, but there was nothing wrong with the screaming around.

"I didn't see anything."

Daniel Jackson finally retracted his puzzled gaze, and walked forward to the high-end cafe with her.

Kylena Gale smiled lightly at him, and faced him with what she thought was the most beautiful face.

There is no doubt that such a flourishing beauty is indeed very charming.

Daniel Jackson is always absent. Did you really see Emily Gale just now?

I heard that she moved out from Wangjiang Pavilion last night. In the morning, he went to Gale's house for a walk, but the girl did not go home.

Do you really live in school?

"Daniel, I am asking you to come out this time. I really have something to ask. I know that you have a high position in the Jackson family. I..."

Kylena Gale paused again and followed him to look back.

But he still didn't see anything wrong, what was he looking at?

"Daniel, did you listen to me?" Daniel Jackson was a little impatient, and he simply stopped: "What's the matter with me?" He stopped drinking the coffee.

I used to like to sit with beautiful women drinking coffee and chatting, but now, I am very impatient.

These women are as beautiful as they are beautiful, they can always be noble and elegant in disguise.

To be honest, if I watch too much, I feel very tired, very boring, and too hypocritical.

Not as good as Emily Gale's stupid woman, although not so good-looking, but at least, true.

Yes, that's the real feeling.

Eating is really eating, and drinking is also drinking with big mouthfuls, and the drinking is refreshing.

Only with such a person can we eat and drink as much as we want.

But, all right, why did he think of that ugly woman again?

"There is a cafe in front. Why don't we go in..."

"I have something else to do today."

"Daniel, are you angry with me?" Kylena Gale stepped forward and leaned a little closer to him.

"Why should I be angry?" Daniel Jackson was always a little offline.

Kylena Gale couldn't help it, and looked back carefully for the third time.

What is he looking at?

She this

What a living beauty standing in front of him, he can be distracted?

Or is he still angry?

"Daniel, if you don't like cafes, then... let's go to the hotel to have a chat?"
Kylena Gale is really anxious today.

Anyway, she has to stay in the formation at Jackson Shi.

She did not dare to find Young Master Jackson. Aspen Li was like a mountain.

After making N phone calls, Aspen Li said that Young Master was in a meeting.

He didn't answer the call to Hunter Jackson at all.

When this man works, he is like an iceberg, he is inhumane.

However, Emily Gale's b*tch is about to cooperate with Jiang's!

She must repay the humiliation Jiang Er Shao gave her today.

Must, before them, get their animation department out!

"Go to the hotel?" Daniel Jackson raised his eyebrows, his eyes finally falling on her.

Kylena Gale smiled and lowered her eyes, looking shy.

However, there was a touch of disdain and pride passing through the eyes.

Men, they are all the same. Give him a bit of sweetness and agree to everything.

She felt more and more that her body was really useful, and as long as Daniel Jackson had a taste, he would definitely be devastated to her in the future.

Anyway, giving it to a hundred men is no different from giving it to ten men.

"Daniel, let's go to the hotel."

She raised her head and blinked a pair of innocent, clear eyes at her.

But Daniel Jackson just looked at her eyes, expressionless: "You have been living in the Wangjiang Pavilion of your eldest brother recently?" He was really angry!

Kylena Gale muttered her small mouth and stared at him: "Isn't it because the old lady arranged me in Wangjiang Pavilion? But I..."

"Big brother and Emily Gale broke off the marriage contract because of you?" I didn't expect the same for my big brother. Shallow people, for this woman, don't care about Anran.

In fact, he couldn't deny that Kylena Gale was much more prettier than Emily Gale, but why did he always feel that the eldest brother chose Kylena Gale to be blind?

Kylena Gale looked ashamed: "How could I know what Mr. Jackson thinks? Maybe..."

"In this case, you still choose to find me to open the room at this time?" Daniel Jackson suddenly sneered and smiled.

It's really ironic.

"Kylena Gale, you think you can do whatever you want with men if you look good? Do you really think your body is worth money?" "No, Daniel, I don't have..."

"You don't, it's because I refused, if I Don't refuse, are you still lying under me?" How did you think this girl was kind and cute before?

Is it just because of such a face?

Seeing her now, Daniel Jackson suddenly felt like vomiting, which was the kind of nausea.

"I don't want to think, your body has been played by my elder brother, would I be too dirty!" Daniel Jackson

I was a little irritable today. I answered her phone and agreed to meet. In fact, I wanted to hear more about Emily Gale from her mouth.

But as long as this woman mentioned Emily Gale, it was all slanderous words.

He was disgusted by it and didn't want to listen anymore!

Daniel Jackson turned to leave, but when he turned around, he saw a slender figure stepping into the taxi.

"Jenni?" Daniel Jackson chased him.

But Emily Gale was already in the car, and the taxi quickly left in his sight.

"Emily Gale?" Kylena Gale also saw the trace of her back.

Looking at Daniel Jackson again, he stared at the direction the taxi was leaving, still in a daze.

Such a look, such an expression, such a stunned look... Kylena Gale's heart suddenly tightened, Daniel Jackson... Daniel Jackson actually liked Emily Gale!

She has been rolling in men's pile for so many years, how could she not see it?

But, how come?

This should never be the case!

"You actually like such an ugly woman! Second Young Master Jackson, are you blind or blind!" No wonder you rejected her, no wonder you have treated her so badly recently!

Even if Daniel Jackson is not the man she ultimately wants, she should be the only person he likes!

All outstanding men should like her!

Not an ugly monster like Emily Gale!

"Second Young Master Jackson, you are really crazy! If you like this ugly monster, you are not afraid to spread it, everyone will laugh at you?" Daniel Jackson's face was embarrassed!

He glared at Kylena Gale, "Who said I like that ugly woman?" After leaving these words, he hurriedly left without looking back.

Kylena Gale stood behind, staring at his coldly leaving back, her fingertips trembling with anger.

He really likes Emily Gale!

If he were to see Emily Gale's true face, wouldn't he be stubborn at Emily Gale?

No, Emily Gale's face must not be kept, absolutely not!

Chapter 236

The inside story is the six points of your relationship.

The major media have received the news, and Jiang will hold a press conference.

All invitations to the banquet were sent out before half past six.

At seven o'clock, when Emily Gale and Jiang Nan appeared at the press conference together, the reporters were dumbfounded.

Isn't that the partner of the collaboration, is Emily Gale's September studio?

Well, the person who came up now should be Emily Gale's talent.

But why, the girl sitting behind the sign with Emily Gale's name is not the ugly Emily Gale, but a fairy-like girl?

She is undoubtedly very beautiful, with a little makeup on her delicate cheeks, and she has become a veritable beauty.

Sitting with the second young master of Jiang's family, his temperament is completely worthy.

The handsome men and women are so beautiful!

When she introduced herself, the media was shaken.

She was actually Emily Gale!

As the head of the marketing department of the new department, He Lingzhi briefly described their development goals for this year at a press conference.

The squad leader is the squad leader, and he was very nervous before he came to power.

But now, standing on this rostrum, he can speak eloquently and eloquently.

This kind of performance is nothing less than that of someone who has worked for many years.

What a talent!

In the second half of the press conference, questions from reporters were answered.

Because of the lace news on the Internet today, reporters have already thought about a bunch of questions.

When I was free to ask questions, a reporter immediately asked: "Miss Gale, are you really the fiancée of Young Master Jackson?" There was a sudden commotion in the audience. This question was profound and acute.

Because everyone knows that next, there must be a scandal related to Jiang Er Shao.

Emily Gale smiled lightly and said: "No."

Everyone immediately talked about it.

She admitted that she was Emily Gale, but she didn't admit her relationship with Young Master Jackson.

However, a reporter soon reacted and immediately changed his words and asked: "Miss Gale said no. Is it because Joseph published the newspaper in the morning and broke the engagement with you?" Jiang Nan just sat on the side and watched the girl get caught in an anxious siege.

Obviously, people are more interested in scandals about the establishment of an animation department.

"Miss Gale, I heard that your sister Kylene Gale intervened in your relationship with Young Master Jackson. Now, Young Master Jackson has abandoned you for your sister?" "Miss Gale, I heard that both of your sisters live with Young Master Jackson. , Is it the Gale family who asked you to serve Young Master Jackson together?" "Miss Gale..."

Emily Gale was expressionless, listening to the reporters' more humiliating questions.

She said indifferently: "Today is the press conference of Jiang's and September Studios to establish September Media. Regarding private matters, I refuse to answer."

She calmly expressed,

It is a bit inconsistent with her current age.

It looks like a successful woman who has been working for many years, calm and steady.

The reporters were quiet for a while when she said so.

But after a while, more acute questions were asked immediately.

"Miss Gale, your September studio won the championship in the inter-school comics competition before, so you can have this chance to cooperate."

"But I heard that the September studio won the championship.

There are many inside stories because you and Jiang Er Shao privately. If there is a relationship here, will the Second Young Master Jiang award you the championship?" Jiang Nan's brows were low, staring at the reporter who asked the question.

This reporter is obviously very face-to-face, and it is not easy to dare to ask such a presumptuous question in person when it concerns him.

Jiang Nan still didn't speak, but just looked at Emily Gale.

How does this girl resolve such problems?

Emily Gale still had no expression on his face, looking directly at the reporter who asked the question.

She suddenly raised her lips and said with a smile: "If I were your boss, I would definitely fire you, an unprofessional person!" The reporter turned black on the spot and said displeased: "Miss Gale, my question, please Please answer."

"Of course there is no inside story."

Emily Gale's words were no surprise, causing a slight sneer.

But she still smiled and looked at the reporter just now: "I would like to ask this reporter friend, have you seen our game? Even if it is a replay?" "This..."

The person hesitated, but soon He said firmly: "Of course I've seen it."

If you haven't seen it before, and you haven't made enough preparations, come and participate in their press conference.

It is naturally not professional enough.

Emily Gale is still smiling: "Since you have seen it, then you should know how easily our God Painter can score high scores."

"Since you have seen it, you should know.

As far as the game was concerned, we How difficult is the content of the game!" "Then maybe... maybe it's because you did something shameful behind your back, so you got the topic of the game a long time ago from some key players?" The key person said Of course it is Jiang Ershao.

Who didn't know that Jiang was one of the organizers of this competition. Since even the second young master of Jiang has done it, what is the difficulty of the main topic?

"Then I can only say that you have never watched our game!" Emily Gale stood up suddenly.

As soon as she stood up, the man who was not too tall turned out to be full under her fierce gaze.

The power of awe.

A smile on her face narrowed and her eyes sank.

"The content of our competition, whether we know the topic or not, is real."

"Others completed 30-frame drawings in three hours, and we, live broadcast, three hours, 60-odd drawings, Every one is big, there is almost no one

The grid is imaginary!

"Our people, including the screenwriter me, take the most difficult route.

"The live broadcast of the game, there is no way to falsify, there is no way to find other help, and there is no way to close the relationship to complete!

"And you!

As a 'professional' reporter, you can't even see this. Where is your profession?

You said!

"Her sudden increase in voice made the reporter really startled, almost unable to stand firm.

"I..."

"Since you are so unprofessional, your boss invites you to come back. Isn't it a waste of wages?"

Emily Gale turned his head and glanced at Yang Yi not far away: "Look at which reporter it is. We are also ashamed to invite such an unprofessional reporter to our press conference.

" "Yes.

"Yang Yi immediately took people over. Now, although there are not many people in their department, they can dispatch Jiang's bodyguards at will. Yang Yi is majestic and brought two bodyguards over.

The reporter suddenly panicked: "What are you going to do?

Do you want to hit someone?

"I think too much, just want to see which media company it is that hired such an unprofessional person like you."

Yang Yi smiled and asked two bodyguards to take him down before the reporter wanted to escape.

After a while, Yang Yi looked back at the stage and said loudly: "He doesn't have a press card, he is a fake!"

Everyone was in an uproar! Emily Gale didn't seem to be surprised at all.

After the reporter was sent out by Yang Yi and everyone calmed down, she smiled and said, "Now, do you have any questions?"

Remember, be professional!

Chapter 237

This girl is too cunning because the fake reporter made such a fuss. During the next half an hour, all the questions asked by the reporters were respectful.

Of course, it's all about the next development trend of the media in September, so don't be too professional.

At 7:50, the press conference is over.

The reporters, led by the staff, went to the hotel lobby to attend the banquet.

And Emily Gale left with Jiang Nan with a smile.

That smile, with all kinds of amorous feelings, made the man walking beside him for a while, a little forgotten.

But he quickly recovered, coughing lightly, and asked: "Just now, how did you know that the reporter had a problem?" This girl's performance at the press conference, he could almost score her ninety points.

Of course, I was still a little tender, only 18 years old, and some questions about development were not answered perfectly for a while.

But all her answers are not too far away from perfection.

The best thing is to count the fake reporter.

This performance can definitely give a full mark!

"I have a discerning eye."

Emily Gale smiled at him, without directly answering the question.

"Second Young Master, I have to change my clothes, make up some makeup, and wait for the banquet. I will be out of company first."

Jiang Nan can only watch her leave.

The brisk pace and light body always give him an illusion. .

It seems that even myself has been fooled.

"Where was the reporter?" Jiang Nan asked Vince next to him.

Vince immediately dialed the phone. Soon, he looked at Jiangnan and said, "I was taken away by Yang Yi.

After that, there was no news."

"Yang Yi?" "It's the boy who took the bodyguard to arrest people just now, nine People from the Moon Painting Club."

Jiang Nan frowned, and suddenly he woke up.

A good Emily Gale, he did not expect to arrange all this carefully, even he was deceived!

This girl is...really... Jiang Nan snorted, really wanting to catch her back and give her a big beating.

How dare to think carefully under his nose!

Don't you want to die?

Vince finally reacted and couldn't help but smile: "This little girl...isn't it interesting?" "Cunning!" Jiang Nan snorted coldly and walked away.

Vince saw an invisible smile in his eyes as he left.

As if being angry, in fact, I can't help but feel that Emily Gale's tricks are really wonderful.

Unexpectedly, even he and the second young master were deceived, this girl...well, indeed, quite cunning.

...

"Hahaha, how is it? Am I good at acting? Am I very talented as an actor?" In the dressing room, Su Xiaomi is still removing makeup from Liu Shang.

However, Liu Shang has been restless, insisting that everyone confirm his superb acting skills.

"Is it? Just now, everyone was deceived. When you see me being taken away, they all

They were so scared!

" "is it?

It's because I acted so well that everyone scared me.

"Yang Yi is unwilling to show weakness. Had he taken away the reporter played by Liu Shang with two bodyguards just now, would those boring reporters really be frightened? "Really?"

I think my acting skills are obviously better.

Emily Gale, wearing a professional attire, opened the door and walked in.

She glanced at a few people and curled her lips: "Speaking so loudly, I'm afraid that no one will notice what I did, right?"

"No, we are just...just a little excited."

Liu Shang smiled, and couldn't help but claim credit in front of her: "How?"

Of course, for you, is it me acting well or Yang Yi acting well?"

" "all good.

"Anyway, the final result is that the reporters were scared, and each of them became particularly "professional."

No one really dared to ask about those nonsense.

"But, of course you are really amazing, early The reporters were expected to be restless.

"Emily Gale's magical calculations, even He Lingzhi, a monitor with a particularly high IQ, couldn't help giving her a thumbs up.

"Such a disturbance, the Internet must have conflicted with the morning news, but, The strength is not enough.

Emily Gale took off the little suit and took over the little dress from Su Xiaomi.

"Yang Yi, think of a way to get more accounts, suggesting that the trouble at today's press conference was intentional."

"Of course, are you finally willing to fight back?"

"Su Xiaomi's eyes lit up. He Lingzhi also became excited immediately: "Didn't you say that people don't offend me...it's wrong, right now, people have already committed you!"

Robbed her fiancé, occupied the place that belonged to her, let her be abandoned by the young master Jackson, and announced the dissolution of the marriage contract. Is this not enough? "In fact, the matter of the dissolution of the marriage contract between the young master Jackson and me, Kylena Gale has nothing to do.

"Emily Gale is not such a person of right and wrong.

Although the pity of Mr. Jackson for Kylena Gale does make her feel uncomfortable. But, how can Mr. Jackson make decisions so easily influenced by others? He has his purpose, But, she didn't want to continue to be a vassal around him.

The position of the Jackson's grandmother is rare, and she will have a wonderful life of her own. "But at least most of the abuse on me online now is Kylena Gale's cause, this woman will not let go of any opportunity to frame me.

"I didn't want to make trouble before, because I didn't think it was necessary. Now, this woman's tricks have affected her normal life. This, I have to retaliate! Yang Yi immediately gave her an OK gesture: "Look at me!

"Don't use too much force, just hint, don't turn the public opinion around immediately, it will appear that someone is deliberately planning."

""

Hmm!

"Yang Yi, Su Xiaomi and Liu Shang looked at her eagerly and listened to her command. In their eyes, only the luster of worship was left.

"Give everyone a little time to think. When everyone's thoughts have almost changed, they are all skeptical.

At that time, try harder.

"Understood!

"Although Yang Yi still doesn't quite understand the so-called changes in his heart. But basically, he knows how to do it. Jackson Tianyou looked at Emily Gale's profile face, and only felt that this face became more and more shining.

She is not only beautiful, but also She is wise, and even has super leadership ability.

She used to pretend to be mad and stupid, but now she wants to fight back, she will immediately show her sharpness. Such a girl is as dazzling as a star, making it impossible to look away.

After changing your clothes, can you go out and avoid it first?

"When Emily Gale turned around, Yang Yi and Liu Shang had both left, and Qin Zhizhou also walked to the door. Only Godyou was left, standing still, not knowing what he was thinking. Jackson Tianyou regained his senses abruptly with a face. Hot, quickly followed behind Qin Zhizhou and walked out quickly.

"Of course, I'll dress you up.

Su Xiaomi picked up the makeup case.

"Don't, your previous tastes have hurt me miserably."

"Emily Gale refused.

"What?"

I recently went to learn makeup specially, I will not let you down.

"Su Xiaomi can be considered a person who has experienced the stage of "vilifying" himself. Now, don't be too strict with the pursuit of beauty.

"Wait, when you go out, everyone will be brightened!"

Chapter 238

The banquet is about to be held at eight o'clock by the woman next to Young Master Jackson.

Although it was a temporary invitation, but because the inviting person was Jiang Ershao, many people came.

Jiang Nan gave Emily Gale enough face tonight.

At a quarter past eight, people were already on the venue.

The second young master Jiang, who is always gentle and elegant, is like a spring breeze. He is dressed in a white shirt and trousers tonight.

This kind of color, which will become earthy if you are not careful, is not only not tacky, but even as elegant as a fairy when worn on his body.

I don't know how many women were fascinated by him, their eyes stuck to him, and they couldn't bear to move away.

Jiang Er Shao seemed to be in a good mood tonight, with a smile on his lips.

It's that little smile that seems to be nothing, it makes the girls feel itchy, they can't wait to rush over, tear him apart.

At half past eight, everyone's atmosphere was pushed to a new high.

That's because Young Master Jackson is here.

Kylena Gale was originally angry, but after receiving news, she heard that Emily Gale held a press conference at seven.

She finally managed to get off work, and she was willing to answer her call.

Hunter Jackson also agreed, and let her go to the Finance Department to allocate funds tomorrow, and Aspen Li will stamp her.

She thought that her speed was absolutely fast, and in two days she could develop a conference and announce the establishment of her animation department.

Unexpectedly, at such a fast speed, Emily Gale should be the first to get on the ground!

What kind of ecstasy did she do to Jiang Er Shao, so that Jiang Er Shao was obedient to her!

The anger in her stomach was finally relieved when she and Hunter Jackson walked into the banquet hall together.

Because she saw the amazing eyes of men and felt the strong hatred and jealousy from women.

At that moment, vanity was greatly satisfied.

"Joseph, grandma said that she likes the smell of osmanthus recently.

It's better to plant an osmanthus forest in Wangjiang Pavilion so that grandma can come and relax when she has time.

"Are you okay?" She didn't dare to get too close to Hunter Jackson. This man has always rejected women.

Not only was she not allowed to walk arm in arm, but she was also not allowed to be less than three steps away from him.

However, when the two of them talked, the relationship seemed so close, and it would definitely make the women jealous and go crazy.

"Yeah."

Hunter Jackson replied lightly, not cold or hot, calmly used to it.

However, what they are discussing is family matters!

Although Kylena Gale's voice is not very loud, it is not small at all.

Where they were passing by, the girls around could hear clearly.

Kylena Gale said just now, we!

Too much, they actually live together!

Of course Kylena Gale knew how much her words would affect women.

But she likes this feeling of being hated, the more they

If you hate her, it means that the more popular she is.

"Joseph, when I go back in the evening, I will stop by to see if there are any new sweet-scented osmanthus varieties. Would you like it?" Hunter Jackson did not respond to this question.

Kylena Gale was not ashamed, she still smiled and moved closer to him.

"Joseph, grandma said that she hasn't seen the sea for a long time, and when you are free in a few days, let's take grandma out to sea, okay?" Hunter Jackson frowned, and the lost figure of the old lady flashed in his mind.

Since she became ill, she has basically never been anywhere except the hospital and Jackson's house.

Maybe she should be taken out for a walk.

He nodded, and still walked to the crowded place in the banquet hall.

Kylena Gale smiled gracefully and triumphantly, did these women who didn't even have a chance to say a word with Joseph heard it?

What she said, Shao Jackson nodded.

Who believes that she has no special place in Young Master Jackson's heart?

"Young Master Jackson is here?" Jiang Nan put the cup on the waiter's tray and greeted him personally.

"Young Master Jackson, you really appreciate your face."

"Er Young Master Jiang personally called to invite you, can you not appreciate your face?" Hunter Jackson took the goblet from the waiter.

Jiang Nan also took another cup, and touched the cup with him: "I heard that you Jackson wants to do anime too? I'm sorry, I cut your beard."

"Really?" Hunter Jackson raised his eyebrows.

Jackson Shi to do anime?

I don't seem to have much impression.

I had this idea before because Emily Gale wanted to do it.

However, when that girl chose to cooperate with Jiang's, he didn't have this thought.

"You don't know?" Jiang Nan smiled, which is a bit surprising.

His people had a quarrel in his company in the morning, saying that they would make them unlucky.

It turned out that the boss didn't even know about this.

However, Jiang Nan is not the kind of person who likes to make small reports, especially such small things.

But Kylena Gale muttered her thin lips, a little dissatisfied: "Joseph, you only agreed to allocate funds to do anime at night, did you forget it so soon?" Hunter Jackson took a look at her, but didn't take this kind of thing to heart.

He nodded, but didn't want to pay attention to her. He looked at Jiangnan and said, "Is there any time next month, go for a walk."

"You speak, of course, where do you want to go?" "Ali Khan."

Hunter Jackson said lightly. .

Jiang Nan frowned, "It's...it's messy, do you really want to go?" "Want to go."

Some things must be resolved as soon as possible.

Chaos is sometimes not a bad thing.

Heroes come out of troubled times. Maybe this time, you can really discover a group of powerful people back.

"I'm going to ask the fourth child."

The boss is going to Ali Khan, if you don't let the fourth child know about such an important matter.

When I look back, the fourth child will be crazy.

"Yeah."

Hunter Jackson nodded and put the empty glass back to the waiter

In the tray, he picked up another cup again.

His gaze subconsciously moved around the venue, he didn't look at anything deliberately, he seemed to just take a casual look.

However, as his brother, Jiang Nan can at least guess a little bit about his behavior.

"People haven't arrived yet, why? Want to meet?" There was a smile in his eyes.

But Hunter Jackson looked at him and snorted coldly, "Recently, it's very idle?" Jiang's just set up an animation department. Is it worth his effort to help?

He is the leader of the Jiang family, and the Jiang family has the highest status under him.

Such a powerful person, for a newly established small department, takes time and effort, is it reasonable?

"Young Master Jackson, you are not very busy, are you?" Jiang Nan replied, not to be outdone.

If it is so busy, why bother to come to a small banquet?

Although he personally called to invite him, it was not really important.

He allocated 300 million yuan, which is an astronomical figure for Emily Gale and others.

But for people like them, it may be the expense of going out once in a while.

This kind of banquet is definitely not someone with such a worth as Mr. Jackson, who is willing to attend.

Kylena Gale couldn't understand what they were talking about. What's more, the two of them had forgotten her existence at all and ignored her!

"Joseph, I'm a little tired, not as good as us..."

Hunter Jackson ignored him, still scanning his eyes at the venue.

Finally, he suddenly freezes on a certain figure!

Chapter 239

He was actually angry. Emily Gale really hurt Su Xiaomi this time!

Why did you learn makeup recently, now you are a master of beauty makeup!

In fact, know a bird!

A makeup made her look messy, even the dress was soiled!

She had to rush to get another evening gown, and then put on a light make-up, so that it was delayed until now.

However, this dress is really a bit incompetent, and the neckline... is too low, right?

Although it is not too exposed, for Emily Gale, it is already exhausted.

She has never worn such exposed clothes, and the career line is so clear that people can't ignore it!

When he first came out, Tianyou was immediately angry when he saw it.

If it weren't for the rush to find the second evening dress, she would never wear it.

Su Xiaomi and He Lingzhi have totally different views.

Although it is a little bit...cough, exposing, but this is simply a dress tailored for her!

The fabric of the skirt was completely attached to Emily Gale's body, leaving every line on her body clearly exposed.

People with a slightly smaller body can never wear it, especially those with a small belly.

But other people not only don't have a small belly, but they didn't expect that their figure is so good.

Even Su Xiaomi, who has been close to her for many years, was surprised by the clarity of the career line.

Why didn't you notice before, when did this guy develop for the second time?

And this waist line, this hip line, it should be thin, it should be warped!

The most amazing thing is that because the fabric is too close to the body, even her breathing, the line of the willow waist changes slightly.

This... This is a goblin to a man!

Su Xiaomi also pulled her long hair up, holding it high behind her head, clear but s*xy.

An obsidian necklace on his neck is obviously not expensive at all, it is a pendant that ordinary students like.

But because of this ordinaryness, it gave her a girl's innocence while being s*xy and enchanting.

When she walks towards you slowly, you don't know if the girl in front of you is a simple girl or a wild goblin.

Especially when she winks at you innocently, you will find that only her is left in the whole world.

Her face, her figure, her taste, and even the breath of her every breath.

The man's heart is clamoring, his eyes are all locked on her body, the fanatical blood is rolling, forgetting about it!

Hunter Jackson also stared at the figure, his muscles tightened.

Until he clearly heard a bang, he didn't know whose cup fell on the ground, his fingertips tightened, and his hand was quick to tighten the goblet that had almost slipped from his hand.

Looking at the slender figure again, Hunter Jackson's deep eyes suddenly burned

There was a raging flame!

That is, the flame of anger!

What do you want to dress like this?

Suspected of being not seen enough?

Emily Gale had a guilty conscience originally, especially when facing men's gaze, because the neckline was too low, it made him feel uncomfortable.

But when he raised his head, he inadvertently met that extremely cold but hot gaze, suddenly all the embarrassment disappeared.

She straightened her waist, and after a few words with Su Xiaomi, she took an elegant step and walked towards the south of the Yangtze River.

When passing in front of Hunter Jackson, he didn't even look at him.

In my heart, it seemed that Jiangnan was the only one left.

Jiang Nan's gaze was retracted from her body, but the small waist that could breathe was firmly imprinted in her heart.

This girl is really... a fairy!

"Second Master Jiang, sorry, the dress was dirty just now and I changed it temporarily, so I was late."

Emily Gale is gentle and polite, and generous, this delicate face is just light makeup, even the smell of cosmetics almost makes people feel Can't smell.

Clean and beautiful, like a white magnolia.

"It doesn't matter, such a beauty is worth waiting for anyone."

Jiang Nan glanced at the waiter's tray, but shook his head: "Bring this lady a drink."

"Yes, the second master."

The waiter went to the restaurant immediately. District, it didn't take long before the drinks were delivered.

"Young Master Jackson is here."

Jiang Nan reminded, "Revere him a glass."

"Yeah."

Emily Gale seemed to realize that Hunter Jackson was not far away, and immediately raised the drink in his hand to fight against Joseph. Bei smiled.

"Young Master Jackson, thank you for your face, I will toast you a cup."

The appearance of obedient to Jiangnan dialect makes the man crazy!

So well-behaved, if you bring it back and raise it, it would be great!

Hunter Jackson's fingers holding the goblet tightened slightly, his eyes locked on Emily Gale's face with unpredictable flames!

Kylena Gale bit her lip, almost unable to hold back her anger.

He actually looked at this b*tch woman!

What irritated her the most was that this b*tch was wearing such revealing clothes. Is this trying to hook all the men?

It's shameless!

Even the body is about to be seen!

Young Master Jackson did not respond, just looking at herself, Emily Gale seemed a little at a loss, and quickly turned around to look at Jiang Nan.

Isn't this seeking the protection of Jiang's Second Young Master?

No matter which man it was, he couldn't help but feel sorry for her at such a bewildered appearance.

It was rumored that Young Master Jackson was not close to female sex and was extremely impatient with women. He did not expect that the rumors turned out to be true.

In the face of such a crazy beauty, she can still be indifferent, and even ignore other people's toasts!

This seems to be a bit uncomfortable.

However, isn't this Emily Gale before Mr. Jackson

Your fiancée?

It seems that it is really her!

"Is there something wrong with Young Master Jackson's aesthetics? Why don't you leave such a beautiful fiancée and ask for the one next to him?" Someone couldn't help but muttered, "How can this woman compare to Miss Gale San?" "A woman is the first lady in Beiling, Kylena Gale!" "It turned out to be her, but she didn't recognize her, but how could this lady be so much worse than Miss Gale San?" "Yes, two people in a comparison, the first lady feels no temperament at all. How did you get the title of the first lady?" "Hot search for money, huh..."

Although the voice of the dialogue was very small, Kylena Gale heard it. of!

She really couldn't help but freak out, but on this kind of occasion, she couldn't keep her last bit of grace.

Emily Gale is almost like a lingering soul, why does this b*tch exist everywhere?

Kylena Gale was furious, and immediately took another glass of wine from the waiter, and raised it to Hunter Jackson.

"Joseph, have a drink with me."

Emily Gale toasted Young Master Jackson, but Young Master Jackson ignored her, but Young Master Jackson would definitely pay attention to her!

But I don't want to, this time Hunter Jackson is not giving face to anyone.

The wine glass was placed on the waiter's tray with a snap, and he gave Jiang Nan a cold glance: "I have something else to do, I'm not with you!" He actually left!

Kylena Gale widened her eyes, but she didn't expect that Young Master Jackson would drop herself and leave like this.

What is he angry about?

Is it because Emily Gale dressed like this?

But how does that b*tch dress, what does it have to do with him?

They have broken off their marriage contract!

He even cared!

"Sister, I will wear clothes in the future and be a little safer. This kind of clothes is too rude."

Kylena Gale suffocated her grievance, but her voice was not small at all.

"Don't put all clothes on yourself just to attract men's eyes, you are so...open, really embarrassing me!"

Chapter 240

Master, where did you go?

Is it open?

Emily Gale glanced down at her clothes, then at the girls around, finally, her eyes fell on Kylena Gale.

"Miss Gale, why do you lose your face? It's because you are not as good-looking as I am, so you lose your face?" Kylena Gale, who was about to leave, stopped abruptly, turned her head and stared at her, and then blurted out: "Ugly strange, Who do you say is not as beautiful as you?" This ugly woman, did she forget what she looked like before?

You said she is not as pretty as she is?

Is she crazy or stupid?

Emily Gale turned around and flirted with Jiang Nan, and ignored her.

Kylena Gale almost went crazy!

Emily Gale's attitude is like she hit the cotton with a punch herself, soft and without any reaction at all!

This punch was more than empty, and it still meant that it could not be recovered.

I was so loud just now, everyone around was watching her now.

But Emily Gale and Jiang Nan had a hot chat, as if she was the only one who was arguing.

Since Kylena Gale was eighteen, she has never been so gaffe at a banquet.

Now these onlookers made her feel like a clown.

What I hate most is that the culprit responsible for all this is still chatting and laughing with others!

Kylena Gale finally couldn't hold it, turned around and chased it out quickly.

Outside the lobby door, Aspen Li leaned against the car, chatting with a man.

Seeing Kylena Gale coming out, Aspen Li greeted him and said with a smile: "Miss Kylena, why did you come out so soon?" "Where is Joseph?" Kylena Gale asked.

Aspen Li glanced inward, not knowing what flashed in his eyes, he suddenly smiled: "The young master has already left, and he didn't explain where he was going."

"He is gone? He didn't wait for me?" Kylena Gale's voice suddenly became sharp. When I got up, my palm was also pinched tightly.

"How can he leave me here alone and let everyone see me jokes! He...he is too much!" Aspen Li's face sank, and he said displeased: "The young master has every opportunity to leave beforehand. Quite normal?" This woman seems to be getting more and more out of character recently, she really takes herself seriously!

If the old lady does not care about her so much, who wants to look at her face?

"Aspen Li, I hope you can pay attention to your attitude, you just said..."

Aspen Li turned back to the car, and made a phone call casually: "People come over and send Miss Kylena back to Wangjiang Pavilion."

Ye! You dare to be so rude to me!" This is another trick!

Again, she doesn't take her seriously!

Kylena Gale couldn't bear it, walked quickly over, and said angrily: "Aspen Li, I'm talking to you!" "Please tell me."

Aspen Li lit a cigarette to herself, and her patience with this woman was almost extreme.

"You...you are like this

Attitude, don't you want to mix in Jackson Family?

"She is now the hostess of Wangjiang Pavilion. This lowly vulgar dared to shake her face and get tired of her life? "Sorry, if I'm doing something for Jackson's family, I'm afraid you won't be the master.

"Aspen Li!"

Do you dare to treat me with this attitude!

I will definitely let Joseph fire you!

"Aspen Li didn't bother to pay attention to her, spreading out her hands, casually. Kylena Gale really wanted to cry! Why are all these people so defiant? She is the woman of Young Master Jackson and the mistress of Wangjiang Pavilion.

It will be the young lady of the Jackson family! But the man in front of him dared to ignore her existence, and even spoke so rudely to her! "You...you are too much!

"Kylena Gale couldn't control her emotions at all. Raising her hand, she was about to give Aspen Li a slap. Aspen Li clasped her wrist, Aspen Li squinted his eyes, and a chill rose in the bottom of his eyes. I?"

"He really didn't know that this woman could be lawless to this point! "You'd better remember it to me, even if you are a distinguished guest of the young master, you are not the master of my Aspen Li!"

"You want to hit me, you are not qualified!"

He let go abruptly, and Gale Kylena, wearing high heels, was thrown back a few steps, and fell to the ground with a thud.

"You..."

"Miss Kylena!"

"As soon as Qin Yi got out of the car when he received the news, he saw Aspen Li throw Gale Kylena to the ground. He rushed over and helped him up: "Miss Kylena, how are you?"

"When Kylena Gale saw him, she cried with a wow.

"Qin Yi, Qin Yi...ooh, Aspen Li bullies people, he beats me, ooh..."

"Aspen Li, you are too much!"

Qin Yi helped her stand up and glared at Aspen Li, her palms tightly pinched.

"She wanted to do it first.

"Aspen Li didn't want to have a conflict with Qin Yi.

After all, he was a friend who had known each other for so many years.

"I didn't think about what to do with her. I just pushed her away."

"She is a weak girl, but you have received special training. You are not pushing her away, you are pushing her down!

Qin Yi's angry words also aroused Aspen Li's anger in an instant.

"Could it be that I should stand here and let her slap me?"

"She..."

Qin Yi didn't expect that Kylena Gale would want to hit Aspen Li, let alone slap in the face. How did Aspen Li say he was the first assistant next to Joseph, and he also had a face in the business district of Beiling. People.

It's natural not to be slapped by a woman.

"Miss Kylena, you..."

"Qin Yi, I'm dizzy, I'm so dizzy.

"Kylena Gale seemed a bit untenable, and she would fall down as soon as her body became weak. With a master like Qin Yi by her side, it was naturally impossible for her to fall to the ground. Qin Yi hurriedly supported her and said anxiously: "I Send you first

boarding.

" "Ok.

Qin looked at Aspen Li again and again, his eyes were a bit complicated. He didn't want to be stiff with Aspen Li, but he couldn't see that Gale Kylena was wronged. Qin Yi was also very embarrassed. Finally, after helping Gale Kylena to get in the car, he left. Aspen Li Also very irritable, Wangjiang Pavilion, which was originally well-groomed, is now smoggy by a woman.

The young master has never cared about those sesame mung beans at home, and Wangjiang Pavilion is really Kylena Gale's world now. Those who listened to her, and those who did not listen to her, were all driven away. In just two days, Wangjiang Pavilion was fired from nearly ten people! Now everyone is panicking, and on the surface they are loyal and obedient to her. Underneath, they are all complaining to him. But what can he do if he ignores these things? He doesn't want to disturb him with such trivial things.

After all, the young master has to deal with so many important things every day, which is enough trouble. But... Aspen Li glanced at the entrance of the lobby. Kylena Gale has come out, why is the young master still not coming out? In the end, where did you go? ... Emily Gale can't stand the eyes of those men.

Although the skirt won't let her It was empty, but it was too close to the body, as if every line on her body was exposed. Not long after Kylena Gale left, she also found an excuse to leave the meeting place and go to the bathroom.

As soon as she entered, she gave Su who was still eating and drinking. Xiaomi hung up the phone: "I'll find an excuse to leave first. You and the monitor will stay for a while to entertain the guests.

"Good, good, um um..."

Su Xiaomi's mouth obviously still has a lot of food, and even her words are slurred. This girl knows to eat! Emily Gale put her phone away and just went out of the bathroom, but suddenly The others grabbed it and quickly pulled it to the side fire escape.

Chapter 241

Have you asked other men for my opinion?

"Hmm..."

Emily Gale, who thought he had encountered a bad person, opened his eyes wide, and suddenly struggled.

But the man's arm was as hard as steel, and he clasped her waist tightly.

The other is the big palm covering her lips, not giving her any chance to call for help at all.

Emily Gale only felt that she had completely lost the ability to resist, and that the other party was too strong and confined her to no flaws.

"Um..."

His body was suddenly pressed against the wall.

In the fire tunnel without any lights, she couldn't see her fingers, and she was standing in front of her, but she couldn't even see the outline of his facial features.

The man's big palm finally moved away from her lips, and Emily Gale took a hard breath and was about to call for help.

But the next second, her lips were blocked again, with his thin lips.

"Huh?" She opened her eyes wide in shock, and put her hands on his chest to resist.

The fear of being bullied by bad guys made her stiff.

But his breath completely penetrated into her senses at the moment he k*ssed her.

The trembled and horrified heart suddenly calmed down, and finally, no fear.

But the next moment, it turned from fear to grievance, to unwillingness!

He tried hard to push him away, but his body was like Mount Tai, pressing her against the wall to death.

struggle?

In front of him, that is something that does not exist.

The man hugged her with one hand, and slid down her neck with the other big palm...

"Well..."

Emily Gale raised his fist and hit him, trying to stop him from going crazy.

This is the fire exit, someone will come in at any time!

But he was in this place, doing such an excessive thing to her, in case it was seen...

The neckline of the evening dress was torn apart by him, if someone came in at this time, he would definitely see her exposed place.

Emily Gale was so angry that she almost shed tears, this man is really too much!

I am here with him, and I can't get the slightest respect at all.

What does he think of her?

Is it a tool for him to have fun?

Finally, when the man wanted to deepen the k*ss, Emily Gale opened his mouth and bit down.

The smell of blood rippled in the mouths of the two for an instant.

Emily Gale didn't expect that he would bite so hard and he would bleed all at once.

She was so frightened that she hurriedly let go, but the man didn't seem to feel the pain at all, and continued to deepen... This k*ss was a bit too much, and even more too much was his hand.

It wasn't until even the man himself couldn't hold it, for fear of losing control and doing her right here, he suddenly released her and took two steps back.

Emily Gale hurriedly closed her skirt, and after being free, she turned to leave.

"Just take another half step, and you will be done immediately!" The man's voice was extremely dumb, even panting.

Emily Gale was so frightened that he quickly retracted the foot that had just stepped out, and stared at the figure in the dark with an angry face!

"Hunter Jackson, you are too much!" "I touch my own woman, where is too much?" This person, of course, is Young Master Jackson!

May I ask who else would dare to hijack a woman in this way?

It is also that he admires the young master and is bold!

"Crazy man!" Although Emily Gale was very angry, he never forgot. He never liked to make jokes.

If he wanted to escape at this time, he would really be angry and deal with her on the spot!

But, why?

What makes her most angry is, why is she still afraid of this man?

"I'm not your woman, we have already dismissed the marriage contract!" "Is it?" The man's breath has not been adjusted yet, he can clearly hear his whispering voice.

However, he stepped forward, and his tall body came over again.

"You...if you mess up again, I'll call for help! Let everyone see, what kind of bastard is the noble and glamorous Master Jackson in the legend!" "If you call for help, I will immediately tear your clothes. You can Try it."

He was not angry, even, smiling.

Emily Gale was really going to vomit blood with anger, bastard!

This bastard!

"What on earth do you want to do?" She clenched her fist, for fear that she could not help it and would punch him in the face.

"I want to see how you hook a man."

His eyes fell on her.

In the darkness, Emily Gale couldn't see his face clearly, but he could see her clearly!

Such an evening dress clearly outlines every line of her body.

When the man looked at her, it was like seeing her naked.

He was furious and furious, because he had no resistance to her body.

When he saw her at the meeting place for the first time, he already wanted to tear the woman's clothes to pieces!

He pressed her hard under him.

Even someone like him who has been accustomed to abstinence for many years almost lost control on the spot after seeing her, not to mention the nasty bastards.

She dressed like this, don't you know how attractive she is?

Or did she know it was intentional?

"I left my place last night. Tonight, I was in a hurry to go to another man's arms? Have I asked my opinion?" "Do I need to ask your opinion? Ex-fiance?" His words are really humiliating, but Not only was Emily Gale not angry, but on the contrary, she smiled gracefully with her thin lips.

Former fiance, heh, this title is really ironic!

Since it was the former relationship, now, what right do you have to disturb her life?

This man is used to being aloof and covering the sky with one hand. Now, is he still used to being unreasonable?

Hunter Jackson squinted his eyes and stared at her clean and clear face.

Be with him

When I started, I made my face ugly.

Once you leave him, immediately make yourself as beautiful as a god.

People say that a woman is a person who pleases herself. This girl doesn't want to please him at all because she doesn't think it is necessary?

"Do you like Jiangnan?" Hunter Jackson's words seemed to be gentle. In fact, the coldness on his body was almost suffocating.

Emily Gale originally wanted to nod her head, telling him that he likes the Second Young Master Jiang, and especially likes it very much. He wants to kill him!

However, after feeling the cold breath emanating from all the cells under his body, when the words came to his lips, it turned into—"I don't like it."

"Very good."

If she said that she liked the little white face of Jiangnan, he immediately went personally. Destroy Jiang Er Shao's face to see what she likes.

"Young Master Jackson, I should go back, please let go."

Emily Gale knew his cruelty, and wouldn't want to quarrel with him. Fighting with him would not end well.

She just wanted to leave, telling her intuitively that it was too dangerous to be with him.

"I'm going out next month."

Hunter Jackson suddenly started talking and whispered: "Maybe, it will take a long time."

Emily Gale's heart was slammed. Where is he going?

In the memory of the last life, Young Master Jackson had an accident and almost died.

In a place far, far away, and before he left, he had said this to others.

He will go out next month, maybe, it will take a long time.

However, the person who spoke was grandma, not her, she just overheard when she was by her side.

Suddenly she was a little panicked, and grabbed his sleeve: "Is it going to Ali Khan? Can I not go?"

Chapter 242

I will ruin you. Hunter Jackson frowned, looked down at her face, and saw a trace of anxiety in her eyes.

"Jiangnan told you?" That little white face, the relationship with her has become so close?

Emily Gale couldn't explain to him who had revealed the news to her.

Young Master Jackson had already told her that the place he was going was really Ali Khan!

"Can you not go?" The life trajectory of this life is completely different from that of the previous life.

She really doesn't know now, if Young Master Jackson goes to Ali Khan and encounters that accident, can she really come back alive?

"Why can't you go?" His hand fell on her face, even Emily Gale didn't notice, his face was held in the palm of his hand.

"Dangerous."

She was really nervous.

In the last life, Mr. Jackson went to Ali Khan, it should not be this year, but next year.

Now, if the plan is advanced, fate will be changed at any time.

What if he can't come back?

"Do you care about me?" The depressed mood that night, under her anxiety, suddenly turned into nothingness.

Hunter Jackson felt that he was in a better mood, and even his eyes were brighter.

Even Emily Gale could feel that the coldness on his body was less severe.

It's just this question, she doesn't know how to answer.

If I remember correctly, he only broke his engagement with her in the newspaper in the morning, but tonight he was pestering her here.

"No matter what my purpose is, please don't go."

"I have to go."

"Shao Jackson..."

"For the future."

As for whose future is, he didn't plan to say.

Emily Gale knew that he couldn't change his decision. Few people in this world could influence his thinking.

She suddenly felt a little wronged, no matter how you care about it, he doesn't care about your opinion and will never care about it.

Emily Gale pushed him hard: "I hope you don't go, but I know that I can't interfere with you."

Hunter Jackson knew she was angry, and he originally wanted to explain.

But for a person who is not used to explanation, explanation is really a very difficult word.

There was footsteps outside, and someone was approaching this side.

Hunter Jackson lowered his head and k*ssed Emily Gale's chilly cheek, and whispered: "Wait for me to come back."

He turned and left.

Emily Gale's heart was shaken.

After he took the initiative to dissolve the engagement with himself, was the phrase "wait for me back" too domineering and rude?

But she knew what he was referring to.

He wants to wait for him to come back from Ali Khan, but what is he doing in such a dangerous place?

Emily Gale should have breathed a sigh of relief when he saw him leaving.

But the moment he turned around, she suddenly panicked. If he insisted on going to Ali Khan, would this

Is it the last time they met?

She is flustered, she is scared, she is really scared!

"I won't wait for you!" Looking at his vague back, Emily Gale said dumbly: "You go to Ali Khan on the front foot, and I will be with Er Shao Jiang on the back foot!" Hunter Jackson paused and stared back. Her eyes were cold.

"You know, I don't like joking."

"Why can't it be, you know I don't like joking either?" "Jiangnan won't want you."

He said indifferently.

"Is that right? Jiang Er Shao doesn't want it, then I will be with Tianyou, even, with Daniel Jackson, and any man!" "Emily Gale, don't try to provoke me!" He was really angry.

"I did what I said!" Emily Gale's voice was deep.

She wasn't angry, she just wanted to take a gamble, whether she still had that status in his heart.

Don't go to Ali Khan, don't go to that dangerous place, don't... never come back... Hunter Jackson held his palm, he didn't know the other men, but Jackson Tianyou and Daniel Jackson wanted her to be crazy. Up!

As long as she takes the initiative, those two men will definitely not be able to hold it!

She dared to threaten him!

"Young Master Jackson, I am not joking with you. If you really go to Ali Khan, I will find another man."

"Do you think I really care?" Hunter Jackson sneered, turning back and walking towards her. Come, that cold breath makes people unafraid.

In the end, he stopped in front of her, his long fingers fell on her chin, his fingertips tightened, and her entire face was lifted.

“What do you rely on to lure those men? This face?” Emily Gale didn’t say a word, his breath now was as terrifying as Shura from hell.

She was afraid that if she opened her mouth, she could not help her voice trembling, and she would let him see her fear of him.

Hunter Jackson suddenly bowed his head and leaned close to her abruptly.

The breath of absolute cold fell on her face, so cold that the blood in the capillaries on her face seemed to be completely condensed.

She was taut all over, but just bit her lip hard, trying to make herself look calm.

“Woman, don’t blame me for not reminding you, you are the woman I admire for Joseph, for the rest of your life!” His fingertips ran across her thin lips, and the coldness of her fingers made her thin lips tremble slightly. .

“If one day, let me discover that you have another man, I will not only kill him, but also ruin you!” Emily Gale’s breathing paused for a few seconds.

She didn’t know how Hunter Jackson left. Yes, I only know that after he leaves, she can breathe again.

If she had another man, he would not only kill that person, but...destroy her... So domineering, so barbaric, so cruel!

Even if it is something he doesn’t want, other men are not allowed to contaminate it!

Should she scold a scumbag?

?

However, it is more worry.

Is he really going to Ali Khan?

The fire exit door was suddenly opened, and a ray of light was cast in.

After getting used to the darkness, Emily Gale was suddenly found by such a light. Emily Gale's eyes felt uncomfortable, and she subconsciously raised her hand to block her eyes.

"Why are you..."

Jiang Nan glanced at the stairs of the fire escape, and all the questions suddenly felt very redundant.

The doctor sighed and didn't know if it really existed. Emily Gale only felt that something fell on her body, making her cold body feel a little warm.

Grabbing the thin coat still carrying the man's body temperature, she looked up at Jiang Nan standing in front of her.

The voice seemed to be stuck in the throat, and it was extremely difficult to export it.

"Second Young Master Jiang, you are so knowledgeable, do you know...what's going on with Ali Khan now?" Jiang Nan's gaze, then subconsciously glanced at the stairs.

Finally, hugging her gently, walked out.

"War chaos, famine...Forget it, anyway, it's chaos you can't imagine."

The boss told this girl that he was going to Ali Khan?

This is completely inconsistent with the boss's style of doing things.

Emily Gale pulled into the jacket and said nothing.

Jiang Nan did not take her back to the banquet hall, but took her into the car.

It wasn't until the car door was closed that Emily Gale suddenly reacted.

She didn't know when she got in his car.

"Second Young Master Jiang?" Thinking about it, she suddenly felt uneasy. Her hand fell on the door handle, and her voice became cold: "Second Young Master Jiang, I am not that kind of woman. If you want to take a woman home, please, please choose another option. Others!"
