

Love Through Time and Space

Chapter 261

Emily Gale was not in the room when Daniel Jackson came out of the bathroom.

This urgency made him almost forgot to wear his clothes, so he wanted to chase it out.

Shuran tried his best to assure him that Emily Gale was in the hall downstairs, and he changed his clothes in a hurry and went downstairs in a hurry.

In the hall downstairs, Emily Gale was sitting at the dining table, drinking soup.

Daniel Jackson was relieved to see that she was really still there.

I want to go, but hesitated.

He was a little flustered, afraid he would scare her in the past, and then she immediately left.

From seeing her for the first time to knowing that she is his ugly future sister-in-law, he has been looking for her for such a long time.

But after searching for so long, there was no news at all.

He had never bothered so much for a woman. He was born as the second young master of the Jackson family. He has lived for more than 20 years, and there are countless women approaching him.

But there has never been a moment like this, when I look at her, my palms are sweating with tension.

Going far, reluctant, approached, afraid to scare her.

This is the first time I have tried this in my life.

"Come on, the food is ready."

Shu Ran gave him a light push.

Daniel Jackson seemed to have recovered, he hesitated, and finally walked over.

After taking a shower, my head is completely awake.

He walked to the opposite side of Emily Gale and sat down.

If it wasn't the timing was wrong, if it wasn't, this man really hated her before, and Emily Gale doubted that she would laugh out loud.

Have you ever seen Jackson Er Shao when he was so embarrassed?

It was the first time I saw it.

She put down the bowl and looked up at him.

Daniel Jackson was startled and almost wanted to look away, for fear that his gaze would frighten her.

"Am I so scary?" Emily Gale said lightly.

"No, I am terrible!" Daniel Jackson quickly explained.

She had to run away from her every time, time and time again, the original impression of him was very bad.

In addition, when she was Emily Gale, she always ridiculed her, and even hurt her...

The more Daniel Jackson thought about it, the more he felt that he was too bastard in the past.

Now in front of Emily Gale, he didn't even have the courage to look at her.

"You...how are you doing recently? I heard that you were ill before, how are you?" He actually went to the hospital to see her, but she had been in a coma, and she had no chance to see him.

What's more, he didn't understand his mentality at all.

He always felt that he should hate Emily Gale, but he couldn't help but want to see her situation.

The mood was so entangled that he didn't even have the courage to take a look at her openly.

The most important thing is that at that time, the second young master Jiang guarded the ward strictly.

In fact, it is difficult to even get close.

"Isn't I okay now?" Emily Gale didn't really want to pay attention to this man, but Shu Ran was always on the sidelines, looking at her imploringly.

She sighed and said, "I heard that you haven't eaten in two days, aren't you hungry?" Daniel Jackson froze, not knowing how to answer this question.

Emily Gale held her own bowl: "Let's eat."

"...Okay, okay, eat."

Daniel Jackson picked up the chopsticks and looked up at her: "Does the food suit your appetite? If you don't like it, you can let the cook ..."

"I like it."

Emily Gale's gaze fell on his chin.

Jackson Er Shao, who has always paid the most attention to his own image, has two bloodstains on his chin.

His scum was gone, probably when he was shaving just now, in order to quickly shave it accidentally.

She didn't know how to evaluate this man, it was really bad when it was bad, but now it is so stupid that it is unpleasant.

In the end, she just turned her head to look at Shu Ran, and said, "Madam, eat."

"Okay, eat."

Seeing her son obediently picking up the chopsticks to eat, Shu Ran felt a little sour.

I'm a little jealous, but more gratifying, this stinky boy is finally willing to eat something.

At the dinner table, none of the three spoke again.

A meal, spent in peace and quiet.

Until Emily Gale put down the chopsticks, Daniel Jackson quickly put the chopsticks down, a little nervous: "Go... to have something to drink?" After the meal is over, is she leaving?

He didn't know how Shu Ran invited her back, but he knew that Emily Gale must hate this place.

Here, Young Master Jackson once abandoned her, and everyone once wronged her and killed her grandmother.

This place has caused a lot of harm to her, she must hate it, right?

Shu Ran glanced at Emily Gale before staring at her son: "It's okay tonight, but we will go back later. Let's go to the lobby and sit down."

"Okay, go to the lobby and sit down."

Daniel Jackson breathed a sigh of relief and immediately Stand up and go to the hall.

Unexpectedly, the steps were a bit wrong, he snapped, not knowing what he had kicked, and fell to the ground with a thud.

"Son!" Shu Ran was frightened and hurried to help him.

"It's okay, don't come here, it's okay!" Daniel Jackson suddenly felt very embarrassed, and he couldn't even walk!

Shu Ran watched her son get up in a hurry, her mood was extremely complicated.

This son... Hey, he really doesn't have a face, so nervous to this point?

Daniel Jackson is really nervous, but what makes him nervous is that Emily Gale hates him even more.

The former personable, I don't know why, it is completely gone tonight.

What if she hates him more and leaves now?

Think

, Almost hated the chair that tripped him over!

"I...I didn't mean..."

"Puff!" Emily Gale finally couldn't help but laughed aloud after enduring it for a long, long time: "Ha, ha ha, ha ha ha..."

"..."

Shu Ran really It's because of my son's distress. Now, I'm going to be embarrassed and worried, right?

"That, of course..."

"It's me who is not good."

Daniel Jackson lowered his head, really hating herself, why did she keep doing such embarrassing things in front of her.

His face flushed red, but gradually paled again.

Emily Gale restrained his laughter and looked at him: "Second young master, the amount of alcohol is not good, so I will drink less in the future. If I drink like this, people will not be sober."

"I..."

I tripped on the chair because I was drunk. inverted?

This explanation can save him a little bit of face.

Daniel Jackson breathed a sigh of relief and said dully, "I won't drink so much again..."

"Don't you go to the lobby to drink tea?" Shu Ran waved his hand, and the servants immediately went to prepare tea.

Shu Ran helped Daniel Jackson and said softly: "It sounds natural, drink less next time."

"Okay."

"Go and drink tea."

After more than an hour of getting along, Daniel Jackson was nervous from the beginning. Gradually, relaxed.

Drinking tea, he just looked at Emily Gale and kept watching, not talking or daring to talk nonsense.

Until Emily Gale was about to leave, he suddenly stood up: "I will send you!"
"No need."

Emily Gale shook his head, "You drank, I don't like people who drink and drive."

"I won't! I... ..I just send you off, I don't drive." Although Emily Gale refused, Daniel Jackson followed her into the car.

It's just that when I left, passing Wangjiang Pavilion, I happened to see Young Master Jackson's car coming back from the outside and passing them by...

Chapter 262

He disobeyed face to face. He saw Emily Gale sitting in Daniel Jackson's car. Aspen Li subconsciously stepped on the accelerator.

With a squeak, the car stopped.

Seeing them parking, Daniel Jackson's driver could only stop quickly and go out to greet Master Jackson.

Aspen Li walked quickly to the back of their car and knocked on the window.

Daniel Jackson was a little impatient, and lowered the car window: "What's the matter?" "Second Young Master."

After Aspen Li greeted him, he looked directly at Emily Gale, "Young Master...Miss Ranran, what are you doing?"

He looked at Daniel Jackson again, with a look of confusion.

How could Emily Gale be in the second young master's car?

The second young master will not treat her wrongly, will he?

Emily Gale knew what he was thinking, after all, Daniel Jackson's previous behavior was indeed excessive.

In fact, tonight, she didn't want to get into Daniel Jackson's car at all. Before changing, she would definitely feel very unsafe.

In the end, he couldn't get into the car without Shu Ran's persuasion.

After all, I also want to leave.

"Nothing? The eldest lady invited me to be a guest. Now, the second young master wants to send me back."

Emily Gale said.

In the car beside, the window was suddenly lowered.

Hunter Jackson's cold eyes passed through everyone and fell straight on her.

Emily Gale straightened his back slightly, and looked at him indifferently.

The current Young Master Jackson is no longer the former Young Master Jackson. He has become colder and more difficult to approach.

But she could still see clearly that the person sitting in the back of the car with Hunter Jackson was Kylena Gale.

Joseph Bei's long finger landed on the car door and knocked lightly.

Aspen Li went back immediately, came back two seconds later, looking at Daniel Jackson and said, "Second Young Master, Young Master, please go to Wangjiang Pavilion for a cup of tea."

"Sorry, you tell eldest brother, I have important things. Back to school."

It's not that Hunter Jackson didn't know what Hunter Jackson was thinking.

At this time, he didn't want to conflict with Hunter Jackson.

After all, there is already Kylena Gale next to Hunter Jackson, and he shouldn't be robbing him at this time.

He looked at Aspen Li: "Tell the eldest brother, please. I will find him later."

"Sorry, the second master, the eldest master has important matters to discuss with you, please come over now."

"I said, I still have Important things."

Daniel Jackson was also a little depressed.

Whenever he used the identity of Young Master Jackson to suppress him, he was afraid before, but now, what is there to be afraid of?

Jackson's family is already in the world of Jackson's Young Master, the big deal, he doesn't even want the position of Jackson's general manager!

Once he was no longer attached to these things, Daniel Jackson suddenly discovered that living can really be so easy.

Looking at the driver, Daniel Jackson said: "Let's go."

"Yes, the second young master."

So, the driver started the car and drove the car away in front of them.

Up.

"Young Master, Second Young Master said... I want to send Miss Ranran back to school."

Aspen Li looked at the leaving Che Ying, and the steamed buns suddenly sweated, for fear that the young master would vent his anger on him.

Although this second young master is usually cynical, he still has a bit of awe of the older master.

Why is the young master now the president of the Jackson family, he is not afraid of the young master at all!

Is it true that you are not afraid that your position as general manager will not be preserved?

Hunter Jackson didn't speak, but didn't let him drive. For a moment, Aspen Li got a little confused.

Kylena Gale was so angry that Daniel Jackson was with Emily Gale!

Is he still angry with her?

I was angry with her and Young Master Jackson, so I asked Emily Gale's ugly monster to stimulate her?

Why is the second young master of the Jackson family so naive in doing things?

Although this behavior makes her very hot, but what can be changed?

However, seeing Daniel Jackson and Emily Gale together, Kylena Gale was really stimulated.

Although Daniel Jackson is not as good as Young Master Jackson, he is also the second young master of the Jackson family anyway, a noble son!

With Emily Gale, isn't that ugly and cheap?

This Second Young Master Jackson, if she finds some time, she still has to go and give him some sweetness.

Even if she has Young Master Jackson now, she doesn't like those excellent men and focuses on other women.

Even to stimulate her, it won't work!

Kylena Gale pursed her lower lip and looked up, only to see Aspen Li still standing outside.

And Young Master Jackson, keeping his previous posture, put his hand on the car window, looked at the unknown corner with deep eyes, and didn't know what he was thinking.

"Joseph, don't you want to go back?" Although these words are to Hunter Jackson, they are also reminding Aspen Li.

People are gone, what are they doing here?

Aspen Li just looked at Hunter Jackson: "Young Master..."

Hunter Jackson looked down, not knowing where he took out a cigarette, and lit it with a pop.

Aspen Li thought for a while, immediately took out the phone and sent a message.

Before returning to the car, he started the car and drove back to the parking garage of Wangjiang Pavilion.

Hunter Jackson got out of the car and walked towards the hall.

He walked a bit fast, and when Kylena Gale drew off the car, the others had already gone far.

Kylena Gale couldn't catch up, and she stomped her feet with anger.

It was a bit too much for Joseph to not wait for her!

I don't know if they are wearing high heels.

Aspen Li walked beside her and said lightly: "Miss Gale, please."

Kylena Gale glared at him. Everyday, Miss Gale's Miss Gale, when will she change her name to Madam Young?

In the past, when he faced Emily Gale's ugly monsters, he was a little bit of a wife!

"Who did you send the message to?" Kylena Gale saw it, but Hunter Jackson was here just now, and she was not embarrassed to ask.

"Sorry

, Miss Gale, that is my personal matter, there is no need to report to you.

"Aspen Li's words were cold. Even if it was an official business, there was no need to report to her.

After all, it was not his boss! Kylena Gale knew that Aspen Li always looked at her unpleasantly. But she didn't understand, where did she provoke him?

"Aspen Li, I hope you can pay attention to your attitude!

"She said displeased. Aspen Li was a little puzzled, with a look of surprise:

"Miss Gale, is there a problem with my attitude?"

"Do you still have to report to her for private affairs?" "Don't you know that Joseph promised grandma that she would take good care of me forever?"

"Kylena Gale is not afraid to make things clear, so that this guy is always rude to herself. On the contrary, Aspen Li still doesn't understand: "What then?"

"" Then?

"Kylena Gale's face sank, staring at him! "Did you mean it?"

"Aspen Li shrugged, not knowing where she was deliberately. Kylena Gale couldn't wait to kick him off! She said solemnly: "I said it seriously once, Joseph promised grandma to take care of me forever!"

"In other words, in the future, I will be the hostess of Wangjiang Pavilion!

I hope you can respect me more politely!

"Aspen Li felt that his understanding ability might be a little bit different from this woman.

"Well, the young master promised to take care of you, and you will become the mistress here. Is there any... inevitable connection?"

"Aspen Li!"

"He did it deliberately! He definitely did it deliberately! Aspen Li coughed lightly, his face was serious, and he was serious.

"Miss Gale, I hope you can tell the difference.

The young master promised to take care of you does not mean you can become this. Mistress of the yard.

"You..."

"At least, before the eldest master agrees to marry you, please... don't be too affectionate, you will make a joke, you know?"

Chapter 263

I thought that our friend Daniel Jackson's car stopped halfway because Jiangnan was here.

"I'll take her back."

Jiang Nan got off the car and came to meet Emily Gale.

His appearance in white clothes made Daniel Jackson feel a little embarrassed about him after two days of decadence.

"Ranran..."

He looked at Emily Gale who was about to get off the car, and stopped talking.

I want to send her back personally, but I am afraid that if I force it, she will hate me.

"I have to go back to Jiang's family to do something.

The second young master Jiang's car happened to be on the way."

Emily Gale glanced back at him.

Although today's Jackson Er Shao has subverted many of his previous images, it is just one night, and many feelings still cannot be changed.

Daniel Jackson knew that she hated herself, and that it was what he did to her before, which was really too much.

I don't know how to make up for it to make her look at herself better.

Seeing Emily Gale getting out of the car, he immediately went down from the other side and walked quickly to Emily Gale's.

"Is there anything else Young Master Jackson?" "I...can I still find you?" He was a little cautious, but he was not willing to miss it like this.

Emily Gale looked back at Jiang Nan, and suddenly said, "I have something to say to Jackson Er Shao."

Jiang Nan's thin lips pressed lightly, nodded, and returned to the car to wait for her.

Daniel Jackson suddenly became nervous, is this to refuse?

Or is she still willing to give herself that little chance?

Before Emily Gale could speak, he preemptively said: "I will change! I will really change! Believe me!" "Actually, whether Jackson Er Young Master wants to change something, it really has nothing to do with me."

Speaking hurts people, but she believes that deception is the biggest harm.

Since you don't want to deceive, it's better to be straightforward and tell him clearly.

"I will visit you tonight because your mother came to talk to me about a deal, and I agreed."

"Make... Yi?" Daniel Jackson's heart trembled slightly, a little panicked.

"Yes, she promised me some requests, and I promised to meet you."

Emily Gale's frankness made Daniel Jackson's head torn by something, a little bloody.

He raised his head and looked at the sky.

The night sky was cloudless and the stars were sparse. In his eyes, there was a feeling of loneliness that lingered in his heart.

"What did you promise her?" he asked suddenly.

"I promised. During this time, I will try my best to eat dinner with you every day."

"Until when?" He believed in her integrity and tried his best, that is, as long as there is nothing wrong.

Emily Gale looked at him, and two seconds later, he said: "Seven days."

Daniel Jackson sighed, suddenly lowered his head, his eyes fell on her face.

"A week, maybe, there is still a chance to change your view of me
law.

He laughed. He grew up and realized for the first time that his mother really cared him so deeply.

As for what Shu Ran promised Emily Gale, she didn't say anything, and he didn't want to ask. Everyone has his own. Secret, there is nothing to ask.

"Well, I will pick you up from school tomorrow.

He smiled. This time, he finally relaxed.

"Get in the car, it's late, go back early."

Daniel Jackson took the initiative to open the door to Emily Gale. Before Emily Gale got in the car, he couldn't help saying, "I won't promise your girlfriend."

Although this is a bit cruel, it is realistic.

"You should thank you for having a good mother. Your mother will always try to satisfy what you want.

She really loves you.

"However, whether such spoiling is a good thing or a bad thing for Daniel Jackson is not clear to anyone. Jackson Ershao is arrogant and domineering, in fact, Shu Ran's responsibilities are not many. Behind every bear child, there are It's not false that a bear's parent, loving mothers are more miserable.

"I hope you can put more energy on your mother.

There can be countless women playing with you, but the mother who loves you will always only be One.

Emily Gale got into the car and closed the door. Jiang Nan didn't speak, but stepped on the accelerator and drove the car away. Emily Gale turned her head and looked at the night scenery passing by the window, feeling a little

sour in her heart. No matter what Shu Ran's thoughts are for the outsider, but at least, all she spends on her son is love.

She is actually envious, and she wants to have someone who will always guard At her own mother. When she grows up, she will always guard her favorite mother. Unfortunately, in this life, there is no chance. Mom... Suddenly, there seems to be some pictures in her mind. Her eyebrows f*ck tightly, try to think back! Some pictures, finally in my mind, gradually become clear.

"Of course, this period, I have wronged you, the master will come back this morning, I will tell him face to face.

"Of course, there is one thing, I don't know if your mother has mentioned it to you."

"Grandma, do you know my mother?"

"Of course I know. Your mother looks exactly like you. When I saw you last night, I almost thought..."

"Of course, your mother... she is actually mine..."

Mom? Mom and grandma? Mom? Who is it from grandma? Why did grandma care about her so much since her last life? Long ago, when grandma saw her at Jackson's house for the first time, she told her that she must follow Joseph in the future. Because only Joseph In order to protect her. Why is grandma so nervous about her future? What does these things have to do with her mother?

The most important part of this matter is my mother... Emily Gale suddenly took out the phone and sent a message to Yang Yi: "What happened 18 years ago, if you were to check it now, can you still find it?" Yang Yi very I quickly returned the message: "Look at what you want to check. Eighteen years ago, the Internet was not so developed. Many things have not been able to find any information left."

"Yang Yi, help me investigate my mother, Sang Qing."

Put down the phone. , Emily Gale turned her head, but saw Jiang Nan staring at herself.

Inexplicably, she was a little uneasy: "Why are you looking at me?" "Seeing you are beautiful, look twice."

Jiang Nan's gaze returned to the road ahead, "Really going back to Jiang's?" "I don't know where to go."

Everyone is busy these days. When I go back to school, I am the only one in the dormitory.

Why not go to the office and see what you can help.

"This year we plan to make two head works, "My Mysterious Husband" and "The Goddess of Cyclone". Qin Zhizhou is already preparing the character set, and my script has to keep up."

"You are giving Do I report to work?" Jiang Nan smiled, he thought that at this time everyone is a friend.

"No, I just want to talk to you, can't my friends talk about work?" In fact, when I woke up in a coma for ten days and ten nights and found that the undressed person by his side was him, Emily Gale had already I recognized this friend.

Jiang Nan's smile finally added a hint of joy.

But after looking at the rearview mirror, the smile on his lips condensed.

"Girl, hold on tight."

"What?" Although I don't know what happened, Emily Gale was still obedient and grasped the safety handle on the top of his head obediently.

"Nothing, I suddenly wanted to drag a car."

Jiang Nan glanced at the rearview mirror again, and what was reflected in the mirror was a low-key car.

Suddenly, he stepped on the accelerator, and the car flew like an arrow...

Chapter 264

You doubt me?

Emily Gale didn't know how to do it, Jiangnan did not speed, nor did he drive off the lane.

But in this busy market, he could actually throw away the car behind in an instant.

It was really amazing!

Yes, she saw the car too.

When Jiang Nan stepped on the gas pedal, she looked back and saw that the car immediately followed their rhythm.

However, after two intersections, the car was dumped so that it was almost invisible.

"Are we being followed?" She felt a little cold.

"It's okay, it's probably directed at me."

Jiang Nan didn't want her to worry.

"This is a busy city.

They don't dare to mess around. Maybe it's just a paparazzi who wants to chase some lace news."

This statement seems to make sense.

It is not uncommon for a big man like Jiang Ershao to be chased by paparazzi.

Emily Gale breathed a sigh of relief, and then looked at Jiang Nan. His face was handsome and beautiful, and the long hair stuck in the back of his head was fresh and refined, and really beautiful.

Suddenly, she smiled: "I heard that you have never had a scandal for so many years?" "What?" Jiang was right in front of her, Jiang Nan slowed down and drove in from the gate.

Emily Gale was reading the latest news with his mobile phone, and said casually: "A handsome young man who is rich and handsome, but he has a good figure, but there is no scandal?" "People outside are saying that the second master Jiang will not...cough , Do you have a special hobby?" She has been reading the news, but she didn't notice Jiang Nan's face sinking slightly.

This girl was still immersed in her own world, and she said casually: "In fact, it is really weird to think about it."

"So, you also think I have a problem?" The man's voice was indescribable. Listen carefully, it's a bit scary.

"If I said yes, would you be angry?" With a squeak, the car stopped abruptly.

"Ah!" Emily Gale shook his hand, and the phone flew out from between his fingers and landed on the ground with a snap.

"Why stop suddenly?" She wanted to pick up the phone on the ground, but when she reached out her hand, she was suddenly caught.

"You..."

She was dumbfounded, and the next second, the man pushed her down and pressed her down on the large leather chair.

"Jiangnan, you...what are you doing?" "You also think I have a problem?" There is no scandal, which means he doesn't like women and likes men?

You don't care about other things, but how can she make her guess?

"I, I, I'm joking..."

"Can you just joke about this matter?" Jiang Nan's expression became darker.

Emily Gale smiled a little embarrassedly: "This... isn't it on the Internet? How do I know..."

"Then you follow your suspicion?" He suddenly pressed down, so scared that she almost stopped breathing.

The two are a bit close, the body

Almost stuck together directly.

"Or, do you think so yourself?" He doesn't know why he cares, and he hasn't seen anyone questioning on the Internet before.

He was always noncommittal and would never feel anything when he saw it.

However, this girl was also suspicious, and suddenly, he became a little frustrated.

Where is he like a base?

Could it be that you don't think he is masculine enough?

"I..."

Emily Gale looked at his face and moved his lips, but did not speak.

Actually, there is really such a little bit... Well, I doubted it.

Jiang Er Shao really hated the approach of women, as long as there is a woman who wants to approach, he will be disgusted immediately.

The most important thing is that the second young master Jiang is so good-looking. This face is so perfect that even girls will be crazy jealous when they see it.

Really, she would be jealous when she saw it. How could a man look better than a woman?

Although people do not seem to have the coquettish air of a woman, even Leng Yi is hard and manly.

But this face is just how beautiful it looks.

Well, it's really beautiful.

When she used to go out to eat together, she discovered that not only women would be in a daze when looking at Jiang Ermao, but sometimes men would be lost when they looked at him.

Such a beautiful man, that...really easy to cause crime.

The damage to men and women is the same fierce!

From the bottom of her eyes, Jiang Nan read the message that made herself almost crazy.

She also thinks he has a problem, and she also thinks that he is not a normal man?

This girl, so courageous, really dare to think!

“Jiang Er...you! What are you doing?” “Don’t you suspect that I don’t like women?” With a snap, Emily Gale’s seat belt was unfastened by him.

Jiang Nan arbitrarily adjusted the position of his chair, his arms tightened, and Emily Gale was too late to exclaim, and he was carried over by him.

“Jiangnan!” She was so frightened, she was accidentally taken to him, even straddling his lap!

Because of his own gravity, his body almost fell on him.

Emily Gale hurriedly reached out and put his hand on his chest, pushing herself up.

“Second Young Master Jiang, I have no doubt, absolutely no! You don’t have to prove anything to me!” This kind of scene is too familiar, because accidentally, there are too many romance novels!

In love novels, sometimes such misunderstandings occur.

The female protagonist suspected that the male lead was... abnormal, and the male lead was angered.

In order to prove that he is fully functional and no different from a normal man, the male lead will angrily swallow the female lead... in one bite!

However, Jiang Nan is not her male lead, nor is she the female lead of Jiang’s Second Young Master. This picture is too weird!

“I believe that I

Really believe it!

Second Master Jiang, I was wrong to stop such a naive game!

Jiang Nan's face was not good at all, and her long arms fell on her back waist, and Emily Gale immediately had no escape.

"Believe?"

"But her face looks like nothing but panic.

The so-called belief is just because of fear, just casually said, right? "I shouldn't look at those messy things, let alone doubt your orientation casually, I... Wow!

Sorry, I didn't mean it!

"But she was still so anxious that a thin layer of sweat oozes from her forehead, and she looked down at the man under her, with an anxious look.

"I'm not moving, you... let me get up first. .

Jiang Nan also wanted her to get up, but his arms were not obedient at all.

After hugging her waist, he couldn't bear to let go. Is it because I have never asked a woman before, so once I run into it, I lose control?

Chapter 265

You have to control your own sweat, more and more on the faces of two people.

The car was air-conditioned, but the temperature inside the car rose little by little.

Emily Gale put his hands on Jiang Nan's chest, and even though he was behind a thin shirt, he could still feel the temperature of the male body under his palms that kept rising.

She really regretted being able to speak up.

She knew that she shouldn't have talked to him about this topic.

No man can be indifferent when facing such doubts.

She just didn't expect that he would be so angry!

"Jiangnan..."

Suddenly, the lower back sank, and the whole person was pulled down by him.

Emily Gale was frightened, and hurriedly struggled: "Jiangnan, you want to control yourself!" "Why do you want to control? You..."

Jiang Nan gasped in a low voice, his voice hoarse: "I'm no longer anyone's woman."

"No, That's not your woman either!" Her arms are a little slender, and her strength is so small that she can't hold it anymore.

Jiang Nan closed his eyes, originally just didn't want to see her face, maybe he could control it.

Unexpectedly, after closing her eyes, all she thought of was the petite appearance of her lying under her body and being bullied by him.

Thinking about it, the body became tighter, and the sweat on his forehead became even crazier.

"I'm a bit..."

The body was pressed by her soft body, and he... couldn't help it!

Five fingers tightened behind her for a while, and when she was about to pull her towards her, suddenly, a cold face flashed in her mind.

Jiang Nan opened his eyes quickly, and Emily Gale's face was struggling in horror.

He was startled by his loss of control, and when he let go of his hand, Emily Gale immediately crawled off of him and opened the door.

This petite body ran away in an instant.

"Damn it!" He cursed in a low voice, but didn't chase it out, just leaned back in the chair and closed his eyes.

The hot chest was still rising and falling, and the low gasping voice made the whole night become humming.

He didn't understand what was going on, could it be because he had never been in contact with women?

Now, once they touched each other, would they lose control of their bodies close together?

Should he find a woman to have a relationship and make himself more normal?

Otherwise, I think of that girl from time to time, and even when I work, I sometimes think of her, which is by no means a good thing.

It must be because I have never been with a woman before, so I was easily disturbed.

When I opened my eyes again, the impulse had been mostly calmed down.

He closed the door, started the car, and ran after it.

Emily Gale was walking on the road, planning to return to the office building of September Media.

But Jiang's park is really too big, it's at night, and there are no sightseeing cars passing by.

Walking over on two legs like this

, This distance is definitely less than half an hour.

Behind her, the car slowed down, and when she came to her, the window was lowered and Jiang Nan's calm face appeared in front of her.

"Get in the car."

His voice was still a little hoarse, but he was calm.

Emily Gale looked at him, very hesitant.

"It's you who are talking nonsense, it's just punishment!" Jiang Nan's expression was also not very good.

When this kind of thing happened, it was not her who suffered now, but he himself, OK?

Where did he bully her?

But his face was really lost.

Emily Gale still hesitated: "Are you sure you won't mess around?" "Do you think you are the goddess Maria?" Jiang Nan snorted, somewhat displeased: "Do all men have illusions about you?" "I was mad at you!" Jiang Nan was a

little irritable, and everything she cultivated in front of her would completely collapse!

He is obviously the second young master Jiang admired by all the girls in Beiling, a noble son, why is he always so irritable in front of her?

Emily Gale wanted to refute, but think about it, it seems that there is a problem with a man being questioned.

Jiang Nan seemed to have run out of patience, and he glanced at her for the last time: "Will you get in the car? Don't get in the car and walk by yourself."

He put his shoes on the accelerator, and was about to accelerate away.

"I'm on!" Emily Gale said immediately.

The car finally stopped, she opened the door and stepped up immediately.

But this time, it's in the back row, so don't sit with him.

What should I do if I'm going crazy again later?

When approaching the September Media Building, Emily Gale couldn't help lying on the chair in front, looking at Jiang Nan's profile.

"But actually, Second Young Master Jiang, you really haven't had a girlfriend for so many years?" "Women are synonymous with trouble."

So, what are you going to do?

Emily Gale glanced at him subconsciously, a little curious.

"Are you... still... young?" "Emily Gale!" "I was wrong! Can't I get off the car?" ...

Actually, Emily Gale was in a bad mood tonight, but he was killed by Jiang Er.

After such a noise, the whole person miraculously became clear.

In fact, life is short, it is a day to be happy, and a day to be unhappy.

After one day, only one day's life will be lost. Why do you have to embarrass yourself?

She came in from outside, humming a song, and after watching her enter the door, Jiang Nan left.

Anyway, this office building is full of her own people. Back here, there will be no more security risks, and he doesn't need to guard her.

At any rate, he is also a well-known big man in Beiling, and now he is like a nanny.

A random message made him come here without even having dinner.

I'm afraid that Daniel Jackson will treat this

The girl is unruly, come and guard her by yourself, let him be the flower protector for what?

Is he busy?

Emily Gale naturally didn't know what Jiang Er Shao said.

He was looking for her at that time, saying that he happened to be passing by.

There are so many corners, who knows?

Su Xiaomi and Qin Zhizhou are still working in the office.

Although the office building is not small, they are used to sharing the same office.

Seeing Emily Gale humming a small tune back, Su Xiaomi's eyes suddenly brightened.

"Of course, are you in a good mood at last?" Unexpectedly, when she said a word, everyone in the office was silent.

Everyone looked at Emily Gale for fear that she would suddenly think of something unhappy.

Emily Gale met everyone's gaze and saw them looking at him nervously. Suddenly, his nose was really sad.

These guys were frightened by the ten days and nights when they were in a coma, right?

"I'm fine, tonight, in a good mood."

She walked over.

"Is it because of Second Master Jiang?" He Lingzhi came over from the window, "I just watched Second Master Jiang personally send you back."

"It turns out that it was because of the second master Jiang, no wonder I was in such a good mood.

"Fortunately, God is not there, otherwise, I will be jealous.

"What nonsense, he just dropped me here."

Emily Gale put down the bag and sat on the chair.

He Lingzhi didn't believe her, "People watched you enter the door and made sure you were safe before leaving. I was here just now and I can see clearly."

"Emily Gale, you and Young Master Jiang are here. When falling in love, don't think we don't know, don't think of acting stupid!"

Chapter 266

DNA "What nonsense? Two young masters and I are innocent, and there is nothing."

Emily Gale didn't like this topic, and immediately stopped: "How are the new works prepared?" Come out, now, just wait for your script."

Su Xiaomi picked up the phone and forwarded the person design to Emily Gale: "Let's see if the image of the male and female protagonist is satisfied?" Emily Gale opened the picture. I fell in love at a glance.

"Satisfied, very satisfied!" Can't be too satisfied!

"Yang Yi, what is going on in the technical department?" Emily Gale looked at the boy sitting in the corner.

"The skeleton outline of the APP is basically completed.

It took only two days to test it."

"Where is the marketing department?" He Lingzhi immediately reported: "The human resources side. Today, more than 30 new painters have been brought back, including the ones who have been invited back. Now, we have 22 writers, 20 hook line assistants, and 30 coloring assistants."

"The script side also invited more than 20 people, all of whom had previous results in online articles or entities.

"Calculating this way, even if you can start doing things this month, and you will be online next month, there will only be more than 20 comics."

Emily Gale opened his laptop and logged in to the background.

The data was still stagnant.

The APP function has not been tested yet, and it cannot be advertised immediately. Now it is completely empty.

She thought for a while, and then said: "Lingzhi, give you two days to write me an event planning book."

"What kind of event do you want? Comic contest or?" "Online comic contest, I It needs an offline event, a large-scale one."

The September Media under the Jiang family can't just do comics.

They can do it as a big one.

They don't have much time.

Within one year, to put all the investment in place, and to control the loss within 30%, this challenge is not trivial.

"We can't just do comics. Comics were money-burning at the beginning, and the loss absolutely exceeded 30%."

Emily Gale's words, everyone actually knows.

"Furthermore, we are September Media.

It is no longer a September studio.

A media company is too stingy to make comics."

"Of course, don't you even want to do animation?" Su Xiaomi was a little excited.

Emily Gale appeared to be particularly calm: "I don't want to do it, I have to do it, there are also web dramas, animation theaters."

"I do so much at once, I'm afraid we..."

"You think, a billion, just do it. Can the comics be spent?" Although the cost of comics is high, it was high for their previous September studio.

However, for September Media, that cost is really nothing.

Qin Zhizhou didn't know about investment, but he hadn't seen such a big deal before.

project.

"Shu Lei's studio used to produce an animation theater jointly with others.

The cost was hundreds of millions, but it was a loss."

"In this kind of investment, there will be losses and gains. We don't need to be discouraged. We can. Emily Gale called up the form and distributed a copy to everyone.

"At the head of this year, "My Mysterious Husband" live-action web drama, "Rebirth of Speed Goddess", go to the animation theater."

"My Mysterious Husband" casts publicly and creates topical drainage. You must plan these activities. ."

He Lingzhi wrote down one by one in the notebook.

Although faced with such a large workload, the pressure is indeed not small.

However, the more pressure, the more challenging.

This time, it really can only succeed, never fail.

Otherwise, the three-year deed of sale will be signed.

"Tomorrow I will have the planning department and the marketing department have a meeting, and try to start the draft within this month."

"Half a month."

Emily Gale flipped through the calendar, suddenly, his heart moved.

It turned out that it was already November.

This month, is Young Master Jackson going to Ali Khan?

After she woke up from a coma, no one mentioned this matter again, and she almost forgot.

Now that I remembered it all of a sudden, I suddenly felt uneasy.

Next, everyone started to get busy, but Emily Gale was always upset when he thought of Hunter Jackson's going to Ali Khan.

At 11 o'clock in the evening, the friends in the office were leaving one after another. Su Xiaomi also took Emily Gale's hand: "Go back to the dormitory."

"Dormitory?" Emily Gale was a little confused. Where did the dormitory come from?

She is going to sleep in the office tonight.

"Vince prepared a staff dormitory for us, which is only available for senior employees. I moved in last night. Don't worry, I will send in your salute."

Emily Gale was still a little confused, and packed his things and Everyone left together and got on the sightseeing car inside the company.

The dormitory building is also in the industrial park, near the back door.

In the future, if you do not return to the office building, you can go directly through the back door.

This is called a high-end single apartment!

Emily Gale looked at the layout of the apartment, and his eyes suddenly lit up.

"How is it? I cleaned it for you personally. Isn't it beautiful?" Su Xiaomi pointed to the fruit on the table, "I bought it too. See how nice I am to you?" Emily Gale was really touched by all the things in life. Xiaomi can always arrange for her properly.

How can I meet such a good friend in this life.

"You won't live with me?" She noticed, only her own luggage in the room.

"No, Lingzhi and I are on the next floor. This floor is for high-level and high-level employees."

Su Xiaomi smiled and stood at the door and pointed to the end of the corridor: "You also have special elevators.

How can we be a level?

Emily Gale sighed and raised her forehead: "Dare to love, my level is already so high?"

"Of course, you are the general manager of our September media."

Seeing that the time is getting late, Su Xiaomi waved to her: "I'm going back, of course, you should rest earlier.

Emily Gale nodded, and after watching her leave, closed the door. He walked into the room with the suitcase, and was shocked by the neat and luxurious decoration in front of him.

Although it is far inferior to such places as Mujiawangjiang Pavilion, it is for one As far as the apartment is concerned, it is definitely super luxurious.

After finishing her salute, she was about to take her pajamas to the bathroom, but the sound of the phone call rang crisply.

She went to the bed and picked up the phone.

It was Yang Yi I don't know why, her long fingers trembled slightly, and she quickly connected the phone. "Of course, I haven't found the relationship between Sang Qing and the old lady for the time being, but I found out that when your mother was in Lingzhou, I once lived in a household named Ye for a period of time.

"The last name is Ye?"

"Emily Gale has never heard of her mother before. Everyone said that her mother used to be a woman who worked in a bar, and Siniya Ye often said that she was improper and a bad woman. But she didn't believe it, she definitely didn't believe her mother was like that. People who behave in disorder! "Yes, a man surnamed Ye, I checked his background and found out that he was a classmate of Mrs. Jackson's formerly.

"The old lady's classmates..."

These relationships are a bit messy, Emily Gale will be confused for a while, but one thing is certain is that her mother and the old lady really have some kind of relationship.

"Yang Yi, if two people are both Is there any way to identify their DNA?"

Chapter 267

After taking a bath with me all day and lying on the bed, Emily Gale was still a little irritable.

How could she suspect that her mother and the old lady are related by blood?

However, the old lady's unfinished words always made her feel that the relationship between mother and old lady is very close.

Didn't the old lady say it then?

Your mother belongs to me...

It's a pity that something happened to the old lady before I finished speaking.

If the mother is really the old lady's daughter, then she is the old lady's granddaughter.

Then all of this seems to have become a matter of course.

Why does the old lady love her, why must she be engaged to the most outstanding young lady in the eyes of the old lady, why must she take care of her forever... Is she really the old lady's granddaughter?

The telephone ringing suddenly rang again, it was Yang Yi's call, and Emily Gale immediately answered it.

"How is it?" She looked a little excited, even her breathing was messed up.

Yang Yi on the other end of the phone said: "Your mother's DNA, I have no way of starting, but after invading the network of the hospital where the old lady was hospitalized before, she found that the old lady still had some tissue samples in the hospital."

"What do you mean? "Your mother has been absent for so many years.

It is very difficult to start from her, but we can start from you."

Emily Gale was taken aback for a moment and reacted immediately.

"You want me... to use my grandmother's samples for testing?" "Yes!" Emily Gale suddenly recovered, and in an instant, there was a feeling of bliss.

Yes, my mother has been away for more than ten years, and many things have not been left, and it is difficult to verify.

But, isn't she still alive?

Not long after the old lady left, there is still a lot of information about her in the hospital database.

If the mother is really the old lady's daughter, then she is the old lady's granddaughter, and vice versa, isn't it the same?

"Yang Yi, what tissue samples does the old lady have in the hospital? Can I get them?" "The old lady had frozen blood samples in the hospital before. You can't get them. You must have immediate family members."

Immediate family members, could it be, Want to find Young Master Jackson?

However, Young Master Jackson didn't even have time to give her five minutes to speak, and asked him to accompany her to the hospital. I'm afraid he would not want to.

"Yang Yi, let me think about it first..."

Emily Gale hung up the phone and sat beside the bed, feeling impatient and restless.

Only immediate family members can apply for a sample of the old lady's organization.

And this has to be done quickly, otherwise, if the person is gone, the hospital will clean up after a while, and maybe these tissue samples that are no longer needed will be cleaned up.

How to do?

How can she get it?

She was restless, and she didn't know how long it took, when suddenly, the phone rang.

In this quiet night, the sudden ringing made her almost jump out of bed.

Is it Yang Yi?

She picked up the phone immediately, and looked at it, but hesitated.

Daniel Jackson?

Emily Gale checked the time, at one o'clock in the morning, so late, what did he call for?

Some thoughts in her heart were surging slightly, and she finally picked up the phone: "Second Young Master Jackson, what's the matter?" "Of course, I'm outside of the Jiang family."

Daniel Jackson's voice sounded very hoarse, "I hesitate After a long time, I still couldn't hold back..."

"Is there anything wrong with me?" At this time, he was still outside the Jiang family.

"No...what, I just want to tell you that I will re-behave, and I am no longer the me who used to be."

His tone sounds a bit astringent, and it seems really different from the domineering Jackson Er Shao before. same.

Emily Gale actually didn't understand. Did Mr. Jackson take over the position of President Jackson and let him do this, or is it really related to her "angel"?

"I'm very happy, you are willing to be a new person, although, in fact, you didn't have any bad things before."

The rich man's noble son is like this, so there is no good or bad.

At least Daniel Jackson is still a positive person, he is serious about his work, and he has a certain status and reputation in the business world.

It's just that he likes to make friends with different beauties and hang around with flowers, but to Emily Gale, this is nothing.

After all, it is not her man.

"No, I was not good enough before, never knowing to treat people sincerely."

He has been outside the Jiang family for a long, long time, several hours.

Since Jiang Nan sent Emily Gale into Jiang's family, he kept asking the driver to park the car outside and never left.

Emily Gale didn't have the heart to listen to the story of a prodigal son turning back, after all, it had nothing to do with her.

However, she does need Daniel Jackson now.

"Second Young Master Jackson, I would like to ask you to do me a favor."

"You say, I agree!" Daniel Jackson

It seemed really different from the domineering Jackson Er Young Master before.

Emily Gale actually didn't understand. Did Mr. Jackson take over the position of President Jackson and let him do this, or is it really related to her "angel"?

"I'm very happy, you are willing to be a new person, although, in fact, you didn't have any bad things before."

Emily Gale didn't have the heart to listen to the story of a prodigal son turning back, after all, it had nothing to do with her.

However, she does need Daniel Jackson now.

"Second Young Master Jackson, I would like to ask you to do me a favor."

"You say, I agree!" Daniel Jackson

Commit immediately.

"I hope you will go to the hospital with me. I want to get something, but I hope you can keep it secret for me.

As for what you want to exchange, I can consider everything except body and emotion."

... But this is what he wants most.

Daniel Jackson's eyes were a little dim, but at last he smiled: "It's okay.

It's my honor that you want me to help. I don't ask for anything in return."

"No, if you don't mention some conditions, I dare not ask you for help."

In the world, cheap things are often the most expensive, and favors are the most difficult to return.

Daniel Jackson knew that she just didn't want to owe herself anything.

He was willing to pay for her, but she didn't want it at all.

"Well, since I have to negotiate terms, then... accompany me out for a day."

"Jackson Er Shao..."

"Don't worry, I won't do anything wrong with you, you just accompany me, eat and drink Play, what you don't want to do, I will never force it."

Emily Gale hesitated, and Daniel Jackson immediately said, "I allow you to bring friends, but you must stay with me all the time.

It's just... as simple as that.

"Okay, I promise you."

As long as you can bring a friend, you are not afraid that he will do anything unusual to her.

The impression that Daniel Jackson left on her was always too dangerous, and now it is impossible to believe it easily.

Half an hour later, Yang Yi, who was woken up, drove Emily Gale from the apartment building in a car provided by the company.

Sure enough, Daniel Jackson was still outside the gate of Jiang's Industrial Park, in the corner of that street.

Because he didn't want too many people to know about this, Emily Gale asked Daniel Jackson to get in Yang Yi's car.

At three o'clock in the morning, three people appeared in the hospital where the old lady had stayed.

Because it was the Second Young Master Jackson, even at this point, there were still people working hard for them.

At 3:20, they got the old lady's blood sample.

Leaving the hospital, without even having time to say goodbye, Emily Gale got into Yang Yi's car and left Daniel Jackson quickly.

At four o'clock exactly, Emily Gale stretched out his finger in the laboratory of another big hospital.

Watching the nurse take the blood from her fingertips, she felt dizzy with excitement at that moment.

Whether it is grandma's granddaughter or not, things will be revealed soon.

The old lady said she wanted to confess everything to the old man and Young Master Jackson. Was it this?

Kylena Gale lied to her grandma, what did she mean?

Could it be that Kylena Gale forged her identity and pretended to be the granddaughter of the old lady?

If all these conjectures are correct, then things will basically come to light.

But how did Kylena Gale know that she is related to the old lady?

A simple Kylena Gale can't do all this.

Behind it, what kind of hands are pushing the whole thing?

Chapter 268

Could it be that even he was deceived?

Although the money has been spent, they do not have a special identity, and the hospital's appraisal still takes 48 hours to get the result.

Because the next day was the weekend, Daniel Jackson called early and asked if she had time to accompany him to sea.

Emily Gale returned to the apartment, only to lie down for three hours before receiving a call from Daniel Jackson.

Considering that Yang Yi also accompany her to toss until dawn last night, so today, she only brought Su Xiaomi and He Lingzhi.

"Why didn't you look like you were awake? You went out to be a thief last night?" When the three people went out of the apartment building, Emily Gale looked down, almost falling asleep on the road, it was really suspicious.

"It wasn't last night. Second Young Master Jiang went to see you again, right?" He Lingzhi was very optimistic about Emily Gale and Second Young Master Jiang.

The second young master is personable, and he looks super invincible, and it is absolutely qualified to match their family.

It should be said that Zhuo Zhuo is more than enough.

Emily Gale really wanted to roll her eyes, "You like Second Young Master Jiang so much, why don't you go after him?" "I really like it. I like it so much that I want to drool every time I see him."

He Lingzhi Without concealing her admiration for the Second Young Master Jiang, she smiled and said, "Unfortunately, it is not me who is after me."

"Yes, of course, even I can see that the Second Young Master is interesting to you, so don't deny it.

"Yes. If it wasn't for like it, I would always be with you? You don't know, the time you were sick..."

"The second young master Jiang was really with you during the time I was sick. Me?" In fact, Emily Gale was more or less expectant in her heart, but she did not dare to think deeply about what she was expecting.

At that time, in a daze, I always felt that the one guarding me was another man.

Another man she didn't dare to think about, but had to think about it.

But at that time, she was so sick that she was unconscious, and she didn't know if she admitted the wrong person.

In short, when I woke up, the only person sitting next to me was Jiangnan.

"Of course it is the Second Young Master Jiang, otherwise, who else do you think?" Even though the Second Young Master Jiang's people were guarding the corridor at that time, it was rare for them to go in and see her once.

But every time I see her, the person who stays in the ward is Jiang Ershao.

Then, besides Second Young Master Jiang, who else is guarding her every day?

"You girl, you really don't know the blessing when you are in the blessing. If people don't like you, why are they so good to you?" Of course, Su Xiaomi knows it, but I'm afraid that I'm still in love with Joseph.

However, now that Young Master Jackson and Kylena Gale are together, everyone in the world knows things.

Kylena Gale posted on Weibo every day the love between herself and Mr. Jackson. Every time she saw it, she felt dazzling.

can

Yes, every time I can't help but click to drive, she Su Xiaomi is also really mean.

She really felt unwilling for Ranran, so she couldn't wait to see the news that Kylena Gale was abandoned by Young Master Jackson every day.

However, good people do not live long, bad people live for thousands of years.

That damn bad woman, not only lived in the Wangjiang Pavilion of Young Master Jackson, but also entered the Jackson family, and stayed with Young Master Jackson every day!

A few Weibo posts a day are all interactions between her and Mr. Jackson!

In short, she was about to vomit blood!

The more I thought about it, the more angry Su Xiaomi couldn't help but muttered: "Young Master Namu didn't even look at Kylena Gale at first, but how could it suddenly become like that?" "You also saw Kylena Gale and Jackson Da. Is there anything less?" He Lingzhi leaned over.

Although she knows the relationship between Emily Gale and Joseph, didn't they break the marriage contract?

In He Lingzhi's heart, this kind of commercial marriage between Young Master Jackson and Emily Gale was blown out.

It didn't seem to have any unhappy meaning, so she didn't care.

Speaking of Kylena Gale and Joseph, who in the entire Beiling doesn't know?

After all, Young Master Jackson is the most valuable bachelor in Beiling, and everyone wants to marry the most golden bachelor.

His entertainment news value is even higher than that of top traffic stars!

"This Gale Kylena was not in the eyes of Joseph at all. People I know have seen them get along at a banquet, and Joseph will not throw Gale Kylena away."

"You still have this kind of trail. News?" Su Xiaomi's energy came when he talked about gossip.

He Lingzhi has always been particularly proud of his gossip.

"I still have a lot of news, don't you know? Before Ranran got engaged to Young Master Jackson, Kylena Gale had wanted to get close to Young Master Jackson many times, but it was a pity that they completely ignored it."

"Later, Kylena Gale didn't know what was going on, so I walked with Jackson Er Shao, but I guess it was all for getting close to Jackson Da Sha."

Look now, the prediction has come true?

That woman was deliberately trying to get close to Young Master Jackson, but how could she suddenly change her goal and stay with Young Master Jackson?

Everything, hiding is just a blindfold.

"I just don't want to understand that Young Master Jackson was so indifferent to Kylena Gale before, why suddenly, as if all of a sudden, he treated her so well?" "The ghost knows it, maybe the ghost is obsessed..."

Emily Gale left. Behind them, they were completely forgotten by two gossips.

However, what He Lingzhi said she couldn't think through.

According to Joseph's personality, he doesn't like a person and it is difficult to change.

In her previous life, Kylena Gale had pursued him for several years, and he did not allow Kylena Gale to live in her place, but in this life... Indeed, it is very unreasonable.

Then if, Young Master Jackson is the same as the old lady

, I feel that Kylena Gale is the granddaughter of the old lady, and Young Master Jackson is willing to let Kylena Gale live in her own place for the sake of the old lady?

Is it possible?

Kylena Gale not only deceived the old lady, but also deceived Young Master Jackson?

Therefore, the old lady only said that morning that she had to make it clear with her master and Mr. Jackson...

"Of course, what's the matter with you?" Su Xiaomi and He Lingzhi unexpectedly had already gotten away with her. Long distance.

The two hurriedly turned their heads, walked to Emily Gale, and held her hand: "Is it really uncomfortable? Don't go out if you feel uncomfortable. Tell Jackson Er Shao that we won't go."

"It's okay, just thinking about something."

"Emily Gale smiled and quickened his pace.

Anyway, if you want to pay back this favor, if you end it sooner, it can be regarded as ending this matter sooner.

Anyway, everyone has been busy for so long, and it's okay to go out and play during the weekend.

Daniel Jackson had been waiting outside Jiang's back door early.

Although he didn't sleep much all night, he was already full of energy from the perspective of today.

However, Emily Gale collapsed on a chair as soon as he got in the car, closed his eyes and fell asleep.

Daniel Jackson had a lot to say to her, but unfortunately, this girl was really tired and fell asleep, and he was not willing to wake her up.

However, the two girls in the back row were chattering.

They kept asking about going to sea, which made his head bigger.

However, it is a friend of Ranran, he loves the house and the black, so he can only try to convince himself and be patient.

After half an hour, the car stopped on the dock.

Emily Gale rubbed her eyes and just got out of the car when a sea breeze blew her, making her sober.

Looking up, I saw that proud figure standing on the sunny beach...

Chapter 269

It's not your turn to make a decision. If there is any man in this world that can make a woman unable to look away after seeing it at first sight.

Then, this man must belong to Young Master Jackson.

Emily Gale had tried very hard to control her sight, but she couldn't help but glanced more.

He is wearing white casual clothes today, with a slender figure, dazzling in the sea breeze and sunshine.

There was a pair of black sunglasses on the bridge of his nose with a very earthy and vulgar look, but he was surprised that he wore a refined temperament.

So many men and women around him all became his foil in an instant.

He is like this world, the highest, the most dazzling king.

Anyone by his side was completely swallowed by his aura.

"Major Jackson?" He Lingzhi and Su Xiaomi were confused again.

Su Xiaomi hated this man very, very, very much, who made him abandon it.

However, I have to admit that even if I hate it again, I still can't help but watch, watch, watch again, or watch!

Especially, men look like this, it's really nothing to women.

Daniel Jackson frowned tightly. He didn't know that the eldest brother was going to sea today.

"It's the eldest master," the assistant reminded.

Daniel Jackson's eyes were dim, and he glanced at Emily Gale sideways: "Do you mind? If you mind, let's go somewhere else."

This Second Master Jackson, who is really different from before, has actually learned to give in.

Emily Gale shook his head: "Leaving now, it seems too stingy and unsuitable.

After all, you are the second young master of the Jackson family."

Among the crowd on the beach, if you read it right, there is more than just Young Master Jackson.

Actually, even Jackson Xueer and her friends, as well as Jackson Xiaoran and her friends, were there.

This was clearly an activity led by the Jackson family, and he, the Second Young Master Jackson, would leave as soon as he came.

"Do you... care if I am embarrassed?" Daniel Jackson finally regained a little confidence, and her eyes were bright.

Emily Gale didn't want to answer this question.

If he had to tell him something very clear, if he had to be crooked, there was no way.

Daniel Jackson knew that he was thinking too much, but what Emily Gale said just now made him feel better.

"Since you don't mind, then, let's go over."

He said.

Emily Gale nodded and walked beside him.

Young Master Jackson is here with Young Master Jackson's former fiancée!

The appearance of these two men stunned the men and women on the beach.

The most shocked is the person who has never seen Emily Gale's true face before. If it weren't for Jackson Xueer to call her by her name, everyone would really not recognize it.

The beauty in front of me, so clear that it can be said to be fresh and refined, is actually the ugly ex-fiancée of Young Master Jackson, Jenni

Of course?

"Emily Gale, what are you doing here?" Jackson Xueer was angry when she saw her.

Although grandpa has already spoken, grandma's incident was an accident, but no one knows the truth of this incident.

In short, when the grandma's accident happened, only Emily Gale was on the scene, and she was always the most suspicious!

Now that Jackson Xueer saw Emily Gale, it was like seeing a murderer, she wanted to tear her up to be buried with her grandma!

"I invited her."

Daniel Jackson didn't want to make trouble here, embarrassing Emily Gale.

He looked at Jackson Xue'er and said in a deep voice: "She is my friend, come to me if you have anything to do."

"Second brother!" Jackson Xue'er was so angry, don't say that too clearly!

What's going on at him?

He is their second brother!

What else can she do to him?

What's more, with so many outsiders on the scene, is it possible that the brothers and sisters of their Jackson family still have conflicts?

"Since I am the friend of the second young master, Xue'er, the visitors are all guests, so let them go on a cruise."

Kylena Gale has been standing next to Hunter Jackson, just like a mistress.

Jackson Xueer didn't want to eat her set, she had a black face on the spot: "Is it a guest, it's not your turn to decide, what does it have to do with you as an outsider?" When she used to face Emily Gale, she thought she was the fiancée of her elder brother. Can be regarded as half of my family.

But now, what is her Kylena Gale?

No name and no score, after driving away his sister, he occupied his sister's former fiancée.

This kind of woman, she Jackson Xueer is the first to be shameless.

Although Jackson Xueer hates Emily Gale very much, she hates Kylena Gale even more!

Kylena Gale didn't expect that Young Master Jackson was still here, and this Jackson Xueer dared to embarrass her face to face!

This Jackson Xueer is really ignorant of the height and thickness of the earth!

However, Young Master Jackson has always been disgusted with women's quarrels, and it is impossible for her to stand up for her.

Kylena Gale sighed in her heart, but she couldn't vent at all.

When the people around heard Jackson Xue'er's words, they all snickered.

Kylena Gale posted on Weibo every day to show off her love with Joseph. Now Jackson Xueer pointed out that she is not Jackson's family, but an outsider.

Listen, everyone, I don't know how happy and gloating!

Let her be happy every day!

In fact, Master Jackson has never responded to her Weibo.

Although she can live in Wangjiang Pavilion, everyone feels envy and jealousy.

But, who knows if there is another hidden story?

In short, Young Master Jackson belongs to everyone, and no one wants to admit that he was contracted by this woman!

Kylena Gale looked aggrieved and could only stand behind Hunter Jackson with a pitiful look.

When she stood behind Young Master Jackson, she suddenly became a mockery of everyone.

For the young Master Jackson.

Everyone immediately stopped the smile, who would dare to be presumptuous?

Even Jackson Xue'er could only dare not speak up.

Working against the eldest brother is not looking for death?

She hasn't been so bold yet.

Therefore, all the anger could only turn to Emily Gale immediately.

"Second brother, what did this woman do in our Jackson's house, don't you know that you brought her to our Jackson's party?" "She was in Jackson's house and didn't do anything shameful."

Daniel Jackson wanted to take care of Jenni's hand as a protector.

However, Emily Gale didn't seem to need his protection, she could stand upright alone.

Daniel Jackson was a little discouraged, but he brought the people and he absolutely must protect them.

"Xue'er, there are some unfounded words, I hope you don't talk nonsense, otherwise, I will tell Grandpa directly."

"Second brother, you!" Jackson Xue'er stomped with anger.

Grandpa said this matter solemnly.

It was an accident. From now on, no one is allowed to say anything suspicious.

Who said it must not be merciless!

Therefore, if Jackson Xue'er said what she said now, if Grandpa knew it, it would definitely cause a catastrophe.

She bit her lip and blushed with anger: "Anyway, I don't allow this woman to come to our house party!" "I don't intend to take Ranran to any party in Jackson's family."

Seeing Emily Gale being targeted, Daniel Jackson felt uncomfortable.

Although he is the second young master of the Jackson family, and although today's event is obviously hosted by the Jackson family.

However, it is not what he wants to embarrass Jenni.

What's more, today I really just want to stay with Emily Gale and relax for a day.

"Sorry, I don't know..."

Daniel Jackson looked at Emily Gale, and didn't know why their private date became like this.

"How about we take another cruise ship?"

Chapter 270

Sure enough, he still cared about the b*tch Daniel Jackson willing to leave, of course Emily Gale didn't object.

With these daughters, I am afraid I will be bored to death for a whole day.

Even if you are not bored to death, you will definitely be bored to death.

These people speak with absolute openness. Even if you ignore them, they will always be around you like flies.

The most terrifying thing is that Jackson Xueer, sometimes too excited, will beat people.

She really doesn't want to mess with this unruly lady.

Emily Gale nodded, Su Xiaomi and He Lingzhi also breathed a sigh of relief.

Playing at sea is relaxing. If you are with these coquettish b*tches, you will really suffer.

Getting on another cruise ship is definitely a good thing for them.

Emily Gale nodded, just about to say something.

On the side, a low voice suddenly sounded: "A family, why should we separate? This is for people to watch a joke?" Joseph, who hadn't said a word for a while, even spoke!

As soon as he spoke, everyone suddenly fell silent, holding their breath one by one, looking at him.

Young Master Jackson is now not only Young Master Jackson, he is also the President of Jackson Family!

Just ask, in the entire Beiling, which man can compare with him?

Young Master Jackson said that the family would not be separated, but he did not agree with Daniel Jackson's intention to find another cruise ship.

Young Master Jackson wanted everyone to be together, but Daniel Jackson did not dare to disobey him directly.

He looked at Emily Gale, somewhat apologetic.

Emily Gale smiled and said, "You have really changed a lot."

If you want to change to the former Daniel Jackson, even if you are afraid, you won't give everyone a good face.

At least let everyone know that he was very dissatisfied with the arrangement made by Mr. Jackson.

But today, he is very calm and calm, even though he is also dissatisfied, but at least he has not expressed dissatisfaction.

Isn't he talking about being a man again?

Daniel Jackson was still a little worried. If she didn't want to stay, he would take her away even if she offended her elder brother.

Emily Gale seemed to understand what he meant, and she smiled: "There is everything here, even if it's just going up to eat some food, it's not bad."

Daniel Jackson breathed a sigh of relief and turned back to Hunter Jackson Road: "Then, brother, Let's go up first."

He supported Emily Gale and walked step by step from the beach to the pier.

It was on the dock just now, just because I saw Young Master Jackson here, I had to come over and say hello first.

Cruise ships still have to pass through the pier.

But for shallows like sandy beaches, cruise ships can't get to the shore.

Daniel Jackson and Emily Gale left, Su Xiaomi and He Lingzhi followed closely behind them.

Aspen Li said loudly: "Young Master, it's late, it's better to go on a cruise first."

This was his suggestion from Aspen Li, not the Young Master who took the initiative to walk behind Emily Gale and the others.

Therefore, Jackson Da

It is a matter of course to walk less towards the dock.

Daniel Jackson and Emily Gale walked ahead.

The two people who were tit-for-tat not long ago are talking and laughing!

The deepest part of Hunter Jackson's eyes was a slender figure.

Daniel Jackson wanted her, already thinking of the crazy point, she even dared to walk so close to him!

Men's minds come and go are not only these!

This stupid woman!

Kylena Gale had long noticed that there was something wrong with Hunter Jackson's breath.

Before Emily Gale and the others came, Young Master Jackson was no different from before.

It was cold, but very calm.

But now, seeing Daniel Jackson and Emily Gale together, the breath of Young Master Jackson was like walking out of hell.

Not only cold, but also cold.

He still hasn't forgotten that b*tch!

Does he mind seeing Daniel Jackson and Emily Gale walking together?

"Actually, RJenni and Jackson Er Young Master are also very suitable."

Kylena Gale smiled like a flourishing white lotus after suppressing the anger in her heart.

"If you can marry the second young master of course, then in fact...we Jackson Gale's family can be regarded as *kssing and kssing*."

Hunter Jackson did not respond at all, not thinking about her at all.

Aspen Li smiled faintly: "Now that the Jackson family and the Gale family have nothing to do with each other, how can you say that you can k*ss him?" Don't blame him for his lack of grace, he just doesn't like Kylena Gale's hypocritical posture next to the young master.

Kylena Gale couldn't wait to kick this obstructive guy into the sea to feed the sharks.

The moment she lowered her eyes, she once again suppressed her anger.

Looking up at Hunter Jackson, his smile is always gentle and windy.

"Grandma said, let me follow Joseph in the future, she said we are a family, it is not unrelated."

Aspen Li sneered, only this thick-skinned woman was embarrassed to say such words.

Didn't you see that the young master never responded?

Isn't she tired of singing a one-man show for so long?

The smell of gunpowder on the two people probably didn't know anyone except Hunter Jackson.

However, Young Master Jackson was really indifferent to the extreme.

He probably didn't even listen to a word of what the people around him said.

Ahead, Daniel Jackson and Emily Gale boarded the ship.

Not to be outdone, the little friends want to go up quickly, change into a nice swimsuit, and show off their perfect figure in front of the men.

However, Young Master Jackson was ahead of everyone.

Young Master Jackson didn't go too fast, who would dare to pass him and go ahead?

As for Emily Gale and Su Xiaomi, they almost couldn't help cheering when they got on the boat.

This arrangement is simply fantastic.

"A lot of food!" He Lingzhi looked at the rows of delicacies and almost didn't drool.

Everyone just gnawed two small buns in the morning

, Was urged by RJenni to drive down the second master's car.

Now, the stomach still has a lot of free space for these foods!

"Can you eat it now?" Emily Gale didn't even eat the buns, and drank two mouthfuls of warm water in the morning.

"Of course it can."

With a nod of Jackson Er Shao's head, the three girls rushed over happily and started eating.

When the girls boarded the boat behind Hunter Jackson, they saw the three of them busily shuttled between the food.

After Young Master Jackson walked into the cabin, Jackson Xue'er and a few friends walked over, frowning and looking disgusted.

"These dead and poor ghosts seem to have never eaten anything in their entire lives."

"That is, who would want to eat the things they touched? It's dirty!" "Then you don't eat, we all eat in this area."

It's over."

Su Xiaomi blinked her eyes at the girl and smiled innocently.

"Sorry, they are all contaminated by us, and those two rows. We will contaminate them now. Don't eat them!" He Lingzhi hurriedly took the plate and followed, contaminating the food.

"Hahaha..."

On the other end, a few people laughed heartily.

The girl beside Jackson Xue'er clenched her fists with anger, her face flushed.

"I haven't seen such a shameless b*tch, where is the savage? Xue'er, your second brother's vision is too bad, right?" Jackson Xue'er was unable to refute this point.

She used to be the fiancée of the eldest brother, but now she is abandoned by the eldest brother and has become the female companion of the second brother.

Is it just because this face looks pretty good?

Don't look at how earthy her dress and dress are!

A cheap stall!

Nothing valuable on him!

I don't know what's going on with the second brother, this kind of dead and poor ghost, the second brother would never even look at it before.

"By the way, Shu Xin, I heard that your sister was killed by this slut, didn't she?"

Chapter 271

Shu Xin, the first of Beiling, stared at the figure of Emily Gale in the distance, and squeezed her palm.

Her sister, Shu Lei, the proud girl of heaven, has been so outstanding since she was a child!

But now, her hands are scrapped, and it will be impossible for her to draw perfect paintings in her life!

All these are thanks to Emily Gale!

"What? That woman ruined Xiao Lei's hand?" Another girl screamed, shocked.

After that, she suddenly became angry.

"Xinxin, did you really let her go like this? Xiaolei is your most dear sister!" "If my sister is bullied by someone like this, I will kill that person too!" Shu Xin said nothing, It's just that the fists are squeezed tighter and harder, and even the knuckles become white.

Jackson Xue'er curled her lips, feeling a little distracted: "This woman is by my second brother now, what can I do with her?" She turned around and left.

Anyway, she didn't feel like Shu Lei. How interested.

Several girls were still in front of Shu Xin, filled with outrage.

"That's Xinxin, this kind of b*tch can get away with hurting people, what's the reason!" "If it's me, I must find a chance to make her look good!" "Forget it, she is now the second youngest woman, Xinxin What do you dare to do to others?" "Yes, Xiao Lei is really pitiful, no one dared to stand up for her after being bullied."

Shu Xin turned and left, with a cold breath.

Several girls got together, looked at her walking away, and laughed quietly.

"You said, what will she do?" "Who knows? I hope she can really do something.

Then, there will be a good show!" "The best thing is to make a big mess. No matter who makes the fool, there will be a good show.

"That's right!" ... Not far away Emily Gale always felt a little itchy nose, and finally couldn't help it, and sneezed several times.

"What's the matter? The wind is strong on the sea?" Daniel Jackson, who was sitting aside, asked concerned.

"No."

The wind is quite strong, but it is very comfortable, not cold at all.

Just eat and drink enough now, it's starting to get a little boring.

The destination they were going to was a small island not far away, about half an hour's water journey away.

After eating breakfast, seeing that the island gradually became clear, everyone went back to the room and changed into various swimsuits, preparing to swim on the island.

Don't mention Su Xiaomi and He Lingzhi. Seeing such clear water, they have long been eager to try.

I heard that this is Jackson's private island, and it hasn't been developed.

Looking from a distance, you know that the environment is beautiful and the water is clean.

You can't come to such a beautiful place casually.

Isn't it a pity not to swim here?

"Of course, it's better than us..."

"Go ahead, I don't know how to swim, I just want to play on the beach."

Emily Gale

Refuse immediately.

"Are you afraid of water?" Daniel Jackson was a little surprised, but immediately realized that his opportunity had come.

"I can teach you."

"Then, take advantage by the way?" Emily Gale gave him a blank look.

Daniel Jackson is not embarrassed when it is said to be blunt, "I will control myself."

"Unfortunately, I don't want to give you a chance."

She looked away and looked at the scenery.

I didn't want to look up, but I saw the proudly standing figure on the balcony on the third floor of the cabin not far away.

And the inseparable woman beside him.

The heart was still blocked suddenly.

Everyone says that the woman next to Young Master Jackson is now Kylena Gale.

In fact, she has never wanted to admit it, she has been fantasizing, it is only because Joseph has apologized for Kylena Gale that will let her stay with her.

What she imagined was that even if Kylena Gale could live in Wangjiang Pavilion, even if she could go to work at Jackson's family, she still couldn't get close to Joseph.

But with the facts in front of him, Kylena Gale could not only approach, but also approach so casually.

"Do you still care?" While Su Xiaomi and He Lingzhi went to the railing to watch the scenery, Daniel Jackson approached her.

"Although, I don't know why the eldest brother chose to dissolve the marriage contract with you, but the eldest brother never does anything willful."

Emily Gale understands what Jackson Zhennan meant.

Regardless of whether he deliberately said bad things about Young Master Jackson and wanted to provoke discord, at least what he said was the truth.

Young Master Jackson would not be so headstrong, so the decision he made must be well thought out.

Young Master Jackson felt that she was not suitable to be by his side anymore, and she was really not suitable.

"I don't care."

She said lightly.

"Since you don't care, just relax and make your mood feel better."

Daniel Jackson still didn't want to miss such a good opportunity, "I teach you to swim."

Emily Gale suddenly felt that this Jackson Er Shao was really not that way sometimes.

It's annoying, as long as he doesn't do anything wayward.

Perhaps people will change.

Su Xiaomi and He Lingzhi turned back and insisted on pulling her in to change their swimsuits.

"I didn't bring this thing at all."

She was afraid of water and didn't want to go swimming at all.

"I knew you wouldn't take it a long time ago."

Does Su Xiaomi still not know her?

This land duck!

"I'll take it all for you, go and change it soon."

"That's right, you have such a good body, don't change white, don't change."

He Lingzhi is angry, but Kylena Gale is actually not so good, why can be the Beiling No.

A lady, why can she stand beside Joseph?

They are just too low-key!

"Quickly, I'll dress you up and make sure you are beautiful."

"You?" Emily Gale looked at Su Xiaomi, afraid!

"Just forget it."

"I'm here! I'm definitely better than Xiaomi!" "No, I'm naturally beautiful and don't need to dress up."

Emily Gale was really afraid of these two

Guys.

"What are you doing! Don't believe us so much, you wait, today, I will definitely make you the most glorious woman on the whole cruise ship!" Ten minutes later, the cruise ship stopped at the island wharf, but everyone was still on the deck. No one is going down yet.

Because Young Master Jackson was still on the balcony on the third floor and didn't know what scenery he was looking at.

The girls were all dressed up exquisitely and moved around on the deck, hoping that when Joseph occasionally looked down, his own figure would come into his eyes.

But at the moment Emily Gale came out, all the noises disappeared instantly.

The people on the deck, whether it was a man or a woman, looked at her, and for a few seconds, they couldn't move away at all.

Beiling first, inexplicably, these four words suddenly came into the minds of many people.

What is a celebrity?

This is the celebrity!

The skin is white, the waist is steep, and the face is fine and smooth.

The eyebrows are not drawn, but the lips are not dotted.

The nose is tall and small, and the big eyes are as black as jewels.

With her blinking eyes, the long eyelashes swayed slightly, and they were thick and upright, even more attractive than a carefully made doll.

Today Emily Gale is wearing a white bikini. This color, if the skin color is not white enough, will look vulgar and ugly.

But she is so white, her body that barely sees light at ordinary times is white with its own light under the sun.

Straight legs, slender and smooth, slender waist, as if it can be held together with both hands.

The slender swan neck, the s*xy collarbone, the thin but round shoulders, and the fabric of the bikini, the perfect figure that can't stop at all.

On the third floor balcony, the cigarette in the man's hand fell from his fingertips, but he didn't notice it...

Chapter 272

It was a man who couldn't hold it, and the goblet in Daniel Jackson's hand fell on the table.

The scarlet wine splashed, and accidentally splashed himself all over.

But he didn't care, his eyes were still on Emily Gale's body, and he couldn't move away for a long time.

This should be the least dressed Emily Gale he had ever seen.

Her perfect but conservative body has never been exposed to this in public.

Emily Gale is actually a little embarrassed, growing up so big, this is the first time wearing a bikini.

In fact, on this deck, although she is not conservative, she is definitely not the most open.

But with such a small amount of fabric wrapped around her body, she still feels a little weak.

Especially the eyes that everyone casts over, the woman's no matter what, she can already adapt to the jealousy or something.

However, the colorful eyes of the men still made her uncomfortable.

"Don't...you don't want to go back and change clothes now, do you?" Seeing that she wanted to step back, Su Xiaomi immediately pulled her back.

"No, look at what you look like right now.

It's clearly the most eye-catching one in the audience. What to change?"

"That's right, you can't change it! By the way, this hairstyle is especially suitable for you."

He Lingzhi made it for her. Hair bun, long hair tied around the head, and then tied with a light-colored ribbon.

There are hairs hanging around the ears, which can't stop the slender neck, but it adds a touch of s*xxy to the neck.

In short, so beautiful!

It's so beautiful!

"Go, go to the second young master."

Su Xiaomi led her and walked towards Daniel Jackson's position.

Today, Daniel Jackson brought them up, and the position of Jackson's family is fixed.

On this deck, to be honest, sitting with Jackson Er Shao is also very face-to-face.

Daniel Jackson looked at the girl walking towards him, looked at her elf figure, and couldn't help but look down from her neck.

For a moment, his lips became dry and his whole body tightened.

"Second Young Master Jackson, are your gazes a bit too bad?" He Lingzhi teased.

Daniel Jackson coughed slightly, and finally took his eyes away, only to find that the red wine had spilled all over him.

The waiter came with a towel and wiped him carefully.

Daniel Jackson took the towel, wiped it twice, and threw it away.

Anyway, it was dirty, and anyway, it was a gaffe.

His eyes abruptly withdrew from Emily Gale's snow-white skin, his throat rolled down, and after drinking the warm water that the waiter had just sent, he still felt dry.

He suddenly stood up and said, "Wait a minute, I'll change my swimsuit, and I will teach you to swim later."

After he left, Su Xiaomin approached Emily Gale and whispered, "Look, it's a man who can't hold it. Your charm."

There was nothing wrong with this dress, right?

She picked this bikini specially, and she picked it back and thought about herself

Wearing it, I didn't expect my chest to be too small and I couldn't support it.

However, this guy usually likes to wear loose clothes, he can't see it at all, because he has such a good figure.

Her carefully selected bikinis were worn on Emily Gale's body, as if they were tailor-made!

Well, she still has a good eye.

He Lingzhi also leaned over, smiling violently.

"Did you not see the look in the eyes of Jackson Er Youngo just now? You can't wait to swallow you!" "That's right, you little fairy is really harmful, everyone is eager to tear you up" "Su Xiaomi originally felt very bad for Jackson Er Shao, but today, it seems that they are not that bad.

"I think that Young Master Jackson has been very restrained. This is a normal man's reaction. No wonder people, I can only blame you for being so tempting."

"When I will teach you how to swim, watch it yourself. I am not. Say bad things about him, but you look like this. If I were a man, I couldn't help but want to touch it."

"Even if I am a woman, I want to touch it, hahaha."

"Yes, haha..."

Emily Gale picked up the cup for a drink, too lazy to talk nonsense with these two guys.

However, why do you always feel a bit cold when the sun is shining?

Is it cold today?

There seemed to be an icy breath that lingered on him all the time, a bit...creepy.

...On the balcony on the third floor, the man's deep eyes showed a hint of coldness, but a hint of anger quickly rose.

Kylena Gale, who changed into a bikini, looked at the unburnt cigarette under his feet with a hint of surprise.

What did Joseph look at? He didn't even know if a cigarette was dropped.

She walked over and was about to say something to him, but the moment she looked down, she saw the figure on the deck.

That, b*tch!

Kylena Gale was so angry that her fingers were trembling slightly. Now, without asking, it is clear why Mr. Jackson didn't even know that she had dropped the cigarette.

There were so many men on the deck staring at the figure sitting in the exclusive position of the second Master Jackson near the railing.

Her complexion is really white.

Among so many girls, it turns out to be the most beautiful and even white one!

She dared to wear a bikini!

The career line is exposed, and the two legs are almost unreserved!

This b*tch!

This shameless b*tch!

Kylena Gale couldn't remember anymore, she had less cloth than others.

She only knows that Emily Gale, a b*tch who wears so little, must be in order to attract the younger generation!

After several operations on her burned chin, as long as she doesn't get close, there are basically no traces.

She thought she was perfect enough, but... But why can Emily Gale, a b*tch, shine so brightly?

"Joseph..."

She didn't give up, she couldn't help it this time

, Approach him.

The plump body almost leaned on Hunter Jackson's arm.

But Hunter Jackson suddenly turned around and walked into the cabin.

Kylena Gale was unstable and almost fell to the ground.

If it weren't for holding on to the railing, it wouldn't stand up.

Aspen Li watched for a while from behind, and didn't know what was wrong, he liked to see Kylena Gale deflated by the young master.

However, his mind today is basically not here.

Walking to the railing, the young lady was dazzling, but she was the eldest young master's woman, no matter how beautiful and attractive, he would not dare to look.

What Aspen Li wanted to see was sitting with Emily Gale, the little one.

Her swimsuit is a very ordinary style, and it is indeed a bit unattractive to be with a group of beautiful and s*xy girls.

But I don't know why, this little girl with clear noodle soup, in his eyes, it is quite tasteful.

All the people on the deck scratching their heads and posing, Su Xiaomi's carefree, it looks very fresh.

This little girl seems to have not teased her for a long time.

With a happy smile on the corner of Aspen Li's lips, he turned back to the room and changed his clothes.

... Daniel Jackson took the three girls ashore.

Walking on the beach, the sea breeze blows, and there is so much coolness.

Emily Gale shrank her thin body slightly, and Daniel Jackson immediately noticed something wrong with her.

"Is it cold?" In November, although winter has not yet entered, the temperature is indeed not high in this late autumn.

"I'll get you a bath towel and wait for me here."

Jackson Er Shao did it by himself, and immediately turned around and walked towards the dock.

Su Xiaomi didn't know where he went when he got off the boat, and He Lingzhi also left with a handsome guy.

After Daniel Jackson left, only Emily Gale was left walking on the beach.

Suddenly, a bath towel fell on her body, wrapping her slightly cool body.

The pier is a little away, so it's impossible for Jackson Ermao to get back the bath towels so quickly?

Emily Gale looked back and was surprised to see the man standing behind him.
