

Love Through Time and Space

Chapter 24

Said he is a cool male god, bah! Who was sitting on him and asked for it... Emily Gale bit her lip, her face pale for a while: "That's because I was drugged, that's not my intention."

"If it wasn't for me, you would be the same. ?" Joseph's northern eyes sank.

She wanted to nod, but, after seeing the dangerous breath in his eyes, she shook her head hurriedly. If you don't want to die, just say "yes" and try, he will definitely make her pay for her presumptuousness! Emily Gale was very aware of this man's domineering, he would never let go of what he wanted. I have seen too much of him in the mall in his previous life, but he has never been like this to women, especially to her. Now, why does this possessiveness seem to fall on her? Is it an illusion? Impossible, five years of getting along and flattering can't get him a caring look. Now, after only getting along for two days, do you care? What a joke! "Let go of me."

She pushed hard, but if she doesn't push away now, it will be too late.

"Don't move!" Joseph's north forehead oozes hot sweat, frowning his eyebrows: "If you move again, I will take care of you immediately!" She discovered the physical changes, and Hunter Jackson didn't intend to hide it, just a little unhappy. , Unexpectedly out of control because of her again and again! This is something that has never happened in the past twenty-seven years. For a woman, it is easy to be tempted! "Major Jackson, it's daytime..."

Her voice was a little hoarse because of panic. But this kind of husky sounds in the ears of men, but the unspeakable bewitching. His breath was a little messy again, bowed his head, his breathing hot: "Meaning, it's all right at night?" "No!" It definitely didn't mean that! How could he deliberately misinterpret? But he didn't want to listen to her refusal at all. His long fingers fell on her

neck, and the warm fingers were drawn all the way from her neck to the collarbone.

"Young Master Jackson..."

Emily Gale didn't dare to struggle, fearing to provoke him even more. However, if he did not resist, he was afraid that he would really continue.

As a result of the panic, the clothes were really pulled off by him.

"Young Master Jackson!" She pulled her neckline indiscriminately with both hands, but was clasped by his big palm and easily pressed against the top of her head.

The distraught girl suddenly whispered: "Don't touch me! Unless you like me!" Like her? A woman who would rather poison herself in order to escape marriage, not only frame others, but also reject him everywhere? How could he like such a scheming woman? Suddenly, the pressure on the body disappeared instantly. Emily Gale sat up from the desk and looked up. Young Master Jackson was standing not far away, still with a cold breath. Except in some places, he was a little embarrassed, and his breathing had been adjusted. He is now well-dressed, and his eyes are not warm when he looks at her.

And she, with her shirt pulled open and her shoulders exposed, would have gone out if she hadn't grabbed her neckline! In short, when others saw the noble and indifferent Young Master Jackson, he was embarrassed.

"Since grandma likes you, you will stay at Jackson's house in the future, but..."

Hunter Jackson's eyes sank, and the fearful chill once again covered his deep ink eyes.

"Put away the tactics you used at Gale's house. If I find that you put some of your thoughts on grandma, I promise you will regret it."

Emily Gale shuddered unexpectedly, and watched him walk out of the room.

She just jumped off the desk and quickly closed the door.

Arriving behind the door of the room, Emily Gale was upset, and her whole body was chilled. What a cold male god, still abstinence! Pooh! Obviously it is a wolf! Where can you tell that you are abstinent? It's not right. In the previous life, people really didn't look like women. One ban was five years.

At least after they got engaged and lived together, Young Master Jackson never heard any scandals. He doesn't seem to be interested in anything except work.

The creature of woman is synonymous with trouble to him, and he has always kept it away. But why, once again, he is so different from Hunter Jackson in his memory? Not only did I ask her in the car, even just now, my body had an impulse towards her... How could this be? Where is the problem? "Miss Gale, are you inside?" Outside, the maid knocked on the door. Emily Gale adjusted his breath before asking, "What's the matter?" "Young Master asked me to take you to your room."

Emily Gale looked back and found that he had been in Hunter Jackson's room from beginning to end. .

She is in a mixed mood. In my previous life, I wanted to enter this room in my dreams, but I couldn't. In this life, confused, not only entered the room of the young Master Jackson, but also slept in his bed.

The trajectory of life has undergone endless changes. In the future, what is waiting for her? She opened the door and said lightly: "Okay, please prepare a set of cosmetics for me."

... Emily Gale painted freckles on her face.

After showing her true tolerance in her last life, within a month, she was kidnapped twice and had two accidents, almost losing her life. Stupid at that time, I didn't know that it was the work of those in the Jackson family. Now I am thinking, it is clear that my face has offended people.

The relationship within Jackson's family is too complicated, and she can't be too swagger before she has the ability to protect herself. In the evening, Aspen Li brought her a box of salutes. Emily Gale took out the phone and saw that there were countless missed calls, all from Su Xiaomi. Su Xiaomi, Yang Yi, God You, her three best friends, but for her in the last life, none of them had a good end. In order to save her, Xiaomi was defiled by gangsters and committed suicide. Yang Yi is a master hacker, and later also for her, was used by Kylena Gale and was arrested and imprisoned. What's ridiculous is that she believed in Kylena Gale in her previous life, believing that Yang Yi herself was greedy to have such an end.

As for God, the boy who had been protecting her, then somehow became a criminal who tried to do a strong woman, and the object was Kylena Gale! The past is like smoke, making Emily Gale feel sad. Suddenly, she was breathing distraught, and immediately flipped through the calendar.

There are still two days! There are two days left when Su Xiaomi was kidnapped by robbers in order to save her, and after being harmed, he jumped into the sea and committed suicide! Xiaomi...no! She must not let the tragedy happen again! "Xiaomi, where are you? Who is there?" She dialed the phone and asked immediately.

"Of course, I finally found you. Come and save us!" Su Xiaomi's voice sounded very anxious.

"God you is about to be killed, you don't even ask, you don't even answer the phone, what the hell are you doing?" "What's going on with God?" "He's dying, you..."

The man snatched the past, and it was Yang Yi's voice: "...Of course, God is injured."

To make it easier for everyone to use the car, there are keys on the car in the Jackson's garage. Emily Gale chose the lowest-profile car and drove out.

A group of friends hid in a small park outside Ning University. When Emily Gale arrived, Su Xiaomi was bandaging Jackson Tianyou's wounds.

"What's the matter?" Emily Gale walked over quickly, "Why is it hurt like this?"

Chapter 25

I'm disgusting when I see it "It's the bad woman Ye Fangfang, who keeps talking about you, God bless him..."

"It's okay!" Jackson Tianyou interrupted Su Xiaomi's words and looked at Emily Gale: "Are you injured?" "Yes, then?" Su Xiaomi gave Emily Gale a serious look. However, what I saw at this glance was not the wound on Jenni's forehead, but..." "Hey, why don't you put on makeup? You...Oh, this is your true face?" What the hell with freckles? Emily Gale, the goddess in her heart, turned out to be a freckled girl! Ouch! So disillusioned! Yang Yi also stared at Emily Gale's clean but not very... elegant face, so shocked that he almost swallowed gum.

"Of course, you...you..."

"Why, am I ugly now?" Emily Gale stared at these damaging friends. Su Xiaomi, like her, likes exaggerated smoky makeup. Now that the makeup is sloppy, her face is a little messy.

As for Yang Yi, his hair was dyed purple, he wore earrings on one ear, and he painted eye makeup, which is a problematic boy. Jackson Tianyou can be regarded as the most normal of the four of them, without makeup, earrings, and hair dye. However, his character is very withdrawn and irritable, and he likes to do something if he doesn't agree with him. Except Emily Gale, he

doesn't listen to anyone, so Su Xiaomi will rush to find Jenni tonight. Because God Bless is still going to take revenge later! But they don't know how many people there are, so God bless one. How can they be able to fight? "You... still put on makeup."

Su Xiaomi immediately took out her makeup box.

She doesn't want to say that Jenni is ugly, but this face is really freckled... Well, it's better to put on makeup.

"No."

Emily Gale glanced at her, she actually hated the smell of cosmetics, but she was guided by Kylena Gale in her previous life, stupid! But now that Su Xiaomi is okay, she finally breathed a sigh of relief.

As long as she is not kidnapped after two days, Xiaomi will not be kidnapped to save her, and there will be no tragedy behind.

"What the hell is going on?" She squatted down in front of Jackson Tianyou, continued Su Xiaomi's work just now, bandaging him.

"It's okay..."

"Who said it's okay? It's your sister's cousin Ye Fangfang.

She didn't know what medicine she took wrong today, and she brought a dozen people to come to you."

"I can't find you, so I told you bad things at school. , God blessed, but beat them away."

"You killed more than a dozen by yourself?" Emily Gale stared at Tianyou, with reproach in his eyes: "Did I say that you wouldn't let you do it casually?" ..."

God squeezed his fist without explanation. Su Xiaomi couldn't pass it anymore! "You don't know how bad Ye Fangfang's words are."

She said that you gave Young Master Jackson medicine, crawled into Young Master Jackson's bed, and hooked Young Master Jackson, wanting to eat both brothers..."

"Shut up!" God You Her face sank, why bother to say such words in front of Jenni, breaking her heart? "Why shut up?" Su Xiaomi looked unconvinced, but she was most afraid of God. God's fist is really terrifying, hitting more than a dozen of them by one person does not suffer at all.

Although he was injured, those people didn't get any benefits, one by one they fled with their tails in between. God you ignored her, just staring at Emily Gale's forehead injury: "What's the matter?" "I accidentally touched it."

Emily Gale wrapped the gauze on his arm before standing up. Looking at them, her heart was always a little sour.

She was not good to them at all, and even alienated them to please Hunter Jackson. However, they gave everything for her. In this life, they will never disappoint their friendship again! She cheered up: "Have you eaten yet?" Emily Gale said, causing Su Xiaomi and Yang Yi's stomachs to growl. Emily Gale smiled and said, "Let's go, go and have a good meal."

... When Emily Gale took a few friends into the Phoenix Hotel, Su Xiaomi suddenly yelled, "Anran, how dare you? When you come to this place, are you really being taken care of by Young Master Jackson and Young Master Jackson?" "Su Xiaomi!" Jackson Tianyou glanced over with cold eyes. Su Xiaomi immediately covered her mouth and grinned: "I'm kidding, but..."

She gently pulled Emily Gale's sleeve, lowered her voice: "Jenni, do you really want to eat here? The food here is expensive. Yes, I heard that a meal costs tens of thousands, even..."

"Let's go."

It's rare to live a lifetime again. How can you celebrate her rebirth without having your friends eat a good meal? The lobby manager came over and glanced at the boys and girls in weird costumes, their faces suddenly a little unsightly. However, after all, I have received induction training, and there is at least a smile on his face: "Hello, may I ask whether it's accommodation or dinner?" Su Xiaomi hid behind Emily Gale, but she didn't dare to talk to the manager of this kind of high-end hotel, and I don't know whether to speak. Charge for service? She has no money! Yang Yi was also uneasy.

The Phoenix Hotel was well-known in Beiling, and it was not affordable for ordinary people.

Although Jenni is the young lady of Gale's family, Mr. Gale's family has never liked this daughter, and the pocket money given to her is not as good as that of the second lady. Everyone knows how poor Emily Gale is, and there is no need to be fat in front of them. In fact, food stalls can also be eaten happily, right? The manager saw the eyes of a few young people flickering, and it was clear that they were not the ones that could afford to consume.

The smile on his face disappeared and his face sank.

"Several people, if it's not here to eat or stay, then...please go back."

"Ran, if you really want to eat here, just eat."

Jackson Tianyou has always been the most spoiled for Emily Gale, "I'll pay."

"You pay? Do you know how much it costs to eat here?" Yang Yi tugged at the corner of his clothes and whispered, "You can't get enough without a hundred thousand."

One hundred thousand! Even if God Bless works three jobs a day, it won't work in a month. We all know that God loves Jenni, but she can't condone it to

this point. He now has two part-time jobs every day, and he has to go to school. Is he really going to be exhausted? "I'll say a few, our hotel has a lot of guests, so there is really no way to greet you, or you..."

"Aren't those few friends of Emily Gale?" Suddenly, a pretty voice came in.

"Why, are you working here?" When everyone turned their heads, they saw an eighteen or nine-year-old girl who was beautifully dressed and walked in with a man. Most importantly, these two people seem to be dressed and worn by standard wealthy people.

The girl's gaze fell on Emily Gale's side face.

After looking at it for a long time, she exclaimed: "God! Emily Gale, it turned out to be you! So this is your true face!" Her freckled face was ugly Exhausted! No wonder she wears heavy makeup all day long, but it turns out that she is so ugly that she can't hide her without heavy makeup! "Ha, ha ha!" Ye Fangfang couldn't help but smiled softly: "Everyone is guessing how Emily Gale's real face looks like. Unexpectedly, it is even uglier than expected!" She looked at the manager and said with disdain: "Even if you want to hire employees, you should hire someone who looks like this. You can't eat this kind of ugly people.

The guests can't eat just seeing her face. Who wants to eat here?"

Chapter 26

"What did you say?" Yang Yi and Su Xiaomi immediately stepped forward and stood in front of Emily Gale.

Although they also feel that their wallets are incompatible with the class of this hotel, this does not mean that Ye Fangfang can laugh at Emily Gale like this! Jackson Tianyou clenched his fists, and his five knuckles suddenly rattled. Yuanjia is on a narrow road, and Ye Fangfang only saw the boy beat her off in

the afternoon. Now, he is somewhat afraid to see him. But when she thought of the man next to her, she became bolder and straightened her back.

"How about? I want to fight again? Emily Gale, why are you always with these craps? No wonder Sister Kylena said you are not saved!" Ye Fangfang is Siniya Ye's niece and Kylena Gale's cousin. .

"Who are you talking about? You say it again!" Su Xiaomi blushed with anger.

"Aren't you?" Ye Fangfang looked at the manager, "You really want to invite these people back to work?" "No, this lady, they are not from our hotel."

When the manager saw the man with Ye Fangfang, knowing that I can't afford it. He looked at Emily Gale and the others and said, "Since you are not here to consume, then please go out."

Ye Fangfang sneered at them, "So it was here to eat? It doesn't matter, they let them eat if they have money. Hey, but I think what they can eat is only Overlord's meal, huh!" The manager wanted to call in security, but Emily Gale suddenly said, "We are here to consume. Does your hotel have rules that you have to pay first before paying? Order food?" "This..."

The hotel manager was startled, with nothing to say. Emily Gale took Su Xiaomi and walked to the elevator.

The manager wants to stop, but there is no reason to stop it.

Although they seem to be absolutely unable to pay, they haven't ordered a meal yet, and it doesn't make sense to drive people out at this time. Emily Gale and the others entered the elevator, and Ye Fangfang snorted coldly: "I'll see what they can eat, don't even be unable to eat a cold dish!" She held the man next to her, and instantly changed a soft face: "Let's go, let's have dinner."

The man handed the manager a business card, and the manager suddenly bowed his waist and said, "It turns out that it is the young master of the

Jackson family. Please go to the second floor. I will immediately have someone prepare the best position for you.”

“No, just arrange a table near the few people just now.”

Ye Fangfang just wanted to see if Emily Gale and the others had a cold dish for four! She gently shook Jackson Yuxuan’s hand, and said coquettishly: “It was Emily Gale who hurt my cousin first, so I hate her so much. Don’t mind.”

“You said, she hurt the number one in Beiling. Celebrity Kylena Gale?” Jackson Yuxuan admired Kylena Gale very much. However, I heard that the second young master is pursuing Kylena Gale.

Although he is also the young master of the Jackson family, he is the second son of Mr. Second, which is considered a sideline. Outside, he has unlimited beauty, but in front of the three young masters of the Jackson family, he has no status. So the second best thing was to talk about love with Kylena Gale’s cousin Ye Fangfang.

Anyway, Ye Fangfang is also sweet and pleasant.

The two went upstairs, and the manager personally arranged seats for them, even if it was a young master who was a member of the Jackson family, but they were absolutely big shots in Beiling! As expected, the manager arranged for them to be adjacent to each other.

As for Emily Gale and three friends, they were sitting by the window. Ye Fangfang sat down and looked at Jackson Yuxuan: “Yuxuan, what do you want to eat?” “You decide.”

Ye Fangfang is Jackson Yuxuan’s new favorite, and he has always been generous to women.

“Then I’ll choose it myself.”

Ye Fangfang's dishes are all the most expensive, and her voice is not so small that everyone around can hear it. Su Xiaomin accidentally saw one of Ye Fangfang's orders on the menu and almost turned pale. Thousands of dishes per dish, crazy! Do you want to be so trenched? "How? What do you want to eat?" Emily Gale put the menu in front of them, but no one dared to order.

There are thousands of cold dishes, it's sick! The money for a cold dish is enough for several of them to eat for several days. If a meal is eaten, does the rompers have to be pawned to afford it? Jackson Tianyou looked at Emily Gale, although his voice was not loud, but he was very firm: "Order what you want, I..."

"No, I will treat you to this meal. Just order whatever you want."

Emily Gale Smiled. However, the friends still dare not order.

"How is it? Is it the first time? Would you like me to introduce the signature dishes here?" Ye Fangfang didn't know when he came over, smiling like a spring breeze: "I heard that the lobster noodles here are very good."

The big lobster was sent back by a special plane that same day."

Deep-sea lobster noodle... Su Xiaomi's eyes were straight when he saw it. Nine thousand eight! What kind of ghost lobster is this? Did you grow up eating gold? "Okay, let's have a lobster noodle."

"RJenni..."

Before Su Xiaomi could stop him, Emily Gale had already ordered a meal. Ye Fangfang's expression changed, and he coldly snorted, "Emily Gale, even if you swollen your face to fill a fat man, you still have to see if you can really afford it!" "Really? I'm so thin, why do I want to fill a fat man? Besides, I I don't want to be fat, is it just like your legs are thick to be satisfied?" Emily Gale's words made Ye Fangfang's face flushed suddenly.

She is actually not bad in figure, but the worst thing is her two legs, and the thighs can't be reduced! She can't wear a miniskirt because her legs are too thick! "I really came here for the first time, and I don't know what signature dishes you have."

Emily Gale looked at the waiter and smiled indifferently: "That's it. What they want, you will give us the same."

She pointed out Pointing at Ye Fangfang, think about it, and then said: "No, they only have two people, and the four of us... so, let's have double copies of them."

"Double... copies?" Su Xiaomi and Yang Yi went wide.

The eyes were too shocked, and the heart couldn't bear the burden.

The waiter also looked incredulous: "They...what they want are signature dishes..."

"What's the matter? Are you so insecure in your signature dishes?" "That's not what I mean..."

"Then Place an order and don't delay our time."

Emily Gale glanced at the cup and smiled again: "By the way, give us two bottles of SENDEVISION in 1978."

"What SENDEVISION in 1978? Emily Gale, you Don't talk nonsense if you don't understand wine, isn't it shameful?" Ye Fangfang was so angry, this fat man, is it full? Emily Gale, a dead girl, dare to eat the same thing as them! Also double! Where does she qualify? "Why? Your family doesn't even have SENDEVISION?" Emily Gale didn't even look at Ye Fangfang, but looked at the waiter: "Well, if you don't have one, let's have two bottles of 1982 CONSAICE."

See the waiter still. With a stunned look, Emily Gale said helplessly: "Forget it, come here with four bottles of Sprite. Sprite will always have it?" Ye Fangfang was struggling, and sneered: "Hey! Emily Gale, what was the mess in 788? The wine I said! If you don't know how to do it, don't..."

Over there, Jackson Yuxuan said with a calm face, displeased: "Fangfang, come back."
