

Love Through Time and Space

Chapter 243

Her Qingqing came back to Jiangnan for a moment.

The next second, she burst into a frantic laugh, unexpectedly laughed a little out of breath.

Emily Gale still stared at his profile.

At the critical moment, he reminded him: "Second Master Jiang, look at the car."

Look at the car?

Jiang Nan looked forward, his heart tightened, and the steering wheel spun around suddenly. Dangerously, Cayenne passed by the edge of the big truck's mirror.

He was about to hit him if he was just a little bit short of distance.

It was a big truck crossing the lane, and when I wanted to overtake, I didn't see a vehicle coming in front.

If you just hit it, it would be entirely the responsibility of the big truck, but the problem is that they are likely to suffer a lot of damage.

Of course, it's the body!

With a squeak, Cayenne stopped on the side of the road, Jiang Nan side glared at the still calm girl, so angry that she almost had pimples.

"You..."

They were so calm as they were about to collide with the truck!

This girl, should she say that she is heartless, and that she should not live or die?

"Second Master Jiang, it was completely your problem just now."

Emily Gale pointed out this calmly, "You drive and don't look at the road."

"Did you say that before you saw it?" He is notoriously good-tempered, but not knowing why, in front of her, she is always irritable.

"I told you the first time I saw it."

There is nothing false about these words.

She was thinking about something, a man's car, shouldn't get in easily, especially at night.

So, she actually regretted it a bit.

The most important thing is that after knowing that Hunter Jackson was going to Ali Khan, she had been thinking about those things absent-mindedly, and could not calm down.

Jiang Nan took another look at her before exhaling.

I can't blame it, it's really my own problem, but I'm not convinced.

"You are also responsible. What do you do to make me laugh?" "My question is very serious."

So, what's so funny?

"How could I be interested in the boss... to the woman of Young Master Jackson? Even if you want to cheat, don't find me."

Jiang Nan still doesn't understand the boss's temper?

"If you come to me, he will have to disfigure me."

Emily Gale frowned, and suddenly remembered what Mr. Jackson had just said in the fire escape.

If she was with those men, Young Master Jackson would kill them!

Jiang Nan just wanted to make a joke, but the girl's expression suddenly became depressed.

It seems that there is no meaning to laugh at all.

"Forget it, you don't seem to be in a good mood, I'll send you back to school."

He started the car again and glanced sideways at her again.

"Not every man takes you in the car, just to take you home and do those indescribable things."

Emily Gale didn't speak, but just nodded and responded softly:

"Hmm."

So docile?

It's really rare.

Jiang Nan drove the car back onto the road, and Emily Gale turned his head to look out the window, still unable to stretch his heart together.

When the two of them were silent, the atmosphere inside the car suddenly became a bit strange.

Jiang Nan was about to turn on the music, but Emily Gale's cell phone ringing suddenly and crisply.

She picked up the phone, and her heart was shaken when she saw the electric display.

Old lady!

She rarely uses the phone, but Emily Gale always remembers this number.

From the last life, I remember it until now.

"Grandma."

She answered the phone and called out softly.

The old lady on the other end of the phone looked particularly excited.

"Of course, why...why did Abei publish in the newspaper to break the marriage contract with you? Was it because of Kylena?" She may have spoken too quickly, she coughed twice, let out a sigh of relief, and squeezed the phone again.

"If it's because Kylena lives in Wangjiang Pavilion and you are upset, then I will let her move to me, and I will not let her disturb you, okay?" "Of course, Abei is a good boy, don't make trouble with him Temper, Abei is really a good husband..."

Emily Gale had a sore nose, but she had to pretend to be calm, and smiled on the phone.

"Grandma, I don't really have any relationship with Joseph. We were engaged before. You know, it's actually to make you happy."

"But I figured it out. I really don't like Joseph, Joseph. No feeling for me. Two people are barely together, there will be no happiness."

"Of course, grandma knows that you like Abei, you can't deceive the nanny."

The old lady is very sad, although Kylene Gale is her granddaughter, now Gale Kylene and Hunter Jackson are together, which is consistent with her original intention.

But what about Ranran?

She was publicly divorced by a man, can she find a happy marriage in the future?

Ranran... Even if it wasn't her granddaughter, she still loved Ranran!

Once some feelings are identified, even if they know the wrong partner, they still cannot be taken back.

The old lady felt distressed when she thought of being wronged.

"Of course, where are you now? Grandma wants to see you, grandma really wants to see you."

She was afraid that Emily Gale would never go to see her at Jackson's house because of Hunter Jackson's affairs.

"Of course, would you come to see grandma, okay?" "Grandma, it's too late now, at this point, you should have rested long ago!" Even if you want to meet, you don't dare to see you at this time.

It's okay to see you tomorrow.

But the old lady just didn't want to.

She was really afraid that Emily Gale would never go to Jackson's house again and would never see her again.

"You come to grandma's place to sleep for one night, and let grandma accompany you."

Emily Gale was a little embarrassed. Grandma was afraid that she would not look away after she was abandoned by Young Master Jackson.

No matter what Emily Gale explains, old man

People just don't listen, they have to see her.

In the end, Emily Gale had no choice but to agree.

"Go to Jackson's house?" Jiang Nan didn't overhear on purpose.

But she is sitting beside her, can she not hear?

"Yeah."

Emily Gale nodded and looked at him sideways: "Is it convenient? If it's not..."

Jiang Nan had already merged into the leftmost lane, turned the front of the car and drove in the direction of Jackson's house.

Emily Gale bought a set of sportswear from a small shop on the road, and replaced her s*xy evening dress.

When I came back, the laid-back breath was completely different from the s*xy and charming before.

Now she put down the high-rolled bun, and tied her long hair randomly behind her head.

The very common ponytail has become agile and clean on her body.

Beauty, she looks good no matter how she wears it.

The boss said she was beautiful, and sure enough, it was true.

The car drove into Jackson's house and stopped directly in front of the main house.

The servant opened the door to Emily Gale, Jiang Nan asked indifferently, "Do I need me to wait for you?" "No, there is a driver here. I will let them send you a ride when I go back."

Jiang Er Shao is a busy man, although now it was already at night and there was no need to work, but it was always a bit sad to take up his time.

Jiang Nan didn't speak, waved his hand, motioning her to go first.

Emily Gale thought of the old lady in his heart, so she stopped greeting him, and hurried to the back room.

Tonight, the old man should not be at home.

Otherwise, the old lady has not slept at this point, the old man will definitely not allow it.

When Emily Gale passed by, the old lady was still sitting in the hall waiting for her.

Hearing footsteps outside, the old lady looked up and suddenly saw the girl coming in from outside.

Pure, clear, innocent, perfect!

She glanced at her for a while, and her breathing suddenly became confused.

“Qingqing! Qingqing! You are back! You are finally back!”

Chapter 244

After all, who is true?

This is the first time that Emily Gale appeared in front of the old lady with an undisguised face.

Unexpectedly, the old lady looked up and saw her daughter, who appeared in her sight alive.

This beautiful and exquisite facial features, this fair and delicate complexion, this big black and bright eyes!

This is all, her youth!

When the old lady got excited, she was about to get out of the wheelchair.

This action made the maid who had been guarding her side so frightened that she rushed forward to help her.

Emily Gale was also taken aback, and hurriedly rushed towards the old lady at the fastest speed.

With the concerted efforts of the two, they were finally shocked and let the old lady sit back in the wheelchair.

Unexpectedly, as soon as the old lady grasped Emily Gale’s hand, she burst into tears with excitement.

"Qingqing, is Qingqing you? I know you are still alive, and I know that one day you will come back to see me."

"Grandma..."

Emily Gale frowned and looked at the maid.

The maid shook her head, indicating that she didn't know what happened.

Just looking at Emily Gale for a long time, his eyes suddenly lit up, staring at Emily Gale's face, even his voice was scarred.

"You...you...you are the young lady!" If the young lady called grandma, the voice made her familiar, how would she recognize it?

It turns out that Madam Young is so beautiful...God, compared to that Kylena Gale, she is so beautiful!

Emily Gale thought for a while, and finally remembered that there was no disguise on his face today.

She smiled at the old lady, and said softly: "Grandma, I'm ranran, but today...I didn't pretend to be ugly."

"Ranran?" How could it be?

This is clearly Qingqing!

However, if Qingqing was still alive, she would be at least nearly forty years old by this time.

And the girl in front of me... indeed, only eighteen or nine years old.

"RJenni?" She was a little uncertain, but why... suddenly became exactly the same as Qing Qing?

"Yes, I am Ranran."

Emily Gale helped her sit down and sat beside her.

She smiled and said: "It's just before... well, that, I think I am too beautiful to be caught by bad guys, so I deliberately painted a lot of freckles on my face to vilify myself."

She thought she was joking and shameless.

The tone of the voice will definitely amused the old lady.

But no, the old lady didn't want to laugh at all, she just stared at her face from beginning to end, looking intently.

"Grandma, do you really recognize it?" Emily Gale thought she was still suspicious.

She bit her lower lip, a little helpless: "Then...Would you like to get an eyebrow pencil and paint some freckles for you to see?" The old lady shook her head, still not speaking.

She has accepted the fact that the girl in front of her is Emily Gale. What she can't accept is that she...maybe by someone

tricked.

The old lady's heart suddenly became cold.

If those people are really lying to her, then, do they also know it, but it is true?

If that is the case, then what she said rashly now, for Ranran, perhaps, is the beginning of a disaster.

What's more, she didn't dare to say 100% which one it was now.

Although there was an eccentric idea in her heart, after such a toss, the old lady was now cautious.

She dismissed the maid beside her before staring at Emily Gale and asked, "Ranran, what's your mother's name?" "My mother?" Emily Gale didn't know why she asked, but she answered honestly: "She is called Sang Qing."

"What's the origin?" "I don't... know."

Emily Gale shook his head, obviously hesitating.

In fact, I know some, but I just don't want to say.

Everyone said that my mother was a beer seller and became father's third son.

She didn't want to say these words at all, because that was her mother.

It doesn't matter how others think, but she loves her mother very much, even if she basically has no impression of her mother.

The old lady didn't know what she was thinking. For a long time, she looked at her again and asked, "What is Siniya Ye doing to you?" "She?" Emily Gale smiled slightly, a little bit disdainful in this smile.

"Anyway, other people's mothers are just like that."

Things are over, there is no need to speak ill of others in front of grandma.

What's more, if grandma feels sorry for her, she said, grandma will only be more uncomfortable.

The old lady stared at the bleakness of her eyes, her heart tightened slightly.

But she still asked: "Where is Kylena Gale? How does she treat you?"
"Grandma, why have you been asking about other people's things? Let's talk about those things, let's say something happy."

She really didn't want to be there. In front of the old lady, she talked about unhappy things.

Having said that, don't you bring negative emotions to others?

"Grandma, the Jiuyue Painting Club I founded, cooperating with Jiang's family, is to set up an animation department! Do you think I'm good?" "Yeah."

The old lady nodded, her eyes still locked on Emily Gale's face.

She is just getting old, but she is not completely blinded.

Emily Gale didn't want to say anything bad about Kylena Gale, but on the other hand, Emily Gale always didn't say anything good no matter which time Emily Gale was mentioned.

Regardless of whether it is said tactfully or directly, in short, it seems that she is not willing to step on Emily Gale's image to the end.

The contrast between the two is so strong.

The most important thing is that RJenni's true face is so similar to Qing Qing's... Emily Gale is still talking about her, telling her about his witty development of conferences and banquets.

She didn't mention a word about Hunter Jackson and Kylena Gale.

This girl,

Smart, but simple, simple and innocent.

It's not that she doesn't know how to play tricks, but she doesn't want to play in front of people she cares about.

The old lady could feel her sincere when she was facing herself, so she still remembered her when she believed that Kylena Gale was her granddaughter.

Because she really likes this girl...

"RJenni."

Suddenly, the old lady interrupted Emily Gale and called out softly.

"Huh?" Emily Gale also knew that the old lady had a lot of concerns.

But if she didn't say, she didn't ask.

But as long as she said, she would listen carefully.

The old lady breathed a sigh of relief. Suddenly I entered her wrist and said softly: "Of course, do you remember what grandma said to you before?" "What?" Grandma told her a lot before, Emily Gale didn't know which one she mentioned.

"Grandma said that there is only Abei..."

"Grandma, are you really asleep yet? Why don't you rest so late?" A sweet voice suddenly came out.

With so much noise, Kylena Gale stepped in at a distinct and not very brisk step from the outside.

Seeing Emily Gale, she was not surprised at all, but frowned and her face was unhappy.

This slut really came, and actually came to the old lady, is she wanting the old lady to help her, let her return to Joseph's side?

Fortunately, she had arranged thread eyes here long ago, otherwise, this slut will succeed!

Kylena Gale walked in, followed by two maids behind her.

She walked up to the old lady, squeezed Emily Gale aside, and said with a sullen face: "Grandma, it's late, I'll send you in and rest."

"As for the people who broke in in a mess..."

Jenni glanced at her, Kylena Gale said solemnly: "You still don't drive her out, do you want her to disturb grandma's cultivation and harm her body?"

Chapter 245

Sure enough, the two maids who were both fakes immediately stood in front of Emily Gale, one of them humanely said: "This lady, the old lady is going to rest, please leave now."

"I'm talking with grandma, why are you rushing? I'm going?" Emily Gale didn't want to disturb the old lady's rest, but their domineering appearance was really uncomfortable.

The most important thing is, how can there be a feeling of imprisoning the old lady?

"Kylena, I'm just peaceful..."

"Grandma, if you don't take a break so late, if you let Grandpa know about this, he will definitely be very angry!" Kylena Gale interrupted her, turned her head and stared at Emily Gale, angry Said: "You have been expelled from the

Jackson family by Joseph. Now, you are no longer a member of the Jackson family.”

The two maids immediately approached Emily Gale, and one of them reached out to grab her arm.

“Please leave!” Emily Gale didn’t move. Just when the maid’s hand fell on her arm, she suddenly turned over, clasped the maid’s wrist with her right hand, and tugged.

With a bang, the maid was overthrown to the ground instantly by her!

Kylena Gale was dumbfounded, when did this damn girl become so good!

Quick and quick!

It’s almost like having been trained!

Emily Gale didn’t expect that he still remembered the kung fu learned from Tianyou in his previous life.

Just when another maid came cautiously to push her, she recalled the experience of the previous life, and one stepped away.

Five fingers clasped the maid’s wrist and twitched again.

Before the poor maid had time to get up, the maid fell down and pressed it down.

With a thump, his head hit the ground, and tears rolled out of the pain.

“Even if I am not a member of the Jackson family, now I am also a guest of the old lady. Unless the old lady lets me go, you are not qualified to drive me out.”

Emily Gale met Kylena Gale’s shocked and angry gaze, nothing fear.

Kylena Gale was angry and said loudly: "Come here, drive out this messy wild girl!" Outside, two bodyguards broke in immediately.

She even bought the bodyguards here!

Emily Gale squeezed his fists and had already set a posture to deal with the two bodyguards.

The old lady was anxious, and said hurriedly: "Of course, since you and A Bei have nothing to do with each other now, then...then you won't come here any more."

The old lady has already seen the situation very clearly.

If you continue to fight like this, you will definitely get hurt.

The old man has been away these few days, and Bei has been very busy recently. Now, it is almost Kylena Gale who has the final say here.

Although the old lady still has many ideas in her mind, the hero does not suffer from immediate losses.

She looked at Emily Gale and waved her hand: "I have made it clear to you. If you are still not convinced, how much compensation do you want?"

Our Jackson family will pay you.

Emily Gale was expressionless.

She didn't understand the old lady's words for the first time. But two seconds later, she understood.

"I don't need any compensation. Since the old lady feels that there is no problem with Joseph's approach, then I Don't force anything.

She took a deep look at the old lady and nodded: "Then, I'll go first, and you have a good rest.

"The old man is not there, and Young Master Jackson may not be there.

It's not a good thing for the old lady to keep entangled now.

At least she can be sure that no matter how lawless Kylena Gale is, she will not hurt the old lady. Because, there is no harm to her. For any reason.

The old lady didn't take care of Emily Gale, so Emily Gale could only turn around and leave. But Kylena Gale looked at Emily Gale's leaving back, thoughtful.

The dead old woman stayed up in the middle of the night and told Emily Gale to come here just to persuade her to leave Jackson Young? It seems that there is nothing wrong with it, but she is always a little uneasy in her heart.

After Emily Gale left, she looked down at the old lady and said blankly: "Grandma, I will send you back to rest.

Looking at the two maids, they quickly got up and stopped Tweety, the maid who usually took care of the old lady.

"The old lady has Miss Kylena watched. You go to sleep."

"But," Tweet was a little embarrassed, "The old lady always wants me to accompany..."

"Do you think Miss Kylena is not as important as you in the old lady's heart?"

"The strong maid snorted coldly, and said displeased: "Who do you think you are?"

"No!"

Tweet shook her head quickly and explained: "I didn't think so, really.

"Then you still go back and rest?"

When I need you, I will naturally call you!

"Tui Er had no choice but to look deep in the hall before returning to her room a little bit reluctantly. Kylena Gale pushed the old lady's door open and pushed her in.

The moment the door was closed, the old man People just felt a coolness in their back bones.

"Grandma.

"Kylena Gale's voice fell above her head.

The old lady was shocked, and hurriedly squeezed out a stiff smile: "What's the matter?"

"You found Emily Gale, really just to persuade her to leave Joseph?"

"Kylena Gale pushed her and walked in.

The old lady's smile became more rigid, her fingertips kept tightening, and she nodded: "Yeah.

"Grandma, don't you like that girl very much?"

"Kylena..."

"Grandma, will you let Joseph be engaged to me?"

"Kylena Gale suddenly turned her wheelchair and asked her to face herself.

The smile on the corner of the old lady's lips froze and she looked at her in surprise: "Kylena, this...Abei just broke off the marriage contract..."

It was because they had already dismissed their marriage contract. Now, isn't Joseph just missing a woman?

"Kylena Gale pulled up the chair, in her

Sit down in front of him.

She stared at the old lady's face without letting go of any expression on her face.

"Grandma, didn't you say that you want me to stay here forever with you?"
"Vicz..."

"In this case, let Joseph be engaged to me. From now on, I can just stay at Jackson's house and take care of you forever.

"The old lady didn't say, Kylena Gale's face became cold.

"Grandma, why didn't you speak anymore? Could it be that you said that you like me and you want me to stay with you forever? These words are lying to me?" "Why...Is it possible?" Kylena Gale now has a gloomy face.

There is no more brightness and tenderness when I first met.

The well-behaved at that time, the grievances at that time, the sensible at that time... Sure enough, all were fake.

The whole thing, at this point, there is no need to tell which is true or false.

She nodded and said softly: "Okay, I will definitely talk to Abei when I turn around."

"Grandma, can't you tell me now?" Kylena Gale took the old lady's phone and stuffed it into hers. Hands.

"Grandma, you call Joseph now."

The old lady took the mobile phone, raised her head to meet her gaze, and finally picked up the mobile phone.

She dialed Hunter Jackson's number, but when the phone was about to be connected, Kylena Gale suddenly smiled and said, "Grandma, I forgot to tell you, Emily Gale... I have arranged for someone to send her away.

Chapter 246

Is it because you are afraid of me hurting you?

The old lady's heart was shocked, and her breathing suddenly became messy.

She originally thought that as long as A Bei answers the phone, she will let him come over now, and when A Bei comes, her situation will be better.

But she forgot, RJenni just left from here.

And Kylena Gale... she didn't know who else was behind her.

However, it must be in this Jackson's family, and there are some powerful people who are joining hands with her!

"Grandma?" The phone was connected, and Hunter Jackson's voice came over, "Why don't you rest so late?" The old lady did not speak, just squeezed the phone tightly and looked at Kylena Gale.

This dead old woman, as expected, had already guessed after seeing Emily Gale's true face.

Fortunately, she stayed behind.

Otherwise, something will happen tonight.

"Grandma?" Hunter Jackson frowned, a little anxious, unable to hear the old lady's voice.

"Grandma, do you feel sick? I'll come here now."

"No."

The old lady's voice was extremely calm.

After looking at the confident smile on Kylena Gale's face, she lowered her eyes and whispered: "Abei, grandma wants you to promise grandma one thing."

"What's the matter?" Hunter Jackson was inexplicably uneasy. .

He just came back from outside, this will be preparing to take a bath and rest.

The old lady put on a thin coat on this call and walked out of the room.

"Abei, do you remember? Grandma said before that grandma still has someone who can't let go."

"Grandma, you mean Kylena Gale?" Kylena Gale sat in front of the old lady, what Hunter Jackson said, She can basically hear it.

The old lady did not answer Hunter Jackson's words, only said: "Grandma is just such a blood relative, Abei, you promise grandma, you will guard her, marry her, protect her for the rest of your life, grandma begs you."

Hunter Jackson on the other end of the phone did not speak.

The silence of Young Master Jackson made Kylena Gale suddenly nervous.

She looked at the old lady and kept suggesting that she could say more, but she dared not make any noise.

The old lady let out a sigh of relief before saying, "Abei, the granddaughter who guards her grandma, don't hurt her for the rest of your life, you promise me."

"Okay."

Hunter Jackson can do this.

He walked out of the lobby of Wangjiang Pavilion, already walking in the wind: "Grandma, I'm coming here now."

Kylena Gale was startled, and hurriedly shook her head at the old lady.

The old lady didn't speak, as long as A Bei came over now, her side would not be threatened anymore.

But what should I do over there?

At night, if Kylena Gale's people send her down the mountain, no one can guarantee when this will happen.

Of course... we must first let her spend tonight safely!

"Abei, don't come here. Grandma has already lain down and rested."

Hunter Jackson stepped forward.

Pause, I checked the time of my watch, it was almost eleven o'clock, it was indeed late.

"Are you sure you don't need me to come over?" He just felt that the tone of grandma's speech tonight was not right.

"No need."

The old lady glanced at Kylena Gale, and suddenly said: "The evening has come, I advised her to live a good life."

Kylena Gale's face sank.

At this time, what did the b*tch Emily Gale do?

But fortunately, there is nothing wrong with what the old lady said.

If this dead old woman dared to talk nonsense, her precious granddaughter would definitely die without a place to bury her!

"She's here?" Hunter Jackson frowned, "What is she here for?" "I asked her to come, I just hope she can live her life peacefully."

"Grandma, she is doing well now. You don't need to worry about her."

"I know, it's just that...you used to be an unmarried couple anyway, and she came here, you might as well send her off..."

These words have already stepped on Kylena Gale's bottom line.

Kylena Gale's face was completely black, but she didn't want to, Hunter Jackson's response made her happy again.

"Since she can come by herself, she will definitely be able to leave. Grandma doesn't need to worry. Rest early."

The old lady was a little disappointed and wanted to say something, but when Kylena Gale took out the phone, she seemed to be sending something.

The old lady was anxious, and hurried to the Hunter Jackson Road on the other side of the mobile phone: "Grandma is about to rest, remember what she promised grandma, the granddaughter who has guarded her forever!" The old lady cut off the call immediately, and looked at Kylena Gale eagerly: "Ranran has left, and Abei won't chase her. You don't need to..."

"Grandma, why are you so flustered? Do you think I will hurt you? Or will I hurt Emily Gale?" "You, Why would you hurt me? I am your grandma."

"Really?" Kylena Gale snatched her mobile phone, her face gloomy.

"Grandma, it's late, you can help you rest."

She stood up, supported the old lady stiffly, got up from the wheelchair, and then pushed her down on the bed.

"Kylena..."

The old lady fell on the bed with a thud, half of her body almost numb.

"If you want Emily Gale to be safe, then go to bed early."

Kylena Gale looked at her condescendingly.

After all, she knew that she had discovered their deception.

The old lady squeezed her fist, but now, a room is full of them, and she can do nothing at all.

"Gale Kylena!" "What's the matter, grandma, didn't you call me Kylena?" The old lady didn't speak, she was pressed half of her body by herself, because her legs were inconvenient, it was difficult to turn back.

It's painful to lie on the bed like this now!

The most painful thing is that because of my stupidity, I fell to the present place

step.

Joseph didn't even want to give it away, it must be because of what he told him before, asking him to take care of Kylena Gale.

She really hurt Ranran this time!

But she has nothing to do now.

Kylena Gale didn't seem to plan to leave tonight, so she sat on the chair in the room and looked at her.

After a while, the old lady finally couldn't help it, and couldn't help but begged: "Kylena, grandma is uncomfortable, you can turn grandma over."

"Grandma, you can try to turn over yourself.

The doctor said, you can do it yourself. Try to do things yourself, it's good for your body."

Kylena Gale took out the phone and sent a message to a certain number: "The old lady probably found out that she was cheated."

The old lady is now in this position, facing the other side. With her back to her, Kylena Gale certainly didn't want to turn her back.

But she actually knew that even if she could look at the old woman all night, tomorrow, the day after tomorrow, Young Master Jackson would always come to see her.

The old man didn't know when he would be back, as long as the old man came back, he would come to see her immediately.

It won't take long to hide this matter. What should we do?

She stared at the news she sent, but the other party hadn't come back.

Kylena Gale was very anxious, and she dared to go sideways in front of the old woman just now, waiting for the old man to come back, or waiting for the young man to come, what should she do?

In seven or eight hours, the day will dawn...

Chapter 247

When she was tired, "Look at whether Emily Gale is still in Jackson's house and take her back."

Hunter Jackson hung up the phone to Aspen Li.

Aspen Li said, "The Second Young Master Jiang just sent her back."

"Jiangnan?" "Yes, the Second Young Master Jiang also sent it to me at night. I met Second Young Master Jiang in the front yard and chatted with him for a while. He..."

"Are you so idle lately?" Young Master Jackson's tone sounded clearly unhappy.

"I, I, I am very busy, young master, you know how many things I have every day, haha."

Aspen Li lifted the back of his hand and quickly wiped the sweat from his forehead.

Young Master seems to be very upset with Second Young Master Jiang recently, so in the future, in front of Young Master, I will not mention this name temporarily.

"Then I... Shall I go, go to the young lady... No, go to Miss Gale..."

"Since there is an escort, what are you going to do?" With a beep, the call was cut off!

Aspen Li looked at the darkened screen with a helpless expression.

If this continues, he has a hunch that Young Master will really disfigure Jiang Er's face.

Who made Jiang Er Shao's face really deceive an ignorant girl?

Anyway, for men, it's never eat by their faces, and ruined.

That fellow Jiang Er Shao, alas, ask for more blessing!

...

"Ha Qiu!" Jiang Nan, who was driving, sneezed several times, and finally stopped.

Looking sideways at Emily Gale, his smile was a little apologetic: "Sorry, maybe someone is thinking of me."

"Yeah."

Emily Gale was not interested in joking at all.

She looked worried, Jiang Nan couldn't help but ask: "Did the old lady tell you something that sounds bad?" "No."

Emily Gale casually dropped a sentence, obviously very perfunctory.

"Then what are you thinking?" Jiang Nan is actually very strange, why does he seem to be particularly gossip lately.

But how about gossip?

I want to ask, why endure?

"I didn't think about anything?" "Emily Gale, even if we are not friends, you are still my subordinates.

The boss is afraid that the subordinates are in a bad mood and affect their work, so I can't ask?" These words made Emily Gale regain his thoughts. Looking at him: "It won't affect my work."

"Well, tell me, how are you going to cope with the interview tomorrow?" If he remembers correctly, when she is off work, the tenth floor of the office building allocated to her is still empty.

So many reporters will be interviewing tomorrow, what will she show everyone?

If one can't handle it, Jiang's face will be lost.

"Don't worry, you won't be ashamed of Jiang's."

"Then you can't disclose a little bit of information first?" "Boss, it's off work now."

"..."

Really!

This turned out to be the attitude of the subordinates to the boss!

"Second Master, there is a car here

You can go directly to the school. You can stop by the side of the road and I will go back by myself.

Emily Gale didn't want to deal with anyone tonight.

She had too many things in her heart.

She wanted to call Hunter Jackson, but she didn't know what to say.

Although she felt that Kylena Gale's attitude in front of the old lady was too much, But, what if it was the acquiescence of other young master Jackson? Besides, Kylena Gale was so excessive because she went to find the old lady.

She was going to be angry with her and toss the old lady.

As long as she left, Kylena Gale I dare not do anything to the old lady.

The good treatment Kylena Gale received in Jackson's family was all because she saved her life.

The old lady is her backer, no matter how prosperous she is, she can't do anything to her backer. Jiang Nan was a little frustrated. He glanced at her sideways and snorted: "I won't ask, can't it?"

He looked at the road ahead, and he really didn't say much anymore. Emily Gale let out a long breath, and after a long time, he said softly, "Sorry, I'm in a bad mood tonight."

Jiang Nan is still a bit wronged. Can she be so indifferent to others if she is in a bad mood? She is not in a bad mood because of her own cause. But looking at her, she is already leaning on the back of her chair, closing her eyes and resting.

The whole person looks like The state is not very good, he seems very tired. Finally, he calmed down. He was divorced yesterday, and he went to Jackson's house at night. No matter what the old lady said to her, it didn't make people happy. He just saw that she was very energetic all day, and he had the illusion

that this girl was a hard-working girl, and that she couldn't be troubled by anything. But thinking about it again, she was just a little girl.

, She was already leaning back in the chair, closing her eyes and resting.

The whole person doesn't seem to be in good condition, it seems very tired.

Finally, he calmed down.

I was divorced yesterday, and I went to Jackson's house in the evening. No matter what the old lady said to her, it was not something to make people happy.

He just saw that she was particularly energetic all day, and he had the illusion that this girl was a hard-working girl, and that nothing could trouble her.

But think about it again, she's just a little girl

That's it.

The car moved on the island without rushing, and finally stopped at the back door of the school.

Emily Gale did not react at all, and fell asleep in the passenger seat.

The slight snoring sound showed her fatigue at this moment.

Jiang Nan wanted to remind her that she was at school, but seeing her sleeping like this, she couldn't bear to disturb her.

Finally, he drove the car to a remote roadside near the school, turned off the engine, and opened the window.

Carefully, the co-pilot's seat was leveled down.

Emily Gale just moved slightly, found a more comfortable posture, and fell asleep again.

Jiang Nan took the thin coat he had dropped from the back row and gently covered her body.

He also levelled the seat, but stared at her white face with no sleepiness.

What is going on with her and the boss?

The boss obviously cares about her, why did he break the marriage contract with her?

And why, at this time, suddenly going to Ali Khan?

Although the second young master Jiang, the noble son, looks wise and elegant on weekdays, in fact, he has never even talked about love.

In fact, he really didn't understand the relationship between men and women.

The boss goes to Ali Khan, is it related to Emily Gale?

The wind blew in the slightly open car window, blowing Emily Gale's fine hair.

The hair fell on her face, making her frown in her dream.

Jiang Nan stretched out his hand subconsciously, trying to brush her hair away.

He raised his hand and stretched it into the air, but then abruptly retracted it.

This action seems a bit unsuitable, a bit...too intimate.

But because of the broken hair on her face, her eyebrows seemed to be frowning all the time, as if she was about to be awakened by the broken hair.

Finally, when she moved her eyes for the third time, Jiang Nan stretched out her hand.

Long fingers ran lightly across her face, keeping the strands of hair behind her ears.

This girl felt comfortable before she fell asleep again.

Chapter 248

Jiang Nan breathed a sigh of relief, for fear that her act just now would wake her up.

Just don't let her go back a bit of hair, it turned out to be like a fight, sweating profusely!

No, fighting doesn't need to be nervous at all, but just now, he was really nervous...

A gust of wind blew his mind back, only to realize that he had been staring at her for at least several minutes.

Suddenly, the heartbeat speeds up inexplicably!

He immediately turned his face away, looking at the scenery outside, his breathing was a bit messy, and the roots of his ears were hot.

I don't know if I hit the evil, in short, something is wrong inexplicably.

Anyway, it seems, a little afraid to look back.

Finally, he simply rolled over, turned his back to her, and closed his eyes to rest.

The night was long, and time passed by little by little.

I don't know how long it took, the girl behind suddenly woke up from her dream and sat up suddenly.

"God! Where am I? What time is it?"

I really don't like you Jiangnan almost fell asleep. Emily Gale was taken aback and suddenly woke up.

When he looked at his watch, he frowned: "It's more than three o'clock in the morning."

Looking at Emily Gale again, the girl was still rubbing her eyes, obviously just awake.

Jiang Nan's voice was full of sleepiness, a trace of hoarseness: "Don't sleep in the middle of the night, what is the ghost's name?" "Second Young Master, trouble you, send me back to Jiang's."

Emily Gale patted his cheeks hard.

Finally, I was completely awake.

Thinking about the old lady last night, I forgot such an important thing.

She took out the phone, there were no missed calls or unread messages, and there was nothing!

What are those guys doing?

Knowing that she was late, she didn't even have a phone call.

"Second Young Master, I have very important things. You send me back to Jiang's family first, okay?" Jiang Nan lay on the steering wheel, without speaking or responding.

Emily Gale knew that he was uncomfortable. He just woke up and hadn't been relieved.

Although she was anxious, she did not continue to remind her, so she could only wait.

I don't know how long it took, Jiang Nan finally raised his head from the steering wheel and looked at her: "Jiang?" His eyes were scarlet, which was a sign of severe lack of sleep.

Emily Gale was a little guilty.

At this time, Young Master Jiang should sleep peacefully on the big bed at home.

But tonight, not only did he have to go home, he accompanies himself to sleep in the car.

Now, she had to be interrupted in her sleep, and she had to run around with her.

This man really suffered after following himself.

This is the first time that Emily Gale definitely apologizes to Jiang Er Shao.

"Sorry..."

"Are you in a hurry?" he asked suddenly.

Emily Gale checked the time, and it was past three o'clock, of course he was very anxious.

But those guys haven't looked for her, and it seems...maybe...maybe...not so anxious.

After all, they must have been preparing for many things after being late for so long.

"You can go a little later, but you still have to go."

"Go to a place with me first."

...

The place Jiangnan was going to turned out to be a restaurant.

But, this point...

"Second Young Master Jiang, if you don't mind, I'll take you to find food."

"I don't eat local stalls."

These poor students can basically imagine that she can find somewhere.

Isn't it just a food stall?

With the experience of the last time, when I think of the oily water on the tables and chairs of the food stalls, no matter how hungry I am, I suddenly lose my appetite.

"I'm so hungry that my stomach hurts, and I'm so picky!" Emily Gale couldn't help but give him a blank look.

If it hadn't been for seeing him frowning and asking, it turned out that Jiang Er Shao had a stomach problem.

The conference was held at 7 o'clock last night, and the banquet was held at 8 o'clock. He didn't even eat dinner and didn't know himself.

Find something to eat first?

Like them, they hurriedly fed themselves before the conference was developed.

When he was in the dressing room, Qin Zhizhou also brought back a bunch of food, not worrying about being hungry.

It's such a noble son or something, he is not willing to eat, rather than eat.

Stomach, is that how hungry comes out?

"I know that there are a few stores that are open until dawn, but they are really not high-end places."

The several restaurants he had looked for were all closed.

How can there be high-end restaurants open at this time?

Unless it is scheduled.

"I don't eat junk food."

Jiang Er Shao repelled once again.

He is very picky about what he eats!

Emily Gale is really going to lose to him!

Such a picky man deserves a stomachache to hurt him!

"It's not junk food, let's go."

... ten minutes later, they sat down in a noodle restaurant.

The proprietress had a simple smile on her face, and when she brought the two bowls of noodles up, she couldn't help but look at Jiang Nan a few more times.

"The little girl is really lucky.

The boyfriend I was looking for is so handsome.

It's rare that I would accompany you out for supper at night!" "He is not my boyfriend."

Emily Gale smiled at her, "Just a normal friend."

Come on, the little girl is still shy! Which ordinary friend will be by your side at this time?" Such a small place, it is difficult to see such a handsome man, and the chatting of the boss's wife suddenly came.

"The handsome guy just looked at your eyes, and he almost wanted to swallow you.

Auntie, I have been in love for so many years, and I will never read it wrong!" "Cough!" Finally persuaded himself to drink this rough tea, Jiang Er Young Master , Almost sprayed a table of tea.

"Oh, the handsome guy is too shy! Hahaha! I won't say anything, you continue, continue."

The lady boss smiled, but she added a few words before leaving: "Little girl, when you looked out the window just now, handsome guy I peeked at you six times, I can count them clearly!" "..."

Emily Gale picked up the disposable chopsticks and stuffed them into Jiang Nan's blushing and thick neck.

"I didn't take a peek at you. I'm not so dishonest yet. I'm interested in the victimized woman!" "Yeah."

She nodded, not paying attention.

"I didn't want to swallow you, I'm just hungry!" A certain man made a sleepy sound.

"Yeah."

Emily Gale still just nodded and broke his chopsticks away.

"Eat it, you have to eat the noodles while it is hot, and they will be delicious."

But Jiang Nan felt that he still had a lot to say and he should explain clearly, but damn it!

This girl doesn't seem to care at all!

Doesn't she believe his explanation?

"I don't have any thoughts about my brother's woman! Absolutely not!"
"Huh...huh?" Emily Gale, who was about to bury his head in hardship, raised his head and looked at him with a look of surprise.

I: "Brother?" She frowned.

In the last life, she knew that Young Master Jackson had several brothers, one was the second child, the third child, and the fourth child.

She has seen two and three and four on his caller ID several times.

But, I don't know who those people are.

Could it be that Jiang Er Shao is one of them?

"You and Mr. Jackson..."

"Don't think about it, I didn't mean that!" Jiang Nan was taken aback, but he didn't expect that he would miss his mouth.

What's going on recently, when in front of this girl, even IQ seems to have dropped.

But...

"Emily Gale, I really don't like you."

"I know, you don't need to repeat and repeat. Did you hurt someone like that?" "Did I hurt you?" Jiang Nan was actually embarrassed. Embarrassed so much that I don't know what to say.

He even forgot about it. Did he peep at her just now?

It seems, yes, but it is definitely not because of liking, he just... just wants to know what she is thinking.

Why do you want to swallow her!

Simply nonsense!

He was really hungry and wanted to... swallow this bowl of noodles in one bite!

Regarding the matter of Jiang Er Shao and Jackson Da Shao, Emily Gale did not continue to ask.

Since he didn't want to say it, it would be embarrassing to ask him.

"Eat it, it's really delicious, try it."

Jiang Nan bowed his head and picked up a chopstick noodle.

It looks like that, nothing special.

But he is really hungry now.

Although he is not good-looking, he has to fill his stomach first.

When he was about to deliver the noodles to his mouth, he heard it again.

Raised the corner of his eyebrows and glanced at Emily Gale, he looked disgusted: "I really don't like you."

Chapter 249

Come on, now!

Half an hour later, Jiang Er Shao got out of the car with a big belly.

Emily Gale got out of the car long ago and hurried to the office building of September Media.

The lobby is brightly lit, and as expected by Emily Gale, the friends are still busy and happily busy.

But the result before her completely exceeded her imagination!

"This is perfect, right?" In just one night, how did this happen?

It turned out to be even better than she planned!

"Where did you go to fool around with the wild man! You didn't come back to help!" Su Xiaomi was the first to complain, "I'm tired of my baby, you..."

Finally, I saw clearly that the "wild man" behind Emily Gale was Who!

Su Xiaomi opened her eyes, and she was so scared that she said something uncomfortable: "Old, old boss tells you, how are you..."

God!

Did Young Master Jiang listen to what she just said?

She actually said that Emily Gale was fooling around with a wild man!

But now, it is their boss who came back with Emily Gale!

Didn't you mean to visit Jackson's house?

Why this point, four o'clock in the morning, turned out to be with Jiangnan?

Could it be that the rumors on the Internet that she and Jiang Nan are getting better, are they...really?

"Put away your eyes, he is not qualified to be my wild man."

It's off work now, so there is no need to be respectful to the boss.

However, these words frightened a group of friends!

So openly saying that the boss is not qualified to be his own man, do you not want to be in the Jiang family?

Jiang Nan walked in from behind Emily Gale. He had a lot of opinions about Emily Gale's words, but after seeing the people in the lobby, he immediately lost all opinions.

If you are not qualified, you are not qualified, anyway, he is not rare.

But all this in front of me is simply...a bit unimaginable!

"Who arranged this?" The lobby is very large, more than 3,000 square meters.

It was originally an empty place. Now, there are various comic posters.

"Of course it was arranged, we are just the executors."

Su Xiaomi said immediately.

"You arranged it?" This comic poster is different from normal posters.

Around each poster, there are art tables.

According to this pattern, this is for food and drinks.

As for the comics on the posters, they turned out to be a comic story.

"This is a work we did before.

It has just been removed from the platform. Now, it is not available on the Internet."

There may be some piracy, but the main platform is gone.

Although it is just a few works, because of the exquisite layout, after people enter the door, they walk all the way along here, just reading a comic.

This way, it will give people a very full feeling.

There are more than 3,000 square meters, which does not make people feel empty.

"I have to admit, this big

The hall gives people a very literary and artistic atmosphere, but a lobby alone cannot satisfy the reporters.

"Even if the interview time can be shortened to one hour, one hour is not enough to visit the lobby.

"This requires cooperation from the boss here, and we will borrow dozens of people for use tomorrow.

"Emily Gale said.

"You can call the security department of the advertising department and etiquette department at will.

"That's fine!"

"Emily Gale looked around again and saw that the layout was almost done, she was relieved.

"Second Young Master Jiang, actually, I have one more thing. I hope you can help.

" "what?"

"It seems that there are more and more things to help her. Emily Gale smiled at him, then approached him and asked in a low voice, "Tomorrow, can you lend me too?"

"... That night, Emily Gale and her team struggled until after five o'clock before leaving. Jiang Nan didn't know what was wrong with him, and he followed them to five o'clock.

As for what Emily Gale said, he wanted to lend her to her.

She said half and not half.

She just said, let him show his face in front of everyone at that time.

After five o'clock, the friends drove the second-hand seven-seater car back to the office near the school to sleep, and he went back alone At home, I felt a little silly. Why did you accompany you all day? The answer is no answer.

The next morning, Emily Gale, Su Xiaomi, and He Lingzhi stared at two dark circles one by one. , Got up from the bed. I packed myself up and ate some dry bread.

The three hurried to school.

There were classes in the morning and classes ended at ten, so Emily Gale arranged the interview time from 10:30 to 11 in the morning. Half.

"Do you really intend to use the second young master Jiang's scandal to attract those reporters?"

"Emily Gale only announced his plan today. Until this moment, even Su Xiaomi and He Lingzhi didn't know.

"Has Jiang Er Shao really agreed?"

Why is he so good?

"He didn't agree, just agreed to lend me his own time."

Emily Gale smiled a little mysteriously and stared at Su Xiaomi: "At that time, you have to work harder, rely on you!"

"I?"

Su Xiaomi was stunned, and finally understood why Emily Gale didn't tell her plan until this moment! Because if she said in advance, she would definitely be scolded to death by her! "Emily Gale, you actually want to use me ?

No, no, absolutely no!

I didn't even dare to touch the clothes of the second young master, how could I?

"However, this time the joke is really a big deal, and she is going to let her go half an eye on the second young master's rumored girlfriend? Impossible, it's such a big mess, how will she go out to meet people in the future? "What's the fear?"

"He Lingzhi thought for a while, and suddenly felt that Emily Gale's plan was really

it is good.

Of course, the most important thing is that it has nothing to do with her, and she can take advantage of it!

Hahaha!

"Xiaomi, listen to me, our office building is too big and empty above it, it is impossible to show it to reporters."

"You should know, we only have the lobby to see, but a lobby, which Can watch for an hour, right?" "No..."

Su Xiaomi still wanted to protest.

He Lingzhi also persuaded: "Yes, yes, I believe it has been arranged. In the morning, Yang Yi will be asked to spread the news on the Internet that Young Master Jiang will soon be engaged."

Of course, it must be the point of engagement. In order to make the media more enthusiastic.

What's the point of not reporting such a big news, just interviewing an animation department?

However, this interview was arranged by the company, and a press release must be written.

Therefore, the layout of the lobby can almost remind reporters of the "layout" of other floors.

It's basically like that. Which animation company is different for some offices or one office space?

They just lack the time to buy office supplies and actually decorate the office.

Anyway, such an animation department is really nothing to visit.

However, the scandal of Jiang Er Shao is different!

It is simply not too valuable!

"Of course, you are so amazing, you can think of it, I admire me!" He Lingzhi couldn't help giving her a thumbs up, "But, will Jiang Er Shao really agree? I don't think you didn't have it in the early morning. Explain to him."

"He is actually...a good person."

So, he would agree.

Emily Gale thought about the message on her mobile phone, and when she took it out, the smile on her lips suddenly stiffened.

"Of course, I am looking for you in a hurry, come to Jackson's family! Now!"
This number... Grandma?

Chapter 250

Of course, you are actually mine...

"I'm in a hurry, I have to go out first."

Before entering the school gate, Emily Gale was about to look back.

Su Xiaomi was anxious: "Of course, didn't you say that you should return to Jackson after class?" "Yes, our time is very tight."

He Lingzhi also looked anxious.

If the reporter interviewed by September Media, if they were not there, they would collapse!

"Second Young Master Jiang won't listen to us. If you can't come back in time, what should you do?" Emily Gale looked at the time and thought about it before saying, "I will come back."

She was uneasy, really uneasy. .

When I left last night, there was a faint feeling of inexplicability.

Just like, the old lady still has many things to say to her.

But because of Kylenea Gale's appearance, the old lady had no time to speak, and she was interrupted.

The old lady is so anxious to find her, does she want to finish what she didn't say last night?

"Of course..."

Su Xiaomi was still worried.

Today is really important.

Although I don't know what happened to Emily Gale, in case she can't come back...

"Trust me, I will definitely come back."

Emily Gale hired a taxi on the side of the road. Without saying anything, he dived in.

"Squad leader, what should I do?" Su Xiaomi looked at He Lingzhi, and his anxiety continued to expand.

"It's okay, I believe Ranran, she will definitely be able to rush back."

In fact, He Lingzhi is also very worried now. Emily Gale's departure at this time is really worrying.

However, no matter how worried it is now, it will not help.

"Go to class first."

... When Emily Gale arrived at Jackson's house, the old lady was not in the room.

Hearing that she was by the lake in the backyard, Emily Gale didn't even think about it, and hurried over.

However, before reaching the lake, she was still a little cautious.

I asked the little maid and knew that Kylena Gale had left the house early this morning, so she walked to the lake without worry.

The old lady did blow the wind by the lake, and Tweety stood by.

Seeing Emily Gale coming, Tweety smiled and said: "Young husband...Miss Ranran is here."

The old lady looked back and saw Emily Gale, and she was relieved: "Ranran!" "Grandma, you really asked me to come."

Is it?" In fact, Emily Gale was a little skeptical.

In case, it is Kylena Gale's conspiracy, then Kylena Gale may not only be the one who is critical to her.

What caused the old man to blame her on such a thing? Maybe I watched a lot of novels on TV. When I came here, I did think about it.

But seeing the old lady nodding her head, she felt relieved.

It seems that she is thinking too much.

"Last night, did Kylena Gale... embarrass you?" She didn't want to say bad things about others in front of the elderly.

However, Kylena Gale's posture last night was too arrogant.

"No, but she did

... Admitted to me wrong.

The old lady was relieved when she thought about it.

She was very nervous and cautious all night, but she didn't expect such a dramatic change to happen when she woke up the next day! "She admitted her mistake to you?"

"Is that woman a person who confessed to others? Thinking about it, it was impossible. However, Emily Gale still asked, "What did she admit to you wrong?"

"She..."

The old lady thought for a while, but didn't answer directly, she just sighed slightly.

"Of course, during this period, you have been wronged. Master will come back this morning, and I will tell him face to face.

"There are some things, she decided not to escape. Her body knows that she has not many days. Instead of keeping it hidden, one day the old man will find out, it is better to confess.

"Grandma, what do you want to say to the old man?"

"Does the matter have to do with her? Otherwise, why did she hurriedly let her come back at this time? "Of course, you are mine..."

The old lady thought for a while and looked at Tweet again.

"Go and prepare something for us."

Come here for a snack.

Tweety knew that this was the old lady who wanted to whisper to Emily Gale, deliberately trying to take herself away.

She nodded and turned and left.

After Tweety walked away, the old lady held Emily Gale's hand: "Ranran , There is one thing, I don't know if your mother has mentioned it to you.

"I don't have any impression of my mother anymore, basically no memory of her."

Emily Gale sat down on the stone bench beside her and looked at her: "Grandma, do you know my mother?"

"Of course I know, your mother looks exactly the same as you. I almost thought that when I saw you last night..."

Thinking of last night, it was really thrilling! But fortunately, Kylena Gale finally found out that it was probably because of fear. I've treated her sincerely early in the morning.

"Ranran, your mother..."

The old lady slowly said, "She is actually mine... Ranran?"

"The old lady's face changed suddenly and she clearly felt something was wrong. Emily Gale looked at her: "Grandma, what's wrong?"

What does my mother have to do with you?

Milk... Grandma!

what's wrong with you?

"The old lady's wheelchair has been rolling towards the lake. Emily Gale rushed over, trying to hold the wheelchair, but she didn't have enough strength.

"Grandma!"

"Ranran, Ranran..."

The old lady almost fainted in fright, she could only hold onto the wheelchair handle tightly. Emily Gale had already pulled the edge of the wheelchair, but the wheelchair rolled too fast, she loosened her hand and the wheelchair immediately rolled in. In the lake pond.

"Ah..."

Not far away, Tweety screamed, "Old lady!"

Emily Gale didn't have time to think, and immediately jumped into the lake pond. However, the wheelchair was still rolling towards the center of the lake.

She almost caught the old lady's hand several times.

It's out of reach every time.

Emily Gale can only chase it all the way, but she can't swim at all.

Before chasing it for too long, the person was already groggy, unable to breathe thoroughly.

"Old lady!" Tweety rushed to the lake. When they saw that both of them were lost, they immediately panicked and yelled: "Help! Help!" "The old lady and the young lady are in the water! Help, help!" Several security guards came and rescued Emily Gale, who was closest to the lake.

But the old lady had been in the water for too long, and when she was rescued, she was dying.

Both of them were sent to the medical room, Ye Hanhuo rushed in anxiously, determined that Emily Gale was fine, and immediately rescued the old lady with all his strength.

It's a pity that the old lady choked on water for too long, and she was... unable to do anything.

"What's going on? What's going on?" The old man who had just got off the helicopter, when he rushed back, just heard the bad news announced by Ye Han.

He walked in without a word, expressionless.

Hunter Jackson also returned, and everyone in the Jackson family.

All squeezed into the medical room, and the whole medical room was basically all from the Jackson family.

After Emily Gale woke up, she wanted to go in immediately, but was driven out.

Kylena Gale also hurried back.

After rushing in, she lay down beside the old lady and started crying.

The people in it were crying.

This stern cry made Emily Gale like falling into an ice cellar.

The old lady is gone, she really is gone!

Blame her!

If she could be pulled in time just now, there would be no such accident.

It's all her bad, why didn't she save her back?

why?

Suddenly, someone pushed open the door of the medical room, rushed out, and slapped Emily Gale's face with a slap.

"Why are you killing grandma? Why? Grandma is dead! Are you happy? Grandma is dead!"

Chapter 251

Every step, stepping on the edge of life and death, Emily Gale was unprepared, and slapped to the side with a slap.

Jackson Xueer still rushed over, raising her hand to make another slap.

However, Aspen Li stepped in front of her first, blocking Emily Gale behind him: "Miss Six..."

"Go away!" Jackson Xueer couldn't hear anything, and she slapped her hand, this time, she was so cruel. Falling on Aspen Li's face.

With a snap and a crisp applause, Aspen Li's face was like Emily Gale's, and red fingerprints immediately appeared.

Aspen Li didn't fight back, but didn't let go, still standing in front of Emily Gale.

"I'll let you go away! I hear you! You let me go away!" Jackson Xueer went mad, and slapped one after another.

Crackling, all fell on Aspen Li's face.

Aspen Li just took it quietly, without saying a word, but always refused to let go.

The people in the medical room were all driven out by the housekeeper.

The old man wanted to be alone with the old lady, so even if the other members of the Jackson family were sad, they had to leave first.

This would come out of the medical room, but everyone's eyes fell on Emily Gale.

"She pushed grandma into the lake, this b*tch!" Jackson Xiaoran also rushed over.

Pushing Aspen Li, he kicked him again without pushing the person away.

Aspen Li was like a wooden man, guarding Emily Gale's side.

Before waiting for the young master, he said nothing to let go.

Without knowing who it was, he picked up the chair on the side and slammed it on Aspen Li.

With a snap, the chair was broken, and Aspen Li was still like a piece of wood, still silently guarding in front of Emily Gale.

The forehead was smashed by the foot of the chair, and the blood kept falling, but he remained standing.

The old lady was gone, everyone was very sad, and Aspen Li could understand their craziness.

It is because of understanding that he cannot leave at this time. If he leaves, what will Mrs. Young do?

He is strong, and it's okay to get a few strokes, but Mrs. Shao is weak, I'm afraid she can't stand it!

"Aspen Li, get out of here! Let this b*tch come out and make it clear to everyone!" "Aspen Li, don't let go, don't blame me for being polite!" "Aspen Li! Get out!" Finally, amidst the noise, Two slender figures came out of the medical room.

That was something the old man could bear, and the last two people left beside the old lady's body, Hunter Jackson and Ross.

He walked towards Emily Gale, and every step he took was like stepping on the edge of life and death.

Heavy, laborious, cold and intimidating.

He stared at the girl who was standing behind Aspen Li, and there was no warmth in the cold eyes.

Finally, he walked to Emily Gale's, his deep and cold eyes locked her facial features tightly.

Aspen Li raised his hand and wiped it

Finally let go of the blood on the face.

"Abei, when your grandma had an accident, only this woman was with her! She was the murderer!" Jackson Shiru knew that to deal with Emily Gale, Hunter Jackson had to do it himself.

If Hunter Jackson is unwilling, no one can approach her!

Everyone's eyes also fell on Hunter Jackson.

Emily Gale is now alive or dead, and he can only rely on his words from Young Master Jackson!

Emily Gale raised his head and met Hunter Jackson's unwarm gaze.

She shook her lower lip, her voice hoarse: "It's not... it's not me.

The wheelchair rolled down into the lake by itself. I wanted to pull her back. I was going to pull it back."

A tear finally slipped from the corner of her eye. Come down.

She really wanted to bring her grandma back, but she couldn't hold it, she couldn't hold it!

"It's really not me!" Emily Gale wanted to squat down, she had no strength.

From just now to now, everyone said that grandma was dead, but she still can't accept it.

She couldn't react.

Everything was like a dream. For more than an hour, the grandma, who was still talking to her and still smiling at her, died.

Is it really dead?

But until now, she hasn't seen the old lady.

Is she really... no longer?

She couldn't believe it, and she didn't want to believe it.

A good-natured person, how can I say that he is not there anymore?

Why is this happening?

Suddenly, with a click, the door of the medical room was opened, and the old man's decadent figure came out.

In the face of everyone's gaze, the old man has calmed down, and there is no expression on his gloomy face.

"Grandpa, this b*tch killed grandma!" Jackson Xueer rushed over and grabbed the old man by the sleeve.

"I have inquired about with the bodyguards. When the accident happened, she was the only one on the scene, and Tweety could testify!" The old man's gaze fell on Emily Gale, and then looked at Tweety.

Tweet's mouth flattened, and she didn't know whether it was sad or panic, and tears rolled down.

"Master, at that time... it was the old lady who asked me to go back to get the cakes. I just walked away and something went wrong with the old lady."

Although the old lady has not been around for a long time, the old lady is a very kind and good person. More or less Tweety still has feelings for her.

She whimpered and continued: "At that time, it was true that only the young lady was..."

"She is not a young lady! The eldest brother has already published the newspaper and has broken the marriage contract with her!" Jackson Xueer said sharply.

Jackson Xiaoran also cried and said, "That is, why did you let an outsider accompany grandma alone? Grandma's accident, you are also responsible!" Tweet was so scared that she fell on her knees and sobbed: "Sorry, sorry master, it's me Wrong, sorry..."

She shouldn't

Leave the old lady, no matter what, she should stay by the old lady's side!

It was her fault, it was her fault!

"Woo..."

The old man stared at Tweety who was kneeling on the ground, and asked in a deep voice, "What did you see at that time?" "I saw..."

Tweety tried hard to recall the situation at that time and couldn't help but look at it. Emily Gale glanced.

"I saw that the old lady's wheelchair was sliding towards the lake. Shao... Ms. RJenni chased the wheelchair, as if... as if she wanted to pull the wheelchair back."

"As if?" Jackson Xue'er's voice suddenly sharpened again. .

"How can you use these two words? How long do you have eyes? Didn't you see clearly?" "I...I'm sorry, woo...I'm sorry, because the distance is too far, I can't see clearly..."

"So are you? I can't see clearly, is Emily Gale pulling grandma back or pushing grandma down?" Jackson Xiaoran's words made Tui Er's eyes widen, and she looked a little shocked at Emily Gale.

"At that time...Miss Ranran bent over, with both hands in the wheelchair..."

But she really didn't see clearly, whether Emily Gale was going to pull the wheelchair or pushing the wheelchair down!

Because the old lady has always been kind to Emily Gale, Tweety believes that Emily Gale is a good person.

But, what if she really pushed the old lady down?

Everyone saw Tweet's expression, even if she didn't say anything, they had already guessed it.

Tweety is not sure if Emily Gale is saving people or killing people.

Shi Ran frowned, and whispered: "But...if there is no external force to push, it's good, how can the wheelchair roll into the lake by itself?"
