

Love Through Time and Space

Chapter 252

Tweety's hesitation in a coma made Emily Gale even more desperate.

There was no surveillance, no witnesses, and even the most critical witness, Tweet, couldn't figure out what he saw.

And Shi Ran's words gave everyone the deepest question.

If no one pushes, will the wheelchair move by itself?

Will the old lady fall into the lake by herself?

"Grandpa, hand over this woman to the police and let them deal with this matter.

She must give her grandma an account!" Jackson Xiaoran wished to tear Emily Gale off now, but she did not dare!

Because the eldest brother has been standing in front of Emily Gale, the tall figure is like a big mountain.

Brother is here, no one can touch Emily Gale!

Kylena Gale just looked at Emily Gale.

It was very strange today.

She was very quiet and didn't say a word from beginning to end.

The old man stared at Hunter Jackson for a long time, and then suddenly said, "I have something to tell you."

... Emily Gale was locked in an airtight room.

The room is not big, small, like a warehouse room in the medical room.

But she didn't care, sitting in a dark corner, holding her legs, her tears dried, she looked at the dark front in a daze.

She finally killed the old lady.

She knew that no one would have good results with her.

In this life, she and Ross have almost no intersection, so now, Ross is still alive.

But she spent too much time with the old lady, and the old lady left.

She was the cause, she was the cause!

She was in this small room and didn't know how long she stayed.

Until someone opened the door of the room.

The light penetrated in, and her eyes couldn't adjust to it.

She raised her hand to block the light directed at her, and when she opened her eyes, she never expected that the person she saw would be him.

"Jiang... Second Young Master?" Her voice was hoarse, her throat seemed to be on fire, she almost couldn't squeeze out.

Jiang Nan walked over and helped her up.

I don't know if it was because of sitting for too long. When I got up, Emily Gale felt a burst of blood rushing to his head.

"Jiang..."

She rolled her eyes and fell straight down.

Everything in front of him finally fell into endless darkness.

If you can't sleep, can all of this be treated as not happening?

If nothing happens, can grandma survive?

If she never returned to this world, if she really died completely in that car accident?

Perhaps, no one will be hurt again.

Maybe, grandma can still live well... Emily Gale didn't know where she was taken.

Dazed and groggy, she seemed to have a long, long dream.

In the dream, the old lady smiled kindly, the old lady's gentle voice, and the old lady's call: "Ranran, Ranran..."

Ranran is here, but, grandma, where are you?

She wanted to hold the old lady's hand, but no matter how hard she tried, she couldn't hold it.

Suddenly, the old lady's wheelchair rolled up and rolled to the cliff behind her.

She was frightened and hurriedly rushed over, trying to bring the old lady back.

But she couldn't hold it, she still couldn't hold it!

"No! Don't go! Grandma, grandma, come back, don't go..."

In a daze, someone held her in his arms.

She kept shaking in his arms, constantly waving her hands, trying to catch something, in the end, she seemed to finally grab the hand of grandma!

"Don't go, grandma, grandma, I will protect you, don't be afraid, don't be afraid..."

The high fever kept going, and the girl kept talking and sweating all over.

The clothes were changed over and over again, and after a short period of time, they were soaked again.

Bottle after bottle of needle water was hung up, but the temperature couldn't drop.

"Grandma, I protect you, don't be afraid, don't be afraid..."

Her faint voice made those who heard it feel sad.

His big palm fell on her face, trying to wipe the tears from the corners of her eyes.

But her tears are like endless, no matter how they can't be wiped clean!

She didn't plead for herself, didn't complain for herself, in her dream, it was all to save grandma, to protect grandma.

She doesn't need to call her grievances anymore, she doesn't want to explain for herself anymore.

Because of the explanation, grandma cannot be returned to this world without returning to her life.

The man held her hand tightly, his voice low, yet so reassuring.

"It's not your fault, maybe, she was too tired of living and wanted to leave early."

"You have to be strong and wake up, otherwise, grandma will be sad!" "Wake me up, you know?" That voice, it seems to be far away in the sky, and it seems to be ringing in the ears, close in front of you.

But why do you want to wake up?

After waking up, I won't see my grandma!

She didn't want to wake up, not at all.

She just wants to stay in the dream. In the dream, at least, she can hold grandma's hand, and grandma can smile at her... I don't want to wake up, never wake up again.

Just go to sleep like this, never wake up.

She will accompany her grandma to the end of the world.

Don't be afraid, grandma, I will not let you go alone, I will guard you, always guard you... For three days, she has a high fever.

For five days, she remained groggy.

For seven days, she still refused to wake up!

Heart disease!

It was like a spell that trapped her tightly in a dream.

Ten days!

The fever is gone, but people are still unconscious!

That person always keeps

By her side, he could not see his face, but could only vaguely hear him talking to herself.

"Wake up, you can't escape forever."

"Wake up, otherwise, grandma will die!" Grandma will die!

She will not look down!

She seems to have something to tell her about her, about her mother...

"Of course, I know your mother. Your mother is..."

The grandma in the dream suddenly changed her face. Stiff.

Her ruddy face turned into jet black, and soon her whole body was completely black.

She was shaking and twitching constantly!

She was in pain, she couldn't breathe, she was desperately calling her name:
"Nanran, Ranran..."

"Grandma, why is grandma? Who hurt you? Why is this?" Emily Gale is going crazy, old lady She opened her mouth and tried to speak: "Ran, your mother...yes..."

Suddenly, she wowed and a mouthful of black blood poured out!

She was poisoned, and someone is going to poison grandma!

No, she was not poisoned, she was stabbed!

Seeing the blood splashing out of grandma's chest, Emily Gale wanted to rush over, but she didn't know what was tied up, and she couldn't get rid of it.

Grandma's wheelchair suddenly moved again, and the scene from now on is still the lake and pond.

Grandma rolled down, and with a plop, she rolled down the lake with a wheelchair.

Gradually, it sank to the bottom of the lake...

"No!" Emily Gale opened his eyes suddenly and sat up: "Grandma, grandma!" A self-cultivating figure sat down by the bed, holding her shoulders with his hands: "You finally wake up. Now?"

Chapter 253

He is so good to you. Emily Gale is in a trance.

Although he is awake, his whole person is like no soul.

Sitting on the bed, his body limp, his eyes blank.

I can't see my grandma, everything in front of me is completely strange.

The man helped her to lie on the bed.

She closed her eyes again. He was anxious: "Emily Gale, can't sleep anymore!" "Doctor, check her soon!" The doctors and medical assistants all rushed over.

After a checkup , The dripping, the oxygen supply, all of a sudden rushed.

In this chaos, two drops of crystal tears slipped off the corners of Emily Gale's closed eyes, moistening the pillow towel on the side.

Yes, although she closed her eyes, she was really awake.

I also clearly realized that Grandma will never come back again.

The doctors and nurses were busy for a while, but Emily Gale still just closed his eyes and said nothing.

Finally, Jiang Nan waved his hand, and the doctors and nurses left.

There were only two of them left in the ward.

Jiang Nan pulled a chair and sat down beside her.

He took a tissue from the bedside table and wiped it at the corner of her eye.

“Since you are awake, face it bravely.

Avoidance is not your character, Emily Gale.”

The girl’s long eyelashes trembled slightly, but she still didn’t open her eyes.

Jiang Nan didn’t want to force her, no matter it was for anyone, it was not easy for anyone to cheer up after experiencing such an experience.

But now that it has happened, no matter how difficult it is, it should be faced.

He could give her time, after all, she was in a coma for ten days and ten nights before she just woke up.

My body is still very weak now, I can’t even drink water, and I have to rely on nutrient solution to survive.

It’s really too difficult for her to face it at this time.

Jiang Nanqian sighed, leaned back in the chair, and looked at her quietly.

Thinking she was asleep again, unexpectedly, Emily Gale suddenly said, "How did I... get out of Jackson's house?" Her voice was hoarse, if it hadn't been staring at her face, such a slight voice, Jiang Nan Will definitely miss it.

He was actually surprised, and obviously a little excited, a light flashed across his eyes.

But he was afraid that his excitement would scare this person who had been sleeping for ten days, so his voice became gentle.

"Young Master Jackson notified me to pick you up, and after that, I will pick you up."

Emily Gale raised his eyelids slightly, and finally opened his eyes to see her: "Where is he?" Jiang Nan did not answer this question, only Said: "The doctor said that you can drink water after four hours. You should bear it first."

Emily Gale was very persistent: "Where is he?" "He visited you."

Jiang Nan smiled at her, "Young Master Jackson is very kind. Busy, he still has a lot to deal with."

She knew he was busy, but she still had a little expectation in her heart, looking forward to staying with her day and night when she was sleeping

His man is him.

But if it was really him, why was Jiang Nan the one he saw when he woke up?

She took a long sigh and closed her eyes again: "Looking back, I will go and thank him."

Anyway, under such circumstances, it is already a great thing for her to get out of Jackson's house smoothly.

As for the accidental drowning of Jackson's old lady, in the end, I am afraid it can only be an "accident".

Regardless of the results of the investigation, it must be beneficial to the Jackson family and the Jackson family.

This is the family affair of a large family, and the family affair of a large family often affects the interests of the entire family.

When he opened his eyes again, Emily Gale's spirit seemed much better.

She looked at the man sitting by the bed, her cracked lips moved slightly: "Thank you."

She didn't expect that a person who could almost be said to meet each other by the water would be able to accompany herself day and night.

One company is ten days and ten nights.

Although she had been in a coma during this period, she was still able to wake up with someone guarding her.

She remembered this kindness in her heart.

Jiang Nan wanted to say something, but in the end, he said nothing.

He just nodded and put the quilt on her: "I will sleep again."

"Yeah."

... Three days later, Emily Gale was discharged from the hospital.

During this time, my friends will come to see her every day, but they seem to be very busy, and they don't have much time to stay here every day.

When Emily Gale was discharged from the hospital, when it was time for the Jiang family, he finally knew why they were so busy.

"Look, look, are you satisfied with the current office building?" It was just to let Emily Gale see the complete September media when she was discharged from the hospital, so they didn't have much time to go to the hospital these days.

Emily Gale was moved a little, and when he walked into the lobby, he clearly felt a serious atmosphere belonging to a big company.

I really didn't expect that one day she would be able to take care of such a large department in person.

This is something that Emily Gale in his previous life could not even think of.

In her previous life, she was a rice worm, specializing in gnawing rice worms.

"Ranran, take you to your office."

Emily Gale's office is on the eighth floor.

It is not very large, but it is very spacious and bright.

Simple and clean is her favorite style.

"How did you carry the interview that day? Really use the second young master's scandal?" She was still a little weak today, and after coming in, she sat down directly on the office chair.

Su Xiaomi shook her head and couldn't help but quietly glanced at the man sitting on the sofa, who was drinking coffee.

She leaned close to Emily Gale and whispered: "The second young master is not willing to tell me the gossip."

As soon as he said about it, he immediately refused.”

“Isn’t the interview...”

Regarding the matter, Young Master Jiang just said, if you are interested in visiting my private office, all those reporters rushed past.

“His private office?” Emily Gale looked at the man on the sofa in the corner of the office. He was holding his mobile phone and drinking coffee while watching the news.

It seemed that he seemed indifferent to their affairs. But Emily Gale knew that he was right.

She is good enough, good enough to give her a feeling of being unrequited. People like Jiang Ershao, unless they are to help her, are not willing to show their private space to everyone.

After he sent her back today, he has stayed here. His time is so precious, but he is still willing to waste her. Emily Gale wants to say thank you, but Jiang Nan seems not to care about their conversation. So thank you He probably doesn’t like to listen to this kind of words? “Well, of course, there are a large number of new employees for interviews today, I have to watch.

Su Xiaomi looked back and asked cautiously: “Second Young Master Jiang...”

“Go ahead, I’ll look at her.”

Although Emily Gale can be discharged from the hospital today, but because he was in a coma for ten days and ten nights, his physical function is still very poor.

The doctor said that someone needs to watch it during this period, just in case he faints and falls. Su Xiaomi nodded, and when she watched Emily Gale again, her eyes couldn’t help but bring a strange luster.

“Second Young Master...”

She approached Emily Gale and whispered: “It’s really good to you, you must know how to cherish it.

After that, without giving Emily Gale any opportunity to refute, he took a light step and left.

Chapter 254

Are you really willing?

In the midday financial news, a piece of news that shook the entire Beiling business district, shocked Emily Gale even the chopsticks in his hand and fell on the table.

The Century Group of Mr. Jackson has been acquired by Mr. Jackson from today.

Young Master Jackson took up the position of President Jackson’s new president, and Father Jackson officially retreated behind the scenes.

Emily Gale lowered his head, looked at the white rice in his bowl, and said nothing.

Jiang Nan didn’t expect that the TV in the box would show financial news.

Yes, this is his private box.

The restaurant employees know that he likes to watch financial reports.

“You...”

He closed the door, walked in, put the chopsticks on the table away for her, and put them back on the chopstick rest.

"How? Is it uncomfortable?" Emily Gale shook his head, still lowering his eyes, and didn't know what to look at.

It's just that everything in front of me is suddenly blurred.

Jiang Nan looked at her carefully, only to find that Dou Da's tears fell from her face, snapped, and fell on the table.

"What's the matter? I'm not happy to see this report?" The boss wants to return to Jackson's family, he has known it a long time ago, so this report is expected.

"The Century Group is his painstaking effort. He has worked hard for so long, just to have his own sky, ooh..."

Emily Gale finally couldn't help it, and started crying loudly on the table.

He loves his Century Group very much, really loves very much.

Everyone knows that Young Master Jackson is a workaholic. If he doesn't really love him, who would like to be a working machine forever.

But now, he would rather give up the Century Group he founded by himself, return to the Jackson Family, and even send the Century Group to the Jackson Family.

The president of Jackson's sounds so high, so remote, so enviable and envy.

The Jackson family didn't know how many people were staring at this position, staring straight.

However, Young Master Jackson is definitely not one of them, absolutely not.

Why should he go back?

Why give up your favorite?

"I was able to walk out of Jackson's house smoothly because of the compromise made by Young Master Jackson?" Her voice became hoarse and her eyes were red and swollen, but she couldn't change this fact.

Jiang Nan didn't answer her question, but just smiled: "Why don't you think that Jackson will be stronger in the hands of Joseph in the future?" "Joining forces together is not better than developing his own group so hard.

"Yes, the current Young Master Jackson has a more noble status. In the future, Jackson Shi must also belong to him.

The future is unlimited!

But, is that really what he wants?

Emily Gale didn't know how long she had been crying before she raised her head and looked at Jiang Nan with tears in her eyes.

"I am able to walk out of Jackson's family because Young Master Jackson agreed to these conditions?" "Since I know, why bother to ask?" It's all over, no matter what she does now

Nothing can change this fact.

Perhaps, Century Group was once the boss's everything, even the boss's life.

But from the moment he took the initiative to chat with the old man, Century Group no longer had any meaning in the eyes of the boss.

Because, in his life, there is already one more existence, more important than his own life.

"The old man will not let you come back to him. If I were you, I would die of this heart."

Some words may be hurtful, but they are facts.

"You are an existence that can be compared to the Century Group. This kind of existence is a threat to the old man."

"What's more, you let Young Master Jackson lose so much. I am afraid that he will not continue to let him You stay by your side."

"For a successful person like Young Master Jackson, you will only be a burden to him. He can stand invincible only if he breaks his love and forgets you."

He picked up Paper towels wiped tears from the corners of her eyes.

"This time, he took the initiative to throw you at me. From now on, don't think about going back."

"It's not that he is bad, nor that he doesn't care about you, it's because he cares too much, let alone want you, you...understand Is it?" Emily Gale squeezed her palm, wondering if she understood, but she at least heard Jiang Nan's words clearly.

She... has become Hunter Jackson's burden, staying by his side will only harm others and himself.

She finally lost the qualification to stand beside him.

"Then what are your plans in the future?" This girl should understand, but she doesn't know what she is thinking.

"What else is there to plan?" Emily Gale pulled a paper towel and wiped her face clean.

"Days must be passed."

...

It seems to the outside world that Hunter Jackson took over as the president of Jackson's.

Among the younger generation of the Jackson family, the youngest Jackson is the best.

The old man wants to choose the heir, and the choice of the youngest Jackson is highly desirable.

However, at Jackson's house, this is a bolt from the blue!

"Didn't he say he wants to go out and create a world by himself? Why did he go back to Jackson's house!" Daniel Jackson was so angry that he almost kicked the chair in his lobby to pieces!

Sitting not far away, there is also a half-brother, Jackson Peitang, the fifth young master of the Jackson family who has rarely been at home in recent years.

At this moment, Jackson Peitang was tasting the red wine collected by Daniel Jackson, and seemed not to care about his anger at all.

"Big brother is indeed a business prodigy. In fact, everyone knows that when the big brother comes back, the Jackson family can grow stronger. Isn't this a good thing?" "This is really what you think? The young master Jackson took over the young Jackson, then It means that Jackson's family will never fall into your hands!" Jackson Peitang looked at him with a complicated expression.

After a while, he laughed loudly: "Second brother, to be honest, that..."

He slowed down and coughed slightly: "Even if the eldest brother does not take over, Jackson Shi will not fall into my hands. Isn't there a second and third brother?" He laughed a little embarrassedly, "Second brother, You asked me to come over for a wine tasting, didn't you want me to alliance with you, do you engage in confrontation or something?" Jackson Peitang seemed to be a little afraid of this topic, and quickly shook his head and waved his hand.

"In terms of business skills, we are really not big brother's opponents. Jackson's fall into the hands of big brother, everyone is convinced."

"Second brother, I advise you not to toss, and you will be a general manager in the future. Mausoleum is also a superior existence."

"But if you keep fighting with your eldest brother, if you irritate your eldest brother, you won't even be able to stay in the Jackson clan in the future!" "The general manager of a district, you think I am rare!" Hunter Jackson is the president, so he can only be a small manager?

Everyone is surnamed Jackson, why does the old man treat them differently?

"Over the years, Major Jackson has put all his thoughts on his own Century Group. What contribution has he made to the Jackson family?" "In the past few years, I have done my best for the Jackson family. Isn't the old man invisible? Is he blind?" "Hunter Jackson and I, who has contributed a lot to Jackson's? But what about him? How can he be so partial?" "Second brother, you have been drinking too much. ."

Jackson Peitang wanted to pull him, but Daniel Jackson threw him away with a look of displeasure.

"What about you? You are a real high student. You got a doctorate in economics at the age of eighteen. Everyone knows that you are a ghost!" "But, as long as Hunter Jackson is there one day, you will never be there.

Are you really willing to get ahead?"

Chapter 255

I asked Emily Gale and Pei Tang to rub his eyebrows, a little helpless.

"Second brother, like me, I just study very well, but I don't have much actual combat experience."

"The old man just doesn't give you a good opportunity!" Daniel Jackson just couldn't swallow this breath.

"He gave all the opportunities. Hunter Jackson!" Jackson Peitang felt that he still drank the bar, so he didn't have to make a lot of mistakes.

"I don't believe it, you don't have any desire to fight for power!" Daniel Jackson walked over, slapped, and put the wine bottle in front of Jackson Peitang.

"Don't blame the second brother for not warning you. If you don't fight for yourself, sooner or later you will be forced to not even get a little equity from Jackson's."

"Second brother, my actual combat experience is really insufficient, you know. , Grandpa knows too."

Jackson Peitang sighed and spread his hands: "Last time Grandpa gave me the opportunity to purchase that piece of land to develop real estate."

"You know, real estate now is the most profitable."

Business, didn't Grandpa not give me a chance.

As a result, what did I do?" Jackson Peitang was a little discouraged, and whispered: "If it weren't for the last big brother to take the action, I don't know how much it will cause trouble."

"So second brother, study goes to study.

Actual combat is really different. I, the so-called ghost, has nothing to do except study."

After drinking the last sip of the drink in the glass, he immediately put the glass down and stood up.

"Second brother, I have something to do. I'll leave first, and I'll look for you for a drink later."

Without waiting for Daniel Jackson's response, he waved his hand and left quickly.

It seems that leaving an extra second will cause trouble to the upper body.

Yes, this bastard is just afraid of getting into trouble!

What is going on with these people?

Everyone is so afraid of Hunter Jackson!

"Daniel..."

Shi Ran sighed silently as she walked down the stairs and looked at Jackson Peitang's back quickly leaving.

"Daniel, don't fight with your eldest brother anymore. In fact, your fifth brother is right. Fighting with Joseph will not have a good result."

The old man is obviously, the most important thing is Joseph.

This time, something happened to the old lady, but he just used it to force Young Master Jackson to return to the Jackson family.

For the old man, it was a blessing in disguise.

The current Young Master Jackson, who is more than ten thousand under one person, who can fight against him?

"I don't believe it. Hunter Jackson didn't make a mistake, he didn't disappoint the old man!" Daniel Jackson was still very angry. From hearing the news to the present, the anger in his chest did not go down. Over.

He poured himself a glass of red wine and drank it all at once.

Shi Ran sat down opposite him and looked at his son's flushed face, a little helpless.

"Actually, the fifth child is smart."

"That guy, he can only read books!" Smart?

Use your brain

On the study test!

As he himself said, when it comes to actual combat, he is really not good at all.

Grandpa wanted to train him, otherwise, he wouldn't have given him so many big projects when he was only 22 years old.

But what did he succeed?

Basically, nothing can be done well!

What Shi Ran wanted to say, in the end, he only exchanged a sigh.

Now that the son is angry, it is useless to say anything to him.

Maybe it's good to be rash and reckless, at least not to be stared at all the time.

In this home, some people are scary, and some eyes are also creepy.

In the end, who is the good person, who is the bad person, who is innocent, and who is carefully arranging all this.

Perhaps, when the truth is revealed, the facts are often unbearable...

"Tomorrow Jackson Shi will hold a new board meeting. Don't drink so much. Prepare yourself. Maybe then, you will need to speak."

"With Young Master Jackson, it's my turn to speak?" Daniel Jackson snorted coldly.

"Good son, don't be angry. You did it for Jackson's family. Everyone sees it."

Shi Ran walked to him and sat down and gently pushed his shoulders: "Okay, is it because of Jackson Da? Don't be with the Kylena Gale you like, will you become so angry?" "Who likes the kind of vain woman?" He didn't like Kylena Gale long ago.

"That's weird, my son has never been so angry about these things in the mall."

Zhier Mo Ruomu, Shi Ran gave him a little push again, still feeling that the matter was more about Kylena Gale .

"Actually, mom looks at that girl, really isn't that good? It's a bit... well, hypocritical."

Beauty is pretty, but her character is not very good.

"My son wants to find a beautiful girl, can my mother find you? As for Kylena Gale, everyone can tell, she just wants to stick to A Bei's side."

Before walking with her son, it was nothing but I just want to use her son.

They were all women, and she could almost guess Kylena Gale's thoughts.

"Such a woman, don't worry, son, I will have a snack in the future and stop looking for such a bad woman with ulterior motives."

Daniel Jackson still didn't say anything, but his anger gradually subsided.

In fact, half of the reason for being so angry is indeed related to women.

However, it is definitely not the hypocritical woman Kylena Gale.

Long ago, he had seen through Kylena Gale's true face.

He just wasn't reconciled, why he didn't know until now.

It turns out that Emily Gale is his angel!

On the day of the old lady's accident, he happened to be not in Beiling, so he didn't come back immediately.

Later, Emily Gale was taken away by Jiangnan, because the old lady was going to go to the funeral, everyone was always busy, and he didn't put much thought on Emily Gale.

Body.

To this day, it was announced that Young Master Jackson was about to take over as President of Jackson's. Someone ridiculed her ex-fiancée and was not lucky. In the future, the position of the president's wife is likely to be taken away by her sister.

Those people compared the pictures of Emily Gale and Kylena Gale. He accidentally saw the pictures of Emily Gale and realized that the angel he had

been looking for for so long was not far away in the sky, but was in front of him.

No wonder that on the night of the auction, after Hunter Jackson took the angel away, news broke out the next day that Emily Gale was found.

It turned out that everyone knew that he was the only one who was stupid and kept in the dark!

These people deceived him miserably!

Shi Ran originally wanted to persuade him, but after returning to his heart, his son was originally such a person, everyone knew.

In fact, sometimes it's not a good thing to be too good, and it's not necessarily bad now.

"Okay, mom will pick a few beautiful girls for you, and see which one you like, let's invite her to play at home, okay?" Daniel Jackson still just drank booze.

"Son, didn't you even ignore your mother?" "I want a woman."

He was finally willing to talk to her, but when he spoke, Shi Ran was shocked for a while, and he couldn't recover for a long time.

He said seriously: "I want the third lady of the Gale family, Emily Gale."

Chapter 256

Don't kill me, don't kill me!

As early as more than ten days ago, Mrs. Jackson had been in the funeral.

Her cemetery is located in the grave area of Dabie Mountain, which is not very obvious.

The old lady likes to be quiet.

Anyone in the Jackson family knows this.

Therefore, although the Jackson family was rich, they did not give her a burial in the best place.

Here, it is quiet and there is a big tree next to it.

Every day when the sun rises, the shade of the trees will fall on the tombstone.

No matter where the sun goes, the mottled shadow of the tree can always shield her from the scorching sun, but it can give her a hint of brightness.

When Emily Gale first saw this place, he felt that the people who chose this place really knew the old lady.

Emily Gale walked over.

Under the big tree, grandma's name is quietly inlaid on the tombstone.

She thought she could face all this calmly, but when she saw the smiling face of the old lady, all her strength suddenly collapsed.

If she is not that weak, if she is strong enough, maybe grandma will not roll into the lake while she is watching.

Emily Gale knelt before the old lady's tombstone, stretched out a trembling hand, and swiped his fingertips along the old lady's portrait little by little.

Her eyebrows, her nose, her mouth, everything about her.

"You just got better. You are still very weak. You can't get too excited."

Jiang Nan squatted down behind her and held her shoulders: "Sorry."

Emily Gale nodded.

She didn't expect to be excited, but at the time.

The picture is always lingering in my mind.

This shadow, I am afraid, will be pressed on the tip of her heart for a lifetime, and will never be erased.

What could be more severe than letting you watch your loved ones and die in front of you?

In her heart, the old lady is already a real grandmother and a relative of her blood!

She just still couldn't understand. That morning, the old lady said that she wanted to confess to the old man that the matter was related to her. What was it?

Thinking about it now, it seems that there are many secrets hidden in the old lady's words, but before she could tell the secrets, there was an accident.

No, it can't be an accident!

Just like Shi Ran said, it's easy, how could the wheelchair suddenly roll up?

If there is no one to push and no external force, how can the wheelchair move?

"The road by the lake, the flowers and plants on the roadside are higher than the road."

She suddenly stood up and looked back at Jiangnan, her voice a little dull.

"A wheelchair, for no reason, may roll from a low place, over a high grassland, and then into the lake?" Jiang Nan's eyes changed slightly: "What are you trying to say?" "I didn't push the wheelchair. , Absolutely not."

"I believe."

If you don't believe it, how can you keep guarding her?

"But, the wheelchair really moved.

It rolled from the lower marble road to the higher grassland by the lake, and then into the lake."

She suddenly grabbed Jiang Nan's sleeve and said anxiously: "That is impossible. !" Jiang Nan didn't say a word, just watched her grab her sleeve and press her lips.

"I can't solve this mystery, Jiangnan, you can help me think about it, I really can't figure it out!" The most incomprehensible thing was that they were really the only two of them present at the time!

Even Tweet has left!

"What method can I use to push grandma down while I am staring?"
Impossible, impossible!

She raised her hand and held her temple, her head a little uncomfortable.

She really can't solve this problem!

"Are you still thinking about this?" Jiang Nan frowned, as if he didn't agree with her continuing to ask about this matter.

"You don't have anything at all now, shouldn't you be grateful to Master Jackson for not pursuing this matter anymore?" If you continue to pursue this matter, has she thought about the consequences?

"You mean, in order to protect my own safety, I shouldn't continue to investigate?" The most important thing is that she thinks it can't be an accident!

"Is it possible that the old lady accidentally touched the button of the wheelchair? You should know that the wheelchair is electric."

Emily Gale was stunned and tried to remember, but still shook his head.

"No, it can't be the button..."

When Grandma was driven by the wheelchair, she pressed her hand on the armrest several times, but it was useless at all.

She is so familiar with her wheelchair, if she accidentally touches the button, she can definitely stop the wheelchair by herself.

But at that time, the old lady looked horrified, she had nothing to do.

And when they were talking, the old lady's hand was on her lap, how could she touch the button?

The design of the wheelchair is very delicate. In order to prevent the elderly from pressing the button by mistake, the button is also equipped with a protective cover.

This is not the problem, it must not be.

This wheelchair, it just rolled off by itself!

"Someone must have done hands and feet in a wheelchair.

It must be..."

"Of course, it's all over, so don't think about it anymore, okay?" Jiang Nan suddenly clasped her arms, and there was something in the words. anxious.

"This matter, let it go. If it can be found, the Jackson family will definitely check it out. How come you will get it?" "Now, you only need to live your own life and get better.

It's worth it!" "I...I don't believe this is just an accident, it must be man-made, absolutely man-made!" Is it because someone wants to harm the old lady, or someone wants to harm her?

"I'm going to Jackson's house. I'm going to see the road. If the wheelchair is touched by someone, it will leave a clue. Jiang

South..."

"The road has been destroyed, and together with the lake, it has been filled with rockery.

"Why?"

"This is just a few days, how could this happen?" "I heard that the old man was afraid of seeing things and thinking about people, so people filled it out."

"Impossible, how could this be?"

how is this possible?

"Why is the only place where the clue can be found is completely ruined?" Jiang Nan let go of her, and said softly: "Don't worry about these things anymore, it's all over, okay?"

"Emily Gale didn't know what to say, she wanted to say it was not good, but everyone seemed to be stopping and preventing her from continuing the investigation. Maybe there are some things, the investigation will not have any good results, and it may even be involved.

There is something bigger. But, if you don't check, is it necessary to let your grandma die? "I..."

Suddenly, she seemed to see something, pushed Jiangnan away, and hurriedly chased it to the graveyard trail.

The girl didn't know if it was frightened or what, so she turned around and ran away. Emily Gale couldn't chase and was in a coma for so long. Now, her physical strength can't keep up.

"Jiangnan, Jiangnan, help me catch it back, hurry!

Jiangnan!

"The man behind him was a little helpless, so he could only chase the girl with his long legs. When the girl was about to escape from the cemetery, he grabbed her by the back collar.

"Don't kill me!"

Do not kill me!

Tweet was trembling with fright, screaming again and again. Emily Gale finally chased her and grabbed her wrist.

"Tweet, I didn't harm grandma, you know!"

I won't kill you, Tweet, you tell me the truth, what happened that day!

Chapter 257

There are others who have seen her before, "Tui'er, I didn't harm my grandma. I'm not a bad person. How could I kill you?" Emily Gale squeezed her arms, sweating on her face in a hurry.

"Tweet, I'm really not a bad person, trust me!" Tweet finally calmed down and looked at her, not sure whether she was a good person or a bad person.

However, there were really only the old lady and Emily Gale at that time, and there was no third person at all.

If it weren't for Emily Gale, would the wheelchair really roll down on its own?

"I think it's a bit hot here, let's find a specific place to chat."

Jiang Nan looked up and glanced.

In the scorching sun, Emily Gale's face was blushed.

Emily Gale looked at Tweety with anxiety and pleading: "Trust me!" Tweety hesitated for a while before finally nodding.

...Two girls sat together in the shade of the trees.

Jiangnan stood far away and did not participate in their discussion.

"I really didn't harm Grandma. If you can't believe me, I won't be able to discuss with you next."

Emily Gale sighed and stared at Tui Er with a sincere expression.

For this matter, Tweet must believe in herself before we can continue talking.

Tweet also took a long breath, a little helpless.

"Actually, Madam Young, I believe you."

In her heart, that Kylena Gale is definitely not the future Madam of the Jackson family.

Emily Gale was the only wife of the Jackson family.

"The old lady likes you very much, I can tell.

As for Kylena Gale, actually the old lady..."

She paused, but couldn't help but glance around.

There was only Jiangnan around.

Although the distance was a little far away, Tweety's voice was still suppressed very low, just to be cautious.

"The old lady is actually a little scared of Kylena Gale, Kylena Gale seems... it seems terrible."

"Why?" Does this matter really have something to do with Kylena Gale?

"Young lady..."

"Call me Ranran, I'm no longer the young lady of the Jackson family."

Emily Gale said lightly.

Tweety bit her lower lip, but it was only less than a month, and everything turned out to be nonsense.

"Sure."

Tweety called out before telling what happened that night.

"After you left, although Kylena Gale's people also withdrew, she stayed in the old lady's room all night."

"Later, I quietly went to see the old lady and found nothing, but Kylena Gale staying there, I always feel... very upset."

Tweet recalled what happened that night, and still has lingering fears.

Although Kylena Gale's bodyguard did not stay, the two maids were always there.

That feeling was like being stared at all the time, especially, the two maids were terrible and terrible.

"I originally planned

The next morning, I went to see Young Master Jackson.

"The relationship between the old lady and the young lady Jackson is very good. Tweet knows this.

"But I don't know why.

The next morning, I saw Kylena Gale kneeling in front of the old lady, crying.

"I originally wanted to hear what Kylena Gale was saying to the old lady, but there was no chance at all.

The two maids drove me away.

"After that, Kylena Gale left.

The old lady is no different from normal times, so I will prepare for the old lady early and wait for her to get up.

"When the old lady ate breakfast, she was in a very good mood, completely different from the night before."

"The old lady also said that everything is resolved. When the master comes back, everything will come to light.

She said that she can finally let go of her mind.

"Did she say, what is she going to tell the master?"

"This is what Emily Gale cares most about! It is also her biggest doubt now.

"This point, the old lady did not say, but said that she was too stupid, was deceived by others, and caused you... and caused you to suffer a lot of wrongs.

" "I?"

"Emily Gale pointed to herself.

It turned out that this matter really has something to do with her. But what is the relationship? "Yes, the old lady said, 'I am the one who caused it.'

"Being deceived, causing her to be wronged...Is it because you misbelieve Kylena Gale and misunderstand her as a bad person? However, I always feel that it is not that simple.

"Later, did the old lady say anything else?" ?

" "said.

"Tweety has always had a clear memory of what happened that morning," said the old lady. When the master and Young Master Jackson are here, they will be fair to you.

Emily Gale still didn't understand, but Tweety could no longer provide more information. Does this matter have anything to do with the murder of the old lady? She can't do it if she believes this is an accident. This is definitely not.

The accident must be an artificial arrangement! "Right!

"Tui Er suddenly remembered something and looked at Emily Gale: "I remember, before you saw the old lady, the old lady met someone!"

" "Who?

"Emily Gale was anxious and squeezed her hand hard. Tweet was hurt by her hand, but she knew that this matter might be critical.

"It's the lady.

"Shu Ran?"

"Why... it's her? "It's the lady.

Tweety nodded, sure.

"What did they say?"

"Emily Gale asked.

"I don't know.

The lady said that the wind was very windy by the lake, and asked me to go back and get a thin blanket for the old lady, and I walked away.

"In other words, Shu Ran and the old lady were alone for a while?"

"From the lakeside to the back room, there is a not-so-short distance.

At the walking speed of a normal person, ten minutes is at least. In other words, Tweety leaves the old lady, leaving the old lady and Shu

But get along alone for at least ten minutes.

What happened in these ten minutes?

Emily Gale asked again: "Later, after you went back, what were the old lady and the old lady doing?" Tweet shook her head: "I didn't do anything.

After I went back, the old lady left. I didn't do anything about the host's house. Dare to ask more."

Emily Gale didn't say anything, and was silent for a long time before saying: "You go back first. Sneak out at this time.

It is not good to be seen."

"It's okay. I haven't found a job yet. I came here to pay homage to the old lady."

The old lady was really good to people during her lifetime, and she never treated her servants.

None of the servants in the Jackson family hated the old lady.

But Tweety's words made Emily Gale cold all over her body: "You... are not doing things in Jackson's house?" "The lady said that I didn't take good care of the old lady, so that the old lady had such an accident, so... Tweet lowered her head for a long time, then raised her head again and smiled at her.

"It's okay, I'm already looking for a job, you don't have to worry about me."

Emily Gale nodded, wanting to find something in the bag, Tweety immediately said: "Of course, you don't want to give me money, I won't Yes."

"Why do you..."

"Young Master also wants to give me money, but I refused.

It is true that I am not optimistic about the old lady.

They do not hold me accountable. I am already very lucky."

"Young Master Jackson? "Young Master Jackson actually wants to give her money.

"Yes, although the young master looks cold, he is actually a good person."

Tweety checked the time and stood up hurriedly: "I have to pay respects to the old lady, and I will have an interview in the afternoon, Miss Gale, I'm leaving now."

Chapter 258

Let's add a grandson, Cui Er.

After leaving, Jiang Nan returned to her: "How do you say?" "Nothing.

She was fired. Now, I don't know anything about Jackson's family."

Emily Gale stood up, and He walked to the foot of the mountain together.

"Didn't you say anything else?" Jiang Nan was a little surprised, this didn't resemble Emily Gale's character at all.

"I asked about what happened before, but it didn't take long for Tweety to take care of the old lady.

She used to be a maid named A Xin. Tweety didn't know many things."

Jiang Nan still felt a little unreliable, according to this girl. Habit, how can you easily let Tweet go away without asking anything?

However, since she didn't want to talk, he didn't ask.

This incident, as he said, has passed.

In the future, as long as she can live her life well, everything is worth it.

Two people walked to the foot of the mountain, before entering the parking lot, they saw a few people approaching.

Hunter Jackson wears a black suit and shirt, Kylene Gale will always be graceful and luxurious.

Aspen Li walked behind them, seeing Emily Gale and Jiang Nan, a trace of surprise flashed across his eyes.

"Young husband...Miss Gale, how are you doing these days?" Aspen Li couldn't help asking.

"Very good, thank you for your concern."

Emily Gale smiled at him.

After such a thing happened, she could still face these people calmly, and suddenly, even herself felt that she was really calmer than before.

At least, he will no longer be impulsive, nor will he be easily driven by his emotions.

She looked at Hunter Jackson, and asked softly: "Young Master Jackson, how are you recently...?" "Very good."

Hunter Jackson's expressionless, calm face made people unable to see what he was thinking.

"Master Jackson, can I have a chat with you alone?" Emily Gale had been standing outside for a long time, both legs trembling slightly and tired.

The physical function has not been fully recovered. In fact, the doctor's recommendation is to let her stay for three more days before being discharged from the hospital.

She insisted on herself and didn't want to stay in the hospital any longer.

Otherwise, she should be in the hospital today and continue to rest.

Before Hunter Jackson spoke, Kylena Gale, who was standing next to him, sank and said displeased: "Emily Gale, do you think he is not enough?" Emily Gale ignored her and just looked at Hunter Jackson.

Hunter Jackson's cold eyes also fell on her.

Half a second later, he said calmly: "I have something else."

"It only takes you five minutes...no, three minutes."

"Next time, make an appointment with Aspen Li."

Hunter Jackson walked away without looking back. .

Aspen Li had no choice but to smile at Emily Gale awkwardly: "The young master is really busy today."

After paying respect to the old lady, he must rush back to the company to deal with the matter."

"Miss Gale, or I will check it for you. Master's timetable, next time..."

"No

It must.

"Emily Gale shook his head, and finally couldn't help it, and put on Jiang Nan's arm.

She was a bit untenable. Without anything to support, she would definitely fall down. Jiang Nan had already noticed the paleness of her small face. With a long arm stretched out, he hugged her directly in his arms.

"Do you want me to hold you?

There is still a little distance to park here.

"Jiangnan's voice is softer than the surrounding wind. Emily Gale hesitated, and finally nodded.

She really couldn't walk anymore, and she would faint at any time if she continued to walk. Jiang Nan hugged her horizontally and moved forward. Go to the parking lot. Aspen Li said that he was not in a good mood.

The young lady's complexion really didn't look good, she seemed to be very weak.

Also, she was in a coma for ten days and ten nights in the hospital and changed anyone. , It's impossible to recover so quickly. However, the eldest master is here, but the young lady let other men hold... But Kylena Gale looked back at their leaving back, and couldn't help but smile coldly: "So Soon to hook up with the Second Young Master Jiang, why don't I know, my sister's methods are so powerful?

Hunter Jackson paused in his footsteps, and finally turned his head and took a look. But only after a glance, he retracted his gaze and walked to the cemetery

on the mountainside. Hunter Jackson did not stop, and of course Kylena Gale would not stay. Step followed.

“Joseph, I didn’t mean to talk about Emily Gale’s bad things. I just felt that she was in front of your ex-fiance, and other men...”

After a pause, it seemed a bit difficult to speak, “This I am embarrassed to say it.

“Hunter Jackson always just walked towards the mountainside, and seemed not interested in this matter at all. Aspen Li walked behind the two, the more he looked at the swaying figure of Kylena Gale, the more disgusted. This woman has been there recently.

The eldest master brushed his presence around him, not only in Wangjiang Pavilion, but even in the Jackson family, he often went to see the eldest master.

The old man’s vision was really problematic, and he even hinted that the eldest master was with her. Kylena Gale arranged to work at Jackson’s and let her be the young master’s special assistant. Now Kylena Gale has to stay in the young master’s office when she has everything and nothing to do.

It’s really annoying.

The young master doesn’t think much, as long as he concentrates on work, Then he can fully enter his own space. He looked at it but felt very uncomfortable, and there was always a feeling that the environment was polluted. Seeing that Hunter Jackson was unwilling to talk about Emily Gale, Kylena Gale did not mention it. In front of the person’s tombstone, Kylena Gale immediately blushed and knelt down in front of her grave. Taking the paper money from Aspen Li, while burning it to the old lady, she cried and said: “Grandma, how are you doing over there? ?

"Grandma, don't worry about me. Joseph treats me very well. I know he promised you."

He will take care of me in the future and he will do it.

"Grandma, don't worry, Joseph and I will be fine, ooh..."

Aspen Li hid aside, away from the crying. He said this to the old lady, or to remind the young master. Do you want to treat her well? Anyway, now, for everything about this woman, Aspen Li just doesn't please his eyes. Kylena Gale is still crying and talking to the old lady, but Hunter Jackson is standing like a wooden person in front of the tombstone, standing straight. He looked at the portrait of the old lady on the tombstone, staring at the smile on her lips, and the stiff lips were always pressed into a frigid line. I don't know how long he cried before Kylena Gale looked up at him and whispered: "Last night, I dreamed of grandma.

"Hunter Jackson still didn't speak, Kylena Gale wiped her tears, she seemed a little hesitant and a little bit shy.

"Grandma...she asked me when she would give Jackson Jia... Give Jackson Jia a... grandson..."

"Young master, the call is coming over there."

Before Kylena Gale's words were finished, Aspen Li immediately hung up the call and walked to Hunter Jackson's. Hunter Jackson looked back at him, and Aspen Li said, "I said over there.

The route has been arranged. Three days later. , You can start.

" "Ok.

"Hunter Jackson nodded, then turned around, bowed deeply in front of the old lady's tombstone, turned around and walked towards the foot of the

mountain. Kylena Gale almost died of anger. Just now, it was just a little bit so that she could speak completely. I blame this damn Aspen Li! Specially to destroy her good deeds, don't you? This bastard! One day, I will drive him away from Joseph!

Chapter 259

There is not such a big hatred between you and Emily Gale. Emily Gale didn't expect that when he started to doubt Shu Ran, Shu Ran would take the initiative to find the door.

"Jackson Er Shao wants to see me?" Shu Ran came to find herself for this purpose, which was a bit beyond Emily Gale's expectations.

"I know this request may be too much for you, but I really can't do anything now."

Shu Ran poured her a cup of tea, and waited for the waiter to order a meal and left before she looked at Emily Gale.

"Since he knew that Abei was going to take over as the president of Jackson's, he has been drinking himself."

"At first, I thought he was always drunk because of jealousy and anger, but then I realized that he was so painful.

It's all because of you."

Emily Gale didn't speak. In fact, Daniel Jackson really liked the other self.

But this kind of liking, in her opinion, is just that a rich man wants to play a woman.

The so-called true love is simply impossible.

"You are his angel, of course, he really likes you, I have never seen him like a girl like this."

Shu Ran wanted to hold Emily Gale's hand, but Emily Gale avoided him.

She was a little embarrassed and said hurriedly: "Sorry, I won't touch you, don't mind, I'm just...just a little anxious, please look at a mother who is anxious for her son, I..."

"The old lady had an accident the morning, You went to meet her, didn't you?" Emily Gale asked suddenly.

Shu Ran was taken aback for a moment, his face suddenly changed.

She was obviously hesitant, but in the end, she nodded.

"I thought this matter would not be mentioned. Did Tweet tell you? You went to find Tweet?" "Why did you quit Tweet? Just because you don't want her to mention that you met the old lady? What's wrong?" Emily Gale's white face had no extra expressions.

You don't know if she asks, is she suspicious or blame?

Or is there any plan.

Shu Ran looked at her quietly for a few seconds before saying, "Part of the reason is that I really don't like the fact that I have seen the old lady mentioned."

Emily Gale said nothing, and Shu Ran said again: "The days of the rich mansion are not it's better than that, occasionally a little bit of right and wrong may be able to knock you down."

"The unintentional people will doubt, the caring people will take advantage of the problem. In short, to survive in such a giant, one thing is better than one thing less."

"So, the lady thinks I am The caring person or the unintentional person?" Emily Gale asked blankly.

Shu Ran smiled lightly and looked at her: "It seems that you are still brooding about this problem."

She added some tea to herself.

Drinking tea in a cafe sounds a bit weird, but she doesn't like the taste of coffee.

However, the coffee shop is a good place for people to chat and relax.

She came to Emily Gale today for

Talk to her well.

"I didn't harm the old lady, and I didn't have a reason to harm her."

Shu Ran's words were interrupted by Emily Gale: "So, do you have no reason to harm me?" "You?" Shu Ran was taken aback. Meet her gaze.

Two seconds later, she suddenly laughed loudly: "So you thought that I was looking for the old lady to frame you."

Emily Gale didn't speak, just pinched the cup's five fingers and gradually tightened.

Shu Ran finally put away her smile, but she didn't look too serious.

"In fact, to put it bluntly, I really don't have much feelings for the old lady, but murder is a crime.

There is not enough hatred between me and you. Let me take such a big risk to frame you."

Emily Gale She doesn't comment on this, she really doesn't feel that there is such a big hatred between herself and Shu Ran.

However, what Ye Fangfang said in the mental hospital still lingered in her mind and lingered.

Ye Fangfang, who had gone mad, once said that the person who sent her the news of her entanglement with Ross at Jackson's house was Shu Ran.

At that time, her first feeling was that Ye Fangfang was deliberately slandering good people and concealing the truth.

But now, she didn't know whether she was right or wrong.

Ye Fangfang has always been in the mental hospital and hasn't gotten better yet.

If Ye Fangfang really just pretended to be sick, could she stay in that kind of place?

But if what Ye Fangfang said is true, then, what can't Shu Ran and her get through?

"Of course, I don't know what makes you so prejudiced against me? Is it because of Shu Lei?" Shu Ran held the cup and looked at the tea in the cup, her expression a little gloomy.

"Xiao Lei is my brother's most precious daughter, and I have loved her very much since I was a child."

Her brows were filled with loss and helplessness, which did not seem to be pretending.

"If you were me, after knowing that the hands of your relatives were destroyed, I think you would be like me. I can't help but vent."

"However, I also calmed down afterwards, knowing that it must be Xiaolei. , Because Abei is a person with clear rewards and punishments. If Xiaolei hadn't taken the initiative to provoke him, he would not shoot her."

Shu Ran sighed lightly, picked up the cup, and took a sip.

"Everyone has impulsive things, and I'm just a mortal, of course."

"You haven't told me what you asked for the old lady that day."

Emily Gale kept staring at her face and didn't let her face go. Put on any emoji.

"It's for Kylena Gale's business."

Shu Ran frankly accepted her gaze, and even met her.

"Actually, I know that Kylena Gale can live in Wangjiang Pavilion, it must be the old lady's meaning."

Hunter Jackson has always disliked being close to women. If it weren't for someone to instruct, he should

Can agree to let Kylena Gale live in her place.

But does the old lady know what kind of woman Kylena Gale is?

"I don't know if you don't know anything about your sister's previous relationship with Daniel, but I'm a mother, I know a little bit about it."

"I've been telling Daniel that this woman's goal is not him, she just uses He approached Abei, but he didn't listen."

The waiter brought two cakes, and Emily Gale held a small fork. Suddenly, he felt a little appetite.

"Kylena Gale and Daniel Jackson have been together, and now I go to Abei again.

As Mrs. Jackson, I don't think this is a good thing."

Shu Ran is not interested in the sweets that these little girls like. Push away.

Looking still on Emily Gale's face, she said, "So, I went to the old lady and told her about Kylena Gale and Daniel."

"Did the old lady tell you anything?" "Do you want to know?" Shu Ran smiled, leaning back in the chair, looking at her.

"Of course, I have told you too many things, but you seem to have not promised me yet."

"Since you don't like Kylena Gale and Daniel Jackson after being together, you go to hook up with Joseph, then why, now Do you want me to find Daniel Jackson again?" This is not what she should do as Mrs. Jackson, let the same woman hook up with the two brothers?

Where's the lady's brain?

Shu Ran smiled and said, "That's different. Kylena Gale is active, while you are passive."

She put down the cup and looked at Emily Gale: "The most important point is that I can take my son now.

There is really no way.

Chapter 260

This is the first time Emily Gale entered Jackson's house after the old lady's accident.

Because the old man had spoken, the old lady's matter was only an accident.

Therefore, even if the servant was surprised to see Emily Gale, her appearance did not cause much movement.

Shu Ran took her to the backyard first, and took a sightseeing car to see the rockery and flower forest at a glance.

The lake has been completely filled, and now there are trees and flowers growing on it, all newly planted.

It takes years and months to reach the point of lushness, but it looks completely different at the beginning.

Things are wrong.

"Okay, I brought you here. Should you follow me to see Daniel?" Shu Ran tied her son to her heart, wishing Jenni to go immediately.

Emily Gale's gaze was retracted from the filled lake, and the five fingers that were tightly grasped were also sent slowly.

She said lightly: "Okay."

The sightseeing car turned around and drove towards the Tenglong Pavilion where Daniel Jackson lived.

Daniel Jackson has indeed been drinking heavily in the past two days.

The reason why Shu Ran let him go is because the old man has not been at home these two days.

"Where is the second young master?" Shu Ran asked as he walked in.

The maid immediately replied: "In the room."

Shu Ran glanced at Emily Gale and took the lead upstairs.

Emily Gale ignored the maid's surprised gaze and followed behind her.

Shu Ran went upstairs and pushed Daniel Jackson's door open.

The moment the door was opened, the smell of alcohol came out, and everyone seemed to be slightly drunk.

If Daniel Jackson bought drunk like this, it was all for her. To be honest, Emily Gale didn't believe it.

For people like Daniel Jackson, there is no difference between women and clothes.

He just couldn't get it, so he kept thinking about it.

Shu Ran walked in and saw Daniel Jackson lying on the bed.

In the past two days, even the maid dared not approach the second young master.

He was either drinking or sleeping, and continued to drink when he woke up.

The whole person is completely decadent!

Everyone thought that Young Master Jackson was so decadent that he didn't even go to the company because of his appointment as President Jackson.

I'm afraid the news has already spread.

Although the old man is not at home, he must have known it too.

Shu Ran was a little helpless, and walked over, trying to take the bottle from Daniel Jackson's hand.

Daniel Jackson was awakened without thinking of her, and he snatched the wine bottle back and raised it to drink.

However, the wine bottle was completely empty.

After drinking for a long time, he still didn't pour a drop of wine into it, and suddenly became angry.

"What are you still waiting for? Bring the wine to this young master!" Shu Ran forced the empty wine bottle in his hand and threw it aside at will.

"Son, do you see who is here?" "Don't look! Bring the young master back!" Daniel Jackson's voice was hoarse, his hair was messy, and the scumbag was all over his face.

This also

This is the first time that Emily Gale has seen such a decadent side since he met this noble son.

It seems that the appointment of Mr. Jackson as the president is indeed a big blow to him.

However, she has always had no good feelings for Daniel Jackson, so she didn't feel distressed to see Daniel Jackson so embarrassed.

Shu Ran was distressed, and seeing Emily Gale's expression made her feel uncomfortable.

No way, my son hurts myself.

She pushed Daniel Jackson and said softly, "Daniel, don't you want to see Emily Gale? Mom brought her to you, look."

"Gale...Anran?" Daniel Jackson opened slightly. Eyes, looking in the direction of her fingers.

The girl at the door, wearing a plain white dress, with long hair draped randomly behind her head, a clean face, white and fresh, delicate and flawless.

"Angel..."

After sleeping for a few hours, although Daniel Jackson had drunk a lot before, it was a little slower at this time.

Coupled with seeing the girl I had dreamed of, most of the alcohol disappeared in an instant.

He immediately got up and walked towards Emily Gale.

Shu Ran talked briefly, this kid really likes Emily Gale so much.

She was a mother, she was completely left behind, poor, isn't it?

Sure enough, the son was raised, and he was from someone else's family!

Daniel Jackson walked in front of Emily Gale, trying to reach out and touch her.

Emily Gale took a step back, staring at him, a little disgusted: "Don't touch me, it's dirty."

Daniel Jackson stopped abruptly and looked down at himself.

There was still red wine stains on his body.

He suddenly became uncomfortable, standing in front of Emily Gale, looking at a loss.

I really want to touch her, but she thinks he is dirty...

"Daniel, you are indeed... dirty."

Seeing that his son is awake, Shu Ran hurried over and said with a smile: "Go take a bath first. Don't let girls dislike it."

"Take a...bath?" Daniel Jackson obviously hadn't fully woken up yet.

He looked at Shu Ran and then at Emily Gale.

Thinking of the past, but Emily Gale continued to take a half step back, and Daniel Jackson immediately abandoned himself.

"Okay, I...I'm going to take a bath now, but..."

He looked at Emily Gale, a little hesitant, as if very disturbed.

Zhier Moruomu, Shu Ran immediately said: "Mom will help you look at her, she will not leave, but if you can't clean her, she may really be smoked away by your stench."

"I... I will wash it up right away, soon! Wait for me!" Daniel Jackson has never been so nervous before, after smelling the smell on his body, it turned out to be so stinky!

It's been two days and I haven't even taken a bath.

Still, want to see his angel!

How does this work!

Daniel Jackson immediately walked to the bathroom. When the door was about to close, he did not forget to tell Shu Ran: "Mom, you...you accompany her."

"Mom knows, it will be fine."

So be with her, go take a shower.

"Fortunately, before he came back, his son had already slept for a while, otherwise Shu Ran was really worried about letting him take a bath now.

After Daniel Jackson entered, Shu Ran immediately let the maids come in. Inside and out, he cleaned Daniel Jackson's room as quickly as possible.

The sheets and quilts were completely changed.

Although Emily Gale still couldn't see through Shuran, at least one thing was she It can be seen clearly. That is, Shu Ran loves her son very much, and she loves her very much.

And she brought herself to see Daniel Jackson today, she also wanted to make Daniel Jackson better, without too much adulteration. Other thoughts.

"You see, he looks like this, no one listens to anything except you.

After instructing the maid to clean up the room, Shu Ran came to Emily Gale and said helplessly: "Ranran, can you please, I will say something nice to him later."

"I can't promise to associate with him."

"Although he was moved by the mother's love for a while, Emily Gale couldn't give up on a matter of principle.

"I know!"

"Shu Ran nodded and explained immediately: "I just hope you can find a way to cheer him up, he is like this..."

She looked back at the direction of the bathroom door, her eyes a little gloomy.

"This old man and Shiru I haven't been there for two days and haven't seen his decadent appearance. If he sees it, the old man... will be unhappy.

"What about the conditions?"

"Emily Gale is still a little cold. Shu Ran doesn't blame her for being so indifferent to herself.

After a girl has experienced such terrible things, she should be guarded against anyone. If Emily Gale is still a silly sweet, then She is not only stupid, probably, she is also an idiot. Shu Ran sighed and met her gaze.

"As long as my son can cheer up, you can go in and out of the old lady's back room whenever you want.
