

## Love Through Time and Space

### Chapter 273

I am always fair.

"Miss, alone?" After the man put a bath towel on Emily Gale, he immediately reached out and took her shoulders.

In fact, Emily Gale had a little fantasy just now.

She knew that the person who put on her bath towel could not be Daniel Jackson, so she didn't know many people here.

She thought it was him... but reality completely shattered her only fantasy.

"Sorry, I have company."

She immediately took off the bath towel and returned it to the unknown man in front of her, then turned and walked towards the forest.

The beach is still a bit too sunny and windy.

The woods can at least block the wind.

Unexpectedly, the man immediately followed and put the bath towel on her again.

"Little guy, I don't mean anything, but it seems a little cold to see you."

His hand fell on her shoulder, squeezing it both lightly and lightly.

"You...let go!" Emily Gale quickened his pace and made a profit, "I don't need it!" "Jackson Er Shao is gone, what's the point of you alone? Look, Jackson Er Shao is surrounded by other girls. Emily Gale heard the words, looked back on

the dock, and saw that Daniel Jackson was surrounded by several girls, and didn't know what he was talking about.

However, it seemed that Daniel Jackson didn't mean to stop, but the girls were not willing to let them go easily, they were still entangled.

Those who came out to play, she knew it was all like this.

Girls want to make friends with noble men, and men like to play with beautiful women.

Anyway, it's just for fun.

She took off the bath towel again and walked to the shade of the tree, staring at the man who followed her, her voice sinking.

"I don't need, sorry, I'm waiting for someone."

"Then I'll accompany you to wait for someone."

The man didn't care about her indifference at all, "Come on, I'll put it on you."

Not all women are like this. Want to refuse and welcome, didn't it end up lying under him?

Such a woman, he has played too much!

Said to put a bath towel on her, but in fact, her hands kept touching her shoulders and arms.

Emily Gale only felt nauseous for a while and pushed him hard.

Unexpectedly, not only did this man not give up, he even stretched out his other arm to hug her waist.

By giving her a reason to put on a bath towel, hands were just messing around on her waist!

"What are you doing? I don't need to take it away!" Emily Gale looked cold.

However, the other party felt that she was another drama to hook herself, and she didn't care at all.

Not only hug her, but also k\*ss her.

Emily Gale wanted to raise her hand and push him away, but she did not expect that the strength of a man was always greater than that of a girl, and she could not escape his restraint at all.

"Let go! Let go! You..."

"She told you to let go.

"Are you deaf and can't hear?" Suddenly, a low voice intervened.

Afterwards, there was a wailing, and the man holding Emily Gale who wanted to take advantage was knocked to the ground with a punch.

"You..."

As soon as Emily Gale saw the figure in front of him clearly, his wrists suddenly tightened, and he was dragged behind the tree and quickly pulled into the depths of the woods.

"What? Put..."

"Shhh!" The man's hand fell on her lips, he half-wrapped her at all, and forcibly pulled her to a hidden place.

"Major Jackson..."

"Yes, no one sees me making a move."

The man's voice was a little low, clearly pressing it deliberately.

Emily Gale was taken aback, and suddenly reacted.

No matter what his status is, it's wrong to hit someone, and if it spreads out, there may be a negative impact.

He hurriedly pulled himself into hiding, just didn't want people to catch the handle.

It was originally a normal thing, but it happened to Young Master Jackson, and I don't know why, I always feel a bit... weird.

Also, isn't it weird that the two people look like this now?

They seem to have... collapsed.

Outside, after the man got up, the ghost cried and howled suddenly: "Who hit me? Who hit me just now?" "What's the matter?" Several of the noble princes rushed over.

"Someone attacked!" "Who?" "I don't know! Damn! Let Lao Tzu know who did it, not peel him off!" "Don't you see who did it?" "No, this The person must be still nearby, with Jackson Er Young's woman, hurry away! I can't let him escape! I'm coming together! Damn it!" Emily Gale almost couldn't help laughing out if he knew that he was scolding Jackson Da Less, would you dare to be so open-hearted?

However, it is not right to hit someone, especially the one that hits someone on the ground with one punch.

"Is it funny?" Hunter Jackson lowered his eyes, looking at the icy, muscular and snow-skinned body in front of him, but he didn't feel like he was joking.

This girl, she really dares to dress like this!

Emily Gale stopped her smile and lowered her voice: "It's not funny, thank you, I'm leaving."

She wanted to leave, but he pulled her back.

Hunter Jackson took a step forward, and Emily Gale subconsciously stepped back, only to realize that there was a tree trunk behind him, and he could not retreat.

"Now, I can't go, I don't want the headlines of the lace news tomorrow to become me and you are disconnected."

Emily Gale's breathing was stagnant, and I was disconnected!

She almost forgot, they have broken off their engagement.

"In this case, what are you doing here?" Just now, she didn't ask him to help.

"I don't want to see the woman I played with, being defiled by other men."

Emily Gale glared at him, this bastard, can you speak!

"Young Master Jackson, it seems that you are the man I have played with."

Isn't it because she was drugged twice and needed a man to help him out?

Hunter Jackson's face

Suddenly it was ugly, and after all, she was really a good medicine for her to solve problems.

Own, is this being used?

"Then dare to love me, you played me twice, now, is it my turn to play twice?" His big palm fell on her waist, and he squeezed, "I am, It has always been the fairest."

Emily Gale really wanted to slap himself in the face, yeah!

Knowing his temper, dare to speak like this in front of him?

Isn't this looking for death?

"Master Jackson, I said something wrong, can it? It's just a joke."

"No."

No one can joke casually in front of him.

The most important thing is that this excuse is very good.

"Now, I want to play back."

"Major Jackson!" "Shh! Unless, you want everyone to see the picture of us entangled here."

He smiled low, and it turned out to be a little evil: "I don't mind, but , I'm afraid you will be gone."

"You... a\*\*hole!" She hugged his arm hard, trying to pull his hand away from her body, but to no avail!

Emily Gale was angry and beat him hard: "Young Master Jackson, we have nothing to do."

"This is what you owe me."

Hunter Jackson suddenly approached, and the warm breath fell in her ears. :  
"Who said we are related?" This is really hurtful, but it cannot be refuted.

"You played with me twice, and I remembered it."

The big palm followed her waist line all the way up, and quickly controlled her body.

"I said, I'm fair. Now, let's get back a little interest. If you are not satisfied, then you can bring interest with you."

## Chapter 274

You have to control yourself Emily Gale's hand subconsciously falls on the back of his hand.

Originally I wanted to pull him away, but I didn't want to. Now this action looks like she is leading his hand to make intimate contact with her body.

She has the bitterness of a dumb eating coptis, but for a while, she can't think of rebuttals.

Everyone has said that it has nothing to do with her, and now it is just a debt collection.

What else can she say?

Hunter Jackson lowered his eyes and looked at the posture of the two people.

There was a successful smile in his eyes, but he was very careful not to let her see it.

The few people on the beach outside seemed to be looking here.

Emily Gale was a little nervous. Now that the two people are in a posture, if they are seen by others, they will really disappear.

Hunter Jackson moved forward, completely fitting her body.

The pressure is so tight that the hand cannot be opened even more.

He tightened his fingers subconsciously, and Emily Gale blushed and his heart beat, his face was fiery.

He raised his left hand subconsciously, but he clasped it and pressed it to his side.

"Hush."

Hunter Jackson's thin lips leaned close to her ears, lowering her voice: "It will be gone."

Emily Gale glanced down at her body.

Although the two bodies were close together, she couldn't see clearly what was on her body. Happening.

However, you don't need to look at what the clothes were pushed up.

Those people were still walking here, and she was stiffened all over, really panicking.

She has nothing to do with Young Master Jackson now.

A girl, with a man in a place like this, with disheveled clothes... You know what bad things are doing at a glance.

If this kind of thing is spread out, do you want to be a man in the future?

Even if she didn't care about the gaze of others, she still had a face.

The most important thing is that I don't want to have anything to do with Madam Jackson at all.

"Your heart beats so fast."

The man's voice rang in his ears again, and there was a scent of gloat.

"Look, my big palm can easily be felt.

Are you afraid?" It's okay for him not to speak. When he said that, Emily Gale suddenly felt the existence of his big palm more clearly.

The feeling of being controlled made her feel uncomfortable, and she almost fell down when her legs were weak.

Hunter Jackson lifted his leg slightly, stepped forward, the corner of his lips twitched, and a deep smile evoked.

"If you are tired, you can sit on my lap, but don't make any noise."

His palm tightened suddenly, and Emily Gale opened his eyes wide, finally knowing what he meant by saying not to make a noise.

She bit her lip hard, already trying her best to endure it, but she couldn't help it, and whispered: "Don't... don't do this."

"I just don't want to be seen, misunderstanding that there is a relationship between us, what are you thinking? "If the smile in his eyes is not so deep, this sentence must be more convincing.

but

, Emily Gale couldn't see anything at all.

He is too tall, she can only reach his chest.

The two were too close, and she couldn't look up at his expression.

Hunter Jackson's body temperature was rising.

Although he had only had two pitiful intimacy with him, he gradually became familiar with his body.

This is the omen of his... love!

"Master Jackson, you have to control yourself!" Emily Gale almost gritted his teeth and said this.

I dare not say anything cursing.

The more you disobey this man's temper, the harsher his punishment will be.

He only eats soft, never hard ones!

Hunter Jackson was indeed a bit uncontrollable, but he was already trying his best to control it.

In such a place, someone will come at any time.

He doesn't care about the gaze of others, but if this girl is seen, I am afraid that she will cry.

He actually didn't want to see her cry.

"Don't move."

He lowered his head, his lips moved over her forehead, his breathing messed up.

When the hot lips stroked her forehead, Emily Gale felt that her forehead was hit by an electric current.

Shocked to the feeling of trembling all over!

"Yes...you are moving."

She was motionless, very well-behaved.

"Really?" Hunter Jackson's voice was extremely hoarse, she could even hear him panting!

It doesn't seem to matter who is moving.

The important thing is that he couldn't help...

"Young Master Jackson, control, control..."

Emily Gale turned away, and his k\*ss fell on her side cheek.

Control?

I don't want to!

But he is still a bit sensible, and here is really not a good place to "reserve the old".

"You hooked me."

The man's body was getting hotter and hotter, as if he had a high fever.

"I didn't."

Her voice was low, and the men really came over.

The cautious liver under his palm was running wildly, and those slightly trembling hands grabbed his shirt, pleading.

Hunter Jackson felt a little pain, this girl was really scared.

In fact, he is here, how could those people have the opportunity to get close?

But her panicked little look, like a pitiful little prey.

At this time, he didn't want to tell her that it was actually safe here.

She was so pitiful that he was on the verge of losing control.

"Are you with Daniel Jackson?" In order to get his consciousness back, he started a topic.

If his hands didn't move, Emily Gale's voice wouldn't shake so much.

"No... yes, just... ordinary friends."

"Isn't it an enemy before?" Of course he knew what he wanted.

The brat has been looking for her, but he didn't know that she was her.

Now that I know it, why don't you stick to it?

At first glance, she knew that she was not at ease, so she was so relieved to follow him out?

Aren't you afraid of getting into a tiger's mouth?

"With

It's just that everyone is young.

"Can you let go of her first and then talk? In this case, chatting is a bit too much. Where is the ability to think? "You grow up so fast!"

"Isn't it something less than a month ago? However, she has indeed grown up recently..."

"a\*\*hole, where do you look?"

Emily Gale blushed and almost couldn't help but pat him on the face.

"Can't you see?"

"Where has he not seen it? Why is he so shy? Emily Gale pushed him hard, and was about to struggle. Outside, the few people turned back.

"I seem to hear the girl's voice.

"She wasn't with Jackson Er Young Master.

She must have been eating with the bastard who had attacked just now. You must let Jackson Er Young Master know this.

" "Correct!

Isn't it just a female cousin?

Even dare to pretend to be in front of Lao Tzu!

"Hunter Jackson's body was full of chills, Emily Gale was a little flustered, and didn't know what this guy wanted to do. But what was even more fearful was that those few people really came here and saw their every move here. Stealing... now is it counted? After all, the movements are very unsightly.

She didn't even dare to move. With a little movement, the man's hand was even more presumptuous.

She was frightened, she didn't even dare to breathe hard.

They were so real.

Are you approaching! Did they hear her voice just now? Emily Gale was so scared that he subconsciously leaned into Hunter Jackson's arms. Hunter Jackson originally planned to let people drive away, but Emily Gale's performance, But it made him change his mind temporarily. He coughed, and the shadow bodyguards hiding in the dark retreated immediately. Those people were finally found! Emily Gale was shaking with fright. Just about to look up at Hunter Jackson, he saw him. Suddenly bowed her head and completely sealed her thin lips...

## Chapter 275

Emily Gale was gone.

"Hmm..."

The petite girl was pinched by the tall man, between her body and the trunk.

From the outside, it is hard to see who the girl he is holding is.

Several men accidentally rushed here.

The man who was beaten was about to get angry, but accidentally, he saw clearly who was standing under the tree.

"Jackson, Madam Jackson?" Several people were taken aback, and they were dumbfounded!

It turned out that Young Master Jackson was fighting with a girl... in such a wild place?

Hunter Jackson was stunned for a while, pressed the girl in his arms, and looked back.

The look in his eyes was almost as cold as the flying snow in June, and the surrounding breath was completely frozen.

"Something?" His voice was not angry and threatening, frightening everyone's legs.

"No, it's okay, hug... I'm sorry, I'm disturbed, disturbed!" Several people panicked with fright and backed off immediately.

The man who was beaten hesitated and wanted to see who the girl in Hunter Jackson's arms was.

Obviously seeing Emily Gale break into this dense forest, why did he disappear suddenly?

Could it be that the people in Young Master Jackson's arms... But, haven't they already dismissed the marriage contract?

How could Young Master Jackson eat the grass?

What kind of woman does a man like him want?

Although Emily Gale is really beautiful, she is tired of playing and will naturally never look back.

"Isn't it going?" Joseph's expression on the north sinked.

Looking back, he *kssed the girl who was frightened and panicked again, and in an instant, the kss was inseparable.*

Wherever the men dared to stay, in a blink of an eye, they all ran without a trace.

Emily Gale wanted to push the men away, but she didn't know if those people had left.

But his k\*ss... was so intense that she couldn't stand it anymore.

The hands that fell on his chest, originally trying to push him away, gradually became the lapels of his clothes, and his fingers were weak.

Between each other, there was only a violent heartbeat and a panting sound... I don't know how long it took, when Hunter Jackson almost couldn't hold it, the k\*ss ended in an instant.

The man took two steps back violently, and dared not touch her half of a finger.

Without the support of his body, Emily Gale's legs softened and nearly rolled to the ground.

Young Master Jackson was still quick and quick to help her up.

Seeing her lost appearance, Hunter Jackson laughed softly, but the impulse faded a little.

"I made my legs soft by my k\*ss?" This discovery made him happy.

"You, what nonsense are you talking about?" Emily Gale was unwilling to admit it, and she was completely lost under his breath.

After finally regaining some strength, she pushed him away: "**ahole!**" **But the ahole** looked away from her face, all the way down.

"What are you looking at? Haven't you seen a beautiful woman?" Emily Gale was really angry, annoyed by herself.

for

What is by this man's side is always so easy to lose his soul.

Hunter Jackson's thin lips curled up, still staring at her body, and smiled: "I haven't seen such an exposed beauty in the wild."

Emily Gale was a little confused and followed his gaze.

In the next second, the screaming voice came from the forest, it was terrible!

Daniel Jackson has been looking for his goddess, but she couldn't find it all over the beach.

I was about to look in the woods, but I heard Emily Gale's scream when I didn't want to.

He was taken aback, and hurriedly rushed in, only to see Emily Gale standing alone under the tree, with a small blush as if bleeding.

"RJenni."

He looked around and didn't see anyone staying nearby.

Why is she here alone?

What happened just now?

"There are... there are snakes."

Emily Gale's breathing was still messy, but luckily he pulled his swimsuit well before he came over.

Just now... just now, no wonder Young Master Jackson said she was exposed!

Her clothes are off the track!

It wasn't the bastard who did it...

"Go back to the beach, it's dangerous here."

Not wanting Daniel Jackson to see more flaws, she hurried out of the small forest.

Daniel Jackson originally wanted to see who else was around.

But seeing her walking so fast, he couldn't stay behind, so he could only catch up and put a bath towel on her.

"Why did you come here alone?" It was still a question.

"I..."

"Emily Gale, you are here!" The man who was beaten was still looking for her.

Before I could see who was standing behind her, I first saw Emily Gale coming out of the woods.

He hurried over and said angrily: "Who are you with? How dare you... Jackson Er Young Master?" Isn't she with the man who attacked him?

Why suddenly became Daniel Jackson?

"Something?" Daniel Jackson looked at him, half of the man's face was swollen.

I heard that someone was beaten just now. Could it be this one?

"I..."

The man looked at him, and then at Emily Gale, his voice suddenly became dull: "She... she just..."

"This person just took advantage of me and was beaten by me."

Emily Gale said nothing. Said with an expression.

"What?" Daniel Jackson's face sank, and stared at the man: "You take advantage of her?" "No...I don't have any, Jackson Er Youngo, she is getting along with other men, Jackson Er Young, this girl is not What good stuff, you..."

Emily Gale pulled the towel on his body, turned and left.

"Second Young Master Jackson, you see, she has a guilty conscience, don't let her...huh!" With a thump, the man was knocked to the ground, and the other half of his face immediately swelled into a piece.

Finally, it is symmetrical.

"Second Young Master Jackson..."

"She is the girl I like, and I don't allow anyone to slander! Get out!" Even if Daniel Jackson is not as powerful as Young Master Jackson, he is still a powerful person in Beiling.

As long as it is the young master of the Jackson family, who dares to offend?

He thought that if Emily Gale's true face was revealed, Jackson Er Young Master would definitely treat him as a friend.

But I don't know that Emily Gale didn't mean to be with Daniel Jackson at all.

Therefore, she didn't care what Daniel Jackson thought of her.

How can Daniel Jackson dare to doubt?

Even if Emily Gale was with other men in person, he couldn't help it.

Who made her not her own woman?

"Of course, this person is talking nonsense. I have already beaten him."

Daniel Jackson chased him with a look of flattery: "Let's go swimming. I won't let him go on a cruise. I won't quarrel again. You are here."

Emily Gale nodded, still feeling a little hard to calm down.

Looking up, there are many people on the beach, all men and women on their cruise ships.

There are also some staff who prepare barbecue grills and eat on the beach. When everyone is tired, they can directly taste the fresh seafood.

It's good to have money, and you can play whatever you want.

There are still a large group of people waiting.

But what's the point of these rich people's lives, who live in conflict and intrigue every day?

"I want to sit here for a while."

Emily Gale stopped under the umbrella, still afraid of the sea water in front of him.

"Well, I'll sit with you for a while."

Daniel Jackson beckoned.

The waiter who got off the cruise ship immediately came over with a tray and brought them two drinks.

Daniel Jackson had been with her, even when Emily Gale didn't want to talk, he didn't bother.

Just sitting next to her, watching the blue sky and white clouds quietly with her.

This kind of Second Master Jackson is really impressive.

There is nothing special about a group of people on the beach.

After the cruise ship, Madam Jackson stayed in the room and didn't come out again.

Until nightfall, Aspen Li hurriedly sent a message: "Young Master, Young Lady... Emily Gale is gone."

## Chapter 276

There is no humanity at all.

"Emily Gale, what are you holding me for?" Kylena Gale sat on the ground and looked at her frayed palm, almost crying with anger.

This damn woman, even if she rolls down the slope, she still has to pull her. Is she sick?

Emily Gale was injured more severely than her.

She didn't know what she had touched with her elbow, and it was still numb now.

"Didn't you tell me that Xiaomi was dragged in by someone?" She gave Kylena Gale a sideways glance.

She had just rolled off, and now she is sitting on the ground.

She can't get up for a while.

"I kindly told you, you actually avenged revenge?" Kylena Gale really wanted to beat her.

Even she had already done something just now and wanted to give her a slap, but who knows, Emily Gale at this moment, both in skill and reaction, are beyond her imagination!

She was unsuccessful in hitting people, but instead gave her a slap back.

Kylena Gale now has no one to help and has no advantage at all.

What else can you do besides crying and cursing?

"How did I know it was not your conspiracy?" Emily Gale stood up, trying to see his surroundings clearly.

At that time, Kylena Gale said that Su Xiaomi was dragged into the woods by several girls. Emily Gale could not find Su Xiaomi, so Daniel Jackson went back to the yacht to change clothes.

At that time, there was no one around. In order to ensure that it was not Kylena Gale's conspiracy, I could only drag Kylena Gale and walk in.

The reason why Kylena Gale was willing to follow is actually to watch the show at the beginning.

Everyone can guess that it must be those girls who want to deal with Emily Gale that will drag Su Xiaomi away.

Who knows, after coming in, only the few girls were seen.

They chased it, only to find that this place was a bit wicked, and it became more and more wrong as they went.

Even, finally walked on the slope.

Someone wanted to push Emily Gale down, and Emily Gale grabbed her and pulled her down directly.

After that, it became what it is now.

Kylena Gale also stood up, knowing that she could not beat Emily Gale, at this time, she did not dare to offend her too much.

Anyway, wait until I go back.

Just a few steps forward, Kylena Gale stepped on the pit by accident.

I don't know what weeds are in the pit.

She is still wearing a bikini, and her ankle suddenly hurts.

*"Ah!" Kylena Gale screamed, anxious: "btch, I can't help but hurt me so much!" Emily Gale looked back at her, expressionless: "Who is the btch called?" Who else can you call?" Just after Kylena Gale said this, she suddenly realized that she had been fooled.*

Such an old stalker can be fooled, so stupid myself!

"Come and help, my feet hurt so much!" she said anxiously.

Emily Gale still just looked at her coldly, with no intention to come back to help.

"The pit is so big,

Can't you get up?

Or are you accustomed to being served by people, thinking that there will be someone serving you here?

"Wait, do you want her to wipe her feet when you get up and see that your feet are dirty? This woman always lives in her own fantasy, dreaming about her princess or the queen? Or, the queen? It's ridiculous. Kylena Gale blushed with anger, and said angrily: "I am your sister!

"I'm still your sister, my feet are dirty, why don't you come and lick me clean?"

"Emily Gale!"

You... you weren't like this before!

"Kylena Gale burst into tears.

She did not mention that before, Emily Gale still had a little pity for her, and planned to drag her out at will. However, these two words immediately made Emily Gale chill. Before? Was it from the previous life? Only when I was too stupid, I would end up with a relative and friend being murdered, and I would die on the street. Before? She Kylena Gale deserves to mention the two words before? "If you think about it, get up by yourself. Stay here.

Emily Gale turned and left, and continued to find her way. Kylena Gale was so angry that her tears slid down.

She is the aloof future Mrs. Jackson Jiashao! She was born so expensive! Now, she fell into the pit, even more. Get up by yourself! "b\*tch!

You stop me, b\*tch!

b\*tch... Emily Gale, of course, you wait for me, wait for me..."

Emily Gale actually left like this, leaving her alone in this dark pit. Kylena Gale is really real. I was very scared, I was afraid that some venomous snakes and

beasts would come out after I stayed. Venomous snakes...No! Will there be venomous snakes in this pit? Kylena Gale hurriedly got up and looked at her legs.

It was mud, so dirty, it made her angry and sad to see her. Too dirty! She finally got up and caught up with Emily Gale who was walking ahead.

"b\*tch!

Take off your clothes and wipe me clean!

"She is still wearing a bikini, but Emily Gale changed into sportswear on the cruise ship in the evening. Her legs are all muddy and dirty. When I go back, how do I see people? "You!

Take off your clothes!

"Kylena Gale chased after her, reaching out to pull at Emily Gale's clothes. This b\*tch, she used to listen to everything, even if she asked her to take off her clothes and wipe herself mud, then she would put it on again. But now... With a slap, Emily Gale waved a slap and slapped her directly! "Emily Gale..."

"I don't know where your superiority comes from. I think I can order me to take off my clothes and wipe your mud. .

"Emily Gale looked at her indifferently, except for a sneer, but also disdain.

"I am not the dog you raised, and I have never taken any advantage of you, Kylena Gale, don't you

Think your request is very crazy?

"Yes, it's not excessive, it's crazy! Because ordinary people really can't say such excessive words, except for the problem of the head! "I am your sister!

"Kylena Gale finally recovered from being hit, raised her hand and rushed to hit someone. Damn b\*tch! She hit her! This is the second time she was slapped tonight! "I'll kill you."

!

Emily Gale made a wrong step, and Kylena Gale immediately rushed to the air, slipped her feet, and fell to the ground with a thump. Her knees seemed to touch something, and the pain caused her tears and nose to flow.

"Woo, woo..."

Emily Gale continued to move forward and ignored her. Kylena Gale really wanted to be a little arrogant and ignore this slut. But...but the surroundings are really dark, although there is moonlight, it is still so dark that the road under her feet She can barely see clearly. If she doesn't follow, she will be completely thrown off after letting Emily Gale go.

"b\*tch, wait for me, woooo..."

She cried as she walked, raised her hand and wiped it. Her face was muddy on her hands, making her face dirty. Kylena Gale was so embarrassed that she could not wait to faint, but she knew very well that if Emily Gale, *this btch, if she fainted, she would pretend not to see , Throw her down. This btch has no humanity at all.*

"Woo..."

She rushed to Emily Gale. Emily Gale said coldly: "I want to slap her again, I can continue to come and wipe my face with my clothes. , I will let you know what it's like to have a swollen face.

"Kylena Gale stopped walking immediately, and burst into tears: "b\*tch, woooo..."

Suddenly, Emily Gale paused and stopped abruptly.

A group of people were looking for him in front of him. Kylena Gale suddenly saw her. Liang, wanted to rush over. But Emily Gale grabbed her and said solemnly, "Fool!

Not from Young Master Jackson!

## Chapter 277

Intentionally introducing her is not only Emily Gale missing, it turns out that even Kylena Gale is missing.

"Is it because the two sisters went in to play by themselves and didn't want to come back?" "How is it possible?" Jackson Xueer interrupted the man's guess, disdainfully said: "The two women said they were sisters, but the dog bites the dog all day long. Play together?" They are all the young ladies of the Gale family, even if they are not pleasing to the eye, the relationship will not be so bad.

But obviously, the relationship between Kylena Gale and Emily Gale really cannot be simply described by the word "bad".

That is like a natural enemy.

Especially, there is also a young Master Jackson in it.

The scenes of two women and one man are already acting crazy in their Jackson family.

Now, the East Palace is forced away, and the West Palace settles in, but the name is not right.

What will happen in the future, who knows?

"Could it be that they found a place to fight?" Heh, it was really interesting.

Of course these people are not worried about the two sisters Kylene Gale and Emily Gale.

They are all women next to Young Master Jackson. If they die outside, then dare to love, and Young Master Jackson immediately regained freedom.

The girls here have a chance again.

"They took it away, of course!" Su Xiaomi didn't know where she rushed out and rushed to Jackson Xue'er.

"Miss Jackson, where's the Second Young Master Jackson?" They came with Second Young Master Jackson. Now that something has happened, they are looking for Second Young Master Jackson.

"What's the matter with my brother?" Although Jackson Xue'er didn't like Emily Gale's friends very much, she couldn't care about something happened now.

"Of course they got in by people like them!" Su Xiaomi pointed to Shu Xin not far away.

Shu Xin shrugged and said with disdain: "I haven't touched Emily Gale before. Don't spit people."

"In the evening, it is clear that you pushed me into the woods before you go in to find me."

"Why don't you Tell me, why did I drag you in? You soiled my clothes, have you compensated?" "You hit me on your body..."

"What happened?" Jackson Xue'er listened more and more unhappy. , Could it be that Emily Gale's disappearance is really related to Shu Xin?

So, what about Kylena Gale?

Shu Xin was a little impatient and didn't want to explain: "This dead girl soiled my clothes and refused to pay compensation. I was angry and dragged her to the woods to negotiate with her."

"It's just a piece of clothing. Can you commit such a toss?" Today it was the people of the Jackson family who brought everyone out to play, and Jackson Xue'er was not happy to make anything unpleasant.

Although she is impulsive and has a great temper, she least likes to engage in conspiracies.

"Where did Emily Gale go? If you know it, tell me as soon as possible."

Both the eldest brother and the second brother sent people to look for them.

"I... how do I

What do you know.

"Shu Xin is a little bit frustrated, but she still doesn't admit it: "What does it have to do with me?"

"It was you who dragged me in, and then I followed in. I saw it all. You brought her in!

Su Xiaomi wanted to find Daniel Jackson, and he couldn't see him on the boat. He Lingzhi also went in with everyone to find him. He hasn't come back yet. Seeing Jackson Xue'er can't help, Su Xiaomi can only continue to find Daniel Jackson. Shu Xin was about to leave, and Jackson Xue'er immediately said: "Stop!

Shu Xin bit her lower lip, and when she looked back at her, she barely smiled.

"Xue'er, is there anything else?"

"Shu Xin, don't play any tricks.

Although Emily Gale has nothing to do with my elder brother now, she was brought up by my second brother. If something goes wrong, you can't bear this responsibility!"

"I...I don't know..."

"Shu Xin, don't tell the truth again, when the second brother comes back, I will tell him what Su Xiaomi said.

"Xue'er, I really didn't do anything to that woman."

"Shu Xin was a little uneasy.

Although Jackson Xue'er can be very deceiving sometimes, you can't let her think that you are a bad person. This eldest daughter is actually very simple.

She hates Emily Gale and Kylena Gale because she feels like that. Neither of them is a good person. But now, she is beginning to doubt her...

"Xue'er, I'm really just angry, you know, my clothes are soiled by Su Xiaomi's poor ghost, of course I feel uncomfortable, I I just want to teach her..."

"Talk about the point!

"Now that Emily Gale and Kylena Gale are gone, she can't leave it alone! Shu Xin really didn't expect that this guy would have to ask the end.

She was really impatient, but she still didn't want to offend the Jackson's lady. He hummed, and then whispered: "I led her to the depths of the woods, thinking that after letting her go in by herself, she won't find her way back..."

"Did you make a mistake?"

At least nine-tenths of this island has not been developed, and after breaking in, it is impossible to get out.

"Jackson Xue'er just hates the Gale family sisters, and didn't want them to die here. I don't know what mess on this island. Even if there are no giant beasts, poisonous snakes can appear at any time. Just a little mad at her... bullying my sister.

Shu Xin grabbed Jackson Xue'er's arm and shook it: "Xue'er, I didn't mean it, in fact, they... they also know it.

The girls pointed at by her took two steps back. Jackson Xue'er immediately sank: "Where did she lead her to?"

Say it quickly!

"The eldest brother and the second brother both took people to the dense forest and nearby beaches to look for them, and now they are completely headless flies.

They knew it, but they didn't say it.

It was too much! Shu Xin was helpless too!

, Can only take Jackson Xue'er into the woods, pointing to the direction that leads to the depths of the dense forest.

"After we pulled Su Xiaomi in, we actually pulled it to a place not far away, but I deliberately led Emily Gale inside."

"As for Kylena Gale, who knows what the two sisters mean, they hold hands and go in together.

"Holding hands?" "This is absolutely true, I saw it with my own eyes..."

"Are you sure Kylena Gale doesn't know anything?" Jackson Xueer didn't believe it anymore, Kylena Gale and Emily Gale could still be so friendly!

"I..."

"Don't you want to tell the truth?" Jackson Xueer's face sank.

"Yes... Kylena Gale took the initiative to help. I really didn't mean to look for her.

She saw our plan."

Presumably this woman wanted to kill Emily Gale before she offered to help.

"How can I help?" Jackson Xueer asked.

"She went to tell Emily Gale that we pulled Su Xiaomi into the woods. We originally wanted to bring Emily Gale in. Who knew that Emily Gale was so smart and had to hold Kylena Gale when he died."

Not a good bird.

The woman thought that by helping them, she could really enter the network of their upper-class celebrities, but she didn't know that she was still not pleasing to everyone.

A family like the Gale family really has no status in the upper class of Beijing.

Kylena Gale wants to mingle with them. Will more relationships be helpful to herself in the future?

Don't look at what identity you are!

Jackson Xueer took out her mobile phone and called Hunter Jackson first: "Brother, I know where Kylena Gale and the others are missing."

## Chapter 278

Playing tricks in front of him Emily Gale really hates the crying woman in front of him.

They were already hiding at the time. If the dead woman saw the bug screaming, would they be found?

It's really harmful, even if you get caught, it hurts others.

"Woo..."

Kylena Gale burst into tears when she thought of her last encounter.

She was really scared!

Fortunately, Emily Gale was with him this time.

If you do it again, at least, you will not only suffer.

Tears fell, just wiped off my face.

There was so much mud on my face just now. Now I wipe it clean and feel more comfortable.

On the contrary, Emily Gale sitting in the corner fell to the ground, rubbing his face on the ground all the time.

Kylena Gale gave her a white look: "Are you planning to use your face to dig a hole in the ground so that you can escape?" Emily Gale didn't bother to pay attention to her.

Apart from her appearance, this woman is a bit attractive.

She died in her hands in the last life.

It was too wrong. How could she be so stupid?

Although he knew that there must be a very powerful person behind him who was in control of everything.

However, she couldn't even see through a hypocritical person like Kylena Gale in her previous life, and she was really stupid!

I don't know where a huge wave hit, and the hull shook. Kylena Gale became unstable and rolled to the ground with a bang, and suddenly started howling.

With a sudden click, the hatch was opened.

Kylena Gale hurriedly hid in the corner with fright, and Emily Gale also sat up and shrank in the corner, reducing her sense of existence.

This is a small boat, which has been driving on the sea since they left the island.

After they came up, they were thrown into this small room, not knowing where these people wanted to go.

However, one thing is certain is that this time, it is for Joseph again.

Following that man, or having something to do with him, sure enough, it was dangerous.

"I heard that you are already with Hunter Jackson now?" Among the men who came in, one of them walked up to Kylena Gale.

"Boss, this is the woman. Last time we were played by our brothers, she turned out to be Hunter Jackson's woman."

Another masked man walked up to the boss and said with a smile: "Quan said this A woman is a bit useful."

"Hunter Jackson will really chase it for her?" "Hunter Jackson is the most responsible, this woman has an accident under his nose, he can't help but find it."

The subordinate immediately replied.

Emily Gale was frightened when he heard that, these people actually came towards Young Master Jackson.

In Beiling, people in the business community would not dare to touch the young master unless they had nowhere to go.

But there is another person, in Beiling, who dares to do anything.

The boss behind Paradise Island!

From the older generation

She knew that that person was a lunatic!

Although Kylena Gale was scared, she listened very well.

Everyone knows that Young Master Jackson takes her seriously, knowing that she is gone, he will definitely find her.

This time, should I be able to stage a heroic rescue of the beauty?

At that time, she promised again with her body that this marriage would have a perfect ending.

However, what does it mean that this man walks up to her again?

"I was played last time, but Hunter Jackson actually wants more?" The boss's voice sounded with a disdainful smile.

"Who knows what Young Master Jackson is thinking, maybe, just to save face."

"Really?" The boss stared at Kylena Gale, who was shivering in the corner, "It looks pretty good, but it's not a big deal.

Amazing stuff."

Kylena Gale suddenly became embarrassed, saying that she was not good-looking enough!

The man behind the boss smiled and said: "I heard that it is the first lady in Beiling."

The boss looked down at Kylena Gale and hummed: "The name is too real."

Kylena Gale glared at him, but dared not speak. .

These men stood in front of them and discussed her looks.

It was too much!

If you say something nice, it's pretty much the same, but it's really a bastard to say such things!

The boss's gaze suddenly fell on Emily Gale's body: "Who is she?" "I found it with Kylena Gale, and I brought it back."

Emily Gale breathed a sigh of relief.

These people's goals tonight, it seems, it was Kylena Gale, she was really involved.

When she knew that Kylena Gale was screaming, she should push her out and hide herself.

But with Kylena Gale's character, how could she give up without killing herself?

I will tell these people that there is another in the dark.

The boss looked at Emily Gale, her face was dirty, dusty and muddy, and she basically couldn't see her original appearance.

He snorted, ignoring the dirty and ugly woman: "When I get to the shore, I will throw her away for her own life."

"Yes."

Several of his men pulled Emily Gale up and were about to pull out.

Kylena Gale was dumbfounded. This meant that they would let Emily Gale go but leave her alone?

How does that work?

Why let Emily Gale go?

At the thought of the last time she was humiliated, she kept shaking in panic.

Although it was a blessing in disguise because of the last injury, Hunter Jackson obviously felt a little bit more guilty for her, so he also felt a little more pity.

However, no matter how this kind of thing happens, it is a kind of harm.

What's more, these people don't know how to pity and cherish jade, they are terrible!

Will hurt her!

"Don't let her go, she..."

She is Emily Gale, she is the fiancée of Young Master Jackson!" Kylena Gale's words caused the boss to look back at Emily Gale's back.

Emily Gale's breathing was messed up, only to feel

It was chilly behind, as if being entangled in a poisonous snake, unspeakably uncomfortable.

Two subordinates escorted her back, and Emily Gale saw the boss walking towards him step by step.

He stared at her face, squinted his eyes, and looked again.

"What's the matter with the dust on her face?" "She just...she just rubbed the ground deliberately just now!" Until this time, Kylena Gale wondered what Emily Gale did.

She wanted to be fooled!

Absolutely not!

"Do you rub yourself?" The boss stared at Emily Gale's eyes.

Emily Gale just looked back at him indifferently, without speaking or shaking.

This woman is not too courageous!

What I rub myself is to make myself look more inconspicuous, so that they don't target her?

Dare to play tricks in front of him?

It's quite clever.

"Get a pan of water here."

The boss said lightly.

He immediately went down to get water, and soon the water basin was brought over.

Emily Gale wanted to struggle, but was still being held by two of his men above the water basin.

The boss took the towel handed to him, and after dipping it in water, he personally washed the dirt on Emily Gale's face.

## Chapter 279

It turned out that it was all for you, "Young Master Jackson didn't want you and wanted that woman?" The boss's hand fell on Emily Gale's chin, his fingers clenched.

Emily Gale immediately felt a tingling pain in his jaw, and his face was lifted up by him.

The boss looked back at Kylene Gale again, before his eyes fell on Emily Gale's face again.

These two women, one pure and plain, the other charming and contrived, as long as they are men, they know how to choose.

The most important thing is that Su Dan is much more beautiful than his pretentious sister.

To say that Young Master Jackson doesn't want the girl in front of him, but the one in the corner, no one can be convinced!

"When did Young Master Jackson break up your engagement?" The boss stared at Emily Gale's eyes, and a happy smile gradually appeared in his eyes.

This matter seems to have become more and more clear.

Emily Gale didn't speak, but looked at him indifferently.

One subordinate said: "If I remember correctly, it was the morning after the woman was put back."

"Heh!" The boss overflowed with a smile.

The purpose behind this matter has been very clear.

Others may not use the reputation of the entire family to toss about such a thing.

Engagement or even dissolution of the marriage contract is not just a personal matter.

So Hunter Jackson wanted to dissolve the marriage contract, no one thought that it was only for a small reason.

For others, trivial reasons.

But for Hunter Jackson, it turned out that it was very important, right?

"He broke the marriage contract with you to protect you?" Heh, that's really interesting!

This kind of thing, only Young Master Jackson has such great courage, really dare to do it!

"What nonsense are you talking about?" Kylena Gale sitting in the corner couldn't accept this fact at all.

She angrily said: "The marriage contract was dismissed because Young Master Jackson didn't want this ugly monster at all!" "Is she an ugly monster?" The boss smiled, not even willing to look back at her.

"If she is ugly, then I am afraid that there is no beautiful woman in Beiling."

Kylena Gale was not convinced, and wanted to argue. Suddenly, the man next to her gave her a slap.

Kylena Gale was beaten to a scream, and she burst into tears: "I am the woman of Young Master Jackson.

She has been abandoned!" "You dare to treat me like this.

After Young Master Jackson comes, she will definitely treat you .....Ah!" The man beside him slapped him again.

Kylena Gale was knocked to the ground and she had no strength to get up.

Can only lie on the ground, crying very sadly.

Emily Gale still stared at the man in front of him. This man was wearing a mask and could not see his original face at all.

His voice is deliberately low, so that you can't hear the original look.

People on Paradise Island have always been secretive, without revealing their whereabouts or leaving a trace.

he

We have made countless money in Beiling and Lingzhou, but until now, no one knows who the boss behind them is.

Just now, the man said that Young Master Jackson broke off his engagement with her to protect her... But she always thought that he broke off the engagement with herself because he apologized to Kylena Gale.

In addition, Kylena Gale may not only lie to him, but also the old lady in some ways.

She thought that Young Master Jackson and her broke the marriage contract because she had to take care of Kylena Gale after listening to the old lady's words... For a time, all kinds of emotions lingered in her heart, making her completely unable to calm down.

"How is it? Now, do you really want to see the man who abandoned you?" The boss lifted his lips, his deep eyes floated with a hint of disturbing luster.

"I will let you see him, and soon, you will meet."

"What do you want to do?" Emily Gale frowned, still struggling hard, still unable to break away.

"Guess!" The man seemed to be in a good mood. With a wave of his hand, the two men immediately escorted Emily Gale out of the cabin.

"What the hell do you want to do? Let me go!" Emily Gale became more anxious. Such anxieties didn't seem to be because of his own safety.

She seemed to think of something, but she didn't know what they were going to do.

In short, no matter what you do, it is aimed at Hunter Jackson.

Don't come, don't follow.

As long as they don't come, these people feel that they are of no use value, and they may just throw them away after a while.

But if he comes... it will be dangerous!

It will definitely be dangerous!

Do not come!

She doesn't need him to save herself!

Kylena Gale doesn't need it either!

Young Master Jackson, don't follow!

... Hunter Jackson suddenly felt a pain in his heart. For no reason, his chest seemed to be hit hard by something.

"Young master, it looks like they stopped on the small island ahead."

Aspen Li stared at the island in front of which gradually became clear, with a serious expression on his face: "Young master, they are crowded, and it will take us half an hour. Only to get there."

Hunter Jackson did not speak, his cold face had already told him the answer.

No matter how many people there are, he can't wait!

Can't wait for a moment!

In the picture that Kylena Gale was sent back, at least five or six men were by her side.

If the person in the photo is replaced by Emily Gale... he dare not think, nor can he think!

"Master, shall we go to the island from the other side?" "No, go directly to the pier."

Hunter Jackson said lightly.

"Wharf?" Aspen Li looked puzzled. Those people were on the dock.

There must be countless people from Paradise Island hiding on the pier.

They go straight up from the pier. Isn't this self-inflicted?

"Even if you go to other places, you will still be found."

Hunter Jackson stood up, Qin

Yi Yi hurriedly stood up: "Young Master, I'll go up and find the way first."

This time Qin Yi brought two brothers and a large army, and it would take half an hour to arrive.

Hunter Jackson didn't say anything. He probably didn't agree with this meaning.

What exactly does the young master want?

Aspen Li stopped the speedboat, and it really stopped on the dock.

As soon as I went up, I saw a dozen people wearing masks waiting not far away.

"Major Jackson."

The boss smiled and greeted him personally: "It's not as well known as to meet. Joseph is so courageous, I really admire it."

"What do you want?" Since he came, he knew that there would be many conditions. Waiting for yourself.

Last time I brought Emily Gale back to Paradise Island, the people on Paradise Island will continue to make trouble, as expected.

He just didn't expect that he and Emily Gale had already terminated the marriage contract, and these people still wouldn't let her go.

"Young Master Jackson is quick to talk, it really is bold enough!" The boss waved, and one of his men walked up with a glass of red wine.

"Young Master Jackson, the wine in this glass is filled with potent medicine, do you dare to drink it?" The other man took two steps forward and turned on the screen of his phone, facing Hunter Jackson.

On the screen of the mobile phone, the two men pressed Emily Gale to the ground, not in a hurry to treat her, they were just trying to tear her clothes slowly.

Emily Gale struggled frantically, but still couldn't get rid of... Hunter Jackson closed his eyes, and suddenly took a step forward, grabbing the opponent's cup.

Aspen Li and Qin Yi said anxiously: "Master!" But Hunter Jackson didn't listen at all. He didn't hesitate at all. He raised the cup and drank the scarlet wine inside!

## Chapter 280

The live broadcast of "Master!" When Aspen Li rushed over, Hunter Jackson's cup was completely empty.

Aspen Li was sweating profusely, but he was helpless.

He knew that it was about Enron, and the eldest master would not be able to calm down.

In fact, he had known from a long time ago that Emily Gale's influence on the young master was so great that he could not even imagine it.

The boss of the other party looked at Hunter Jackson's unhesitating movements, and his eyes were full of happy smiles.

Hunter Jackson smashed the cup on the ground with a cold voice: "Speak out your conditions and dare to play tricks, I promise you will not survive tomorrow!" The boss was slightly stunned.

Although it seems that the winner is now in hand, Hunter Jackson These words still made his heart chill.

Young Master Jackson's aura is not something ordinary people can hold.

The extremely cold breath would indeed scare people.

However, the people Hunter Jackson cares about are in his hands.

At least, he has a bargaining chip, what is he afraid of?

"Young Master Jackson, you should know that your last behavior broke the rules of our Paradise Island. Our boss is very angry."

"What do you want?" Hunter Jackson squeezed his palms, his face turned red, but he was still completely cold.

"Don't let me ask the third time!" "You are on the land in the east of Lingzhou City!" The boss had prepared the documents long ago and asked his men to personally send them to Hunter Jackson.

"You only need to sign this empty document. When we find the buyer, naturally..."

Who knows that he hasn't finished speaking yet, Hunter Jackson has taken the document, swiped it twice, and signed the name.

Actually, I didn't even look at it!

Aspen Li sighed silently, the eldest master was afraid that if he procrastinated further, there would really be something wrong with the young lady.

The boss really didn't expect that Hunter Jackson could be so refreshed!

I knew it, not just a piece of land, maybe, if you want something else, you can easily get it.

However, there are rules. Since he said that he wanted the land, Hunter Jackson gave it to him, and this matter was over.

"Young Master Jackson, I admire you, but you make our boss upset. We still have to explain this matter."

"Don't be too much!" Qin Yi said with a solemn expression.

The boss just smiled: "Now, people are in our hands, extra nonsense, I advise you not to talk nonsense, so as not to waste time."

"You are free, I don't care, but the two women in there are no I must be able to wait."

Hunter Jackson stared at him expressionlessly: "Say!" "Go in by yourself."

The boss moved two steps aside, and said with a smile: "Dare you?" Hunter Jackson just took a step, but suddenly Feeling dark in front of him, his tall body flickered.

"Master!" Aspen Li wanted to help him, but he pushed him away.

It must be the glass of red wine just now!

Damn

Yes, what did these bastards drink for the young master?

"I'll give you half an hour.

After half an hour, your people can get in."

The boss looked at the figure Hunter Jackson walked in, and laughed loudly:  
"Young Master Jackson, the people inside don't know that we have reached it.

Agreement, I'm afraid, you have to suffer a little bit, if you can make it through."

Aspen Li and Qin Yi squeezed their palms, although they were anxious, there was nothing for the time being.

This is why the young master must go to Ali Khan!

Only if you have your own team, you have the right to speak!

Although the young master is in Beiling, no one knows, but he is just a businessman.

If you meet these lunatics on Paradise Island, you will suffer!

But with the temper of the young master, how can people always ride on top of their heads?

The current compensation for the cessation of land can be exchanged for a period of peace, Emily Gale and Kylenea Gale can be rescued, at least they can live a normal life.

However, this hatred, the young master is in his heart!

If anyone offends him, he will be punished!

Hunter Jackson only felt that everything in front of him seemed more and more blurred.

Although his consciousness was still there, the heat on his body was telling him clearly how fierce he was being drugged!

Suddenly, two masked men rushed out and threw a punch at him.

Joseph Bei's eyes sank, he raised his fist, without any extra moves, and slammed his fist on the opponent's face.

"Ah..."

The wailing sound rang out soon.

The two men pressing on Emily Gale had a meal, and after looking at each other, they rushed out immediately.

Emily Gale quickly got up from the ground and pulled his clothes.

Finding that these people hadn't even closed the door, she walked to the door, but saw that in front of the hut opposite, Hunter Jackson was facing a dozen people alone and was fighting.

No, these people are clearly leading him somewhere!

There was obviously something wrong with Hunter Jackson.

Although he punched a heavy punch, he could knock down one person. This powerful skill was completely beyond Emily Gale's imagination.

But he is really wrong!

The tall body will shake slightly with every step!

How could such a powerful person like Mr. Jackson couldn't walk stably?

He... he was drugged!

Emily Gale was about to rush over, and a figure suddenly emerged from behind the tree beside her, pulling her back.

"Hmm..."

Her lips were trapped by the other party, and she couldn't even send her call.

The man laughed lowly: "What are you panicking? I will take you to see your man right away."

"Mmm..."

Emily Gale struggled hard.

The man became angry, and a slap fell on her face, immediately hitting her dizzy.

"You are optimistic, your man will go to that woman's room soon, guess what's inside? Heh, have you watched the live broadcast?" Live broadcast!

This bastard

!

These bastards!

There is a woman waiting for Young Master Jackson, she can imagine with her toes, who else can be besides Kylena Gale?

Who said that Kylena Gale was also a victim this time, but if something really happened, Kylena Gale would be happier than anyone else!

When I was intimacy with Young Master Jackson, it was broadcast live. Everyone in Beiling knew about her relationship with Young Master Jackson.

Regardless of whether Mr. Jackson was designed or not, in the end, for the reputation of the entire Jackson family, and for the stability of the Jackson family, Mr. Jackson must not be the guilty man and leave her alone!

Live broadcast...How will you face such a proud young man?

She does not allow his reputation to be damaged in any way, absolutely!

Emily Gale took a deep breath, then suddenly lifted his foot and kicked back suddenly.

"Ah..."

the man behind him screamed.

"Young Master Jackson...Joseph! I am here!" Emily Gale called loudly.

Hunter Jackson, who had been led to the cabin by a group of people, was taken aback and looked sideways.

He could not see the figure in the distance, but he could clearly hear her voice.

It's his woman, the little girl who has worried him for so long!

Hunter Jackson lost consciousness for a while, and the masked man behind him came over with a stick and landed on his back door.

The tall body swayed for a while, but it always stood tenaciously, like a Mount Tai, indestructible!

The man wanted to have another wooden stick, but when the stick fell, Hunter Jackson held the end of it.

With a snap, a wooden stick as thick as a woman's arm was interrupted by a punch!

The men shuddered for a while, but Hunter Jackson took advantage of their fright and stunned, and quickly stepped in the direction where Emily Gale was.

## Chapter 281

The man who was afraid of him approaching "Joseph!" Emily Gale broke free from the man behind him and immediately ran to Hunter Jackson.

The two sides were only a few tens of meters away, and in a blink of an eye, his tall body stood in front of her.

When the distance was near, Hunter Jackson could see the girl in front of him clearly.

Thank goodness!

She is fine!

She is fine!

Hunter Jackson pulled her into his arms, punched her backhand, knocking down the man who was chasing behind him.

"I'll take you away."

He hugged Emily Gale and broke into the dense forest.

Half an hour!

He doesn't know how long it has been since he came in.

Although the people on Paradise Island are evil, those who do business are also creditworthy.

After talking for half an hour, it must be half an hour, and after half an hour, Aspen Li and the others will come in with someone.

After this half an hour, at least during the next few days, Emily Gale will no longer be harassed by people like Paradise Island.

Emily Gale didn't know what was going on outside, so he could only follow Hunter Jackson and break into this dense forest with him.

The islands that are basically underdeveloped are full of weeds and wild forests.

After people entered, they disappeared in no time.

Those outside are still searching: "Get him back quickly, quickly!" "What about the woman inside?" The brother was asking.

The commander's popularity has grown, and he said displeased: "You can't find Hunter Jackson, you go live with her!" "You can find it, you can find it..."

"Go find it for me!" "Yes!" The voice gradually moved away from them.

Emily Gale didn't know where Hunter Jackson was going to take herself, but she knew that his body temperature was getting higher and higher, and his steps were getting chaotic.

The voices behind finally disappeared completely, but he still led her and continued to move forward.

Without knowing how long it took, Hunter Jackson suddenly staggered and fell down suddenly.

"Joseph..."

Emily Gale was held by him, and his center of gravity was unstable, and he smashed to the ground.

Hunter Jackson turned around and put on his back, causing Emily Gale to fall on him.

The limp body fell in his arms, causing his muscles to suddenly tighten.

After the arm hugged her tightly, she couldn't let go anymore.

"Young Master Jackson..."

He suddenly turned over and pressed her down.

Consciousness is almost completely controlled by the properties of the medicine, such a violent medicinal effect, even he can't handle it at all.

His breathing was messed up, and the most frightening thing was that his eyes were scarlet.

This medicine is too strong, he really can't handle it!

What will happen, even he himself can't predict!

Suddenly, Hunter Jackson got up from Emily Gale and pushed her out: "Go!"  
"Young Master Jackson..."

"Go! Find a place and hide, they will come to rescue you soon."

He is sitting on the ground

, Walking tightly to the weeds aside, his eyes were scarlet, and his face was also red and purple.

The voice was hoarse as sand being crushed by wheels: "Go, go!" "Jackson..."

"Go!" Hunter Jackson suddenly snorted.

Emily Gale was scared to the ground by his wild voice.

After finally getting up, looking at him again, those eyes were completely without normal color!

He is like a trapped beast, on the verge of madness!

She didn't know how many drugs he had been given, but she knew what the drugs would make him want.

What would happen if she continued to stay, she didn't even dare to think about it, the current Young Master Jackson was about to lose control completely.

Biting her lower lip, she wanted to turn around and leave.

But just as he turned around, his footsteps stopped abruptly.

The two legs seem to weigh too much, and they can't even take a half step.

What would he do if she left?

Will he get hurt?

Would it...

"Ah!" Just about to look back at him, but suddenly his waist tightened, and the whole person was picked up by Hunter Jackson.

Before she could react, she was thrown on the ground by him.

The next second, he pressed his whole body on her body, hissed, and half of the cloth on his body was torn off by him.

His eyes were scarlet and there was no normal color on his face.

The breath that came out was like a ball of fire, which made Emily Gale shudder.

"Joseph...Ah! Don't do this! Wait...Ah!" He has completely lost control!

As a result of Emily Gale's resistance, he was tossed hard and hit the ground suddenly.

With a thump of her head, she didn't know where she hit, she was dizzy and almost fainted.

After a few pulls, the only fabric left on his body was completely torn.

The man pressed her from behind, and without warning, a sudden pain came... When Aspen Li and his brothers arrived, the two behind the grass were still entangled.

He did not dare to pass, and he could not bear to pass.

No one knows how much medicine those people drank for the young master.

Ye Han hadn't come yet, no one dared to stop it rashly.

Madam Shao's screaming voice was unspeakable, and Aspen Li tried to rush over several times, but he stopped abruptly.

With a wave of hands, all the brothers scattered, guarding this side strictly.

Ye Han arrived early in the morning with two nurses.

When she arrived, Emily Gale was already unconscious, but Hunter Jackson was still pressing on her, like a beast.

Ye Han didn't dare to look more, and hurriedly gave Hunter Jackson a shot before stopping the torture.

The nurse took the blanket to cover Emily Gale, brought the stretcher over, and the two people were helped up.

A group of people hurriedly left from the island.

The night is still deep...

"Damn it! They actually gave the young master

Ten times the weight!

This is wanting his life!

"When the blood test results came out, Aspen Li hit the table with a fist, so angry that he couldn't wait to destroy the whole Paradise Island immediately. When he couldn't get it, the young lady was tortured...no more than adult! He should pull the young master.

It was opened, but the young master at that time was like a beast at all. If he was rashly pulled away, he was afraid that the young master would have an accident.

Although he was very pitiful to Emily Gale, in the final analysis, to Aspen Li, big The young master is the person he cares most about. People are selfish, and he can't just watch the young master accidentally. Seeing Ye Han come out, he immediately asked: "How about the young master?"

"He's okay, most of the effect of the medicine has dissipated, and the rest is taken down.

"Then..."

Looking at Ye Han, Aspen Li hesitated a little, and finally couldn't help but ask: "The young lady..."

"She is not in a good condition, she was hurt...a little bit seriously."

"Because it was not Ye Han who went for the examination personally and it was inconvenient to go for the examination, Emily Gale was now completely handed over to the female doctor in the hospital. He had gone to understand the situation before, and in short, the situation was worse than he thought.

At around five in the morning, Hunter Jackson woke up, and the first sentence when he woke up was: "Where is she?"

Ye Han and Aspen Li looked at each other, Aspen Li didn't dare to say anything, Ye Han whispered: "I haven't woken up yet."

Hunter Jackson pulled out the needle from the back of his hand. Ye Han knew that persuading him would have no effect, so he could only go out with him.

As he walked, Ye Han explained: "Young master, young lady is a bit badly injured.

Although there is no life-threatening danger, but I am afraid from now on..."

Hunter Jackson stopped abruptly: "I'm afraid what?"

Ye Han hesitated, then said: "I'm afraid, I will leave a shadow in my heart in the future. In the future...I am afraid of a man approaching."
